SUMMARY

This Summary contains information from this Prospectus or the sections "Description of the Issuer" and "Description of the Securities", to give potential investors the opportunity to acquire information about UBS AG, acting through its [London] [Jersey] Branch (hereinafter referred to as the "**Issuer**"), the **[**UBS [Performance] [PERLES] [(Capped)] Certificates without settlement formula*] **[**UBS [Performance] [PERLES] [(Capped)] Certificates with settlement formula*] **[**UBS Outperformance [(Capped)] Certificates*] **[**UBS Relative Performance Plus Certificates*] **[**UBS Open-End [(Capped)] Certificates without settlement formula*] **[**UBS Open-End [(Capped)] Certificates with settlement formula*] **[**UBS S²MART Certificates*] **[**UBS Super S²MART Certificates*] **[**UBS Bonus [(Capped)] Certificates*] **[**UBS Bonus [(Capped)] Plus Certificates*] **[**UBS Bonus [(Capped)] Extra Plus Certificates*] **[**UBS Lock-In Bonus [(Capped)] Certificates*] **[**UBS Bonus [(Capped)] Flex Certificates*] (hereinafter referred to as a "**Certificate**" or the "**Certificates**", as well as a "**Security**" or the "**Securities**"), which form the object of this Prospectus, and about the risk associated with an investment in the Securities.

The Summary, however, should be understood as an introduction to the Prospectus. **When making decisions relating to an investment in the Securities, therefore, potential investors should carefully consider the information contained in the Prospectus as a whole.** To ensure full comprehension of the Securities it is recommended that potential investors carefully read the Terms and Conditions of the Securities, as well as the sections on tax implications and other important factors related to the decision on investing in the Securities. If necessary, **advice should be sought from legal, tax, financial or other advisors**.

The Issuer also expressly emphasises, that where a claim relating to the information contained in the Prospectus is brought before a court, the plaintiff investor might have to bear the cost of translating this Prospectus before the legal proceedings are initiated under applicable national law of the respective member state of the European Economic Area.

Potential investors should note that neither the Issuer nor UBS Limited, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom, as the offeror (the "**Offeror**") can be held liable on the basis of this Summary alone, nor any translation hereof, unless the Summary is misleading, inaccurate or inconsistent when read together with the other parts of the Prospectus.

Who is the Issuer?

UBS AG, with registered offices in Zurich and Basel, Switzerland, was formed from the merger of Schweizerischer Bankverein (SBV) and Schweizerische Bankgesellschaft (SBG) in 1998.

With main offices in Zurich and Basel, Switzerland, UBS boasts a global presence, with around 75,593 employees (as of 30 September 2006) in more than 50 countries. UBS AG and its subsidiaries and branch offices (hereinafter also referred to as "**UBS**"), including UBS AG, [London] [Jersey] Branch, as Issuer of the Securities described in this Prospectus, is, according to its own opinion, among the world's largest private asset managers. As a global leader, according to its own opinion, in the world of finance, UBS serves some of the most demanding clients worldwide and combines financial strength with a global corporate culture that views change as an opportunity. As an integrated company, UBS generates added value for its clients by giving them access to the expertise and capabilities of an entire group.

UBS is structured into three main business groups: Global Wealth Management & Business Banking –according to its own opinion, one of the largest asset managers in the world, in terms of assets under management, and the leading bank for corporate and institutional clients in Switzerland; Global Asset Management – a leading global asset manager; and Investment Bank – a first-class investment banking and securities firm.

The services offered include traditional investment banking activities, such as consulting services for mergers and acquisitions, the execution of capital market transactions on both the primary and secondary markets, recognised research expertise and the issuing of investment products for institutional and private investors.

UBS is among the few globally active major banks that have a first-class rating. The rating agencies Standard & Poor's Inc., Fitch Ratings and Moody's Investors Service Inc. have assessed the creditworthiness of

* The notation of the Securities is indicative and will be substantiated and determined in the final terms.

UBS – *i.e.* the ability of UBS to fulfil payment obligations, such as principal or interest payments on long-term loans, also known as debt servicing, in a timely manner. The results are displayed in the rating levels schematically arranged below. The ratings from Fitch and Standard & Poor's may be attributed a plus or minus sign, and those from Moody's a number. These supplementary attributes indicate the relative position within the respective rating class. Standard & Poor's currently rates UBS's creditworthiness with AA+, Fitch with AA+ and Moody's with Aa2.[1]

Fitch	Moody's	Standard & Poor's	Description
AAA	Aaa	AAA	very good: highest level of creditworthiness, almost no risk of default
AA	Aa	AA	good to very good: high probability of payment, low insolvency risk
A	A	A	satisfactory to good: reasonable debt servicing coverage, still low insolvency risk
BBB	Baa	BBB	satisfactory: reasonable debt servicing coverage, medium insolvency risk (speculative characteristics, lack of protection against economic changes)
BB	Ba	BB	acceptable to satisfactory: adequate debt servicing coverage, higher insolvency risk
B	B	B	inadequate to acceptable: low debt servicing coverage, high insolvency risk
CCC CC C	Caa	CCC	insufficient: creditworthiness is barely adequate, very high insolvency risk
DDD DD D	Ca C	CC SD/D	in default or bankruptcy

These figures reflect the 2-for-1 share split made on 10 July 2006.

There have been no major changes relating to the debt issued by UBS Group since 30 September 2006.

How are the net proceeds used by the Issuer?

The net proceeds of the issue will be used for funding purposes of the UBS Group and shall not be employed by the Issuer within Switzerland. The net proceeds from the sale of the Securities shall be employed by the Issuer for general business purposes. A separate ("special purpose") fund will not be established.

Are there any risks relating to the Issuer?

There are no particular risks relating to the Issuer. Potential investors in the Securities should, however, be aware that, as with any company, there are general risks associated with the Issuer:

Each investor thus bears the general risk that the financial situation of the Issuer could deteriorate. Furthermore, the general assessment of the Issuer's creditworthiness may affect the value of the Securities. This assessment generally depends on the ratings assigned to the outstanding Securities of the Issuer or affiliated companies by rating agencies such as Moody's, Fitch and Standard & Poor's. The Issuer and affiliated companies may also participate in transactions that are related to the Securities, for their own account or for account of a client. Such transactions can have a negative effect on the price of the Securities.

When making decisions relating to investments in the Securities, **potential investors should consider all information contained in the Prospectus and, if necessary, consult their legal, tax or financial advisor**.

What are the Securities?

Under this Prospectus, UBS AG acting through its [London] [Jersey] Branch shall issue **[***specify designation of the* ***[****UBS [Performance] [PERLES] [(Capped)] Certificates without settlement formula**]* ***[****UBS [Performance] [PERLES] [(Capped)] Certificates with settlement formula**]* ***[****UBS Outperformance [(Capped)] Certificates**]* ***[****UBS Relative Performance Plus Certificates**]* ***[****UBS Open-End [(Capped)] Certificates without settlement formula**]* ***[****UBS Open-End [(Capped)] Certificates with settlement formula**]* ***[****UBS S²MART Certificates**]* ***[****UBS Super S²MART Certificates**]* ***[****UBS Bonus [(Capped)] Certificates**]* ***[****UBS Bonus [(Capped)] Plus Certificates**]* ***[****UBS Bonus [(Capped)] Extra Plus Certificates**]* ***[****UBS Lock-In Bonus [(Capped)] Certificates**]* ***[****UBS Bonus [(Capped)] Flex Certificates**]:*** [•]**]** with the *International Security Identification Number* [•] (the "**ISIN**"), as Issuer in accordance with German law. These Securities rank *pari passu* with all other direct, unsubordinated, unconditional and unsecured obligations of the Issuer.

The Securities are each based on the **[***description of [the share] [the Index] [the currency exchange rate] [the precious metal] [the commodity] [the interest rate] [the other security] [the fund unit] [the basket comprising the aforementioned assets]:* [•] (the "**Underlying**")**]** **[***description of the portfolio comprising the aforementioned assets:* [•] (each an "**Underlying**" or, collectively, the "**Underlyings**")**]**.

How are the Securities offered?

[The Issuer intends to employ this Prospectus – following any necessary notification of the relevant member state of the European Economic Area by Germany's Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht* – "**BaFin**"), as the competent authority in the (selected) home Member State of UBS within the meaning of the Directive 2003/71/EC of 4 November 2003 (the "**Prospectus Directive**") and the German Securities Prospectus Act (*Wertpapierprospektgesetz*) – for the public offer of the Securities in different member states of the European Economic Area.**]**

Besides the filing of the Base Prospectus [and the final terms] with the BaFin [,] [and] the necessary publication **[**as well as the necessary notification of the Base Prospectus to [•]**]**, neither the Issuer nor the Offeror has taken action, nor will they take action to render the public offer of the Securities or their possession, or the distribution of offer documents relating to the Securities, admissible in any other jurisdiction requiring special measures to be taken for the purpose of public offer.

Neither the Issuer nor the Offeror represents that the Base Prospectus [and the final terms] may be lawfully distributed, or that the Securities may be lawfully offered, in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to an exemption available thereunder, or assumes any responsibility for facilitating any distribution or offering.

[*in case of a Subscription Period insert the following text:* It has been agreed that, on or after the respective *Issue Date*, UBS Limited, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom, shall underwrite the Securities by means of an underwriting agreement and shall place them for sale [at the *Issue Price*] under terms subject to change. [The *Issue Price* [will be] [was] fixed [at the *Start of public offer of the Securities*] [on the *Fixing Date*], [based on the prevailing market situation and the price of the [*Underlying*] [*Underlyings*]], and [will then be made] [is] available at the Offeror.] After closing of the *Subscription Period* the selling price will then be adjusted on a continual basis to reflect the prevailing market situation.

* The notation of the Securities is indicative and will be substantiated and determined in the final terms.

The Offeror shall be responsible for coordinating the entire Securities offering and the Securities may be subscribed from the Offeror during normal banking hours within the *Subscription Period*. [The Securities may only be subscribed in the *Minimum Investment Amount*.]**]**

[*in case that no Subscription Period is intended insert the following text*: It has been agreed that, on or after the respective *Issue Date*, UBS Limited, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom, shall underwrite the Securities by means of an underwriting agreement and shall place them for sale [at the *Issue Price*] under terms subject to change. [*In case that the Offeror does not intend to apply for a listing of the Securities, insert the following text:* The Offeror does not intend to apply for inclusion of the Securities to trading on a securities exchange.**]**

Are there any restrictions on the sale of the Securities?

The Securities may only be offered, sold or delivered within or from a jurisdiction, provided that this is permissible under applicable laws and regulations and provided that the Issuer does not incur any further obligations. The Securities will, at no time, neither directly nor indirectly, be offered, sold, traded or delivered within the United States of America or to a U.S. person (as defined in the Regulation S under the United States Securities Act of 1933).

[*If appropriate, insert further selling restrictions:* [•] **]**

What does the Securityholder acquire from the Securities?

With the purchase of each Security, the investor acquires the right, under certain conditions and as provided for in the Terms and Conditions of the Securities, to demand from the Issuer the payment of a *Redemption Amount* in the *Settlement Currency* depending on the performance of [the *Underlying*] [the *Underlyings*] [and considering the *Ratio*] (the "**Settlement Amount**") [*in case of physical settlement add the following text:* or, as the case may be, delivery of the *Physical Underlying* in a number as expressed by the *Ratio*] (the "**Certificate Right**"). The Securityholders shall not receive any interim payments. None of the Securities vests a right to payment of fixed or variable interest or dividends and, as such, they generate **no regular income**.

[*in case of UBS [Performance] [PERLES] [(Capped)] Certificates without settlement formula insert the following text:*

UBS [Performance] [PERLES] [(Capped)] Certificates without settlement formula on [the *Underlying*] [the *Underlyings*] are securities which are similar in economic terms to a direct investment in [the corresponding *Underlying*] [the corresponding *Underlyings*] **[**, but which are nonetheless not fully comparable with such a direct investment because the level of the *Settlement Amount* is limited to the *Cap Amount***]**.

The holder of a UBS [Performance] [PERLES] [(Capped)] Certificate without settlement formula is entitled to receive pursuant to section 1 of the Terms and Conditions of the Securities the *Redemption Amount* multiplied by the *Ratio* [converted into the *Settlement Currency*] **[**, capped, however, to the *Cap Amount***]** (the "**Settlement Amount**"). In this context, the *Redemption Amount* equals **[**the *Settlement Price* of **[**the *Underlying***] [***if appropriate, insert different point of reference:* [•]**]] [***if appropriate, insert other determination of the Redemption Amount:* [•]**] [minus** [a *Risk Management Fee*] [*in case of another fee, insert the following text:* [•]**]**.**]**

[*in case of UBS [Performance] [PERLES] [(Capped)] Certificates with settlement formula insert the following text:*

UBS [Performance] [PERLES] [(Capped)] Certificates with settlement formula on [the *Underlying*] [the *Underlyings*] are securities which are similar in economic terms to a direct investment in [the corresponding *Underlying*] [the corresponding *Underlyings*] **[**, but which are nonetheless not fully comparable with such a direct investment because the level of the *Settlement Amount* is limited to the *Cap Amount***]**.

The holder of a UBS [Performance] [PERLES] [(Capped)] Certificate with settlement formula is entitled to receive pursuant to section 1 of the Terms and Conditions of the Securities the *Redemption Amount* [converted into the *Settlement Currency*] **[**, capped, however, to the *Cap Amount***]** (the "**Settlement Amount**"). In this context, the *Redemption Amount* equals the *Nominal Amount* per Security multiplied by the quotient of the *Settlement Price* and the *Strike Price* **[**, the result then **minus** [a *Risk Management Fee*] [*in case of another fee, insert the following text:* [•]**]**.**]**

[*in case of UBS Outperformance [(Capped)] Certificates insert the following text:*

UBS Outperformance [(Capped) Certificates on [the *Underlying*] [the *Underlyings*] are securities which are similar in economic terms to a direct investment in [the corresponding *Underlying*] [the corresponding *Underlyings*], but which are nonetheless not fully comparable with such a direct investment because the level of the *Redemption Amount* [converted into the *Settlement Currency*] (the "**Settlement Amount**") – provided that the *Settlement Price of* **[**the *Underlying***] [***if appropriate, insert different point of reference:* [•]**]** is higher than the *Strike Price* – is also determined by the *Participation* **[**, capped, however, to the *Cap Amount***]**. In this case, the *Redemption Amount* equals, considering the *Ratio*, **[**the sum of the *Strike Price* and the difference between the *Settlement Price* of **[**the *Underlying***] [***if appropriate, insert different point of reference:* [•]**]** and the *Strike Price* multiplied by the *Participation***] [***if appropriate, insert other determination of the Redemption Amount:* [•]**]**. **[**The *Redemption Amount* is, however, capped, to the *Cap Amount*.**]**

If the *Settlement Price of* **[**the *Underlying***] [***if appropriate, insert different point of reference:* [•]**]** is lower than or equal to the *Strike Price*, the holder of a UBS Outperformance [(Capped)] Certificate receives, [*in case of physical settlement insert the following text:* the *Physical Underlying* in a number as expressed by the *Ratio* [capped, however, to the value of the *Cap Amount*]] [*in case of cash settlement insert the following text:* **[**the *Settlement Price* of **[**the *Underlying***] [***if appropriate, insert different point of reference:* [•]**] [***if appropriate, insert other determination of the Settlement Amount:* [•]**]** [converted into the *Settlement Currency* and] considering the *Ratio* [, capped, however, to the *Cap Amount*].**]**

[*in case of UBS Relative Performance Plus Certificates insert the following text:*

UBS Relative Performance Plus Certificates on the *Underlying* are securities which are similar in economic terms to a direct investment in the corresponding *Underlying*, but which are nonetheless not fully comparable with such a direct investment because the level of the *Redemption Amount* [converted into the *Settlement Currency*] (the "**Settlement Amount**") is not solely determined by the performance of the relevant *Underlying*; it is also determined by the performance of the *Underlying* in comparison with another underlying, denoted as the *Reference Underlying*. The *Underlying* and the *Reference Underlying* may correlate to one another; although

this does not rule out the possibility that the respective performances of the *Underlying* and the *Reference Underlying* may move in different, or even opposite directions.

If the relative performance of the *Underlying* corresponds to the relative performance of the *Reference Underlying*, or exceeds the relative performance of the *Reference Underlying*, the holder of a UBS Relative Performance Plus Certificate receives a *Settlement Amount* [converted into the *Settlement Currency*,] which, considering the *Ratio*, equals **[**the *Settlement Price* of **[**the *Underlying***]** **[***if appropriate, insert different point of reference:* [•]**]]** **[***if appropriate, insert other determination of the Settlement Amount:* [•]**]**, pursuant to § 1 of the Terms and Conditions of the Securities.

Which risks are attached to investment in the Securities?

An investment in the Securities carries product-specific risks for the investor. The value of a Certificate is determined not only by changes in the price of [the *Underlying*] [the *Underlyings*], but also depends upon a number of other factors. Accordingly, the value of the Certificates may decline even if the price of [the *Underlying*] [the *Underlyings*] remains constant. Prospective investors should note that changes in the price of [the *Underlying*] [the *Underlyings*] on which the Certificate is based (or even the non-occurrence of anticipated price changes) can lower the value of a Certificate to the point that it no longer possesses any value. [In light of limited maturity of the Securities,] [There] [there] is no certainty that the value of the Certificates will recover [before the Securities reach maturity]. This risk is independent of the financial situation of the Issuer.

In addition to the maturity of the Securities, the frequency and intensity of price fluctuations (volatility) in [the *Underlying*] [the *Underlyings*], the prevailing interest rates and the level of dividends paid or, as the case may be, to the general development of foreign exchange markets, the following circumstances are, in the Issuer's opinion, the essential factors, which may have an impact on the value of the Securities and which may create certain risks for the investors in the Securities:

- Possible decline in the price of [the *Underlying*] [the *Underlyings*],
- Effect of ancillary costs,
- Transactions of the investors in the Securities to offset or limit risk,
- Trading in the Securities / Illiquidity,
- Expansion of the spread between bid and offer prices,
- Financing of the purchase of the Securities by borrowed funds,
- Effect on the Securities of hedging transactions by the Issuer,
- Changes in Taxation in relation to the Securities.

In addition, also the termination and early redemption of the Securities by the Issuer may have a negative impact on the value of the Securities.

[*If appropriate, insert information on [the Underlying] [the Underlyings] specific risk:* [•] **]**

Therefore, it is expressly recommended that any potential investor familiarises himself with the specific risk profile of the product type described in this Prospectus and that any investor seeks the advice of a professional, if necessary. Potential investors are expressly made aware of the fact that the Securities constitute a **risk investment** which can lead to the **loss** of the invested capital. As a result, prospective investors must be

prepared and able to accept a partial or even a total loss of the invested capital. Any investors interested in purchasing the Securities should assess their financial situation, to ensure that they are in a position to bear the **risks of loss** connected with the Securities.

RISK FACTORS

The different risk factors associated with an investment in the Securities issued within the framework of this Prospectus are outlined below. Which of these are relevant to the Securities described in this Prospectus depends upon a number of interrelated factors, especially the type of Securities and of [the *Underlying*] [the *Underlyings*]. Investments in the Securities should not be made until all the factors relevant to the Securities have been acknowledged and carefully considered. Terminology and expressions defined in the Terms and Conditions of the Securities shall have the same meaning when used herein. When making decisions relating to investments in the Securities, potential investors should consider all information contained in the Prospectus and, **if necessary, consult their legal, tax, financial or other advisor**.

I. ISSUER-SPECIFIC RISKS

As a global financial services provider, the business activities of UBS are affected by the prevailing market situation. Different risk factors can impair the Company's ability to implement business strategies and may have a direct, negative impact on earnings. Accordingly, UBS's revenues and earnings are and have been subject to fluctuations. The revenues and earnings figures from a specific period, thus, are not evidence of sustainable results. They can change from one year to the next and affect UBS's ability to achieve its strategic objectives.

General insolvency risk

Each investor bears the general risk that the financial situation of the Issuer could deteriorate. The Securities constitute immediate, unsecured and unsubordinated obligations of the Issuer, which, in particular in case of insolvency of the Issuer, rank *pari passu* with each other and all other current and future unsecured and unsubordinated obligations of the Issuer, with the exception of those that have priority due to mandatory statutory provisions.

Effect of downgrading of the Issuer's rating

The general assessment of the Issuer's creditworthiness may affect the value of the Securities. This assessment generally depends on the ratings assigned to the Issuer or its affiliated companies by rating agencies such as Moody's, Fitch and Standard & Poor's.

Potential conflicts of interest

The Issuer and affiliated companies may participate in transactions related to the Securities in some way, for their own account or for account of a client. Such transactions may not serve to benefit the Securityholders and may have a positive or negative effect on the value of [the *Underlying*] [the *Underlyings*] and consequently on the value of the Securities. Furthermore, companies affiliated with the Issuer may become counterparties in hedging transactions relating to obligations of the Issuer stemming from the Securities. As a result, conflicts of interest can arise between companies affiliated with the Issuer, as well as between these companies and investors, in relation to obligations regarding the calculation of the price of the Securities and other associated determinations. In addition, the Issuer and its affiliates may act in other capacities with regard to the Securities, such as calculation agent, paying agent and administrative agent and/or index sponsor.

Furthermore, the Issuer and its affiliates may issue other derivative instruments relating to the respective Underlying; introduction of such competing products may affect the value of the Securities. The Issuer and its affiliated companies may receive non-public information relating to the Underlying, and neither the Issuer nor any of its affiliates undertakes to make this information available to Securityholders. In addition, one or more of the Issuer's affiliated companies may publish research reports on [the *Underlying*] [the *Underlyings*]. Such activities could present conflicts of interest and may affect the value of the Securities.

Within the context of the offering and sale of the Securities, the Issuer or any of its affiliates may directly or indirectly pay fees in varying amounts to third parties, such as distributors or investment advisors, or receive payment of fees in varying amounts, including those levied in association with the distribution of the Securities, from third parties. Potential investors should be aware that the Issuer may retain fees in part or in full. The

[Issuer] [or, as the case may be, the] [Offeror], upon request, will provide information on the amount of these fees.

II. SECURITY-SPECIFIC RISKS

Investing in the Securities involves certain risks. Among others, these risks may take the form of equity market, bond market, foreign exchange, interest rate, market volatility and economic and political risks and any combination of these and other risks. The most important risks are presented briefly below. Prospective investors should be experienced with regard to transactions in instruments such as the Securities and in [the *Underlying*] [the *Underlyings*]. **Prospective investors should understand the risks associated with an investment in the Securities and shall only reach an investment decision, after carefully considerations with their legal, tax, financial and other advisors of (i) the suitability of an investment in the Securities in the light of their own particular financial, fiscal and other circumstances; (ii) the information set out in this document and (iii) [the *Underlying*] [the *Underlyings*].** An investment in the Securities should only be made after assessing the direction, timing and magnitude of potential future changes in the value of [the *Underlying*] [the *Underlyings*], as the return of any such investment will be dependent, *inter alia*, upon such changes. More than one risk factor may have simultaneous effects with regard to the Securities, so that the effect of a particular risk factor is not predictable. In addition, more than one risk factor may have a compounding effect which may not be predictable. No assurance can be given with regard to the effect that any combination of risk factors may have on the value of the Securities.

Prospective investors of the Securities should recognise that the Securities may decline in value and should be prepared to sustain a total loss of their investment in the Securities. This risk is independent of the financial strength of the Issuer. The shorter the remaining term of the Securities is, the higher the risk of decline in value of the Securities. Potential investors must therefore be prepared and able to sustain a partial or even a total loss of the invested capital.

The Securityholders shall not be entitled to any interim payments. None of the Securities vests a right to payment of fixed or variable interest or dividends and, as such, they **generate no regular income**. Therefore, potential reductions in the value of the Securities cannot be offset by any other income from the Securities.

It is expressly recommended that potential investors familiarise themselves with the specific risk profile of the product type described in this Prospectus and seek the advice of a professional, if necessary.

1. Features of the Certificates

With the purchase of the Security, the investor acquires the right, under certain conditions and as provided for in the Terms and Conditions of the Securities, to demand from the Issuer the payment of a *Redemption Amount* in the *Settlement Currency* depending on the performance of [the *Underlying*] [the *Underlyings*] [and considering the *Ratio*] (the "**Settlement Amount**") [*in case of physical settlement add the following text:* or, as the case may be, delivery of the *Physical Underlying* in a number as expressed by the *Ratio*] (the "**Certificate Right**"). The Securityholders shall not receive any interim payments. None of the Securities vests a right to payment of fixed or variable interest or dividends and, as such, they generate **no regular income**.

[2. Features of Certificates on [currency exchange rates] [,] [commodities] [or] [precious metals]

In cases of [currency exchange rates] [,] [commodities] [or] [precious metals] used as [the *Underlying*] [the *Underlyings*] [a *Basket Component*], it should be noted that the values are traded 24 hours a day through the time zones of Australia, Asia, Europe and America. It is therefore possible that a relevant limit or threshold, pursuant to the Terms and Conditions of the Securities, may be reached, exceeded or fallen below outside of local or the Offeror's business hours.**]**

Physical Settlement of [the *Underlying*] [the *Underlyings*] [the *Basket Components*] in the form of [currency exchange rates] [and] [or] [commodities] [and] [or] [precious metals] is excluded in any case.]

[[2.] [3.] Possible decline in the value of the Underlying[s] in case of Physical Settlement

To the extent that physical settlement is provided for in the Terms and Conditions of the Securities, potential investors in the Securities should note that any fluctuations in the *Price[s] of the Underlying[s]* [*or in the Prices of the Basket Components, as the case may be,*] between [the *Expiration Date*] [the *Valuation Date*] [the latest of the *Valuation Averaging Dates*] of the Security and the delivery of the

Physical Underlying on the *Settlement Date* are borne by the Securityholder. Losses in the value of the *Underlying[s]* can therefore still occur after the corresponding [*Expiration Date*] [*Valuation Date*] [latest of the *Valuation Averaging Dates*], and are borne by the Securityholder.**]**

[[3.] [•.] Limitation of Exercise

The Certificate Right embedded in the **[**UBS Open-End [(Capped)] Certificates without settlement formula**] [**UBS Open-End [(Capped)] Certificates with settlement formula**]**, which are based directly or indirectly on German equities as [their *Underlying*] [one of their *Underlyings*] [a *Basket Component*] may in accordance with the Terms and Conditions of the Securities not be exercised on certain days. These include days, such as the date upon which the company issuing the German equities underlying the Securities holds its annual general meeting, as well as the immediately preceding banking day (ex dividend day).

The Certificate Right may in accordance with the Terms and Conditions of the Securities only be exercised within the *Exercise Period* to the *Exercise Date* at the *Exercise Time*. If the conditions for an exercise are met after lapse of the *Exercise Period*, the Certificate Right may be exercised on the next exercise date only as provided for in the Terms and Conditions of the Securities.**]**

[[4.] [•.] Minimum Exercise Size

In accordance with the Terms and Conditions of the Securities, the Securityholder of the **[**UBS Open-End [(Capped)] Certificates without settlement formula**] [**UBS Open-End [(Capped)] Certificates with settlement formula**]** must tender a specified minimum number of the Securities, in order to exercise the Certificate Right vested in the Securities. Holders with fewer than the specified minimum number of Securities will, therefore, either have to sell their Securities or purchase additional Securities (incurring transaction costs in each case).**]**

[5.] [•.] Termination and Early Redemption at the Option of the Issuer

Potential investors in the Securities should be aware that in case of a *Termination Event*, the Issuer has according to the Terms and Conditions of the Securities the option to terminate and redeem the Securities, as an entirety [, prior to the *Expiration Date*]. If the Issuer opts to terminate and redeem the Securities [prior to the *Expiration Date*], the Securityholder will have the right to receive payments in respect of such termination, but will have no claim for any additional payments on the Securities after the *Termination Date*.

[6.] [•.] No termination right of the Securityholders

According to the Terms and Conditions of the Securities, the Securityholders do not have a termination right and the Securities may, hence, not be terminated by the Securityholders. [Prior to the maturity of the Securities] [The] [the] realisation of the economic value of the Securities (or parts thereof), if any, is, consequently and except for the Issuer's termination and redemption [and except where the Securityholders may exercise the Securities], only possible by way of selling the Securities.

The selling of the Securities requires that market participants are willing to acquire the Securities at a certain price. In case that no market participants are readily available, the value of the Securities may not be realised. The Issuer is not obligated under the issuance of these Securities to compensate for or to repurchase the Securities.

[7.] [•.] Possible decline in the value of the Underlying[s] after termination of the Securities

In the event that the term of the Securities is terminated [prior to the *Expiration Date*], potential investors of the Securities should note that any fluctuations in the *Price of the Underlying[s]* between the announcement of the termination by the Issuer and the determination of the *Price of the Underlying[s]* relevant for calculating the *Termination Amount* [or the *Early Redemption Amount*, as the case may be,] are borne by the Securityholders.

[8.] [•.] Other factors affecting value

The value of a Security is determined not only by changes in the price of [the *Underlying*] [the *Underlyings*] [and of the *Basket Components*, respectively], but also by a number of other factors. Since several risk factors may have simultaneous effects on the Securities, the effect of a particular risk factor cannot be predicted. In addition, several risk factors may have a compounding effect which may not be predictable. No assurance can be given with regard to the effect that any combination of risk factors may have on the value of the Securities.

These factors include, *inter alia,* the term of the Securities, the frequency and intensity of price fluctuations (volatility) in [the *Underlying*] [the *Underlyings*] [and of the *Basket Components*, respectively], as well as the prevailing interest rate and dividend levels. A decline in the value of the Security may therefore occur even if the price of [the *Underlying*] [the *Underlyings*] remains constant.

Prospective investors of the Securities should be aware that an investment in the Securities involves a valuation risk with regard to [the *Underlying*] [the *Underlyings*]. They should have experience with transactions in securities with a value derived from [the respective *Underlying*] [the respective *Underlyings*] [and of the respective *Basket Components*]. The value of [the *Underlying*] [the *Underlyings*] may vary over time and may increase or decrease by reference to a variety of factors which may include UBS corporate action, macro economic factors and speculation. If [the *Underlying*] [the *Underlyings*] comprise[s] a basket of various assets, fluctuations in the value of any one asset may be offset or intensified by fluctuations in the value of other basket components. In addition, the historical performance of an *Underlying* is not an indication of its future performance. The historical price of an *Underlying* does not indicate its future performance. Changes in the market price of an *Underlying* will affect the trading price of the Securities, and it is impossible to predict whether the market price of an *Underlying* will rise or fall.

If the Securityholder's right vested in the Security is determined on the basis of a currency other than the *Settlement Currency*, currency unit or calculation unit, or if the value of [the *Underlying*] [the *Underlyings*] is determined in such a currency other than the *Settlement Currency*, currency unit or calculation unit, potential investors should be aware that investments in these Securities could entail risks due to fluctuating exchange rates, and that the risk of loss does not depend solely on the performance of [the *Underlying*] [the *Underlyings*], but also on unfavourable developments in the value of the foreign currency, currency unit or calculation unit. Such unfavourable developments may increase the Securityholder's risk of loss, in such a way that

- the value of the acquired Securities diminishes accordingly, or
- any possible settlement amount diminishes accordingly.

[9.] [•.] Effect of ancillary costs

Commissions and other transaction costs incurred in connection with the purchase or sale of Securities may result in charges, particularly in combination with a low order value, **which can substantially reduce any settlement amount, if any, to be paid [or, as the case may be, the value of the Physical Underlying to be delivered] under the Securities.** Before acquiring a Security, prospective investors should therefore inform themselves of all costs incurred through the purchase or sale of the Security, including any costs charged by their custodian banks upon purchase and maturity of the Securities.

[10.] [•.] Transactions to offset or limit risk

Prospective investors of the Securities should not rely on the ability to conclude transactions at any time during the term of the Securities that will allow them to offset or limit relevant risks. This depends on the market situation and the prevailing conditions. Transactions designed to offset or limit risks might only be possible at an unfavourable market price that will entail a loss for investors.

[11.] [•.] Trading in the Securities / Liquidity

It is not possible to predict if and to what extent a secondary market may develop in the Securities or at what price the Securities will trade in the secondary market or whether such market will be liquid or illiquid.

If so specified in this Prospectus, applications will be or have been made to the *Security Exchange[s]* specified for admission or listing of the Securities. If the Securities are admitted or listed, no assurance is given that any such admission or listing will be maintained. The fact that the Securities are admitted to trading or listed does not necessarily denote greater liquidity than if this were not the case. If the Securities are not listed or traded on any exchange, pricing information for the Securities may be more difficult to obtain and the liquidity of the Securities may be adversely affected. The liquidity of the Securities may also be affected by restrictions on the purchase and sale of the Securities in some jurisdictions. Additionally, the Issuer has the right (but no obligation) to purchase Securities at any time and at any price in the open market or by tender or private agreement. Any Securities so purchased may be held or resold or surrendered for cancellation.

[*in case of a Subscription Period insert the following text:* In addition, it cannot be excluded that the number of subscribed Securities is less than the *Issue Size* of the Securities. There is the risk that due to the low volume of subscriptions in the Securities the liquidity of the Securities is lower than if all Securities were subscribed by investors.**]**

[*in case that no Subscription Period is intended insert the following text*: In addition, it cannot be excluded that the number of sold Securities is less than the *Issue Size* of the Securities. There is the risk that due to the low volume of sold Securities the liquidity of the Securities is lower than if all Securities were sold by the Offeror.**]**

The Offeror intends, under normal market conditions, to provide bid and offer prices for the Securities of an issue on a regular basis. However, the Offeror makes no firm commitment to the Issuer to provide liquidity by means of bid and offer prices for the Securities, and assumes no legal obligation to quote any such prices or with respect to the level or determination of such prices. **Potential investors therefore should not rely on the ability to sell Securities at a specific time or at a specific price.**

[12.] [•.] Expansion of the spread between bid and offer prices

In special market situations, where the Issuer is completely unable to conclude hedging transactions, or where such transactions are very difficult to conclude, the spread between the bid and offer prices may be temporarily expanded, in order to limit the economic risks to the Issuer. Therefore, Securityholders who wish to sell their Securities via a stock exchange or in the over-the-counter trading might sell at a price considerably lower than the price based on the actual level of the Underlying level prevailing at the time of their sale.

[13.] [•.] Borrowed funds

If the purchase of Securities is financed by borrowed funds and investors' expectations are not met, they not only suffer the loss incurred under the Securities, but in addition also have to pay interest on and repay the loan. This produces a substantial increase in investors' risk of loss. Investors of Securities should never rely on being able to redeem and pay interest on the loan through gains from a Securities transaction. Rather, before financing the purchase of a Security with borrowed funds, the investors' financial situations should be assessed, as to their ability to pay interest on or redeem the loan immediately, even if they incur losses instead of the expected gains.

[14.] [•.] The effect on the Securities of hedging transactions by the Issuer

The Issuer may use all or some of the proceeds received from the sale of the Securities to enter into hedging transactions relating to the risks incurred in issuing the Securities. In such a case, the Issuer or one of its affiliated companies may conclude transactions that correspond to the Issuer's obligations arising from the Securities. Generally speaking, this type of transaction will be concluded before or on the *Issue Date* of the Securities, although these transactions can also be concluded after the Securities have been issued. The Issuer or one of its affiliated companies may take the necessary steps for the closing out of any hedging transactions, on or prior to the relevant [*Valuation Date*] [*Valuation*

Averaging Date]. It cannot be ruled out that the price of [*the Underlying*] [*the Underlyings*] might, in certain cases, be affected by these transactions. In the case of Securities whose value depends on the occurrence of a specific event in relation to [*the Underlying*] [*the Underlyings*], entering into or closing out such hedging transactions may affect the likelihood of this event occurring or not occurring.

[15.] [•.] Changes in Taxation in relation to the Securities

The considerations concerning the taxation of the Securities set forth in this Prospectus reflect the opinion of the Issuer on the basis of the legal situation identifiable as of the date hereof. However, a different tax treatment by the fiscal authorities and tax courts cannot be precluded. In addition, the tax considerations set forth in this Prospectus cannot be the sole basis for the assessment of an investment in the Securities from a tax point of view, as the individual circumstances of each investor also have to be taken into account. Therefore, the tax considerations set forth in this Prospectus are not to be deemed any form of definitive information or tax advice or any form of assurance or guarantee with respect to the occurrence of certain tax consequences. Each investor should seek the advice of his or her personal tax consultant before deciding whether to purchase the Securities.

Neither the Issuer nor the Offeror assumes any responsibility vis-à-vis the Securityholders for the tax consequences of an investment in the Securities.

DESCRIPTION OF THE ISSUER

The following description contains general information on UBS AG, Bahnhofstrasse 45, 8001 Zurich, Switzerland, and Aeschenvorstadt 1, 4051 Basel, Switzerland, acting through its [London Branch, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom] [Jersey Branch, 24 Union Street, Saint Helier, Jersey JE4 8UJ].

OVERVIEW

UBS AG and subsidiaries ("**UBS**") is, according to its own opinion, one of the world's leading financial firms, serving a discerning global client base. As an organization, it combines financial strength with a global culture that embraces change. As an integrated firm, UBS creates added value for clients by drawing on the combined resources and expertise of all its businesses. UBS is, according to its own opinion, the world's leading wealth management business, a global investment banking and securities firm with a strong institutional and corporate client franchise, a key asset manager and, with roughly a quarter of the Swiss lending market, the market leader in Swiss corporate and individual client banking. On 30 September 2006, UBS employed around 75,593 people. With headquarters in Zurich and Basel, Switzerland, UBS operates in over 50 countries and from all major international centers. UBS is managed through three Business Groups and its Corporate Center, each of which is described below:

UBS is one of the best-capitalised financial institutions in the world, with a BIS Tier1 ratio of 12.3%, invested assets of CHF 2.9 trillion, equity attributable to UBS shareholders of CHF 48.4 billion and market capitalisation of CHF 156.6 billion on 30 September 2006.

UBS is among the few globally active major banks that have a first-class rating. The rating agencies Standard & Poor's Inc. ("**Standard & Poor's**"), Fitch Ratings ("**Fitch**") and Moody's Investors Service Inc. ("**Moody's**") have assessed the creditworthiness of UBS, *i.e.* the ability of UBS to fulfil payment obligations, such as principal or interest payments on long-term loans, also known as debt servicing, in a timely manner. The ratings from Fitch and Standard & Poor's may be attributed a plus or minus sign, and those from Moody's a number. These supplementary attributes indicate the relative position within the respective rating class. Standard & Poor's currently rates UBS's creditworthiness with AA+, Fitch with AA+ and Moody's with Aa2. [2]

I. CORPORATE INFORMATION

The legal and commercial name of the company is UBS AG. The company was incorporated under the name SBC AG on 28 February 1978 for an unlimited duration and entered in the Commercial Register of Canton Basel-City on that day. On 8 December 1997, the company changed its name to UBS AG. The company in its present form was created on 29 June 1998 by the merger of Union Bank of Switzerland (founded 1862) and Swiss Bank Corporation (founded 1872). UBS AG is entered in the Commercial Registers of Canton Zurich and Canton Basel-City. The registration number is CH-270.3.004.646-4.

UBS AG is incorporated and domiciled in Switzerland and operates under Swiss Company Law and Swiss Federal Banking Law as an Aktiengesellschaft, a corporation that has issued shares of common stock to investors.

The address and telephone number of UBS's two registered offices and principal places of business are: Bahnhofstrasse 45, CH-8001 Zurich, Switzerland, telephone +41-44-234 11 11; and Aeschenvorstadt 1, CH-4051 Basel, Switzerland, telephone +41-61-288 20 20.

UBS shares are listed on the SWX Swiss Exchange and traded through virt-x which is majority owned by the SWX Swiss Exchange. They are also listed on the New York Stock Exchange and on the Tokyo Stock Exchange.

[2] Long-term rating, as at 30 September 2006

II. BUSINESS OVERVIEW

According to Article 2 of the Articles of Association of UBS AG ("**Articles of Association**") the purpose of UBS is the operation of a bank. Its scope of operations extends to all types of banking, financial, advisory, service and trading activities in Switzerland and abroad.

Global Wealth Management & Business Banking

With more than 140 years of experience, UBS's global wealth management business provides a comprehensive range of products and services individually tailored for wealthy clients around the world. In the US, it is, according to its own opinion, one of the top wealth managers. Business Banking Switzerland is the market leader in Switzerland, providing a complete set of banking and securities services for individual and corporate clients. It also has relationships with institutional investors, public entities and foundations based in Switzerland, as well as 3,000 financial institutions worldwide.

Global Asset Management

The Global Asset Management business is, according to its own opinion, one of the world's leading asset managers, providing traditional and alternative investment solutions to financial intermediaries and institutional investors. It is one of the largest global institutional asset managers, the second largest mutual fund manager in Europe, and the largest mutual fund manager in Switzerland.

Investment Bank

UBS's Investment Bank is, according to its own opinion, one of the world's leading firms in the investment banking and securities business, providing a full spectrum of services to the world's key institutional investors, intermediaries, banks, insurance companies, corporations, sovereign governments, supranational organizations and private investors. For both its own corporate and institutional clients and the individual clients of other parts of UBS, the Investment Bank provides product innovation, research and advice, and comprehensive access to the world's capital markets.

Corporate Center

Corporate Center creates sustainable value for shareholders and stakeholders by partnering with the Business Groups to ensure that the firm operates as an effective and integrated whole with a common vision and set of values.

Industrial Holdings

The Industrial Holdings segment consists of UBS's private equity investments. UBS's strategy is to de-emphasize and reduce exposure to this asset class while capitalizing on orderly exit opportunities as they arise.

A description of the business groups – or, in the case of Global Wealth Management & Business Banking, the previous Wealth Management & Business Banking and Wealth Management USA divisions – their strategies, structure, organisation, products, services and markets can be found in the UBS Handbook 2005/2006, in English, on pages 27 - 50 (inclusive).

COMPETITION

UBS faces stiff competition in all business areas. Both in Switzerland and abroad, the Bank competes with asset management companies, commercial, investment and private banks, brokerages and other financial services providers. Competitors include not only local banks, but also global financial institutions, which are similar to UBS in terms of both size and services offered.

In addition, the consolidation trend in the global financial services sector is introducing new competition, which may have a greater impact on prices, as a result of an expanded range of products and services and increased access to capital and growing efficiency.

III. ORGANISATIONAL STRUCTURE OF THE ISSUER

The objective of UBS's group structure is to support the business activities of the Company within an efficient legal, tax, supervisory and financial framework. Neither the individual business groups of UBS, Global Wealth Management & Business Banking, Global Asset Management, Investment Bank, nor the Corporate Center are legally independent entities; instead, they perform their activities through the domestic and foreign offices of the parent bank, UBS AG.

Settlement of transactions through the parent bank allows UBS to fully exploit the advantages generated for all business groups through the use of a single legal entity. In cases where it is impossible or inefficient to process transactions via the parent, due to local statutory, tax or supervisory provisions or newly acquired companies, these tasks are performed on location by legally independent group companies. The major subsidiaries are listed in the UBS Financial Report 2005, in English, on pages 157 - 160 (inclusive).

IV. TREND INFORMATION

There have been no major negative changes relating to the prospects of the Issuer since the last audited financial report from 2005.

V. ADMINISTRATIVE, MANAGEMENT AND SUPERVISORY BODIES OF THE ISSUER

UBS operates under a strict dual Board structure, as mandated by Swiss banking law. The functions of Chairman of the Board of Directors ("**Chairman**") and Group Chief Executive Officer ("**Group CEO**") are assigned to two different people, thus providing separation of powers. This structure establishes checks and balances and creates an institutional independence of the Board of Directors ("**BoD**") from the day-to-day management of the firm, for which responsibility is delegated to the Group Executive Board ("**GEB**"). No member of one Board may be a member of the other.

The supervision and control of the executive management remains with the BoD. The Articles of Association and the Organisation Regulations of UBS AG, with their Appendices govern all details as to authorities and responsibilities of the two bodies. Please refer to www.ubs.com/corporate-governance.

The BoD consists of at least six and a maximum of twelve members. The term of office for members of the BoD is three years.

Board of Directors

The BoD is the most senior body of UBS. All the members of the BoD are elected individually by the Annual General Meeting for a term of office of three years. The BoD itself then appoints its Chairman, the Vice Chairmen and the various BoD Committees (Audit Committee, Compensation Committee, Nominating Committee and Corporate Responsibility Committee).

The BoD has ultimate responsibility for the mid- and long-term strategic direction of UBS, for appointments and dismissals at top management levels and the definition of the firm's risk principles and risk capacity. While the majority of the BoD members are always non-executive and independent, the Chairman and at least one Vice Chairman have executive roles in line with Swiss banking laws, and assume supervisory and leadership responsibilities. The BoD meets as often as business requires, and at least six times a year.

The business address of the members of the BoD is UBS AG, Bahnhofstrasse 45, CH-8001 Zurich, Switzerland.

Group Executive Board

The GEB has business management responsibility for UBS. The Group CEO and the members of the GEB are appointed by the Board of Directors and are accountable to the Chairman and the Board for the firm's results. The GEB, and in particular the CEO, are responsible for the implementation and results of the firm's business strategies, for the alignment of the Business Groups to UBS's integrated business model, and for the exploitation of synergies across the firm.

The business address of the members of the GEB is UBS AG, Bahnhofstrasse 45, CH-8001 Zurich, Switzerland.

Conflicts of interest

A description of outside interests of the members of the BoD and the GEB can be found in the UBS Handbook 2005/2006, in English, on pages 103 - 106 (inclusive) and pages 110 - 112 (inclusive), and on the UBS website under http://www.ubs.com/1/e/about/executivebodies/boardofdirectors.html or http://www.ubs.com/1/e/about/executivebodies/executiveboard.html, respectively. No conflicts exist between the private interests of the members of the BoD or the GEB and their obligations to the Issuer.

VI. AUDITORS

Ernst & Young Ltd., Aeschengraben 9, 4002 Basel, Switzerland, is the statutory auditor in accordance with company law and banking law provisions (appointed until the 2007 UBS Annual General Meeting; re-appointed at the UBS Annual General Meeting on 19 April 2006). Ernst & Young Ltd., Basel, is a member of the Swiss Chamber of Trustees (*Treuhand-Kammer*) based in Zurich, Switzerland.

VII. MAJOR SHAREHOLDERS OF THE ISSUER

The ownership of UBS shares is broadly disbursed. As at 31 December 2005, Chase Nominees Ltd., London, was registered with a 8.55 per cent. holding (2004: 8.76%, 2003: 8.27%) of total share capital held in trust for other investors. As at 31 December 2005, the US securities clearing organisation DTC (Cede & Co.), New York, "The Depository Trust Company", held 9.95% (31 December 2004: 5.77%) of total share capital in trust for other beneficiaries. Pursuant to UBS provisions on registering shares, the voting rights of nominees are limited to 5%. This regulation does not apply to securities clearing and settlement organisations. No other shareholder was registered with a holding in excess of 5% of total share capital.

Further details on the distribution of UBS shares, the number of registered and non-registered securities, voting rights as well as distribution by shareholder categories and geographical regions can be found in the UBS Handbook 2005/2006, in English, on pages 99 - 100 (inclusive).

VIII. FINANCIAL INFORMATION CONCERNING THE ISSUER'S ASSETS AND LIABILITIES, FINANCIAL POSITION AND PROFITS AND LOSSES

A description of the Issuer's assets and liabilities, financial position and profits and losses is available in the Financial Reports of the Issuer for financial years 2003/2004 and 2004/2005, in English ("**Financial Reports**").

In the case of financial year 2003/2004 reference is made to

(i) the Financial Statements of UBS AG (Group), in particular to the Income Statement of UBS AG (Group) on page 84, the Balance Sheet of UBS AG (Group) on page 85, to the Statement of Cash Flows of the UBS AG (Group) on pages 88 - 89 (inclusive) and to the Notes to the Financial Statements on pages 90 - 190 (inclusive), and

(ii) to the sections entitled "Accounting Standards and Policies" on pages 73 - 79 (inclusive) in the Financial Report 2004.

In the case of financial year 2004/2005 reference is made to

(i) the Financial Statements of UBS AG (Group), in particular to the Income Statement of UBS AG (Group) on page 74, the Balance Sheet of UBS AG (Group) on page 75, to the Statement of Cash Flows of the UBS AG (Group) on pages 78 - 79 (inclusive) and to the Notes to the Financial Statements on pages 80 - 190 (inclusive), and

(ii) the Financial Statements of UBS AG (Parent Bank), in particular to the Income Statement of UBS AG (Parent Bank) on page 194, the Balance Sheet of UBS AG (Parent Bank) on page 195, to the Statement of Appropriation of Retained Earnings of UBS AG (Parent Bank) on page 196, to the Notes to the Financial Statements on page 197 and to the Parent Bank Review on page 193, and

(iii) to the sections entitled "Accounting Standards and Policies" on pages 65 - 70 (inclusive) in the Financial Report 2005.

The Financial Reports form an essential part of UBS's reporting. They include the audited Consolidated Financial Statements of UBS, prepared in accordance with International Financial Reporting Standards ("**IFRS**"), a reconciliation to United States Generally Accepted Accounting Principles ("**US GAAP**"), and the audited financial statements of UBS AG, prepared according to Swiss banking law provisions. The Financial Reports also include discussions and analyses of the financial and business results of UBS and its business groups, as well as certain additional disclosures required under Swiss and US regulations.

The financial statements for UBS AG (Group) and its subsidiaries for the corresponding reporting periods 2003/2004 and 2004/2005 as well as UBS AG (Parent Bank) for the corresponding reporting period 2004/2005 were audited by Ernst & Young Ltd., Basel. The "Report of the Statutory Auditors" of the UBS AG (Parent Bank) for the reporting period 2004/2005 can be found on pages 202 of the Financial Reports for 2005. The "Report

of the Group Auditors" can be found on page 83 of the Financial Reports for 2004 and on page 73 of the Financial Reports for 2005.

Reference is also made to the English version of the Issuer's Quarterly Report for the third quarter 2006, which includes information on the current financial condition and results of operation of the Issuer. The information contained in this report as of 30 September 2006 was not audited by the Issuer's auditor.

1. LEGAL AND ARBITRATION PROCEEDINGS

The Issuer and other UBS Group companies are involved in various claims, legal and court proceedings in the ordinary course of business. UBS maintains reserves for such matters, if in the opinion of its management and professional advisors payment is probable to be demanded of UBS and an appropriate figure can be given for the amount. At present, there are no government interventions, court proceedings or arbitrations pending or awaiting commencement in the twelve months to the date of the Base Prospectus, which could have (or could recently have had) a material effect on the financial situation or the profitability of the Issuer and other UBS Group companies.

2. SIGNIFICANT CHANGES IN THE FINANCIAL SITUATION OF THE ISSUER

UBS confirms that to the best of its knowledge and from the group controlling and accounting perspective, there are no issues, developments or significant transactions (acquisitions or sales) since the end of the most recent financial year for which an Annual Report (composed of the Annual Review 2005, the Handbook 2005/2006 and the Financial Report 2005) was published (*i.e.* 2005) that would require changes to the information presented in this Prospectus on the financial situation of the Issuer or any reason why financial instruments cannot or should not be issued at this time.

Motor Columbus has been sold on 23 March 2006 and is shown in the quarterly report as of 30 September 2006 as a discontinued operation.

UBS has published in the quarterly report as of 30 September 2006 the completed acquisitions of Piper Jaffray Companies' Private Client Services Branch Network and ABN AMRO's Global Futures and Options Business. Additionally, it announced the intended acquisition of McDonald Investments' Branch Network which is expected to close in first quarter 2007.

IX. MATERIAL CONTRACTS

No material agreements have been concluded outside of the normal course of business which could lead to UBS being subjected to an obligation or obtaining a right, which would be of key significance to the Issuer's ability to meet its obligations to the investors in relation to the issued securities.

X. DOCUMENTS ON DISPLAY

The Annual Report of UBS AG as at 31 December 2004, comprising (i) the Annual Review 2004, (ii) the Handbook 2004/2005 and (iii) the Financial Report 2004 (including the "Report of the Group Auditors"), the Annual Report of UBS AG as at 31 December 2005, comprising (i) the Annual Review 2005, (ii) the Handbook 2005/2006 and (iii) the Financial Report 2005 (including the "Report of the Group Auditors" and the "Report of the Statutory Auditors"), the Quarterly Report of UBS AG as at 30 September 2006 and the Articles of Association of UBS AG Zurich/Basel, as the Issuer, shall be maintained in printed format, for free distribution, at the offices of the Issuer as well as UBS Deutschland AG, Stephanstrasse 14 - 16, 60313 Frankfurt am Main, Federal Republic of Germany **[**and at [•]**]**, for a period of twelve months after the publication of the Base Prospectus. In addition, the Annual and Quarterly Reports of UBS AG are published on the UBS website, at www.ubs.com/investors or a successor address.

DESCRIPTION OF THE SECURITIES

I. GENERAL INFORMATION ABOUT THE PROSPECTUS AND THE ISSUE

1. Base Prospectus / To be supplemented by final terms / Availability of documentation

This Prospectus is a Base Prospectus within the meaning of Directive 2003/71/EC of 4 November 2003 (the "**Prospectus Directive**") and the corresponding German implementation legislation in the form of the Securities Prospectus Act. It is published incomplete and does not yet contain the final terms of the offer. The Base Prospectus has been approved by Germany's Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht* – "**BaFin**"), as the competent authority in the (selected) home Member State of UBS within the meaning of the Prospectus Directive and the Securities Prospectus Act, as UBS's offering programme. "Approval" means the positive act at the outcome of the scrutiny of the completeness of the Base Prospectus by BaFin, including the consistency of the information given and its comprehensibility.

Printed copies of the Base Prospectus are available free of charge at UBS Deutschland AG, Stephanstrasse 14 - 16, 60313 Frankfurt am Main, Federal Republic of Germany **[**and at [•]**]**. [Additionally, the Base Prospectus is published on the website www.ubs.com/keyinvest, or a successor website.]

The specific terms and conditions relating to the respective securities offering are contained in the final terms of the offer. The final terms of the offer shall be presented by incorporation in the Base Prospectus and shall, in principle, comprise the deletion of, in particular, the relevant square brackets contained in the Base Prospectus, and the filling out of placeholders contained in square brackets. It is therefore only possible to gain a comprehensive impression of the Issuer and the Securities through examination of the Base Prospectus, as amended by supplements, if any, together with the corresponding final terms of the offer.

The final terms of the offer shall be filed with BaFin and communicated to investors on the day of the *Start of public offer of the Securities* at the latest:

a) by insertion in one or more newspapers circulated throughout, or widely circulated in, the member states of the European Economic Area in which the public offer is to be made; or

b) in printed form to be made available, free of charge, at UBS Deutschland AG, Stephanstrasse 14 - 16, 60313 Frankfurt Main, Federal Republic of Germany **[**and at [•]**]**; or

c) in an electronic form on the website www.ubs.com/keyinvest, or a successor website.

If the final terms are published in electronic form, the Issuer and the Offeror shall also provide investors with a paper version free of charge upon request.

2. General Note on the Prospectus

No dealer, salesman or other person is authorised to give any information or to make any representation other than those contained in this Prospectus in connection with the offering or sale of the Securities. If given or made, such information or representation must not be relied upon as having been authorised by the Issuer or the Offeror. None of this document or any further information supplied in connection with the Securities is intended to provide the basis of any credit assessment or other evaluation and should not be considered as a recommendation by the Issuer that any recipient of this document or any further information supplied in connection with the Securities should purchase any of the Securities. Potential investors who are contemplating purchasing Securities should conduct their own independent investigation of the risks involved in an investment in the Securities. Neither this Prospectus, nor other information relating to the Securities represents an offer (in the legal sense) on the part of or on behalf of the Issuer or other persons, *i.e.* a subscription or purchase agreement relating to the Securities will not be effectively concluded with a unilateral declaration made on the part of or on behalf of the subscriber or investor to the Issuer or the Offeror.

3. Object of the Prospectus

The object of this Prospectus are **[***specify designation of the* ***[****UBS [Performance] [PERLES] [(Capped)] Certificates without settlement formula**]* ***[****UBS [Performance] [PERLES] [(Capped)] Certificates with settlement formula **]* ***[****UBS Outperformance [(Capped)] Certificates**]* ***[****UBS Relative Performance Plus Certificates**]* ***[****UBS Open-End [(Capped)] Certificates without settlement formula**]* ***[****UBS Open-End [(Capped)] Certificates with settlement formula**]* ***[****UBS S²MART Certificates**]* ***[****UBS Super S²MART Certificates**]* ***[****UBS Bonus [(Capped)] Certificates**]* ***[****UBS Bonus [(Capped)] Plus Certificates**]* ***[****UBS Bonus [(Capped)] Extra Plus Certificates**]* ***[****UBS Lock-In Bonus [(Capped)] Certificates**]* ***[****UBS Bonus [(Capped)] Flex Certificates***]:* [•]**]** with the *International Security Identification Number* [•] (the "**ISIN**"), issued by UBS AG, acting through its [London] [Jersey] Branch, in accordance with German law, and issued in the *Aggregate Amount of the Issue* (as defined in the section entitled "Key Terms and Definitions of the Securities"). All payments relating to the Securities are made in the *Settlement Currency* (as defined in the section entitled "Key Terms and Definitions of the Securities").

The Securities are each based on **[**the [listed] *Underlying***]** **[**the [listed] *Underlyings***]** **[**the portfolio of [listed] *Underlyings***]**, as described in the sections "Key Terms and Definitions of the Securities" and "Information about [the Underlying] [the Underlyings]".

[The Securities expire – provided that the Securities are not terminated [or expired early] in accordance with the Terms and Conditions of the Securities – on the *Expiration Date* (as defined in the section entitled "Key Terms and Definitions of the Securities"].

4. Issue and Sale of the Securities

[The Issuer intends to employ this Prospectus – following any necessary notification of the relevant member state of the European Economic Area by Germany's Federal Financial Supervisory Authority (the "**BaFin**"), as the competent authority in the (selected) home Member State of UBS within the meaning of the Prospectus Directive and the German Securities Prospectus Act (*Wertpapierprospektgesetz*) – for the public offer of the Securities in different member states of the European Economic Area.**]**

Besides the filing of the Base Prospectus [and the final terms] with the BaFin [,] [and] the necessary publication **[**as well as the necessary notification of the Base Prospectus to [•]**]**, neither the Issuer nor the Offeror has taken action, nor will they take action to render the public offer of the Securities or their possession, or the distribution of offer documents relating to the Securities, admissible in any other jurisdiction requiring special measures to be taken for the purpose of public offer.

The Securities may only be offered, sold or delivered within or from a jurisdiction, provided that this is permissible under applicable laws and regulations and provided that the Issuer does not incur any further obligations. The Securities will, at no time, neither directly nor indirectly, be offered, sold, traded or delivered within the United States of America or to a U.S. person (as defined in the Regulation S under the United States Securities Act of 1933).

Neither the Issuer nor the Offeror represents that the Base Prospectus [and the final terms] may be lawfully distributed, or that the Securities may be lawfully offered, in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to an exemption available thereunder, or assumes any responsibility for facilitating any distribution or offering. Potential investors can find further information in the "Selling restrictions" section beginning on page 435 of this Prospectus.

5. Underwriting and Issue Price

It has been agreed that, on or after the respective *Issue Date* of the Securities (as defined in the section entitled "Key Terms and Definitions of the Securities"), UBS Limited, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom, (the "**Offeror**") shall underwrite the Securities by means of an underwriting

* The notation of the Securities is indicative and will be substantiated and determined in the final terms. The key terms and definitions can be different for each series of the Securities.

agreement and shall place them for sale [at the *Issue Price* as defined in the section entitled "Key Terms and Definitions of the Securities"] under terms subject to change. [The *Issue Price* [will be] [was] fixed [at the *Start of public offer of the Securities*] [on the *Fixing Date*], [based on the prevailing market situation and the price of the [*Underlying*] [*Underlyings*]], and [will then be made] [is] available at the Offeror.]

[After closing of the *Subscription Period*] [As of the *Start of public offer of the Securities*] the selling price will then be adjusted on a continual basis to reflect the prevailing market situation.

The Offeror shall be responsible for coordinating the entire Securities offering.

[The total commission due for the respective underwriting and/or placement service relating to the underwriting of the Securities is: *Underwriting and/or placing fee* (as defined in the section entitled "Key Terms and Definitions of the Securities").]

6. Form and Status of the Securities

[*in case of Securities represented in a permanent global note, insert the following text:* The Securities issued by the Issuer are represented by one or more permanent global bearer certificate(s) and are deposited for clearing and settlement at the *Clearing Agent* (as defined in the section entitled "Key Terms and Definitions of the Securities"). No definitive Securities will be issued.**]**

[*in case of Securities issued in uncertificated and dematerialised form to be registered in book-entry form at the Clearing Agent insert the following text:* All of the Securities are issued in uncertificated and dematerialised book-entry form, and registered at the *Clearing Agent* (as defined in the section entitled "Key Terms and Definitions of the Securities") for clearance and settlement. No physical notes, such as global temporary or permanent notes or definitive notes will be issued in respect of the Securities.**]**

The Securities constitute direct, unsecured and unsubordinated obligations of the Issuer, ranking *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer, other than obligations preferred by mandatory provisions of law.

7. Admission to Trading

[*In case that the Offeror intends to apply for a listing of the Securities, insert the following text:* The Offeror intends to apply for inclusion of the Securities to trading on the *Security Exchange[s]*.

[*in case of UBS Open-End [(Capped)] Certificates without settlement formula and of UBS Open-End [(Capped)] Certificates with settlement formula insert the following text:* In case of termination or, as the case may be, early redemption of the Securities by the Issuer, trading would cease [two] [•] trading day[s] prior to the *Termination Date* or the *Early Redemption Date*, as the case may be. As of this point until the *Termination Date* or the *Early Redemption Date*, as the case may be, trading may only take place off exchange with the Offeror.**]**

[*in case of other Certificates insert the following text:* Provided that the Securities have not been terminated by the Issuer, in which case trading of the Securities would cease [two] [•] trading day[s] prior to the *Termination Date* [*in case of UBS Super S²MART Certificates add the following text:* and provided that the Securities have not expired early], trading of the Securities shall cease [two] [•] trading day[s] prior to the *Expiration Date*. As of this point until the *Expiration Date* trading may only take place off exchange with the Offeror.**]]**

[*In case that the Offeror does not intend to apply for a listing of the Securities, insert the following text:* The Offeror does not intend to apply for inclusion of the Securities to trading on a stock exchange.**]**

8. [Subscription] [Purchase] and Delivery of the Securities

[*in case of a Subscription Period insert the following text:* The Securities may be subscribed from the Offeror during normal banking hours within the *Subscription Period* (as defined in the section entitled "Key Terms and Definitions of the Securities"). [The Securities may only be subscribed in the Minimum Investment Amount (as defined in the section entitled "Key Terms and Definitions of the Securities").]

The *Issue Price* per Security is payable on the *Initial Payment Date* (as defined in the section entitled "Key Terms and Definitions of the Securities").

The Issuer reserves the right to earlier close or to extend the *Subscription Period* if market conditions so require.

After the *Initial Payment Date*, the appropriate number of Securities shall be credited to the investor's account in accordance with the rules of the corresponding *Clearing Agent* (as defined in the section entitled "Key Terms and Definitions of the Securities"). If the *Subscription Period* is shortened or extended, the *Initial Payment Date* may also be brought forward or postponed.**]**

[*in case that no Subscription Period is intended insert the following text*: As of the *Start of public offer of the Securities* (as defined in the section entitled "Key Terms and Definitions of the Securities"), the Securities may be purchased from the Offeror during normal banking hours. [The Securities may only be purchased in the *Minimum Investment Amount* (as defined in the section entitled "Key Terms and Definitions of the Securities").] The *Issue Price* per Security is payable on the *Initial Payment Date* (both as defined in the section entitled "Key Terms and Definitions of the Securities").

After the *Initial Payment Date*, the appropriate number of Securities shall be credited to the investor's account in accordance with the rules of the corresponding *Clearing Agent* (as defined in the section entitled "Key Terms and Definitions of the Securities").**]**

9. Authorisation/Resolution for the Issue of the Securities

The Issuer does not need to obtain (individual) authorisation from its Management Board to issue the Securities. There exists a general resolution for the issue of the Securities.

10. Use of Proceeds

The net proceeds from the sale of the Securities will be used for funding purposes of the UBS Group. The Issuer shall not employ the net proceeds within Switzerland. The net proceeds from the issue shall be employed by the Issuer for general business purposes. A separate ("special purpose") fund will not be established.

If, in the normal course of business, the Issuer trades in the *Underlying[s]*, or - if the *Underlying* is a basket or an index – in the respective components, or in related options and futures contracts, or hedges the financial risks associated with the Securities by means of hedging transactions in the corresponding *Underlying[s]* [or underlying assets] or in related options or futures contracts, the Securityholders have no rights to or interests in the respective *Underlying[s]* or in related options or futures contracts.

[*in case of UBS [Performance] [PERLES] [(Capped)] Certificates without settlement formula insert the following text:*

*The following [model] terms and conditions of the UBS [Performance] [PERLES] [(Capped)] Certificates with settlement formula, comprising the Special Conditions of the Securities and the General Conditions of the Securities, [in each case apply to one series of Securities and] shall be read in conjunction with, and are subject to, the "Key Terms and Definitions of the Securities" (the "**Conditions**").*

The Conditions of the Securities are composed of

Part 1: **Special Conditions of the Securities** (for the individual types of Securities)

Part 2: **General Conditions of the Securities** (for all types of Securities)

PART 1: SPECIAL CONDITIONS OF THE SECURITIES

§ 1
Certificate Right

(1) The Issuer hereby warrants the Securityholder of each (1) UBS [Performance] [PERLES] [(Capped)] Certificate with settlement formula relating to the Price of [the Underlying] [the Underlyings] under these Conditions the right (the "**Certificate Right**") to receive the Redemption Amount (§ 1 (2)), [converted into the Settlement Currency and afterwards] commercially rounded to two decimal places (the "**Settlement Amount**").

(2) The "**Redemption Amount**" is calculated in accordance with the following formula:

$$\text{Nominal Amount} \times \left(\frac{\text{Settlement Price}}{\text{Strike Price}}\right)$$

[*in case of a Cap Amount add the following text:* , capped, however, to the Cap Amount**]**.

Die Bedingungen der Wertpapiere sind gegliedert in

Teil 1: **Besondere Wertpapierbedingungen** (für die einzelnen Arten von Wertpapieren)

Teil 2: **Allgemeine Wertpapierbedingungen** (für alle Arten von Wertpapieren)

III. TERMS AND CONDITIONS OF THE SECURITIES

*The following [model] terms and conditions of the UBS Outperformance [(Capped)] Certificates, comprising the Special Conditions of the Securities and the General Conditions of the Securities, [in each case apply to one series of Securities and] shall be read in conjunction with, and are subject to, the "Key Terms and Definitions of the Securities" (the "**Conditions**").*

The Conditions of the Securities are composed of

Part 1: **Special Conditions of the Securities** (for the individual types of Securities)

Part 2: **General Conditions of the Securities** (for all types of Securities)

TEIL 1: BESONDERE WERTPAPIER-BEDINGUNGEN

§ 1
Zertifikatsrecht

(1) Die Emittentin gewährt hiermit dem Wertpapiergläubiger von je einem (1) UBS Outperformance [(Capped)]-Zertifikat bezogen auf den Kurs [des Basiswerts] [der Basiswerte] nach Maßgabe dieser Bedingungen das folgende Recht (das „**Zertifikatsrecht**"):

(a) Ist der Abrechnungskurs **[**des Basiswerts**]** **[***gegebenenfalls anderen Bezugspunkt einfügen:* [•]**]** **kleiner als der oder gleich dem Basiskurs**, hat der Wertpapiergläubiger das Recht, [*im Fall der Tilgung durch physische Lieferung folgenden Text einfügen:* den Physischen Basiswert in einer durch das Bezugsverhältnis ausgedrückten Anzahl **[***im Fall eines Maximalbetrags folgenden Text einfügen:* , höchstens jedoch im Wert des Maximalbetrags, **]** zu beziehen] [*im Fall der Tilgung durch den Auszahlungsbetrag folgenden Text einfügen:* **[**den Abrechnungskurs **[**des Basiswerts**]** **[***gegebenenfalls anderen Bezugspunkt einfügen:* [•]**]** **[***im Fall eines Maximalbetrags folgenden Text einfügen:* , höchstens jedoch den Maximalbetrag, **]** multipliziert mit dem Bezugsverhältnis [in die Auszahlungswährung umgerechnet] und auf zwei Dezimalstellen kaufmännisch

PART 1: SPECIAL CONDITIONS OF THE SECURITIES

§ 1
Certificate Right

(1) The Issuer hereby grants the Securityholder of each (1) UBS Outperformance [(Capped)] Certificate relating to the Price of [the Underlying] [the Underlyings] under these Conditions the following right (the "**Certificate Right**"):

(a) If the Settlement Price of **[**the Underlying**]** **[***if appropriate, insert different point of reference:* [•]**]** is **lower than or equal to the Strike Price**, the Securityholder is entitled to receive [*in case of physical settlement insert the following text:* the Physical Underlying in a number as expressed by the Ratio **[***in case of a Cap Amount add the following text:* , capped, however, to the value of the Cap Amount, **]**] [*in case of cash settlement insert the following text:* **[**the Settlement Price of **[**the Underlying**]** **[***if appropriate, insert different point of reference:* [•]**]** **[***in case of a Cap Amount add the following text:* , capped, however, to the Cap Amount, **]** multiplied by the Ratio [converted into the Settlement Currency] and commercially rounded to two decimal places**]** **[***if appropriate, insert other determination of the Settlement Amount:* [•]**]** (the "**Settlement Amount**")].

gerundet**]** **[***gegebenenfalls andere Bestimmung des Auszahlungsbetrags einfügen:* [•]**]** (der „**Auszahlungsbetrag**") zu beziehen].

(b) Ist der Abrechnungskurs **[**des Basiswerts**]** **[***gegebenenfalls anderen Bezugspunkt einfügen:* [•]**] höher als der Basiskurs**, hat der Wertpapiergläubiger das Recht, den Abrechnungsbetrag (wie nachstehend definiert) multipliziert mit dem Bezugsverhältnis [in die Auszahlungswährung umgerechnet] und auf zwei Dezimalstellen kaufmännisch gerundet (der „**Auszahlungsbetrag**") zu beziehen.

Der „**Abrechnungsbetrag**" wird in Übereinstimmung mit folgender Formel berechnet:

[

$$\text{Basiskurs} + (\text{Abrechnungskurs} - \text{Basiskurs}) \times \text{PRate}$$

wobei „**PRate**" für die Partizipationsrate steht.**]**

[*gegebenenfalls andere Bestimmung des Abrechnungsbetrags einfügen:* [•].**]**

[*im Fall eines Maximalbetrags folgenden Text einfügen:* Dabei entspricht der Abrechnungsbetrag höchstens jedoch dem Maximalbetrag.**]**

(2) Sämtliche im Zusammenhang mit dem Zertifikatsrecht vorzunehmenden Festlegungen und Berechnungen, insbesondere die Berechnung des Auszahlungsbetrags, erfolgen durch die Berechnungsstelle (§ 9). Die insoweit von der Berechnungsstelle getroffenen Festlegungen und Berechnungen sind, außer in Fällen offensichtlichen Irrtums, abschließend und für alle Beteiligten bindend.

(b) If the Settlement Price of **[**the Underlying**]** **[***if appropriate, insert different point of reference:* [•]**] is higher than the Strike Price**, the Securityholder is entitled to receive the Redemption Amount (as defined below) multiplied by the Ratio [converted into the Settlement Currency] and commercially rounded to two decimal places (the "**Settlement Amount**").

The "**Redemption Amount**" is calculated in accordance with the following formula:

[

$$\text{Strike Price} + (\text{Settlement Price} - \text{Strike Price}) \times \text{PRate}$$

where "**PRate**" means the Participation.**]**

[*if appropriate, insert other determination of the Redemption Amount:* [•].**]**

[*in case of a Cap Amount add the following text:* The Redemption Amount is, however, capped, to the Cap Amount.**]**

(2) Any determination and calculation in connection with the Certificate Right, in particular the calculation of the Settlement Amount, will be made by the Calculation Agent (§ 9). Determinations and calculations made in this respect by the Calculation Agent are final and binding for all participants except in the event of manifest error.

III. WERTPAPIERBEDINGUNGEN

*Diese nachfolgenden [Muster-]Bedingungen der UBS Relative Performance Plus-Zertifikate, bestehend aus den produktspezifischen Besonderen Wertpapierbedingungen und den Allgemeinen Wertpapierbedingungen, [gelten für jeweils eine Serie von Wertpapieren und] sind in Zusammenhang mit und nach Maßgabe der „Ausstattungsmerkmale und Definitionen der Wertpapiere" (die „**Bedingungen**") zu lesen.*

Die Bedingungen der Wertpapiere sind gegliedert in

Teil 1: **Besondere Wertpapierbedingungen** (für die einzelnen Arten von Wertpapieren)

Teil 2: **Allgemeine Wertpapierbedingungen** (für alle Arten von Wertpapieren)

TEIL 1: BESONDERE WERTPAPIER-BEDINGUNGEN

§ 1
Zertifikatsrecht

(1) Die Emittentin gewährt hiermit dem Wertpapiergläubiger von je einem (1) UBS Relative Performance Plus-Zertifikat bezogen auf die relative Kursentwicklung des Basiswerts im Verhältnis zur relativen Kursentwicklung des Referenz-Basiswerts nach Maßgabe dieser Bedingungen das Recht (das „**Zertifikatsrecht**"), den [in die Auszahlungswährung umgerechneten] Abrechnungsbetrag (§ 1 (2)), multipliziert mit dem Bezugsverhältnis und auf zwei Dezimalstellen kaufmännisch gerundet, zu beziehen (der „**Auszahlungsbetrag**").

(2) Der „**Abrechnungsbetrag**" wird in Übereinstimmung mit folgender Formel berechnet:

(a) Ist die relative Wertentwicklung des Basiswerts **gleich der bzw. größer als die** relative Wertentwicklung des Referenz-Basiswerts, also

$$\left(\frac{\text{Abrechnungskurs}}{\text{Basiskurs}}\right) \geqslant \left(\frac{\text{Referenz - Abrechnungskurs}}{\text{Referenz - Basiskurs}}\right)$$

wobei „**Referenz-Abrechnungskurs**" für den Abrechnungskurs des Referenz-Basiswerts und „**Referenz-Basiskurs**" für den Basiskurs des Referenz-Basiswerts steht,

III. TERMS AND CONDITIONS OF THE SECURITIES

*The following [model] terms and conditions of the UBS Relative Performance Plus Certificates, comprising the Special Conditions of the Securities and the General Conditions of the Securities, [in each case apply to one series of Securities and] shall be read in conjunction with, and are subject to, the "Key Terms and Definitions of the Securities" (the "**Conditions**").*

The Conditions of the Securities are composed of

Part 1: **Special Conditions of the Securities** (for the individual types of Securities)

Part 2: **General Conditions of the Securities** (for all types of Securities)

PART 1: SPECIAL CONDITIONS OF THE SECURITIES

§ 1
Certificate Right

(1) The Issuer hereby warrants the Securityholder of each (1) UBS Relative Performance Plus Certificate relating to the relative performance of the Price of the Underlying compared to the relative performance of the price of the Reference Underlying the right (the "**Certificate Right**") to receive the Redemption Amount (§ 1 (2)) multiplied by the Ratio [, converted into the Settlement Currency,] commercially rounded to two decimal places (the "**Settlement Amount**").

(2) The "**Redemption Amount**" is calculated in accordance with the following formula:

(a) If the relative performance of the Underlying is **equal to or higher than the** relative performance of the Reference Underlying, *i.e.*

$$\left(\frac{\text{Settlement Price}}{\text{Strike Price}}\right) \geqslant \left(\frac{\text{Reference Settlement Price}}{\text{Reference Strike Price}}\right)$$

where "**Reference Settlement Price**" means the Settlement Price of the Reference Underlying and "**Reference Strike Price**" means the Strike Price of the Reference Underlying,

(b) Ist die relative Wertentwicklung des Basiswerts **kleiner als die** relative Wertentwicklung des Referenz-Basiswerts, also

$$\left(\frac{\text{Abrechnungskurs}}{\text{Basiskurs}}\right) < \left(\frac{\text{Referenz - Abrechnungskurs}}{\text{Referenz - Basiskurs}}\right)$$

dann entspricht der Abrechnungsbetrag **[**dem Basiskurs multipliziert mit dem Performance Faktor**]**

[*gegebenenfalls andere Bestimmung des Abrechnungsbetrags einfügen:* [•]**].]**

(2) Sämtliche im Zusammenhang mit dem Zertifikatsrecht vorzunehmenden Festlegungen und Berechnungen, insbesondere die Berechnung des Auszahlungsbetrags, erfolgen durch die Berechnungsstelle (§ 9). Die insoweit von der Berechnungsstelle getroffenen Festlegungen und Berechnungen sind, außer in Fällen offensichtlichen Irrtums, abschließend und für alle Beteiligten bindend.

§ 2
Ausübungsverfahren; Ausübungsfrist; Ausübungserklärung

(1) Das Zertifikatsrecht kann durch den Wertpapiergläubiger jeweils nur innerhalb der Ausübungsfrist bis zu einem Ausübungstag zur Ausübungszeit mit Wirkung [zum Ausübungstag] [•] und in Übereinstimmung mit dem nachfolgend beschriebenen Ausübungsverfahren ausgeübt werden:

(2) Zertifikatsrechte können jeweils nur in der Mindestausübungsanzahl ausgeübt werden. Eine Ausübung von weniger als der Mindestausübungsanzahl von Wertpapieren ist ungültig und entfaltet keine Wirkung. Eine Ausübung von mehr als der Mindestausübungsanzahl von Wertpapieren, deren Anzahl kein ganzzahliges Vielfaches derselben ist, gilt als Ausübung der nächstkleineren Anzahl von Wertpapieren, die der Mindestausübungsanzahl entspricht oder ein ganzzahliges Vielfaches der Mindestausübungsanzahl ist.

(3) Zur wirksamen Ausübung der Zertifikatsrechte müssen innerhalb der Ausübungsfrist die folgenden Bedingungen erfüllt sein:

(i) Bei der Zertifikatsstelle muss eine schriftliche und rechtsverbindlich unterzeichnete Erklärung des Wertpapiergläubigers, dass er das durch das Wertpapier verbriefte Zertifikatsrecht ausübt (die „**Ausübungserklärung**"), eingegangen sein. Die Ausübungserklärung ist unwiderruflich und bindend und hat unter anderem folgende Angaben zu enthalten: (a) den Namen des Wertpapiergläubigers, (b) die Bezeichnung und die Anzahl der Wertpapiere, deren Zertifikatsrechte ausgeübt werden und (c) das Konto des Wertpapiergläubigers bei einem Kreditinstitut, auf das der

§ 2
Exercise Procedure; Exercise Period; Exercise Notice

(1) The Certificate Right may in each case only be exercised by the Securityholder within the Exercise Period to the Exercise Date at the Exercise Time becoming effective as of [the Exercise Date] [•] and in accordance with the exercise procedure described below:

(2) Certificate Rights may only be exercised in a number equal to the Minimum Exercise Size. An exercise of less than the Minimum Exercise Size of the Securities will be invalid and ineffective. An exercise of more than the Minimum Exercise Size of the Securities that is not an integral multiple thereof will be deemed to be an exercise of a number of Securities that is equal to the Minimum Exercise Size or the next lowest integral multiple of the Minimum Exercise Size.

(3) For a valid exercise of the Certificate Rights the following conditions have to be met within the Exercise Period:

(i) The Certificate Agent must receive written and legally signed notice by the Securityholder stating his intention to exercise the Certificate Right securitised in the Security (the "**Exercise Notice**"). The Exercise Notice is irrevocable and binding and shall contain among others (a) the name of the Securityholder, (b) an indication and the number of Securities to be exercised and (c) the account of the Securityholder with a credit institution, to which the transfer of the Settlement Amount, if any, shall be effected;

gegebenenfalls zu zahlende Auszahlungsbetrag überwiesen werden soll;

(ii) die erfolgte Übertragung der betreffenden Wertpapiere auf die Zertifikatsstelle, und zwar entweder (a) durch eine unwiderrufliche Anweisung an die Zertifikatsstelle, die Wertpapiere aus dem gegebenenfalls bei der Zertifikatsstelle unterhaltenen Wertpapierdepot zu entnehmen oder (b) durch Gutschrift der Wertpapiere auf das Konto der Zahlstelle bei der Clearingstelle.

Falls diese Bedingungen erst nach Ablauf der Ausübungsfrist in Bezug auf einen Ausübungstag erfüllt sind, gilt das Zertifikatsrecht [als zum nächstfolgenden Ausübungstag ausgeübt] [als nicht ausgeübt].

(4) Nach Ausübung der Zertifikatsrechte sowie der Feststellung des Abrechnungskurses des Basiswerts berechnet die Berechnungsstelle (§ 9) den gegebenenfalls zu zahlenden Auszahlungsbetrag entweder nach der Anzahl der tatsächlich gelieferten Wertpapiere oder nach der in der Ausübungserklärung genannten Anzahl von Wertpapieren, je nachdem, welche Zahl niedriger ist. Ein etwa verbleibender Überschuss bezüglich der gelieferten Wertpapiere wird an den maßgeblichen Wertpapiergläubiger auf dessen Kosten und Gefahr zurückgewährt.

(5) Sämtliche im Zusammenhang mit dem Zertifikatsrecht vorzunehmenden Festlegungen und Berechnungen, insbesondere die Berechnung des Auszahlungsbetrags, erfolgen durch die Berechnungsstelle (§ 9). Die insoweit von der Berechnungsstelle getroffenen Festlegungen und Berechnungen sind, außer in Fällen offensichtlichen Irrtums, abschließend und für alle Beteiligten bindend.

(ii) the effected transfer of the respective Securities to the Certificate Agent either (a) by an irrevocable order to the Certificate Agent to withdraw the Securities from a deposit maintained with the Certificate Agent or (b) by crediting the Securities to the account maintained by the Paying Agent with the Clearing Agent.

If these conditions are met after lapse of the Exercise Period in relation to a specific Exercise Date, the Certificate Right shall be deemed [to be exercised on the immediately succeeding Exercise Date] [not being exercised].

(4) Upon exercise of the Certificate Rights as well as determination of the Settlement Price of **[**the Underlying**] [***if appropriate, insert different point of reference:* [•]**]** the Calculation Agent (§ 9) shall calculate the Settlement Amount payable, if any, either corresponding to the number of Securities actually delivered or to the number of Securities specified in the Exercise Notice, whichever is lower. Any remaining excess amount with respect to the Securities delivered will be returned to the relevant Securityholder at his cost and risk.

(5) Any determination and calculation in connection with the Certificate Right, in particular the calculation of the Settlement Amount, will be made by the Calculation Agent (§ 9). Determinations and calculations made in this respect by the Calculation Agent are final and binding for all participants except in the event of manifest error.

§ 3
Vorzeitige Tilgung durch die Emittentin

(1) Die Emittentin ist berechtigt, noch nicht ausgeübte Zertifikate vorzeitig durch Bekanntmachung gemäß § 11 dieser Bedingungen unter Angabe des Kalendertages, zu dem die vorzeitige Tilgung wirksam wird, und unter Wahrung der Tilgungsfrist (der „**Vorzeitige Tilgungstag**“) zu kündigen (die „**Vorzeitige Tilgung**“).

(2) Im Fall der Vorzeitigen Tilgung zahlt die Emittentin an jeden Zertifikatsinhaber einen Betrag, der dem [in die Auszahlungswährung umgerechneten] Abrechnungsbetrag (§ 1 (2)), multipliziert mit dem Bezugsverhältnis und auf zwei Dezimalstellen kaufmännisch gerundet, zu dem Vorzeitigen Tilgungstag entspricht (der „**Vorzeitige Auszahlungsbetrag**“).

§ 3
Early Redemption by the Issuer

(1) The Issuer shall be entitled at any time to terminate the Certificates not yet exercised by way of publication pursuant to § 11 of these Conditions specifying the calendar day on which the early redemption becomes effective (the "**Early Redemption Date**") and subject to the Period of Notice (the "**Early Redemption**").

(2) In the case of an Early Redemption the Issuer shall pay to each Securityholder a sum, equal to the Redemption Amount (§ 1 (2)) multiplied by the Ratio [, converted into the Settlement Currency,] and commercially rounded to two decimal places, as of the Early Redemption Date (the "**Early Redemption Amount**").

(3) The provisions of these Conditions relating to the

Ausübungsverfahren; Ausübungsfrist; Ausübungserklärung

(1) Das Zertifikatsrecht kann durch den Wertpapiergläubiger jeweils nur innerhalb der Ausübungsfrist bis zu einem Ausübungstag zur Ausübungszeit mit Wirkung [zum Ausübungstag] [•] und in Übereinstimmung mit dem nachfolgend beschriebenen Ausübungsverfahren ausgeübt werden:

(2) Zertifikatsrechte können jeweils nur in der Mindestausübungsanzahl ausgeübt werden. Eine Ausübung von weniger als der Mindestausübungsanzahl von Wertpapieren ist ungültig und entfaltet keine Wirkung. Eine Ausübung von mehr als der Mindestausübungsanzahl von Wertpapieren, deren Anzahl kein ganzzahliges Vielfaches derselben ist, gilt als Ausübung der nächstkleineren Anzahl von Wertpapieren, die der Mindestausübungsanzahl entspricht oder ein ganzzahliges Vielfaches der Mindestausübungsanzahl ist.

(3) Zur wirksamen Ausübung der Zertifikatsrechte müssen innerhalb der Ausübungsfrist die folgenden Bedingungen erfüllt sein:

(i) Bei der Zertifikatsstelle muss eine schriftliche und rechtsverbindlich unterzeichnete Erklärung des Wertpapiergläubigers, dass er das durch das Wertpapier verbriefte Zertifikatsrecht ausübt (die „**Ausübungserklärung**"), eingegangen sein. Die Ausübungserklärung ist unwiderruflich und bindend und hat unter anderem folgende Angaben zu enthalten: (a) den Namen des Wertpapiergläubigers, (b) die Bezeichnung und die Anzahl der Wertpapiere, deren

§ 2
Exercise Procedure; Exercise Period; Exercise Notice

(1) The Certificate Right may in each case only be exercised by the Securityholder within the Exercise Period to the Exercise Date at the Exercise Time becoming effective as of [the Exercise Date] [•] and in accordance with the exercise procedure described below:

(2) Certificate Rights may only be exercised in a number equal to the Minimum Exercise Size. An exercise of less than the Minimum Exercise Size of the Securities will be invalid and ineffective. An exercise of more than the Minimum Exercise Size of the Securities that is not an integral multiple thereof will be deemed to be an exercise of a number of Securities that is equal to the Minimum Exercise Size or the next lowest integral multiple of the Minimum Exercise Size.

(3) For a valid exercise of the Certificate Rights the following conditions have to be met within the Exercise Period:

(i) The Certificate Agent must receive written and legally signed notice by the Securityholder stating his intention to exercise the Certificate Right securitised in the Security (the "**Exercise Notice**"). The Exercise Notice is irrevocable and binding and shall contain among others (a) the name of the Securityholder, (b) an indication and the number of Securities to be exercised and (c) the account of the Securityholder with a credit institution, to which the transfer of the

Zertifikatsrechte ausgeübt werden und (c) das Konto des Wertpapiergläubigers bei einem Kreditinstitut, auf das der gegebenenfalls zu zahlende Auszahlungsbetrag überwiesen werden soll;

(ii) die erfolgte Übertragung der betreffenden Wertpapiere auf die Zertifikatsstelle, und zwar entweder (a) durch eine unwiderrufliche Anweisung an die Zertifikatsstelle, die Wertpapiere aus dem gegebenenfalls bei der Zertifikatsstelle unterhaltenen Wertpapierdepot zu entnehmen oder (b) durch Gutschrift der Wertpapiere auf das Konto der Zahlstelle bei der Clearingstelle.

Falls diese Bedingungen erst nach Ablauf der Ausübungsfrist in Bezug auf einen Ausübungstag erfüllt sind, gilt das Zertifikatsrecht [als zum nächstfolgenden Ausübungstag ausgeübt] [als nicht ausgeübt].

(4) Nach Ausübung der Zertifikatsrechte sowie der Feststellung des Abrechnungskurses des Basiswerts berechnet die Berechnungsstelle (§ 9) den gegebenenfalls zu zahlenden Auszahlungsbetrag entweder nach der Anzahl der tatsächlich gelieferten Wertpapiere oder nach der in der Ausübungserklärung genannten Anzahl von Wertpapieren, je nachdem, welche Zahl niedriger ist. Ein etwa verbleibender Überschuss bezüglich der gelieferten Wertpapiere wird an den maßgeblichen Wertpapiergläubiger auf dessen Kosten und Gefahr zurückgewährt.

(5) Sämtliche im Zusammenhang mit dem Zertifikatsrecht vorzunehmenden Festlegungen und Berechnungen, insbesondere die Berechnung des Auszahlungsbetrags, erfolgen durch die Berechnungsstelle (§ 9). Die insoweit von der Berechnungsstelle getroffenen Festlegungen und Berechnungen sind, außer in Fällen offensichtlichen Irrtums, abschließend und für alle Beteiligten bindend.

Settlement Amount, if any, shall be effected;

(ii) the effected transfer of the respective Securities to the Certificate Agent either (a) by an irrevocable order to the Certificate Agent to withdraw the Securities from a deposit maintained with the Certificate Agent or (b) by crediting the Securities to the account maintained by the Paying Agent with the Clearing Agent.

If these conditions are met after lapse of the Exercise Period in relation to a specific Exercise Date, the Certificate Right shall be deemed [to be exercised on the immediately succeeding Exercise Date] [not being exercised].

(4) Upon exercise of the Certificate Rights as well as determination of the Settlement Price of **[**the Underlying**] [***if appropriate, insert different point of reference:* [•]**]** the Calculation Agent (§ 9) shall calculate the Settlement Amount payable, if any, either corresponding to the number of Securities actually delivered or to the number of Securities specified in the Exercise Notice, whichever is lower. Any remaining excess amount with respect to the Securities delivered will be returned to the relevant Securityholder at his cost and risk.

(5) Any determination and calculation in connection with the Certificate Right, in particular the calculation of the Settlement Amount, will be made by the Calculation Agent (§ 9). Determinations and calculations made in this respect by the Calculation Agent are final and binding for all participants except in the event of manifest error.

§ 3
Vorzeitige Tilgung durch die Emittentin

(1) Die Emittentin ist berechtigt, noch nicht ausgeübte Zertifikate vorzeitig durch Bekanntmachung gemäß § 11 dieser Bedingungen unter Angabe des Kalendertages, zu dem die vorzeitige Tilgung wirksam wird, und unter Wahrung der Tilgungsfrist (der „**Vorzeitige Tilgungstag**“) zu kündigen (die „**Vorzeitige Tilgung**“).

(2) Im Fall der Vorzeitigen Tilgung zahlt die Emittentin an jeden Zertifikatsinhaber einen Betrag, der dem [in die Auszahlungswährung umgerechneten] Abrechnungsbetrag (§ 1 (2)), multipliziert mit dem Bezugsverhältnis und auf zwei Dezimalstellen kaufmännisch gerundet, zu

§ 3
Early Redemption by the Issuer

(1) The Issuer shall be entitled at any time to terminate the Certificates not yet exercised by way of publication pursuant to § 11 of these Conditions specifying the calendar day on which the early redemption becomes effective (the "**Early Redemption Date**") and subject to the Period of Notice (the "**Early Redemption**").

(2) In the case of an Early Redemption the Issuer shall pay to each Securityholder a sum, equal to the Redemption Amount (§ 1 (2)) multiplied by the Ratio [, converted into the Settlement Currency,] and commercially rounded to two decimal places, as of the Early Redemption Date (the "**Early**

III. WERTPAPIERBEDINGUNGEN

*Diese nachfolgenden [Muster-]Bedingungen der UBS S²MART-Zertifikate, bestehend aus den produktspezifischen Besonderen Wertpapierbedingungen und den Allgemeinen Wertpapierbedingungen, [gelten für jeweils eine Serie von Wertpapieren und] sind in Zusammenhang mit und nach Maßgabe der „Ausstattungsmerkmale und Definitionen der Wertpapiere" (die „**Bedingungen**") zu lesen.*

Die Bedingungen der Wertpapiere sind gegliedert in

Teil 1: **Besondere Wertpapierbedingungen** (für die einzelnen Arten von Wertpapieren)

Teil 2: **Allgemeine Wertpapierbedingungen** (für alle Arten von Wertpapieren)

TEIL 1: BESONDERE WERTPAPIER-BEDINGUNGEN

§ 1
Zertifikatsrecht

(1) Die Emittentin gewährt hiermit dem Wertpapiergläubiger von je einem (1) UBS S²MART-Zertifikat bezogen auf den Kurs [des Basiswerts] [der Basiswerte] nach Maßgabe dieser Bedingungen das Recht (das „**Zertifikatsrecht**"), den [in die Auszahlungswährung umgerechneten] Abrechnungsbetrag (§ 1 (2)), multipliziert mit dem Bezugsverhältnis und auf zwei Dezimalstellen kaufmännisch gerundet, zu beziehen (der „**Auszahlungsbetrag**").

(2) Der „**Abrechnungsbetrag**" wird in Übereinstimmung mit folgender Formel berechnet:

(a) Ist der Abrechnungskurs **[**des Basiswerts**]** **[***gegebenenfalls anderen Bezugspunkt einfügen:* [•]**]** **höher als der Basiskurs**, wird der Abrechnungsbetrag in Übereinstimmung mit folgender Formel berechnet:

III. TERMS AND CONDITIONS OF THE SECURITIES

*The following [model] terms and conditions of the UBS S²MART Certificates, comprising the Special Conditions of the Securities and the General Conditions of the Securities, [in each case apply to one series of Securities and] shall be read in conjunction with, and are subject to, the "Key Terms and Definitions of the Securities" (the "**Conditions**").*

The Conditions of the Securities are composed of

Part 1: **Special Conditions of the Securities** (for the individual types of Securities)

Part 2: **General Conditions of the Securities** (for all types of Securities)

PART 1: SPECIAL CONDITIONS OF THE SECURITIES

§ 1
Certificate Right

(1) The Issuer hereby warrants the Securityholder of each (1) UBS S²MART Certificate relating to the Price of [the Underlying] [the Underlyings] under these Conditions the right (the "**Certificate Right**") to receive the Redemption Amount (§ 1 (2)) multiplied by the Ratio [, converted into the Settlement Currency,] and commercially rounded to two decimal places (the "**Settlement Amount**").

(2) The "**Redemption Amount**" is calculated in accordance with the following formula:

(a) If the Settlement Price of **[**the Underlying**]** **[***if appropriate, insert different point of reference:* [•]**]** **is higher than the Strike Price**, the Redemption Amount is calculated in accordance with the following formula:

[

(c) Ist der Abrechnungskurs **[**des Basiswerts**] [***gegebenenfalls anderen Bezugspunkt einfügen:* [•]**] kleiner als die Verlustschwelle**, wird der Abrechnungsbetrag in Übereinstimmung mit folgender Formel berechnet:

[

Basiskurs – (Verlustschwelle – Abrechnungskurs) x LFaktor

wobei „**LFaktor**" für den Leverage-Faktor steht.**]**

[*gegebenenfalls andere Bestimmung des Abrechnungsbetrags einfügen:* [•].**]**

(3) Sämtliche im Zusammenhang mit dem Zertifikatsrecht vorzunehmenden Festlegungen und Berechnungen, insbesondere die Berechnung des Auszahlungsbetrags, erfolgen durch die Berechnungsstelle (§ 9). Die insoweit von der Berechnungsstelle getroffenen Festlegungen und Berechnungen sind, außer in Fällen offensichtlichen Irrtums, abschließend und für alle Beteiligten bindend.

PART 1: SPECIAL CONDITIONS OF THE SECURITIES

§ 1
Certificate Right

(1) The Issuer hereby warrants the Securityholder of each (1) UBS Super S²MART Certificate relating to the Price of [the Underlying] [the Underlyings] under these Conditions the right (the "**Certificate Right**") to receive the Redemption Amount (§ 1 (2)) [, converted into the Settlement Currency,] and commercially rounded to two decimal places (the "**Settlement Amount**").

(2) The "**Redemption Amount**" is determined as follows:

(b) Wenn [während der Laufzeit der Wertpapiere] **ein Kick Out Event** (§ 1 (2)) **eingetreten ist und der** Abrechnungskurs **[**des Basiswerts**]** **[***gegebenenfalls anderen Bezugspunkt einfügen:* [•]**]** **gleich dem oder kleiner als der Bonus-Level** ist, hat der Wertpapiergläubiger das Recht, [*im Fall der Tilgung durch physische Lieferung folgenden Text einfügen:* den Physischen

III. TERMS AND CONDITIONS OF THE SECURITIES

*The following [model] terms and conditions of the UBS Bonus [(Capped)] Plus Certificates, comprising the Special Conditions of the Securities and the General Conditions of the Securities, [in each case apply to one series of Securities and] shall be read in conjunction with, and are subject to, the "Key Terms and Definitions of the Securities" (the "**Conditions**").*

The Conditions of the Securities are composed of

Part 1: **Special Conditions of the Securities** (for the individual types of Securities)

Part 2: **General Conditions of the Securities** (for all types of Securities)

PART 1: SPECIAL CONDITIONS OF THE SECURITIES

§ 1
Certificate Right

(1) The Issuer hereby grants the Securityholder of each (1) UBS Bonus [(Capped)] Plus Certificate relating to the Price of [the Underlying] [the Underlyings] under these Conditions the following right (the "**Certificate Right**"):

(a) If [, during the Term of the Securities,] a **Kick Out Event** (§ 1 (2)) **has not occurred**, **and the** Settlement Price of **[**the Underlying**]** **[***if appropriate, insert different point of reference:* [•]**]** **is equal to or lower than the Bonus Level**, the Securityholder is entitled to receive the Bonus Level multiplied by the Ratio [, converted into the Settlement Currency,] and commercially rounded to two decimal places (the "**Settlement Amount**").

(b) If [, during the Term of the Securities,] a **Kick Out Event** (§ 1 (2)) **has occurred** and **the** Settlement Price of **[**the Underlying**]** **[***if appropriate, insert different point of reference:* [•]**]** **is equal to or lower than the Bonus Level,** the Securityholder is entitled to receive [*in case of physical settlement insert the following text:* the Physical Underlying in a number as expressed

III. WERTPAPIERBEDINGUNGEN

*Diese nachfolgenden [Muster-]Bedingungen der UBS Bonus [(Capped)] Flex-Zertifikate, bestehend aus den produktspezifischen Besonderen Wertpapierbedingungen und den Allgemeinen Wertpapierbedingungen, [gelten für jeweils eine Serie von Wertpapieren und] sind in Zusammenhang mit und nach Maßgabe der „Ausstattungsmerkmale und Definitionen der Wertpapiere" (die „**Bedingungen**") zu lesen.*

Die Bedingungen der Wertpapiere sind gegliedert in

Teil 1: **Besondere Wertpapierbedingungen** (für die einzelnen Arten von Wertpapieren)

Teil 2: **Allgemeine Wertpapierbedingungen** (für alle Arten von Wertpapieren)

TEIL 1: BESONDERE WERTPAPIER-BEDINGUNGEN

§ 1
Zertifikatsrecht

(1) Die Emittentin gewährt hiermit dem Wertpapiergläubiger von je einem (1) UBS Bonus [(Capped)] Flex-Zertifikat bezogen auf den Kurs [des Basiswerts] [der Basiswerte] nach Maßgabe dieser Bedingungen das folgende Recht (das „**Zertifikatsrecht**"):

(a) Wenn [während der Laufzeit der Wertpapiere] **das Kick Out Event$_{(1)}$** (§ 1 (2)) **nicht eingetreten** ist und der Abrechnungskurs **[**des Basiswerts**]** **[***gegebenenfalls anderen Bezugspunkt einfügen:* [•]**]** **größer als der Bonus-Level$_{(1)}$** ist, hat der Wertpapiergläubiger das Recht, den Abrechnungsbetrag (wie nachstehend definiert) multipliziert mit dem Bezugsverhältnis [in die Auszahlungswährung umgerechnet] und auf zwei Dezimalstellen kaufmännisch gerundet (der „**Auszahlungsbetrag**") zu beziehen.

Der „**Abrechnungsbetrag**" wird in Übereinstimmung mit folgender Formel berechnet:

Anpassungen; Nachfolge-Index Sponsor; Nachfolge-[Basiswert] [Korbbestandteil]

(1) Sollte der Index als [Basiswert] [Korbbestandteil] endgültig nicht mehr vom Index Sponsor verwaltet, berechnet und veröffentlicht werden, ist die Emittentin berechtigt, den Index Sponsor durch eine Person, Gesellschaft oder Institution, die für die Berechnungsstelle und die Emittentin nach billigem Ermessen (gemäß § 315 BGB bzw. § 317 BGB) akzeptabel ist (der „**Nachfolge-Index Sponsor**"), zu ersetzen.

In diesem Fall gilt dieser Nachfolge-Index Sponsor als Index Sponsor und jede in diesen Bedingungen enthaltene Bezugnahme auf den Index Sponsor als Bezugnahme auf den Nachfolge-Index Sponsor.

(2) Veränderungen in der Berechnung (einschließlich Bereinigungen) des [Basiswerts] [Korbbestandteils] oder der Zusammensetzung oder Gewichtung der Indexbestandteile, auf deren Grundlage [der Basiswert] [ein Korbbestandteil] berechnet wird, führen nicht zu einer Anpassung, es sei denn, dass das maßgebende Konzept und die Berechnung [des Basiswerts] [des Korbbestandteils] infolge einer Veränderung (einschließlich einer Bereinigung) nach Auffassung der Emittentin und der Berechnungsstelle (gemäß § 315 BGB bzw. § 317 BGB) nicht nicht mehr vergleichbar sind mit dem bisher maßgebenden Konzept oder der maßgebenden Berechnung des Index als [Basiswert] [Korbbestandteil]. Dies gilt insbesondere, wenn sich aufgrund irgendeiner Änderung trotz gleich bleibender Kurse der in dem Index enthaltenen Einzelwerte und ihrer Gewichtung eine wesentliche Änderung des Werts des Index als [Basiswert] [Korbbestandteil] ergibt. Eine Anpassung kann auch bei Aufhebung des Index als [Basiswert] [Korbbestandteil] und/oder seiner Ersetzung durch einen anderen Basiswert erfolgen.

Zum Zweck einer Anpassung ermitteln die Emittentin und die Berechnungsstelle nach billigem Ermessen (gemäß § 315 BGB bzw. § 317 BGB) einen angepassten Wert je Einheit des Index als [Basiswert] [Korbbestandteil], der bei der Bestimmung des Kurses des [Basiswerts] [Korbbestandteils] zugrunde gelegt wird und in seinem wirtschaftlichen Ergebnis der bisherigen Regelung entspricht, und bestimmen unter Berücksichtigung des Zeitpunktes der Veränderung den Tag, zu dem der angepasste Wert je Einheit des Index als [Basiswert] [Korbbestandteil]

Adjustments; Successor Index Sponsor; Successor [Underlying] [Basket Component]

(1) If the Index used as [Underlying] [Basket Component] is definitively not maintained, calculated and published by the Index Sponsor anymore, the Issuer shall be entitled to replace the Index Sponsor by a person, company or institution, which is acceptable to the Calculation Agent and the Issuer at their reasonable discretion (pursuant to § 315 of the BGB or, as the case may be, § 317 of the BGB) (the "**Successor Index Sponsor**").

In such case, the Successor Index Sponsor will be deemed to be the Index Sponsor and each reference in these Conditions to the Index Sponsor shall be deemed to refer to the Successor Index Sponsor.

(2) Any changes in the calculation (including corrections) of [the Underlying] [a Basket Component] or of the composition or of the weighting of the Index components, on which the calculation of [the Underlying] [a Basket Component] is based, shall not lead to an adjustment unless the Issuer and the Calculation Agent, upon exercise of their reasonable discretion (pursuant to § 315 of the BGB or, as the case may be, § 317 of the BGB), determine that the underlying concept and the calculation (including corrections) of the [Underlying] [Basket Component] are no longer comparable to the underlying concept or calculation of the Index used as [Underlying] [Basket Component] applicable prior to such change. This applies especially, if due to any change the Index value changes considerably, although the prices and weightings of the components included in the Index used as [Underlying] [Basket Component] remain unchanged. Adjustments may also be made as a result of the termination of the [Underlying] [Basket Component] and/or its substitution by another underlying.

For the purpose of making any adjustments the Issuer and the Calculation Agent shall at their reasonable discretion (pursuant to § 315 of the BGB or, as the case may be, § 317 of the BGB) determine an adjusted value per unit of the Index used as [Underlying] [Basket Component] as the basis of the determination of the price of the [Underlying] [Basket Component], which in its result corresponds with the economic result prior to this change, and shall, taking into account the time the change occurred, determine the day, on which the adjusted value per unit of the Index

erstmals zugrunde zu legen ist. Der angepasste Wert je Einheit des [Basiswerts] [Korbbestandteils] sowie der Zeitpunkt seiner erstmaligen Anwendung werden unverzüglich gemäß § 11 dieser Bedingungen bekannt gemacht.

(3) Erlischt die Erlaubnis [der Emittentin] [und] [oder] [der Berechnungsstelle], den Index als [Basiswert] [Korbbestandteil] für die Zwecke der Wertpapiere zu verwenden oder wird der Index als [Basiswert] [Korbbestandteil] aufgehoben und/oder durch einen anderen Index ersetzt, legen die Emittentin und die Berechnungsstelle nach billigem Ermessen (gemäß § 315 BGB bzw. § 317 BGB), gegebenenfalls unter entsprechender Anpassung nach dem vorstehenden Absatz, fest, welcher Index künftig zugrunde zu legen ist ([ebenfalls] der „**Nachfolge-[Basiswert] [Korbbestandteil]**"). Der Nachfolge-[Basiswert] [Korbbestandteil] sowie der Zeitpunkt seiner erstmaligen Anwendung werden unverzüglich gemäß § 11 dieser Bedingungen bekannt gemacht.

(4) Ist nach Ansicht der Emittentin und der Berechnungsstelle, nach billigem Ermessen (gemäß § 315 BGB bzw. § 317 BGB), eine Anpassung oder die Festlegung eines Nachfolge-[Basiswerts] [Korbbestandteils], aus welchen Gründen auch immer, nicht möglich, werden die Emittentin und die Berechnungsstelle nach billigem Ermessen (gemäß § 315 BGB bzw. § 317 BGB) für die Weiterrechnung und Veröffentlichung des Index als [Basiswert] [Korbbestandteil] auf der Grundlage des bisherigen Indexkonzeptes und des letzten festgestellten Werts des Index Sorge tragen. Eine derartige Fortführung wird unverzüglich gemäß § 11 dieser Bedingungen bekannt gemacht.

(5) Anpassungen und Festlegungen nach den vorstehenden Absätzen werden durch die Emittentin nach billigem Ermessen (gemäß § 315 BGB) bzw. von der Berechnungsstelle nach billigem Ermessen (gemäß § 317 BGB), vorgenommen und von der Emittentin nach § 11 dieser Bedingungen bekannt gemacht. Anpassungen und Festlegungen sind (sofern nicht ein offensichtlicher Fehler vorliegt) für alle Beteiligten endgültig und bindend.

(5) The adjustments and determinations of the Issuer pursuant to the paragraphs above shall be effected by the Issuer at its reasonable discretion (pursuant to § 315 of the BGB) or, as the case may be, by the Calculation Agent (pursuant to § 317 of the BGB) and shall be published by the Issuer in accordance with § 11 of these Conditions. § 9
Berechnungsstelle; [Zertifikatsstelle;] Zahlstelle

(1) Die Berechnungsstelle [, die Zertifikatsstelle] und die Zahlstelle (die „**Wertpapierstellen**") übernehmen diese Funktion jeweils in Übereinstimmung mit diesen Bedingungen. Jede der Wertpapierstellen haftet dafür, dass sie im Zusammenhang mit den Wertpapieren Handlungen bzw. Berechnungen vornimmt, nicht vornimmt oder nicht richtig vornimmt oder sonstige Maßnahmen trifft oder unterlässt nur, wenn und soweit sie jeweils die Sorgfalt eines ordentlichen Kaufmanns verletzt hat.

(2) Jede der Wertpapierstellen handelt ausschließlich als Erfüllungsgehilfin der Emittentin und hat keinerlei Pflichten gegenüber dem Wertpapiergläubiger. Die Wertpapierstellen sind jeweils von den Beschränkungen des § 181 BGB befreit.

(3) Die Emittentin ist berechtigt, jederzeit jede oder alle der Wertpapierstellen durch eine andere Gesellschaft zu ersetzen, eine oder mehrere zusätzliche Wertpapierstellen zu bestellen und deren Bestellung zu widerrufen. Ersetzung, Bestellung und Widerruf werden gemäß § 11 dieser Bedingungen bekannt gemacht.

(4) Jede der Wertpapierstellen ist berechtigt, durch schriftliche Anzeige gegenüber der Emittentin jederzeit ihr Amt niederzulegen. Die Niederlegung wird nur wirksam mit der Bestellung einer anderen Gesellschaft als Berechnungsstelle [,Zertifikatsstelle] bzw. als Zahlstelle durch die Emittentin. Niederlegung und Bestellung werden gemäß § 11 dieser Bedingungen bekannt gemacht.

§ 9
Calculation Agent; [Certificate Agent;] Paying Agent

(1) The Calculation Agent [, the Certificate Agent] and the Paying Agent (the "**Security Agents**") shall assume such role in accordance with these Conditions. Each of the Security Agents shall be liable for making, failing to make or incorrectly making any measure or calculations, as the case may be, or for taking or failing to take any other measures only if and insofar as they fail to exercise the due diligence of a prudent businessman.

(2) Each of the Security Agents acts exclusively as vicarious agent of the Issuer and has no obligations to the Securityholder. Each of the Security Agents is exempt from the restrictions under § 181 of the BGB.

(3) The Issuer is entitled at any time to replace any of or all the Security Agents by another company, to appoint one or several additional Security Agents, and to revoke their appointment. Such replacement, appointment and revocation shall be notified in accordance with § 11 of these Conditions.

(4) Each of the Security Agents is entitled to resign at any time from its function upon prior written notice to the Issuer. Such resignation shall only become effective if another company is appointed by the Issuer as Calculation Agent [, Certificate Agent] or as Paying Agent, as the case may be. Resignation and appointment are notified in accordance with § 11 of these Conditions.

§ 10
Ersetzung der Emittentin

(1) Die Emittentin ist jederzeit berechtigt, ohne Zustimmung der Wertpapiergläubiger eine andere Gesellschaft der UBS Gruppe als Emittentin (die „**Neue Emittentin**") hinsichtlich aller Verpflichtungen aus oder in Verbindung mit den Wertpapieren an die Stelle der Emittentin zu setzen, sofern

(i) die Neue Emittentin alle Verpflichtungen der Emittentin aus oder in Verbindung mit den Wertpapieren übernimmt,

(ii) die Neue Emittentin alle etwa notwendigen Genehmigungen von den zuständigen Behörden erhalten hat, wonach die Neue Emittentin alle sich aus oder in Verbindung mit den Wertpapieren ergebenden Verpflichtungen erfüllen kann und Zahlungen ohne Einbehalt oder Abzug von

§ 10
Substitution of the Issuer

(1) The Issuer is entitled at any time, without the consent of the Securityholders, to substitute another company within the UBS Group as issuer (the "**New Issuer**") with respect to all obligations under or in connection with the Securities, if

(i) the New Issuer assumes all obligations of the Issuer under or in connection with the Securities,

(ii) the New Issuer has obtained all necessary authorisations, if any, by the competent authorities, under which the New Issuer may perform all obligations arising under or in connection with the Securities and transfer payments to the Paying Agent without withholding or deduction of any taxes,

irgendwelchen Steuern, Abgaben oder Gebühren an die Zahlstelle transferieren darf, [und]

(iii) die Emittentin unbedingt und unwiderruflich die Verpflichtungen der Neuen Emittentin garantiert [und] [.]

[(iv) [•].]

(2) Im Falle einer solchen Ersetzung der Emittentin gilt jede in diesen Bedingungen enthaltene Bezugnahme auf die Emittentin fortan als auf die Neue Emittentin bezogen.

(3) Die Ersetzung der Emittentin ist für die Wertpapiergläubiger endgültig und bindend und wird den Wertpapiergläubigern unverzüglich gemäß § 11 dieser Bedingungen bekannt gemacht.

charges or expenses, [and]

(iii) the Issuer unconditionally and irrevocably guarantees the obligations of the New Issuer [, and] [.]

[(iv) [•].]

(2) In case of such a substitution of the Issuer any reference in these Conditions to the Issuer shall forthwith be deemed to refer to the New Issuer.

(3) The substitution of the Issuer shall be final, binding and conclusive on the Securityholders and will be published to the Securityholders without undue delay in accordance with § 11 of these Conditions.

§ 11
Bekanntmachungen

(1) Bekanntmachungen, die die Wertpapiere betreffen, werden in einer der jeweils maßgeblichen Rechtsordnung entsprechenden Form veröffentlicht. Soweit rechtlich zulässig, werden die Bekanntmachungen den Wertpapiergläubigern ausschließlich durch Mitteilung der Emittentin an die Clearingstelle zur Benachrichtigung der Wertpapiergläubiger übermittelt.

(2) Bekanntmachungen sind mit Veröffentlichung bzw. mit Mitteilung an die Clearingstelle durch die Emittentin den Wertpapiergläubigern gegenüber wirksam abgegeben.

(3) Bekanntmachungen sind, falls sie der Clearingstelle zugehen, am dritten Tag nach Zugang bei der Clearingstelle den Wertpapiergläubigern wirksam zugegangen oder, falls sie veröffentlicht werden (unabhängig davon, ob dies zusätzlich geschieht), am Tag der Veröffentlichung oder, falls sie mehr als einmal veröffentlicht werden, am Tag der ersten Veröffentlichung, oder falls Veröffentlichungen in mehr als einem Medium erforderlich sind, am Tag der ersten Veröffentlichung in allen erforderlichen Medien. Im Fall der Bekanntmachung sowohl durch Veröffentlichung als auch durch Erklärung gegenüber der Clearingstelle ist die zeitlich vorangehende Bekanntmachung bzw. Erklärung maßgeblich.

§ 11
Publications

(1) Publications relating to the Securities will be published in the way required by the relevant jurisdiction, respectively. To the extent legally possible, the publications will be published by way of Issuer's notification to the Clearing Agent for the purposes of notifying the Securityholders.

(2) All publications have been validly given to the Securityholders with their publication or with the Issuer's notification to the Clearing Agent, as the case may be.

(3) All publications shall, in case of the Issuer's notification to the Clearing Agent, be effectively given to the Securityholders on the third day after their receipt by the Clearing Agent or, if published (whether or not such publication occurs in addition to a notification to the Clearing Agent) on the date of their publication, or, if published more than once, on the date of their first publication, or, if a publication is required in more than one medium, on the date of the first publication in all required media. In case of announcement by both, publication and Issuer's notification to the Clearing Agent, the publication becomes effective on the date of the first of such publication or Issuer's notification, as the case may be.

§ 12
Begebung weiterer Wertpapiere; Ankauf; Einziehung; Entwertung

(4) Die Emittentin ist berechtigt, in diesen Bedingungen (i) offensichtliche Schreib- oder Rechenfehler oder ähnliche offenbare Unrichtigkeiten sowie (ii) widersprüchliche oder lückenhafte Bestimmungen ohne Zustimmung der Wertpapiergläubiger zu ändern bzw. zu ergänzen, wobei in den unter (ii) genannten Fällen nur solche Änderungen bzw. Ergänzungen zulässig sind, die unter Berücksichtigung der Interessen der Emittentin für die Wertpapiergläubiger zumutbar sind, das heißt die die finanzielle Situation der Wertpapiergläubiger nicht wesentlich verschlechtern. Änderungen bzw. Ergänzungen dieser Bedingungen werden gemäß § 11 bekannt gemacht.

(4) The Issuer is entitled to change or amend, as the case may be, in these Conditions (i) any manifest writing or calculation errors or other manifest incorrectness as well as (ii) any conflicting or incomplete provisions without the consent of the Securityholders, provided that in the cases referred to under (ii) only such changes or amendments shall be permissible which are acceptable to the Securityholders taking into account the interests of the Issuer, i.e. which do not materially impair the financial situation of the Securityholders. Any changes or amendments of these Conditions shall be notified in accordance with § 11.

(5) Sollte eine Bestimmung dieser Bedingungen ganz oder teilweise unwirksam sein oder werden, so bleiben die übrigen Bestimmungen wirksam. Die unwirksame Bestimmung ist durch eine wirksame Bestimmung zu ersetzen, die den wirtschaftlichen Zwecken der unwirksamen Bestimmung so weit wie rechtlich möglich entspricht. Entsprechendes gilt für etwaige Lücken in den Bedingungen.

(5) If any of the provisions of these Conditions is or becomes invalid in whole or in part, the remaining provisions shall remain valid. The invalid provision shall be replaced by a valid provision, which, to the extent legally possible, serves the economic purposes of the invalid provision. The same applies to gaps, if any, in these Conditions.

V. TAX CONSIDERATIONS

1. General information

The following outline of the tax implications of investing in the Securities is based on the legislation prevailing at the time this Prospectus was prepared. Potential investors and sellers of the Securities should be aware that the tax implications may change due to any future amendments to the legislation. Although this outline reflects the Issuer's opinion of the tax implications, it must not be understood as a guarantee in an area that is not conclusively clarified.

Moreover, it must not provide the sole basis for assessing the tax implications of investing in the Securities, since the individual situation of the particular investor must also be taken into account. The outline is thus restricted to a general summary of the possible tax implications.

2. Switzerland

In Switzerland, where the UBS AG, acting through its [London Branch, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom] [Jersey Branch, 24 Union Street, Saint Helier, Jersey JE4 8UJ] as Issuer of the Securities, has its registered office (main offices: Zurich and Basel), the Securities are not subject to the Swiss withholding tax (Swiss withholding tax).

[3. [•]]

[•]

Investors are also advised to consult their own tax advisor with regard to their personal tax implications resulting from such an investment.

VI. SELLING RESTRICTIONS

The distribution of this document and the offering of the Securities in certain jurisdictions may be restricted by law. Neither the Issuer nor the Offeror represents that this document may be lawfully distributed, or that the Securities may be lawfully offered, in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to an exemption available thereunder, or assumes any responsibility for facilitating any distribution or offering.

Unless expressly specified otherwise below, neither the Issuer nor the Offeror has taken action, nor will they take action to render the public offer of the Securities or their possession, or the distribution of offer documents relating to the Securities, admissible in any jurisdiction requiring special measures to be taken for this purpose. Accordingly, the Securities may not be offered or sold, directly or indirectly, and none of this document, any advertisement relating to the Securities and any other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this document comes must inform themselves about, and observe, any such restrictions.

Public Offer of the Securities within the European Economic Area

Anyone who purchases the Securities is obliged and agrees never to publicly offer the Securities to persons in one of the member states of the European Economic Area that has implemented EU Directive 2003/71/EC (hereinafter the "**Prospectus Directive**"; the term also covers all implementation measures by member states of the European Economic Area), except in circumstances that comply with one of the following offerings of the respective Securities:

(a) within the period which begins on publication of the Base Prospectus which was approved in accordance with the Prospectus Directive, and, if necessary, for which cross-border validity pursuant to sections 17 and 18 of the Securities Prospectus Act has been granted, and which ends twelve months after publication of the Base Prospectus;

(b) to legal entities which are authorised or regulated to operate in the financial markets, including: to credit institutions, investment firms, other authorised or regulated financial institutions, insurance companies, collective investment schemes and their management companies, pension funds and their management companies, commodity dealers, as well as entities that are not authorised or regulated whose corporate purpose is solely to invest in securities;

(c) to other legal entities which meet two of the following three criteria: an average number of employees during the most recent financial year of more than 250, total assets exceeding EUR 43,000,000.00 and an annual net revenue of over EUR 50,000,000.00; all as stated in the most recent annual financial statements or consolidated accounts, or

(d) other circumstances prevail whereby the publication of a Prospectus is not required pursuant to Article 3 of the Prospectus Directive.

The term "public offer of securities" in this context means any kind or means of communication to the public containing sufficient information relating to the offering conditions and the securities offered to put an investor in a position to decide whether to buy or subscribe to these securities. Anyone buying the Securities should note that the term "public offer of securities" may vary, depending on the implementation measures in the various member states of the European Economic Area.

In any member states of the European Economic Area which have not yet implemented the Prospectus Directive in national law, the Securities may only be offered or sold directly or indirectly, in accordance with prevailing legislation, to which dissemination and publication of the Prospectus, any advertising or other sales documents, is also subject.

United States of America

The Securities have not been and will not be registered under the United States Securities Act of 1933 (the "**Securities Act**"), as amended, and trading in the Securities has not been and will not be approved by the United States Commodity Futures Trading Commission ("**CFTC**") and the United States Commodity Exchange Act (the "**Commodity Exchange Act**"). No Securities, or interest therein, may at any time be offered, sold, resold or delivered, directly or indirectly, in the United States or to or for the account or benefit of any U.S. person. The Securities may not be exercised or redeemed by or for the account of any U.S. Person or any

person within the United States. As used herein, "**United States**" means the United States of America (including the States and the District of Columbia), its territories, its possessions and other areas subject to its jurisdiction, and "**U.S. person**" means (i) an individual who is a resident of the United States; (ii) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (iii) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (iv) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (v) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (ii) above; or (vi) any entity organised principally for passive investment, 10% or more of the beneficial interests in which are held by persons described in (i) to (v) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (vii) any other U.S. person as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act.

La presente Nota di Sintesi contiene informazioni selezionate da questo Prospetto e dalle sezioni "Descrizione dell'Emittente"/"*Description of the Issuer*" e "Descrizione degli Strumenti Finanziari"/*"Description of the Securities"* volte ad offrire ai potenziali investitori l'opportunità di acquisire informazioni su UBS AG che opera tramite la propria Succursale di [Jersey] [Londra] (d'ora in avanti denominata **"Emittente")**, sui Certificati **[**UBS [Performance] [PRELES] [(Capped)] without settlement formula*[*]**] [**UBS [Performance] [PRELES] [(Capped)] with settlement formula***] [**UBS OutPerformance [(Capped)]***] [**UBS Relative Performance Plus***] [**UBS Open-End [(Capped)] without settlement formula***] [**UBS Open-End [(Capped)] with settlement formula***] [**UBS S²MART***] [**UBS Super S²MART***] [**UBS Bonus [(Capped)]***] [**UBS Bonus [(Capped)] Plus***] [**UBS Bonus [(Capped)] Extra Plus***] [**UBS Lock-in Bonus [(Capped)]***] [**UBS Bonus [(Capped) Flex***] (d'ora in avanti denominati singolarmente "**Certificato**" o, collettivamente, "**Certificati**", ovvero singolarmente "**Strumento Finanziario**" o, collettivamente, "**Strumenti Finanziari**"), oggetto del presente Prospetto e sui rischi legati all'investimento negli Strumenti Finanziari.

La Nota di Sintesi, tuttavia, deve essere intesa come mera introduzione al Prospetto. **Al fine di adottare decisioni relative all'investimento negli Strumenti Finanziari, i potenziali investitori devono, quindi, valutare attentamente le informazioni contenute nel Prospetto completo.** Per assicurare una esaustiva comprensione degli Strumenti Finanziari si raccomanda ai potenziali investitori di leggere attentamente il Regolamento degli Strumenti Finanziari/Terms and Conditions of the Securities nonché tutte le sezioni sulle implicazioni fiscali e sugli altri importanti fattori da tenere in considerazione nelle decisioni relative all'investimento negli Strumenti Finanziari. Se necessario, **dovrà essere richiesto un parere a consulenti legali, fiscali, finanziari o ad altri consulenti.**

L'Emittente, inoltre, sottolinea espressamente che laddove un investitore avanzi una pretesa relativa alle informazioni contenute nel Prospetto dinanzi ad un tribunale, questi potrebbe dover sostenere i costi della traduzione prima che il procedimento legale venga avviato secondo la legge nazionale applicabile nel rispettivo stato membro dell'Area Economica Europea.

I potenziali investitori devono tenere conto del fatto che né l'Emittente né UBS Limited, 1 Finsbury Avenue, Londra EC2M 2PP, Regno Unito, in qualità di offerente ("l'**Offerente**"), possono essere ritenuti responsabili esclusivamente sulla base della presente Nota di Sintesi o di qualsiasi traduzione della medesima, salvo nei casi in cui la stessa risulti fuorviante, imprecisa o in contrasto se letta unitamente ad altre parti del Prospetto.

Chi è l'emittente?

UBS AG (con le sue succursali, "**UBS AG**" o "**UBS**", o l'"**Emittente**" o la "**Società**") è, secondo la propria opinione, uno dei leader mondiali finanziari, al servizio di una clientela di base internazionale competente. UBS è, in base alla propria valutazione, un gestore patrimoniale leader nel mondo, una società di investment banking e un intermediario finanziario di prim'ordine con un forte network di clienti istituzionali e aziendali, uno dei più grandi gestori patrimoniali e leader del mercato bancario per clienti retail e commerciali in Svizzera. Al 30 settembre 2008, UBS annoverava tra i propri dipendenti più di 79.565 persone. Con sedi a Zurigo e Basilea, Svizzera, UBS opera in oltre 50 Paesi e da tutti i maggiori centri internazionali.

[*] Il riferimento agli Strumenti Finanziari è indicativo e sarà definito e determinato nei *final terms*.

UBS è, a proprio giudizio, uno degli istituti finanziari al mondo con la migliore capacità finanziaria. Al 30 settembre 2008 il ratio BIS Tier 1[1] era pari a 10,8%, il patrimonio investito era pari a CHF 2.640 miliardi, il capitale di competenza degli azionisti di UBS era pari a CHF 46.412 milioni e la capitalizzazione di borsa pari a CHF 54.135 milioni.

Le agenzie di rating Standard & Poor's Inc. (**"Standard & Poor's"**), Fitch Ratings (**"Fitch"**) e Moody's Investors Service Inc. (**"Moody's"**) hanno valutato la capacità di credito di UBS, *i.e.* la capacità di UBS di adempiere puntualmente ai propri obblighi di pagamento, quali i pagamenti in conto capitale o i pagamenti degli interessi su prestiti di lungo termine, anche nota come impegno di debito, in modo tempestivo. Ai rating di Fitch e di Standard & Poor's possono essere attribuiti i segni "più" o "meno" e a quelli di Moody's può essere attribuito un numero. Questi ulteriori segni indicano la relativa posizione nell'ambito del rispettivo livello di rating. Attualmente Standard & Poor's valuta la capacità di credito di UBS con A+[2], Fitch con A+[3] e Moody's con Aa2.

In che modo vengono utilizzati i ricavi netti dall'Emittente?

I ricavi netti dell'emissione verranno utilizzati per scopi di finanziamento del Gruppo UBS e non saranno utilizzati dall'Emittente in Svizzera. I ricavi netti risultanti dalla vendita degli Strumenti Finanziari saranno utilizzati dall'Emittente per scopi aziendali generali. Non verrà istituito un fondo separato (vincolato ad uno "scopo specifico").

Vi sono rischi inerenti all'Emittente?

Non vi sono particolari rischi legati all'Emittente. Tuttavia, i potenziali investitori negli Strumenti Finanziari devono essere consapevoli del fatto che, come con tutte le società, vi sono rischi generali legati all'Emittente:
Ciascun investitore assume il rischio generale di un eventuale peggioramento della situazione finanziaria dell'Emittente. Inoltre, la valutazione generale della capacità di credito dell'Emittente potrebbe influenzare il valore degli Strumenti Finanziari. Detta valutazione in genere dipende dai rating che agenzie come Standard & Poor's, Fitch e Moody's attribuiscono agli Strumenti Finanziari dell'Emittente o di società ad essa affiliate ancora in circolazione. L'Emittente e le società affiliate potrebbero anche partecipare ad operazioni correlate agli Strumenti Finanziari, sia per conto proprio che per conto di un cliente. Tali operazioni possono avere effetti negativi sul prezzo degli Strumenti Finanziari.

Nell'ambito delle decisioni relative agli investimenti negli Strumenti Finanziari, **i potenziali acquirenti devono considerare tutte le informazioni contenute nel Prospetto e, se necessario, consultare i loro consulenti legali, fiscali o finanziari.**

Quali rischi sono legati all'investimento negli Strumenti Finanziari?

Un investimento negli Strumenti Finanziari comporta per l'investitore rischi specifici legati al prodotto. Il valore di un Certificato non viene determinato solo in base alla variazione del valore de [*il Sottostante/Underlying*] [i *Sottostanti/Underlyings*], ma dipende anche da una serie di altri fattori. Conseguentemente, il valore dei Certificati può diminuire anche se il prezzo de il *Sottostante/Underlying*] [i *Sottostanti/Underlyings*] rimane costante. I potenziali investitori devono essere consapevoli del fatto che cambiamenti del valore de [il *Sottostante/Underlying*] [i *Sottostanti/Underlyings*] sul quale si basa il Certificato (o anche il mancato verificarsi di cambiamenti

del prezzo annunciati) possono far diminuire il valore di un Certificato fino ad azzerarlo. [In vista della limitata durata dei Certificati], [Non vi] [non vi] è alcuna certezza che il valore dei Certificati venga recuperato [prima che lo Strumento Finanziario giunga a scadenza]. Questo rischio è indipendente dalla capacità finanziaria dell'Emittente.

Oltre alla durata dello Strumento Finanziario, alla frequenza e intensità delle fluttuazioni di prezzo (volatilità) de [il *Sottostante/Underlying*] [i *Sottostanti/Underlyings*] o al tasso prevalente di interesse e al livello dei dividendi pagati o, a seconda dei casi, all'andamento di mercati stranieri, le seguenti circostanze sono, secondo l'Emittente, i fattori essenziali che possono avere un impatto sul valore degli Strumenti Finanziari e che possono creare certi rischi per coloro che hanno investito negli Strumenti Finanziari:

- Possibile diminuzione del prezzo de [il *Sottostante/Underlying*] [i *Sottostanti/Underlyings*],

- Effetto dei costi accessori,

- Transazioni degli investitori negli Strumenti Finanziari per compensare o limitare il rischio,

- Negoziazione relativa agli Strumenti Finanziari/Il liquidità,

- Espansione dello spread tra i prezzi bid e offer,

- Prestiti per l'acquisto degli Strumenti Finanziari,

- Effetto sugli Strumenti Finanziari di transazioni di copertura da parte dell'Emittente,

- Modifiche nel trattamento fiscale relativo agli Strumenti Finanziari.

Inoltre, anche la cessazione di efficacia e la scadenza anticipata dei Certificati per decisione dell'Emittente possono avere un impatto negativo sul valore dei Certificati.

[*se pertinente, inserire informazioni sui rischi specifici legati a* [il *Sottostante/Underlying*] [i *Sottostanti/Underlyings*] :[•] **]**

Pertanto, si raccomanda espressamente ai potenziali investitori di prendere dimestichezza con la natura dello specifico rischio del tipo di prodotto descritto in questo Prospetto e di ricorrere a consulenze professionali, se necessario. Al potenziali investitori viene esplicitamente fatto presente che i Certificati costituiscono un **investimento rischioso** che può comportare la **perdita** del capitale investito. I futuri investitori devono essere pertanto preparati e disposti ad accettare una perdita parziale o totale del capitale investito. Ogni investitore interessato all'acquisto degli Strumenti Finanziari deve valutare la propria situazione finanziaria per accertarsi di essere nella condizione di sostenere i **rischi di perdita** connessi agli Strumenti Finanziari.

Supplement No 1 dated 30 January 2007

Supplement No. 1 pursuant to § 16 (1) of the German Securities Prospectus Act

to the already published (single document) Base Prospectus of UBS AG, [London] [Jersey] Branch, dated 25 January 2007, for the issue of UBS [[Performance] [PERLES] [(Capped)] Certificates [without] [with] settlement formula*] [Outperformance [(Capped)] Certificates*] [Relative Performance Plus Certificates*] [Open-End [(Capped)] Certificates [without] [with] settlement formula*] [[Super] S²MART Certificates*] [[Lock-In] Bonus [(Capped)] [Extra] [Plus] [Flex] Certificates] based on the [description of [the share] [the Index] [the currency exchange rate] [the precious metal] [the commodity] [the interest rate] [the other security] [the fund unit] [the basket comprising the aforementioned assets] [the portfolio comprising the aforementioned assets] as Underlying[s]: [•]]

Supplement No 3 dated 1 June 2007

Supplement No. 3 pursuant to § 16 (1) of the German Securities Prospectus Act

as of 1 June 2007 to the already published (single document) Base Prospectus of UBS AG, [London] [Jersey] Branch, dated 25 January 2007, for the issue of UBS [[Performance] [PERLES] [(Capped)] Certificates [without] [with] settlement formula*] [Outperformance [(Capped)] Certificates*] [Relative Performance Plus Certificates*] [Open-End [(Capped)] Certificates [without] [with] settlement formula*] [[Super] S²MART Certificates*] [[Lock-In] Bonus [(Capped)] [Extra] [Plus] [Flex] Certificates] based on the [description of [the share] [the Index] [the currency exchange rate] [the precious metal] [the commodity] [the interest rate] [the other security] [the fund unit] [the basket comprising the aforementioned assets] [the portfolio comprising the aforementioned assets] as Underlying[s]: [•]].

The attention of the investors is in particular drawn to the following: Investors who have already agreed to purchase or subscribe for the Securities before the Supplement is published have, pursuant to § 16 (3) of the German Securities Prospectus Act, the right, exercisable within a time limit of two working days after the publication of the Supplement, to withdraw their acceptances, provided that the Securities have not been settled yet.

UBS AG, acting through its [London] [Jersey] Branch announces the following amendment to the already published (single document) Base Prospectus dated 25 January 2007:

In section "Risk Factors", II. Security-Specific Risks", the risk factor "[5.] [•.] Termination and Early Redemption at the Option of the Issuer" will be supplemented as follows (page 28 of the Base Prospectus) :

[5.] [•.] <u>Termination and Early Redemption at the Option of the Issuer</u>

Potential investors in the Securities should be aware that in case of a *Termination Event*, the Issuer has according to the Terms and Conditions of the Securities the option to terminate and redeem the Securities, as an entirety [, prior to the *Expiration Date*]. [*in case of shares as Underlying or Basket Components insert the following text:* Pursuant to the Terms and Conditions of the Securities the Issuer is also entitled to terminate the Securities, if the liquidity of the share in trading in the opinion of the Issuer has been significantly affected by a take-over of the shares of the company, without resulting in a permanent delisting of the company.] If the Issuer opts to terminate and redeem the Securities [prior to the *Expiration Date*], the Securityholder will have the right to receive payments in respect of such termination, but will have no claim for any additional payments on the Securities after the *Termination Date*.

In case of termination of the Securities by the Issuer, the investor in the Securities is bearing the reinvestment risk. This means that potentially the investor may have to reinvest the *Termination Amount* resulting from a termination of the Securities, if applicable, in more unfavourable market conditions than at the time of the original purchase of the Securities.

In section "Risk Factors", II. Security-Specific Risks", the risk factor "[16.] [•.] **Adjustments of the Terms and Conditions of the Securities**" will be included as follows (page 31 of the Base Prospectus):

Pursuant to the Terms and Conditions of the Securities the Issuer is entitled to apply adjustments to the Terms and Conditions of the Securities in case of a *Potential Adjustment Event*. Such adjustments may negatively affect the value of the Securities.

In Section III. "TERMS AND CONDITIONS OF THE SECURITIES PART 2: GENERAL CONDITIONS OF THE SECURITIES" section 6 [a] [b] shall read (page 400 of the Base Prospectus):

[*im Fall von Aktien, Edelmetallen, Rohstoffen oder Zinssätzen als Basiswert bzw. Korbbestandteil folgenden § 6 [a] [b] einfügen:*

§ 6 [a] [b]

Anpassungen; Nachfolge-[Basiswert] [Korbbestandteil]; [Ersatz-Handelssystem;] [Ersatz-Börse]

(1) Die Emittentin ist bei Vorliegen eines Potenziellen Anpassungsereignisses (§ 6 [a] [b] (2)) berechtigt, Anpassungen dieser Bedingungen in der Weise und in dem Verhältnis vorzunehmen, wie entsprechende Anpassungen im Hinblick auf die an der Maßgeblichen Terminbörse gehandelten Options- und Terminkontrakte auf den [Basiswert] [Korbbestandteil] (die „**Optionskontrakte**") vorgenommen werden, sofern der nachstehend bezeichnete Stichtag vor oder auf [den Bewertungstag] [einen Bewertungsdurchschnittstag] [bzw.] [den Beobachtungstag] [einen Beobachtungstag] fällt.

Werden an der Maßgeblichen Terminbörse keine Optionskontrakte gehandelt, so wird die Emittentin die Anpassung in der Weise vornehmen, wie die Maßgebliche Terminbörse sie vornehmen würde, wenn entsprechende Optionskontrakte dort gehandelt werden würden.

Der „**Stichtag**" ist der erste Handelstag an der Maßgeblichen Terminbörse, an dem die Optionskontrakte unter Berücksichtigung der erfolgten Anpassung gehandelt werden oder gehandelt werden würden, wenn entsprechende Optionskontrakte dort gehandelt werden würden.

(2) Ein „**Potenzielles Anpassungsereignis**" bezeichnet jede Maßnahme in Bezug auf [die Aktie] [bzw.] [das Edelmetall] [bzw.] [den Rohstoff] [bzw.] [den Zinssatz] als [Basiswert] [Korbbestandteil], durch die sich die Maßgebliche Terminbörse zu einer Anpassung des Basiskurses, der Kontraktgröße des Basiswerts, der Bezugsgröße des Basiswerts oder der Bezugnahme [der] [bzw.] [des] [jeweils] für die Bestimmung des Kurses des Basiswerts [zuständigen Börse] [bzw.] [zuständigen Handelssystems] veranlasst sieht oder veranlasst sähe, wenn Optionskontrakte auf [den Basiswert] [einen Korbbestandteil] gehandelt werden würden.

Bei den Potenziellen Anpassungsereignissen handelt es sich *insbesondere*, aber nicht abschließend, um folgende Maßnahmen, wobei, vorbehaltlich von § 6 [a] [b] (3), jedoch die tatsächliche oder hypothetische Entscheidung

[*in case of shares, precious metals, commodities or interest rates as Underlying or Basket Component, as the case may be, insert the following § 6 [a] [b]:*

§ 6 [a] [b]

Adjustments; Successor [Underlying] [Basket Component]; [Substitute Trading System;] [Substitute Stock Exchange]

(1) In case of the occurrence of a Potential Adjustment Event (§ 6 [a] [b] (2)), the Issuer shall be entitled to effect adjustments to these Conditions in a manner and relation corresponding to the relevant adjustments made with regard to option and futures contracts on the [Underlying] [Basket Component] traded on the Relevant Futures and Options Exchange (the "**Option Contracts**") provided that the Record Date (as defined below) is prior to or on [the Valuation Date] [a Valuation Averaging Date] [or, as the case may be] [the Observation Date] [an Observation Date].

If no such Option Contracts are being traded on the Relevant Futures and Options Exchange, the adjustments may be effected by the Issuer in a manner as relevant adjustments would be made by the Relevant Futures and Options Exchange if those Option Contracts were traded on the Relevant Futures and Options Exchange.

The "**Record Date**" will be the first trading day on the Relevant Futures and Options Exchange on which the adjusted Option Contracts on the Underlying are traded on the Relevant Futures and Options Exchange or would be traded if those Option Contracts were traded on the Relevant Futures and Options Exchange.

(2) A "**Potential Adjustment Event**" means any measure in relation to [the share] [or, as the case may be,] [the precious metal] [or, as the case may be,] [the commodity] [or, as the case may be,] [the interest rate] used as [Underlying] [Basket Component], which gives reason, or would give reason, if the Option Contracts on [the Underlying] [a Basket Component] were traded on the Relevant Futures and Options Exchange, as the case may be, to the Relevant Futures and Options Exchange for an adjustment to the strike price, the contract volume of the underlying, the ratio of the underlying or to the quotation of [the stock exchange] [or] [trading system] [, as the case may be], relevant for the calculation and determination of the price of the underlying.

Potential Adjustment Events are, *in particular*, but not limited to, the following measures, whereas, however, subject to § 6 [a] [b] (3), the *de facto* or hypothetical decision of the Relevant Futures and Options Exchange is decisive:

der Maßgeblichen Terminbörse maßgeblich ist:

[im Fall von Edelmetallen oder Rohstoffen als Basiswert bzw. Korbbestandteil folgende Absätze (i) bis (ii) einfügen:

(i) [Das Edelmetall] [bzw.] [[Der] [der] Rohstoff] als [Basiswert] [Korbbestandteil] wird [an der] [in dem] für die Bestimmung des Kurses des [Basiswerts] [Korbbestandteils] zuständigen [Maßgeblichen Börse] [Maßgeblichen Handelssystem] in einer anderen Qualität, in einer anderen Zusammensetzung (zum Beispiel mit einem anderen Reinheitsgrad oder anderen Herkunftsort) oder in einer anderen Standardmaßeinheit gehandelt.

(ii) Eintritt eines sonstigen Ereignisses oder Ergreifen einer sonstigen Maßnahme, infolge dessen bzw. derer [das Edelmetall] [bzw.] [der Rohstoff] als [Basiswert] [Korbbestandteil], wie er [an der] [in dem] für die Bestimmung des Kurses des [Basiswerts] [Korbbestandteils] zuständigen [Maßgeblichen Börse] [Maßgeblichen Handelssystem] gehandelt wird, eine wesentliche Veränderung erfährt.]

(i) Kapitalerhöhung der Aktiengesellschaft, deren Aktie(n) den [Basiswert] [Korbbestandteil] bildet/bilden (die „**Gesellschaft**") durch Ausgabe neuer Aktien gegen Einlage unter Einräumung eines unmittelbaren oder mittelbaren Bezugsrechts an ihre Aktionäre, Kapitalerhöhung der Gesellschaft aus Gesellschaftsmitteln, Ausgabe von Schuldverschreibungen oder sonstigen Wertpapieren mit Options- oder Wandelrechten auf Aktien unter Einräumung eines unmittelbaren oder mittelbaren Bezugsrechts an ihre Aktionäre.

(ii) Kapitalherabsetzung der Gesellschaft durch Einziehung oder Zusammenlegung von Aktien der Gesellschaft. Kein Potenzielles Anpassungsereignis liegt vor, wenn die Kapitalherabsetzung durch Herabsetzung des Nennbetrags der Aktien der Gesellschaft erfolgt.

(iii) Ausschüttung außergewöhnlich hoher Dividenden, Boni oder sonstige Bar- oder Sachausschüttungen („**Sonderausschüttungen**"). Die Ausschüttungen von normalen Dividenden, die keine Sonderausschüttungen sind, begründen kein Potenzielles Anpassungsereignis. Hinsichtlich der Abgrenzung zwischen normalen Dividenden und Sonderausschüttungen ist die von der Maßgeblichen Terminbörse vorgenommene Abgrenzung maßgeblich.

[in case of precious metals or commodities as Underlying or Basket Component, as the case may be, insert the following paras. (i) to (ii):

(i) [The precious metal] [or, as the case may be,] [[The] [the] commodity] used as [Underlying] [Basket Component] is traded [on] [in] the [Relevant Stock Exchange] [Relevant Trading System] relevant for the calculation and determination of the Price of the [Underlying] [Basket Component] in a different quality, in a different consistency (*e.g.* with a different degree of purity or a different point of origin) or in a different standard measuring unit.

(ii) The occurrence of another event or action, due to which [the precious metal] [or, as the case may be,] [the commodity] used as [Underlying] [Basket Component], as traded [on] [in] the [Relevant Stock Exchange] [Relevant Trading System] relevant for the calculation and determination of the Price of the [Underlying] [Basket Component], is materially modified.]

[*in case of shares as Underlying or Basket Component, as the case may be, insert the following paras. (i) to (viii):*

(i) The stock corporation, the share(s) of which is/are used as the [Underlying] [Basket Component] (the "**Company**") increases its share capital against deposits/contributions granting a direct or indirect subscription right to its shareholders, capital increase out of the Company's own funds, through the issuance of new shares, directly or indirectly granting a right to its shareholders to subscribe for bonds or other securities with option or conversion rights to shares.

(ii) The Company decreases its share capital through cancellation or combination of shares of the Company. No Potential Adjustment Event shall occur, if the capital decrease is effected by way of reduction of the nominal amount of the shares of the Company.

(iii) The Company grants exceptionally high dividends, boni or other cash or non-cash distributions ("**Special Distributions**") to its shareholders. The distributions of regular dividends, which do not constitute Special Distributions, do not create any Potential Adjustment Event. With regard to the differentiation between regular dividends and Special Distributions the differentiation made by the Relevant Futures and Options Exchange shall prevail.

(iv) Durchführung eines Aktiensplits (Herabsetzung des Nennbetrags und entsprechende Vergrößerung der Anzahl der Aktien ohne Kapitalveränderung) oder einer ähnlichen Maßnahme.

(v) Angebot gemäß dem Aktien- oder Umwandlungsgesetz oder gemäß einer vergleichbaren Regelung des für die Gesellschaft anwendbaren Rechts an die Aktionäre der Gesellschaft, die Aktien der Gesellschaft in Aktien einer anderen Aktiengesellschaft oder Altaktien der Gesellschaft in neue Aktien umzutauschen.

(vi) Die nach Abgabe eines Übernahmeangebots gemäß Wertpapiererwerbs- und Übernahmegesetz oder gemäß einer vergleichbaren Regelung des für die Gesellschaft anwendbaren Rechts erfolgte Übernahme der Aktien der Gesellschaft.

2) In section "SUMMARY", the paragraphs 'Who is the Issuer', 'Who are the members of the Issuer's management and supervisory bodies?' and 'What is the Issuer's financial situation?' (page 5 et seq. of the Base Prospectus) are completely replaced as follows:

Who is the Issuer?

UBS AG, with registered offices in Zurich and Basel, Switzerland, was formed from the merger of Schweizerischer Bankverein (SBV) and Schweizerische Bankgesellschaft (SBG) in 1998.

UBS AG and subsidiaries and branch offices, including UBS AG, [London][Jersey] Branch, ("**UBS**" or "**UBS AG**") is, according to its own opinion, one of the world's leading financial firms, serving a discerning international client base. As an integrated firm, UBS creates added value for clients by drawing on the combined resources and expertise of all its businesses. UBS is, according to its own opinion, among the world's the leading global wealth manager, a top-tier investment banking and securities firm with a strong institutional and corporate client franchise, a key asset manager and the market leader in Swiss commercial and retail banking. On 30 September 2007, UBS employed more than 80,000 people. With headquarters in Zurich and Basel, Switzerland, UBS operates in over 50 countries and from all major international centers.

UBS is structured into three main business groups: Global Wealth Management & Business Banking - according to its own opinion, one of the largest asset managers in the world, in terms of assets under management, and the leading bank for corporate and institutional clients in Switzerland; Global Asset Management - a leading global asset manager; and Investment Bank - a first-class investment banking and securities firm. The services offered include traditional investment banking activities, such as consulting services for mergers and acquisitions, the execution of capital market transactions on both the primary and secondary markets, recognised research expertise and the issuing of investment products for institutional and private investors.

UBS is, according to its own opinion, one of the best-capitalised financial institutions in the world, with a BIS Tier 1[1] ratio of 10.6 %, invested assets of CHF 3,265 billion, equity attributable to UBS shareholders of CHF 48,229 million and a market capitalisation of CHF 127,525 million on 30. September 2007.

The fourth quarter has started with good results from all businesses, including the Investment Bank. However, the FICC business remains exposed to further deterioration in the US housing and mortgage markets as well as rating downgrades for mortgage-related securities, which could lead to further writedowns on the positions. As a result, UBS is not assuming that the quarter will continue as positively as it has begun, or that the current difficulties will be resolved in the short term. To be specific, UBS believes it is unlikely that the Investment Bank will contribute positively to UBS results for the last three months of the year. Markets remain uncertain, but based on current information, the Group should return to profitability in fourth quarter 2007.

3) The section 'Description of the Issuer' (page 33 to page 39 of the Base Prospectus) is completely replaced as follows:

DESCRIPTION OF THE ISSUER

The following description contains general information on UBS AG, Bahnhofstrasse 45, 8001 Zurich, Switzerland, and Aeschenvorstadt 1, 4051 Basel, Switzerland, acting through its [London Branch, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom] [Jersey Branch, 24 Union Street, Saint Helier, Jersey JE4 8UJ].

OVERVIEW

UBS AG and its subsidiaries ("**UBS AG**" or "**UBS**") are, according to its own opinion, one of the world's leading financial firms, serving a discerning international client base. As an integrated firm, UBS creates added value for clients by drawing on the combined resources and expertise of all its businesses. UBS is, according to its own opinion, the leading global wealth manager, a top-tier investment banking and securities firm with a strong institutional and corporate client franchise, a key asset manager and the market leader in Swiss commercial and retail banking. On 30 September 2007, UBS employed more than 80,000 people. With headquarters in Zurich and Basel, Switzerland, UBS operates in over 50 countries and from all major international centers.

UBS is, according to its own opinion, one of the best-capitalised financial institutions in the world, with a BIS Tier 1[2] ratio of 10.6 %, invested assets of CHF 3,265 billion, equity attributable to UBS shareholders of CHF 48,229 million and a market capitalisation of CHF 127,525 million on 30. September 2007.

[2] Tier 1 capital comprises share capital, share premium, retained earnings including current year profit, foreign currency translation and minority interests less accrued dividends, net long positions in own shares and goodwill.

UBS is among the few globally active major banks that have a first-class rating. The rating agencies Standard & Poor's Inc. ("**Standard & Poor's**"), Fitch Ratings ("**Fitch**") and Moody's Investors Service Inc. ("**Moody's**") have assessed the creditworthiness of UBS, *i.e.* the ability of UBS to fulfil payment obligations, such as principal or interest payments on long-term loans, also known as debt servicing, in a timely manner. The ratings from Fitch and Standard & Poor's may be attributed a plus or minus sign, and those from Moody's a number. These supplementary attributes indicate the relative position within the respective rating class. Standard & Poor's currently rates UBS creditworthiness with AA[3], Fitch with AA+ and Moody's with Aaa.

On 8 December 1997, the company changed its name to UBS AG. The company in its present form was created on 29 June 1998 by the merger of Union Bank of Switzerland (founded 1862) and Swiss Bank Corporation (founded 1872). UBS AG is entered in the Commercial Registers of Canton Zurich and Canton Basel-City. The registration number is CH-270.3.004.646-4.

UBS AG is incorporated and domiciled in Switzerland and operates under Swiss Code of Obligations and Swiss Federal Banking Law as an *Aktiengesellschaft*, a corporation that has issued shares of common stock to investors.

The addresses and telephone numbers of UBS two registered offices and principal places of business are: Bahnhofstrasse 45, CH-8001 Zurich, Switzerland, telephone +41-44-234 11 11; and Aeschenvorstadt 1, CH-4051 Basel, Switzerland, telephone +41-61-288 20 20.

UBS shares are listed on the SWX Swiss Exchange and traded through virt-x which is majority owned by the SWX Swiss Exchange. They are also listed on the New York Stock Exchange and on the Tokyo Stock Exchange.

According to Article 2 of the Articles of Association of UBS AG ("**Articles of Association**") the purpose of UBS is the operation of a bank. Its scope of operations extends to all types of banking, financial, advisory, service and trading activities in Switzerland and abroad.

II. BUSINESS OVERVIEW

UBS is managed through three Business Groups and its Corporate Center, each of which is described below. In addition there is an area of business combined in Industrial Holdings. A full description of their strategies, structure, organisation, products, services and markets can be found in the UBS Handbook 2006/2007, in the English version on pages 28 - 56 (inclusive).

Global Wealth Management & Business Banking

With more than 140 years of experience, UBS global wealth management business provides a comprehensive range of products and services individually tailored for wealthy clients around the world. Client advisors provide a full range of wealth management services to clients - from asset management to estate planning and from corporate finance advice to art banking. In the U.S., the business is, according to its own opinion, one of the leading wealth managers. Business Banking Switzerland is, according to its own opinion, the market leader in Switzerland, providing a complete set of banking and securities services for individual and corporate clients.

Global Asset Management

The Global Asset Management business is, according to its own opinion, one of the world's leading asset managers, providing traditional, alternative and real estate investment solutions to private, institutional and corporate clients, and through financial intermediaries. It is, according to its own opinion, one of the largest global institutional asset managers, the second largest mutual fund manager in Europe, and the largest in Switzerland.

[3] Standard and Poor's long-term rating was changed from AA+ to AA on 1 October 2007

Investment Bank

UBS Investment Bank is, according to its own opinion, one of the world's leading investment banking and securities firms, providing a full range of products and services to corporate and institutional clients, governments, financial intermediaries and alternative asset managers. Its investment bankers, salespeople and research analysts, supported by its risk and logistics teams, deliver advice and execution to clients all over the world. The Investment Bank also works with financial sponsors and hedge funds and indirectly meets the needs of private investors through both UBS' own wealth management business and through other private banks.

Corporate Center

Corporate Center creates value for shareholders and other stakeholders by partnering with the Business Groups to ensure that the firm operates as an effective and integrated whole with a common vision and set of values. It helps UBS businesses grow sustainably through its risk, financial control, treasury, communication, legal and compliance, human resources, strategy, off shoring and technology functions.

Industrial Holdings

The Industrial Holdings segment consists of UBS private equity investments. UBS strategy is to de-emphasize and reduce exposure to this asset class while capitalizing on orderly exit opportunities as they arise.

Competition

UBS faces stiff competition in all business areas. Both in Switzerland and abroad, the Bank competes with asset management companies, commercial, investment and private banks, brokerages and other financial services providers. Competitors include not only local banks, but also global financial institutions, which are similar to UBS in terms of both size and services offered.

In addition, the consolidation trend in the global financial services sector is introducing new competition, which may have a greater impact on prices, as a result of an expanded range of products and services and increased access to capital and growing efficiency.

III. ORGANISATIONAL STRUCTURE OF THE ISSUER

The objective of UBS' group structure is to support the business activities of the Company within an efficient legal, tax, supervisory and financial framework. Neither the individual business groups of UBS, Global Wealth Management & Business Banking, Global Asset Management, Investment Bank, nor the Corporate Center (the "**Business Groups**") are legally independent entities; instead, they perform their activities through the domestic and foreign offices of the parent bank, UBS AG.

Settlement of transactions through the parent bank allows UBS to fully exploit the advantages generated for all business groups through the use of a single legal entity. In cases where it is impossible or inefficient to process transactions via the parent, due to local statutory, tax or supervisory provisions or newly acquired companies, these tasks are performed on location by legally independent group companies. The major subsidiaries are listed in the UBS Financial Report 2006, in English, on pages 172 - 175 (inclusive).

IV. TREND INFORMATION

The fourth quarter has started with good results from all businesses, including the Investment Bank. However, the FICC business remains exposed to further deterioration in the US housing and mortgage markets as well as rating downgrades for mortgage-related securities, which could lead to further writedowns on the positions. As a result, UBS is not assuming that the quarter will continue as positively as it has begun, or that the current difficulties will be resolved in the short term. To be specific, UBS believes it is unlikely that the Investment Bank will contribute positively to UBS results for the last three months of the year. Markets remain uncertain, but based on current information, the Group should return to profitability in fourth quarter 2007.

V. ADMINISTRATIVE, MANAGEMENT AND SUPERVISORY BODIES OF THE ISSUER

UBS operates under a strict dual Board structure, as mandated by Swiss banking law. The functions of Chairman of the Board of Directors ("**Chairman**") and Group Chief Executive Officer ("**Group CEO**") are assigned to two different people, thus providing separation of powers. This structure establishes checks and balances and creates an institutional independence of the Board of Directors ("**BoD**") from the day-to-day management of the firm, for which responsibility is delegated to the Group Executive Board ("**GEB**"). No member of one Board may be a member of the other.

The supervision and control of the executive management remains with the BoD. The Articles of Association and the Organisation Regulations of UBS AG, with their Appendices govern all details as to authorities and responsibilities of the two bodies. Please refer to www.ubs.com/corporate-governance.

The BoD consists of at least six and a maximum of twelve members. The term of office for members of the board is three years.

Rory Tapner	Chairman and CEO Asia Pacific
Raoul Weil	Chairman and CEO Global Wealth Management & Business Banking

No member of the GEB has any significant business interests outside the Bank.

Board of Directors

The BoD is the most senior body of UBS. All the members of the BoD are elected individually by the Annual General Meeting for a term of office of three years. The BoD itself then appoints its Chairman, the Vice Chairmen and the various BoD Committees (Audit Committee, Compensation Committee, Nominating Committee and Corporate Responsibility Committee).

The BoD has ultimate responsibility for the mid- and long-term strategic direction of UBS, for appointments and dismissals at top management levels and the definition of the firm's risk principles and risk capacity. While the majority of the BoD members are always non-executive and independent, the Chairman and at least one Vice Chairman have executive roles in line with Swiss banking laws, and assume supervisory and leadership responsibilities. The BoD meets as often as business requires, and at least six times a year.

The business address of the members of the BoD is UBS AG, Bahnhofstrasse 45, CH-8001 Zurich, Switzerland.

Group Executive Board

The GEB has business management responsibility for UBS. The Group CEO and the members of the GEB are appointed by the Board of Directors and are accountable to the Chairman and the Board for the firm's results. The GEB, and in particular the Group CEO, are responsible for the implementation and results of the firm's business strategies, for the alignment of the Business Groups to UBS integrated business model, and for the exploitation of synergies across the firm.

The business address of the members of the GEB is UBS AG, Bahnhofstrasse 45, CH-8001 Zurich, Switzerland.

Conflicts of interest

No conflicts exist between the private interests and/or other duties of the members of the BoD or the GEB and their obligations to the Issuer

VI. AUDITORS

On 18 April 2007, the UBS Annual General Meeting reelected Ernst & Young Ltd., Aeschengraben 9, 4002 Basel, Switzerland, as the Group and statutory auditor in accordance with company law and banking law provisions for a further one-year term. Ernst & Young Ltd., Basel, is a member of the Swiss Institute of Certified Accountants and Tax Consultants based in Zurich, Switzerland.

VII. MAJOR SHAREHOLDERS OF THE ISSUER

The ownership of UBS shares is broadly disbursed. As at 31 December 2006, Chase Nominees Ltd., London, was registered with a 8.81 per cent. holding (31 December 2005: 8.55 per cent., 31 December

2004: 8.76 per cent.) of total share capital held in trust for other investors. As at 31 December 2006, the U.S. securities clearing organisation DTC (Cede & Co.), New York, "The Depository Trust Company", held 13.21 per cent. (31 December 2005: 9.95 per cent., 31 December 2004: 5.77 per cent.) of total share capital in trust for other beneficiaries. Pursuant to UBS' provisions on registering shares, the voting rights of nominees are limited to 5 per cent. This regulation does not apply to securities clearing and settlement organisations. No other shareholder was registered with a holding in excess of 5 per cent. of total share capital.

Further details on the distribution of UBS shares, the number of registered and non-registered securities, voting rights as well as distribution by shareholder categories and geographical regions can be found in the UBS Handbook 2006/2007, in English, on pages 109 - 110 (inclusive).

VIII. FINANCIAL INFORMATION CONCERNING THE ISSUER'S ASSETS AND LIABILITIES, FINANCIAL POSITION AND PROFITS AND LOSSES

A description of the Issuer's assets and liabilities, financial position and profits and losses is available in the Financial Reports of the Issuer for financial years 2005 and 2006, in English ("**Financial Reports**"). In this context, the Issuer's fiscal year equals the calendar year.

In the case of financial year 2005 reference is made to

(i) the Financial Statements of UBS AG (Group), in particular the Income Statement of UBS AG (Group) on page 74, the Balance Sheet of UBS AG (Group) on page 75, the Statement of Cash Flows of the UBS AG (Group) on pages 78 - 79 (inclusive) and the Notes to the Financial Statements on pages 80 - 190 (inclusive), and

(ii) the Financial Statements of UBS AG (Parent Bank), in particular the Income Statement of UBS AG (Parent Bank) on page 194, the Balance Sheet of UBS AG (Parent Bank) on page 195, the Statement of Appropriation of Retained Earnings of UBS AG (Parent Bank) on page 196, the Notes to the Financial Statements on pages 197 - 201 (inclusive) and the Parent Bank Review on page 193, and

(iii) the sections entitled "Accounting Standards and Policies" on pages 65 - 70 (inclusive) in the Financial Report 2005.

In the case of financial year 2006 reference is made to

(i) the Financial Statements of UBS AG (Group), in particular the Income Statement of UBS AG (Group) on page 82, the Balance Sheet of UBS AG (Group) on page 83, the Statement of Cash Flows of the UBS AG (Group) on pages 86 - 87 (inclusive) and the Notes to the Financial Statements on pages 88 - 214 (inclusive), and

(ii) the Financial Statements of UBS AG (Parent Bank), in particular the Income Statement of UBS AG (Parent Bank) on page 218, the Balance Sheet of UBS AG (Parent Bank) on page 219, the Statement of Appropriation of Retained Earnings of UBS AG (Parent Bank) on page 220, the Notes to the Financial Statements on pages 221 - 225 (inclusive) and the Parent Bank Review on page 217, and

(iii) the sections entitled "Accounting Standards and Policies" on pages 67 - 72 (inclusive) in the Financial Report 2006.

All relevant financial information including the relevant notes thereto, contained therein and audited by the UBS auditor, form an integral component of this Prospectus, and are therefore fully incorporated in this Prospectus.

The Financial Reports form an essential part of UBS reporting. They include the audited Consolidated Financial Statements of UBS, prepared in accordance with International Financial Reporting Standards ("**IFRS**"), a reconciliation to United States Generally Accepted Accounting Principles ("**US GAAP**"), and the audited financial statements of UBS AG, prepared according to Swiss banking law provisions. The Financial Reports also include discussions and analyses of the financial and business results of UBS and its business groups, as well as certain additional disclosures required under Swiss and US regulations.

The financial statements for UBS AG (Group) and its subsidiaries as well as for UBS AG (Parent Bank) were audited by Ernst & Young Ltd., Basel, for financial years 2005 and 2006. The "Report of the Statutory Auditors" of the UBS AG (Parent Bank) can be found on page 202 of the Financial Reports for 2005 and on page 226 of the Financial Reports for 2006. The "Report of the Group Auditors" of the UBS AG (Group) can be found on page 73 of the Financial Reports for 2005 and on pages 80 – 81 (inclusive) of the Financial Reports for 2006.

Reference is also made to the English version of the Issuer's Quarterly Report for the third quarter 2007, which includes information concerning the Issuer's current assets and liabilities, financial position and profits and losses. The information contained in this report as of 30 September 2007 was not audited by the Issuer's statutory auditor.

1. Legal and Arbitration Proceedings

The Issuer and other UBS Group companies operate in a legal and regulatory environment that exposes them to potentially significant litigation risks. As a result, UBS is involved in various disputes and legal proceedings, including litigation, arbitration, and regulatory and criminal investigations. Such cases are subject to many uncertainties, and their outcome often is difficult to predict, particularly in the earlier stages of a case. In certain circumstances, to avoid the expense and distraction of legal proceedings, UBS may based on a cost benefit analysis enter a settlement even though UBS denies any wrongdoing. UBS Group makes provisions for cases brought against it only when after seeking legal advice, in the opinion of management, it is probable that a liability exists, and the amount can be reasonably estimated. No provision is made for claims asserted against UBS Group that in the opinion of management are without merit and where it is not likely that UBS will be found liable.

Within the last 12 months until 14 November 2007, UBS has been involved in the following legal proceedings which could be material to the operating result of the Group in a given reporting period:

(a) InsightOne: In early July 2007, UBS agreed to a settlement of the InsightOne case after the New York State Attorney General filed a civil complaint regarding UBS' fee-based brokerage program for private clients in the United States in December 2006. UBS denies that the program was part of a scheme to disadvantage clients but chose to settle to bring the proceedings to an end. Under the settlement, UBS paid a total of USD 23.3 million of which USD 21.3 million is being paid to certain current and former InsightOne customers pursuant to an agreed-upon remediation plan, and USD 2 million was paid in penalties. In Q4 2006, UBS established provisions sufficient to cover the settlement, and therefore the settlement will not impact UBS' Net profit in 2007.

(b) Tax Shelter: In connection with a criminal investigation of tax shelters, the United States Attorney's Office for the Southern District of New York (US Attorney's Office) is examining UBS' conduct in relation to certain tax-oriented transactions in which UBS and others engaged during the years 1996-2000. Some of these transactions were subject to the Deferred Prosecution Agreement which the accounting firm KPMG LLP entered into with the US Attorney's Office in August 2005, and are at issue in United States v. Stein, S1 05 Cr. 888 (LAK). UBS is cooperating in the government's investigation.

(c) Municipal Bonds: In November 2006, UBS and others received subpoenas from the US Department of Justice, Antitrust Division, and the US Securities and Exchange Commission. These subpoenas concern UBS' conduct relating to derivative transactions entered into with municipal bond issuers, and to the investment of proceeds of municipal bond issuances. UBS is cooperating in these investigations.

(d) HealthSouth: UBS is defending itself in two purported securities class actions brought in the US District Court of the Northern District of Alabama by holders of stock and bonds in HealthSouth Corp. UBS also is a defendant in HealthSouth derivative litigation in Alabama State Court and has responded to an SEC investigation relating to UBS' role as a banker for HealthSouth.

(e) Bankruptcy Estate of Enron: In June 2007, UBS and Enron settled adversarial proceedings in the US Bankruptcy Court for the Southern District of New York brought by Enron to avoid and recover payments made prior to filing for bankruptcy in connection with equity forward and swap transactions. UBS believes it had valid defences to all of Enron's claims but chose to settle to eliminate the uncertainty created by the proceeding. Under the terms of the settlement, UBS paid Enron USD 115 million and waived a proof of claim for approximately USD 5.5 million that UBS filed in Enron's bankruptcy case. In Q4 2006, UBS recognized a provision for more than half of the settlement amount, with the difference recognized in second quarter 2007. Therefore, the settlement will not materially impact UBS' Net profit in 2007.

(f) Parmalat: UBS is involved in a number of proceedings in Italy related to the bankruptcy of Parmalat. These proceedings include, inter alia, claw back proceedings against UBS Limited in connection with a structured finance transaction. Further, UBS is a defendant in two civil damages claims

brought by Parmalat, of which one relates to the same structured finance transaction against UBS Limited, while the other against UBS AG relates to certain derivative transactions. In addition, UBS Limited and two UBS employees are the subject of criminal proceedings in Milan, while four UBS current or former employees have been served with a notice of closure of criminal investigations in Parma. Finally, UBS is a defendant in civil actions brought by individual investors on the back of the criminal proceedings in Milan. UBS denies the allegations made against itself and against its employees in these matters and is defending itself vigorously.

Besides the proceedings specified above under (a) through (f) no governmental, legal or arbitration proceedings, which may significantly affect the Issuer's financial condition (as opposed to the operating results in the quarterly reporting period) are or have been pending, nor is the Issuer aware that any such governmental, legal or arbitration proceedings are threatened.

2. Significant changes in the Financial Situation of the Issuer

There has been no material change in the financial or trading position or prospects or indebtedness of the Issuer since the last unaudited financial statements which have been published for the period ending 30 September 2007.

IX. MATERIAL CONTRACTS

No material agreements have been concluded outside of the normal course of business which could lead to UBS being subjected to an obligation or obtaining a right, which would be of key significance to the Issuer's ability to meet its obligations to the investors in relation to the issued securities.

2) In section "SUMMARY", the paragraphs 'Who is the Issuer', 'Who are the members of the Issuer's management and supervisory bodies?' and 'What is the Issuer's financial situation?' (page 5 et seq. of the Base Prospectus) are completely replaced as follows:

Who is the Issuer?

UBS AG, with registered offices in Zurich and Basel, Switzerland, was formed from the merger of Schweizerischer Bankverein (SBV) and Schweizerische Bankgesellschaft (SBG) in 1998.

UBS AG and subsidiaries and branch offices, including UBS AG, [London][Jersey] Branch, ("**UBS**" or "**UBS AG**") is, according to its own opinion, one of the world's leading financial firms, serving a discerning international client base. As an integrated firm, UBS creates added value for clients by drawing on the combined resources and expertise of all its businesses. UBS is, according to its own opinion, among the world's the leading global wealth manager, a top-tier investment banking and securities firm with a strong institutional and corporate client franchise, a key asset manager and the market leader in Swiss commercial and retail banking. On 30 September 2007, UBS employed more than 80,000 people. With headquarters in Zurich and Basel, Switzerland, UBS operates in over 50 countries and from all major international centers.

UBS is structured into three main business groups: Global Wealth Management & Business Banking - according to its own opinion, one of the largest asset managers in the world, in terms of assets under management, and the leading bank for corporate and institutional clients in Switzerland; Global Asset Management - a leading global asset manager; and Investment Bank - a first-class investment banking and securities firm. The services offered include traditional investment banking activities, such as consulting services for mergers and acquisitions, the execution of capital market transactions on both the primary and secondary markets, recognised research expertise and the issuing of investment products for institutional and private investors.

UBS is, according to its own opinion, one of the best-capitalised financial institutions in the world, with a BIS Tier 1[2] ratio of 10.6 %, invested assets of CHF 3,265 billion, equity attributable to UBS shareholders of CHF 48,229 million and a market capitalisation of CHF 127,525 million on 30. September 2007.

The Fixed Income, Currencies and Commodities business remains exposed to further deterioration in the US housing and mortgage markets as well as rating downgrades for mortgage-related securities, which could lead to further writedowns on the positions. UBS is not assuming that the current difficulties will be resolved in the short term. To be specific, UBS believes it is unlikely that the Investment Bank division will contribute positively to UBS results for the last three months of the year.

3) The section 'Description of the Issuer' (page 33 to page 39 of the Base Prospectus) is completely replaced as follows:

DESCRIPTION OF THE ISSUER

The following description contains general information on UBS AG, Bahnhofstrasse 45, 8001 Zurich, Switzerland, and Aeschenvorstadt 1, 4051 Basel, Switzerland, acting through its [London Branch, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom] [Jersey Branch, 24 Union Street, Saint Helier, Jersey JE4 8UJ].

OVERVIEW

UBS AG and its subsidiaries ("**UBS AG**" or "**UBS**") are, according to its own opinion, one of the world's leading financial firms, serving a discerning international client base. As an integrated firm, UBS creates added value for clients by drawing on the combined resources and expertise of all its businesses. UBS is, according to its own opinion, the leading global wealth manager, a top-tier

investment banking and securities firm with a strong institutional and corporate client franchise, a key asset manager and the market leader in Swiss commercial and retail banking. On 30 September 2007, UBS employed more than 80,000 people. With headquarters in Zurich and Basel, Switzerland, UBS operates in over 50 countries and from all major international centers.

UBS is, according to its own opinion, one of the best-capitalised financial institutions in the world, with a BIS Tier 1[3] ratio of 10.6 %, invested assets of CHF 3,265 billion, equity attributable to UBS shareholders of CHF 48,229 million and a market capitalisation of CHF 127,525 million on 30. September 2007.

UBS is among the few globally active major banks that have a first-class rating. The rating agencies Standard & Poor's Inc. ("**Standard & Poor's**"), Fitch Ratings ("**Fitch**") and Moody's Investors Service Inc. ("**Moody's**") have assessed the creditworthiness of UBS, *i.e.* the ability of UBS to fulfil payment obligations, such as principal or interest payments on long-term loans, also known as debt servicing, in a timely manner. The ratings from Fitch and Standard & Poor's may be attributed a plus or minus sign, and those from Moody's a number. These supplementary attributes indicate the relative position within the respective rating class. Standard & Poor's currently rates UBS creditworthiness with AA[4], Fitch with AA+ and Moody's with Aaa.

I. CORPORATE INFORMATION

The legal and commercial name of the company is UBS AG. The company was incorporated under the name SBC AG on 28 February 1978 for an unlimited duration and entered in the Commercial Register of Canton Basel-City on that day. On 8 December 1997, the company changed its name to UBS AG. The company in its present form was created on 29 June 1998 by the merger of Union Bank of Switzerland (founded 1862) and Swiss Bank Corporation (founded 1872). UBS AG is entered in the Commercial Registers of Canton Zurich and Canton Basel-City. The registration number is CH-270.3.004.646-4.

UBS AG is incorporated and domiciled in Switzerland and operates under Swiss Code of Obligations and Swiss Federal Banking Law as an *Aktiengesellschaft*, a corporation that has issued shares of common stock to investors.

The addresses and telephone numbers of UBS two registered offices and principal places of business are: Bahnhofstrasse 45, CH-8001 Zurich, Switzerland, telephone +41-44-234 11 11; and Aeschenvorstadt 1, CH-4051 Basel, Switzerland, telephone +41-61-288 20 20.

UBS shares are listed on the SWX Swiss Exchange and traded through virt-x which is majority owned by the SWX Swiss Exchange. They are also listed on the New York Stock Exchange and on the Tokyo Stock Exchange.

According to Article 2 of the Articles of Association of UBS AG ("**Articles of Association**") the purpose of UBS is the operation of a bank. Its scope of operations extends to all types of banking, financial, advisory, service and trading activities in Switzerland and abroad.

II. BUSINESS OVERVIEW

UBS is managed through three Business Groups and its Corporate Center, each of which is described below. In addition there is an area of business combined in Industrial Holdings. A full description of their strategies, structure, organisation, products, services and markets can be found in the UBS Handbook 2006/2007, in the English version on pages 28 - 56 (inclusive).

Global Wealth Management & Business Banking

With more than 140 years of experience, UBS global wealth management business provides a comprehensive range of products and services individually tailored for wealthy clients around the world. Client advisors provide a full range of wealth management services to clients - from asset management to estate planning and from corporate finance advice to art banking. In the U.S., the business is, according to its own opinion, one of the leading wealth managers. Business Banking Switzerland is, according to its own opinion, the market leader in Switzerland, providing a complete set of banking and securities services for individual and corporate clients.

[3] Tier 1 capital comprises share capital, share premium, retained earnings including current year profit, foreign currency translation and minority interests less accrued dividends, net long positions in own shares and goodwill.

[4] Standard and Poor's long-term rating was changed from AA+ to AA on 1 October 2007

Global Asset Management

The Global Asset Management business is, according to its own opinion, one of the world's leading asset managers, providing traditional, alternative and real estate investment solutions to private, institutional and corporate clients, and through financial intermediaries. It is, according to its own opinion, one of the largest global institutional asset managers, the second largest mutual fund manager in Europe, and the largest in Switzerland.

Investment Bank

UBS Investment Bank is, according to its own opinion, one of the world's leading investment banking and securities firms, providing a full range of products and services to corporate and institutional clients, governments, financial intermediaries and alternative asset managers. Its investment bankers, salespeople and research analysts, supported by its risk and logistics teams, deliver advice and execution to clients all over the world. The Investment Bank also works with financial sponsors and hedge funds and indirectly meets the needs of private investors through both UBS' own wealth management business and through other private banks.

Corporate Center

Corporate Center creates value for shareholders and other stakeholders by partnering with the Business Groups to ensure that the firm operates as an effective and integrated whole with a common vision and set of values. It helps UBS businesses grow sustainably through its risk, financial control, treasury, communication, legal and compliance, human resources, strategy, off shoring and technology functions.

Industrial Holdings

The Industrial Holdings segment consists of UBS private equity investments. UBS strategy is to de-emphasize and reduce exposure to this asset class while capitalizing on orderly exit opportunities as they arise.

Competition

UBS faces stiff competition in all business areas. Both in Switzerland and abroad, the Bank competes with asset management companies, commercial, investment and private banks, brokerages and other financial services providers. Competitors include not only local banks, but also global financial institutions, which are similar to UBS in terms of both size and services offered.

In addition, the consolidation trend in the global financial services sector is introducing new competition, which may have a greater impact on prices, as a result of an expanded range of products and services and increased access to capital and growing efficiency.

III. ORGANISATIONAL STRUCTURE OF THE ISSUER

The objective of UBS' group structure is to support the business activities of the Company within an efficient legal, tax, supervisory and financial framework. Neither the individual business groups of UBS, Global Wealth Management & Business Banking, Global Asset Management, Investment Bank, nor the Corporate Center (the "**Business Groups**") are legally independent entities; instead, they perform their activities through the domestic and foreign offices of the parent bank, UBS AG.

Settlement of transactions through the parent bank allows UBS to fully exploit the advantages generated for all business groups through the use of a single legal entity. In cases where it is impossible or inefficient to process transactions via the parent, due to local statutory, tax or supervisory provisions or newly acquired companies, these tasks are performed on location by legally independent group companies. The major subsidiaries are listed in the UBS Financial Report 2006, in English, on pages 172 - 175 (inclusive).

IV. TREND INFORMATION

The Fixed Income, Currencies and Commodities business remains exposed to further deterioration in the US housing and mortgage markets as well as rating downgrades for mortgage-related securities, which

could lead to further writedowns on the positions. UBS is not assuming that the current difficulties will be resolved in the short term. To be specific, UBS believes it is unlikely that the Investment Bank division will contribute positively to UBS results for the last three months of the year.

V. ADMINISTRATIVE, MANAGEMENT AND SUPERVISORY BODIES OF THE ISSUER

UBS operates under a strict dual Board structure, as mandated by Swiss banking law. The functions of Chairman of the Board of Directors ("**Chairman**") and Group Chief Executive Officer ("**Group CEO**") are assigned to two different people, thus providing separation of powers. This structure establishes checks and balances and creates an institutional independence of the Board of Directors ("**BoD**") from the day-to-day management of the firm, for which responsibility is delegated to the Group Executive Board ("**GEB**"). No member of one Board may be a member of the other.

The supervision and control of the executive management remains with the BoD. The Articles of Association and the Organisation Regulations of UBS AG, with their Appendices govern all details as to authorities and responsibilities of the two bodies. Please refer to www.ubs.com/corporate-governance.

The BoD consists of at least six and a maximum of twelve members. The term of office for members of the board is three years.

No member of the GEB has any significant business interests outside the Bank.

Board of Directors

The BoD is the most senior body of UBS. All the members of the BoD are elected individually by the Annual General Meeting for a term of office of three years. The BoD itself then appoints its Chairman, the Vice Chairmen and the various BoD Committees (Audit Committee, Compensation Committee, Nominating Committee and Corporate Responsibility Committee).

The BoD has ultimate responsibility for the mid- and long-term strategic direction of UBS, for appointments and dismissals at top management levels and the definition of the firm's risk principles and risk capacity. While the majority of the BoD members are always non-executive and independent, the Chairman and at least one Vice Chairman have executive roles in line with Swiss banking laws, and assume supervisory and leadership responsibilities. The BoD meets as often as business requires, and at least six times a year.

The business address of the members of the BoD is UBS AG, Bahnhofstrasse 45, CH-8001 Zurich, Switzerland.

Group Executive Board

The GEB has business management responsibility for UBS. The Group CEO and the members of the GEB are appointed by the Board of Directors and are accountable to the Chairman and the Board for the firm's results. The GEB, and in particular the Group CEO, are responsible for the implementation and results of the firm's business strategies, for the alignment of the Business Groups to UBS integrated business model, and for the exploitation of synergies across the firm.

The business address of the members of the GEB is UBS AG, Bahnhofstrasse 45, CH-8001 Zurich, Switzerland.

Conflicts of interest

No conflicts exist between the private interests and/or other duties of the members of the BoD or the GEB and their obligations to the Issuer

VI. AUDITORS

On 18 April 2007, the UBS Annual General Meeting reelected Ernst & Young Ltd., Aeschengraben 9, 4002 Basel, Switzerland, as the Group and statutory auditor in accordance with company law and banking law provisions for a further one-year term. Ernst & Young Ltd., Basel, is a member of the Swiss Institute of Certified Accountants and Tax Consultants based in Zurich, Switzerland.

VII. MAJOR SHAREHOLDERS OF THE ISSUER

The ownership of UBS shares is broadly disbursed. As at 31 December 2006, Chase Nominees Ltd., London, was registered with a 8.81 per cent. holding (31 December 2005: 8.55 per cent., 31 December 2004: 8.76 per cent.) of total share capital held in trust for other investors. As at 31 December 2006, the U.S. securities clearing organisation DTC (Cede & Co.), New York, "The Depository Trust Company", held 13.21 per cent. (31 December 2005: 9.95 per cent., 31 December 2004: 5.77 per cent.) of total share capital in trust for other beneficiaries. Pursuant to UBS' provisions on registering shares, the voting rights of nominees are limited to 5 per cent. This regulation does not apply to securities clearing and settlement organisations. No other shareholder was registered with a holding in excess of 5 per cent. of total share capital.

Further details on the distribution of UBS shares, the number of registered and non-registered securities, voting rights as well as distribution by shareholder categories and geographical regions can be found in the UBS Handbook 2006/2007, in English, on pages 109 - 110 (inclusive).

VIII. FINANCIAL INFORMATION CONCERNING THE ISSUER'S ASSETS AND LIABILITIES, FINANCIAL POSITION AND PROFITS AND LOSSES

A description of the Issuer's assets and liabilities, financial position and profits and losses is available in the Financial Reports of the Issuer for financial years 2005 and 2006, in English ("**Financial Reports**"). In this context, the Issuer's fiscal year equals the calendar year.

In the case of financial year 2005 reference is made to

(i) the Financial Statements of UBS AG (Group), in particular the Income Statement of UBS AG (Group) on page 74, the Balance Sheet of UBS AG (Group) on page 75, the Statement of Cash Flows of the UBS AG (Group) on pages 78 - 79 (inclusive) and the Notes to the Financial Statements on pages 80 - 190 (inclusive), and

(ii) the Financial Statements of UBS AG (Parent Bank), in particular the Income Statement of UBS AG (Parent Bank) on page 194, the Balance Sheet of UBS AG (Parent Bank) on page 195, the Statement of Appropriation of Retained Earnings of UBS AG (Parent Bank) on page 196, the Notes to the Financial Statements on pages 197 - 201 (inclusive) and the Parent Bank Review on page 193, and

(iii) the sections entitled "Accounting Standards and Policies" on pages 65 - 70 (inclusive) in the Financial Report 2005.

In the case of financial year 2006 reference is made to

(i) the Financial Statements of UBS AG (Group), in particular the Income Statement of UBS AG (Group) on page 82, the Balance Sheet of UBS AG (Group) on page 83, the Statement of Cash Flows of the UBS AG (Group) on pages 86 - 87 (inclusive) and the Notes to the Financial Statements on pages 88 - 214 (inclusive), and

(ii) the Financial Statements of UBS AG (Parent Bank), in particular the Income Statement of UBS AG (Parent Bank) on page 218, the Balance Sheet of UBS AG (Parent Bank) on page 219, the Statement of Appropriation of Retained Earnings of UBS AG (Parent Bank) on page 220, the Notes to the Financial Statements on pages 221 - 225 (inclusive) and the Parent Bank Review on page 217, and

(iii) the sections entitled "Accounting Standards and Policies" on pages 67 - 72 (inclusive) in the Financial Report 2006.

All relevant financial information including the relevant notes thereto, contained therein and audited by the UBS auditor, form an integral component of this Prospectus, and are therefore fully incorporated in this Prospectus.

The Financial Reports form an essential part of UBS reporting. They include the audited Consolidated Financial Statements of UBS, prepared in accordance with International Financial Reporting Standards ("**IFRS**"), a reconciliation to United States Generally Accepted Accounting Principles ("**US GAAP**"), and the audited financial statements of UBS AG, prepared according to Swiss banking law provisions. The Financial Reports also include discussions and analyses of the financial and business results of UBS and its business groups, as well as certain additional disclosures required under Swiss and US regulations.

The financial statements for UBS AG (Group) and its subsidiaries as well as for UBS AG (Parent Bank) were audited by Ernst & Young Ltd., Basel, for financial years 2005 and 2006. The "Report of the Statutory Auditors" of the UBS AG (Parent Bank) can be found on page 202 of the Financial Reports for 2005 and on page 226 of the Financial Reports for 2006. The "Report of the Group Auditors" of the UBS AG (Group) can be found on page 73 of the Financial Reports for 2005 and on pages 80 – 81 (inclusive) of the Financial Reports for 2006.

Reference is also made to the English version of the Issuer's Quarterly Report for the third quarter 2007, which includes information concerning the Issuer's current assets and liabilities, financial position and profits and losses. The information contained in this report as of 30 September 2007 was not audited by the Issuer's statutory auditor.

1. Legal and Arbitration Proceedings

The Issuer and other UBS Group companies operate in a legal and regulatory environment that exposes them to potentially significant litigation risks. As a result, UBS is involved in various disputes and legal proceedings, including litigation, arbitration, and regulatory and criminal investigations. Such cases are subject to many uncertainties, and their outcome often is difficult to predict, particularly in the earlier stages of a case. In certain circumstances, to avoid the expense and distraction of legal proceedings, UBS may based on a cost benefit analysis enter a settlement even though UBS denies any wrongdoing. UBS Group makes provisions for cases brought against it only when after seeking legal advice, in the opinion of management, it is probable that a liability exists, and the amount can be reasonably estimated. No provision is made for claims asserted against UBS Group that in the opinion of management are without merit and where it is not likely that UBS will be found liable.

Within the last 12 months until 30 November 2007, UBS has been involved in the following legal proceedings which could be material to the operating result of the Group in a given reporting period:

(a) InsightOne: In early July 2007, UBS agreed to a settlement of the InsightOne case after the New York State Attorney General filed a civil complaint regarding UBS' fee-based brokerage program for private clients in the United States in December 2006. UBS denies that the program was part of a scheme to disadvantage clients but chose to settle to bring the proceedings to an end. Under the settlement, UBS paid a total of USD 23.3 million of which USD 21.3 million is being paid to certain current and former InsightOne customers pursuant to an agreed-upon remediation plan, and USD 2 million was paid in penalties. In Q4 2006, UBS established provisions sufficient to cover the settlement, and therefore the settlement will not impact UBS' Net profit in 2007.

(b) Tax Shelter: In connection with a criminal investigation of tax shelters, the United States Attorney's Office for the Southern District of New York (US Attorney's Office) is examining UBS' conduct in relation to certain tax-oriented transactions in which UBS and others engaged during the years 1996-2000. Some of these transactions were subject to the Deferred Prosecution Agreement which the accounting firm KPMG LLP entered into with the US Attorney's Office in August 2005, and are at issue in United States v. Stein, S1 05 Cr. 888 (LAK). UBS is cooperating in the government's investigation.

(c) Municipal Bonds: In November 2006, UBS and others received subpoenas from the US Department of Justice, Antitrust Division, and the US Securities and Exchange Commission. These subpoenas concern UBS' conduct relating to derivative transactions entered into with municipal bond issuers, and to the investment of proceeds of municipal bond issuances. UBS is cooperating in these investigations.

(d) HealthSouth: UBS is defending itself in two purported securities class actions brought in the US District Court of the Northern District of Alabama by holders of stock and bonds in HealthSouth Corp. UBS also is a defendant in HealthSouth derivative litigation in Alabama State Court and has responded to an SEC investigation relating to UBS' role as a banker for HealthSouth.

(e) Bankruptcy Estate of Enron: In June 2007, UBS and Enron settled adversarial proceedings in the US Bankruptcy Court for the Southern District of New York brought by Enron to avoid and recover payments made prior to filing for bankruptcy in connection with equity forward and swap transactions. UBS believes it had valid defences to all of Enron's claims but chose to settle to eliminate the uncertainty created by the proceeding. Under the terms of the settlement, UBS paid Enron USD 115 million and waived a proof of claim for approximately USD 5.5 million that UBS filed in Enron's bankruptcy case. In Q4 2006, UBS recognized a provision for more than half of the

settlement amount, with the difference recognized in second quarter 2007. Therefore, the settlement will not materially impact UBS' Net profit in 2007.

(f) Parmalat: UBS is involved in a number of proceedings in Italy related to the bankruptcy of Parmalat. These proceedings include, inter alia, claw back proceedings against UBS Limited in connection with a structured finance transaction. Further, UBS is a defendant in two civil damages claims brought by Parmalat, of which one relates to the same structured finance transaction against UBS Limited, while the other against UBS AG relates to certain derivative transactions. In addition, UBS Limited and two UBS employees are the subject of criminal proceedings in Milan, while four UBS current or former employees have been served with a notice of closure of criminal investigations in Parma. Finally, UBS is a defendant in civil actions brought by individual investors on the back of the criminal proceedings in Milan. UBS denies the allegations made against itself and against its employees in these matters and is defending itself vigorously.

Besides the proceedings specified above under (a) through (f) no governmental, legal or arbitration proceedings, which may significantly affect the Issuer's financial condition (as opposed to the operating results in the quarterly reporting period) are or have been pending, nor is the Issuer aware that any such governmental, legal or arbitration proceedings are threatened.

2. Significant changes in the Financial Situation of the Issuer

UBS has announced that its Fixed Incomen, Currencies and Commodites business remains exposed to further deterioration in the US housing and mortgage markets as well as rating downgrades for mortgage-related securities, which could lead to further writedowns on the positions, and that UBS believes it is unlikely that the Investment Bank division will contribute positively to UBS results for the last three months of the year. This may constitute a material change in the financial position of the Issuer since the last unaudited financial statements which have been published for the period ended 30 September 2007. Apart from this development in the Investment Bank division, there has been no material change in the financial or trading position or prospects or indebtedness of the Issuer since the last unaudited financial statements which have been published for the period ended 30 September 2007.

IX. MATERIAL CONTRACTS

No material agreements have been concluded outside of the normal course of business which could lead to UBS being subjected to an obligation or obtaining a right, which would be of key significance to the Issuer's ability to meet its obligations to the investors in relation to the issued securities.

DESCRIPTION OF THE ISSUER

The following description contains general information on UBS AG, Bahnhofstrasse 45, 8001 Zurich, Switzerland, and Aeschenvorstadt 1, 4051 Basel, Switzerland, acting through its [London Branch, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom] [Jersey Branch, 24 Union Street, Saint Helier, Jersey JE4 8UJ].

OVERVIEW

UBS AG and its subsidiaries ("**UBS AG**" or "**UBS**") are, according to its own opinion, one of the world's leading financial firms, serving a discerning international client base. As an integrated firm, UBS creates added value for clients by drawing on the combined resources and expertise of all its businesses. UBS is, according to its own opinion, the leading global wealth manager, a top-tier investment banking and securities firm with a strong institutional and corporate client franchise, a key asset manager and the market leader in Swiss commercial and retail banking. On 30 September 2007, UBS employed more than 80,000 people. With headquarters in Zurich and Basel, Switzerland, UBS operates in over 50 countries and from all major international centers.

UBS is, according to its own opinion, one of the best-capitalised financial institutions in the world, with a BIS Tier 1[2] ratio of 10.6 %, invested assets of CHF 3,265 billion, equity attributable to UBS shareholders of CHF 48,229 million and a market capitalisation of CHF 127,525 million on 30. September 2007.

UBS is among the few globally active major banks that have a first-class rating. The rating agencies Standard & Poor's Inc. ("**Standard & Poor's**"), Fitch Ratings ("**Fitch**") and Moody's Investors Service Inc.

[2] Tier 1 capital comprises share capital, share premium, retained earnings including current year profit, foreign currency translation and minority interests less accrued dividends, net long positions in own shares and goodwill.

("**Moody's**") have assessed the creditworthiness of UBS, *i.e.* the ability of UBS to fulfil payment obligations, such as principal or interest payments on long-term loans, also known as debt servicing, in a timely manner. The ratings from Fitch and Standard & Poor's may be attributed a plus or minus sign, and those from Moody's a number. These supplementary attributes indicate the relative position within the respective rating class. Standard & Poor's currently rates UBS creditworthiness with AA[3], Fitch with AA[4] and Moody's with Aaa.

I. CORPORATE INFORMATION

The legal and commercial name of the company is UBS AG. The company was incorporated under the name SBC AG on 28 February 1978 for an unlimited duration and entered in the Commercial Register of Canton Basel-City on that day. On 8 December 1997, the company changed its name to UBS AG. The company in its present form was created on 29 June 1998 by the merger of Union Bank of Switzerland (founded 1862) and Swiss Bank Corporation (founded 1872). UBS AG is entered in the Commercial Registers of Canton Zurich and Canton Basel-City. The registration number is CH-270.3.004.646-4.

UBS AG is incorporated and domiciled in Switzerland and operates under Swiss Code of Obligations and Swiss Federal Banking Law as an *Aktiengesellschaft*, a corporation that has issued shares of common stock to investors.

The addresses and telephone numbers of UBS two registered offices and principal places of business are: Bahnhofstrasse 45, CH-8001 Zurich, Switzerland, telephone +41-44-234 11 11; and Aeschenvorstadt 1, CH-4051 Basel, Switzerland, telephone +41-61-288 20 20.

UBS shares are listed on the SWX Swiss Exchange and traded through virt-x which is majority owned by the SWX Swiss Exchange. They are also listed on the New York Stock Exchange and on the Tokyo Stock Exchange.

According to Article 2 of the Articles of Association of UBS AG ("**Articles of Association**") the purpose of UBS is the operation of a bank. Its scope of operations extends to all types of banking, financial, advisory, service and trading activities in Switzerland and abroad.

II. BUSINESS OVERVIEW

UBS is managed through three Business Groups and its Corporate Center, each of which is described below. In addition there is an area of business combined in Industrial Holdings. A full description of their strategies, structure, organisation, products, services and markets can be found in the UBS Handbook 2006/2007, in the English version on pages 28 - 56 (inclusive).

Global Wealth Management & Business Banking

With more than 140 years of experience, UBS global wealth management business provides a comprehensive range of products and services individually tailored for wealthy clients around the world. Client advisors provide a full range of wealth management services to clients - from asset management to estate planning and from corporate finance advice to art banking. In the U.S., the business is, according to its own opinion, one of the leading wealth managers. Business Banking Switzerland is, according to its own opinion, the market leader in Switzerland, providing a complete set of banking and securities services for individual and corporate clients.

Global Asset Management

The Global Asset Management business is, according to its own opinion, one of the world's leading asset managers, providing traditional, alternative and real estate investment solutions to private, institutional and corporate clients, and through financial intermediaries. It is, according to its own opinion, one of the largest global institutional asset managers, the second largest mutual fund manager in Europe, and the largest in Switzerland.

---

[3] Standard and Poor's long-term rating was changed from AA+ to AA on 1 October 2007

[4] Fitch's long-term rating was changed from AA+ to AA on 10 December 2007

Investment Bank

UBS Investment Bank is, according to its own opinion, one of the world's leading investment banking and securities firms, providing a full range of products and services to corporate and institutional clients, governments, financial intermediaries and alternative asset managers. Its investment bankers, salespeople and research analysts, supported by its risk and logistics teams, deliver advice and execution to clients all over the world. The Investment Bank also works with financial sponsors and hedge funds and indirectly meets the needs of private investors through both UBS' own wealth management business and through other private banks.

Corporate Center

Corporate Center creates value for shareholders and other stakeholders by partnering with the Business Groups to ensure that the firm operates as an effective and integrated whole with a common vision and set of values. It helps UBS businesses grow sustainably through its risk, financial control, treasury, communication, legal and compliance, human resources, strategy, off shoring and technology functions.

Industrial Holdings

The Industrial Holdings segment consists of UBS private equity investments. UBS strategy is to de-emphasize and reduce exposure to this asset class while capitalizing on orderly exit opportunities as they arise.

Competition

UBS faces stiff competition in all business areas. Both in Switzerland and abroad, the Bank competes with asset management companies, commercial, investment and private banks, brokerages and other financial services providers. Competitors include not only local banks, but also global financial institutions, which are similar to UBS in terms of both size and services offered.

In addition, the consolidation trend in the global financial services sector is introducing new competition, which may have a greater impact on prices, as a result of an expanded range of products and services and increased access to capital and growing efficiency.

III. ORGANISATIONAL STRUCTURE OF THE ISSUER

The objective of UBS' group structure is to support the business activities of the Company within an efficient legal, tax, supervisory and financial framework. Neither the individual business groups of UBS, Global Wealth Management & Business Banking, Global Asset Management, Investment Bank, nor the Corporate Center (the "**Business Groups**") are legally independent entities; instead, they perform their activities through the domestic and foreign offices of the parent bank, UBS AG.

Settlement of transactions through the parent bank allows UBS to fully exploit the advantages generated for all business groups through the use of a single legal entity. In cases where it is impossible or inefficient to process transactions via the parent, due to local statutory, tax or supervisory provisions or newly acquired companies, these tasks are performed on location by legally independent group companies. The major subsidiaries are listed in the UBS Financial Report 2006, in English, on pages 172 - 175 (inclusive).

IV. TREND INFORMATION

On 10 December 2007, UBS revised its outlook for its fourth quarter 2007 from an overall Group profit, as anticipated in its announcement of 30 October 2007, to a loss. It is now possible that UBS will record a net loss attributable to shareholders for the full year 2007.

V. ADMINISTRATIVE, MANAGEMENT AND SUPERVISORY BODIES OF THE ISSUER

UBS operates under a strict dual Board structure, as mandated by Swiss banking law. The functions of Chairman of the Board of Directors ("**Chairman**") and Group Chief Executive Officer ("**Group CEO**") are assigned to two different people, thus providing separation of powers. This structure establishes checks

and balances and creates an institutional independence of the Board of Directors ("**BoD**") from the day-to-day management of the firm, for which responsibility is delegated to the Group Executive Board ("**GEB**"). No member of one Board may be a member of the other.

The supervision and control of the executive management remains with the BoD. The Articles of Association and the Organisation Regulations of UBS AG, with their Appendices govern all details as to authorities and responsibilities of the two bodies. Please refer to www.ubs.com/corporate-governance.

The BoD consists of at least six and a maximum of twelve members. The term of office for members of the board is three years.

Details of the Executive Bodies of the Company

No member of the GEB has any significant business interests outside the Bank.

Board of Directors

The BoD is the most senior body of UBS. All the members of the BoD are elected individually by the Annual General Meeting for a term of office of three years. The BoD itself then appoints its Chairman, the Vice Chairmen and the various BoD Committees (Audit Committee, Compensation Committee, Nominating Committee and Corporate Responsibility Committee).

The BoD has ultimate responsibility for the mid- and long-term strategic direction of UBS, for appointments and dismissals at top management levels and the definition of the firm's risk principles and risk capacity. While the majority of the BoD members are always non-executive and independent, the Chairman and at least one Vice Chairman have executive roles in line with Swiss banking laws, and assume supervisory and leadership responsibilities. The BoD meets as often as business requires, and at least six times a year.

The business address of the members of the BoD is UBS AG, Bahnhofstrasse 45, CH-8001 Zurich, Switzerland.

Group Executive Board

The GEB has business management responsibility for UBS. The Group CEO and the members of the GEB are appointed by the Board of Directors and are accountable to the Chairman and the Board for the firm's results. The GEB, and in particular the Group CEO, are responsible for the implementation and results of the firm's business strategies, for the alignment of the Business Groups to UBS integrated business model, and for the exploitation of synergies across the firm.

The business address of the members of the GEB is UBS AG, Bahnhofstrasse 45, CH-8001 Zurich, Switzerland.

Conflicts of interest

No conflicts exist between the private interests and/or other duties of the members of the BoD or the GEB and their obligations to the Issuer

VI. AUDITORS

On 18 April 2007, the UBS Annual General Meeting reelected Ernst & Young Ltd., Aeschengraben 9, 4002 Basel, Switzerland, as the Group and statutory auditor in accordance with company law and banking law provisions for a further one-year term. Ernst & Young Ltd., Basel, is a member of the Swiss Institute of Certified Accountants and Tax Consultants based in Zurich, Switzerland.

VII. MAJOR SHAREHOLDERS OF THE ISSUER

The ownership of UBS shares is broadly disbursed. As at 31 December 2006, Chase Nominees Ltd., London, was registered with a 8.81 per cent. holding (31 December 2005: 8.55 per cent., 31 December 2004: 8.76 per cent.) of total share capital held in trust for other investors. As at 31 December 2006, the U.S. securities clearing organisation DTC (Cede & Co.), New York, "The Depository Trust Company", held 13.21 per cent. (31 December 2005: 9.95 per cent., 31 December 2004: 5.77 per cent.) of total share

capital in trust for other beneficiaries. Pursuant to UBS' provisions on registering shares, the voting rights of nominees are limited to 5 per cent. This regulation does not apply to securities clearing and settlement organisations. No other shareholder was registered with a holding in excess of 5 per cent. of total share capital.

Further details on the distribution of UBS shares, the number of registered and non-registered securities, voting rights as well as distribution by shareholder categories and geographical regions can be found in the UBS Handbook 2006/2007, in English, on pages 109 - 110 (inclusive).

VIII. FINANCIAL INFORMATION CONCERNING THE ISSUER'S ASSETS AND LIABILITIES, FINANCIAL POSITION AND PROFITS AND LOSSES

A description of the Issuer's assets and liabilities, financial position and profits and losses is available in the Financial Reports of the Issuer for financial years 2005 and 2006, in English ("**Financial Reports**"). In this context, the Issuer's fiscal year equals the calendar year.

In the case of financial year 2005 reference is made to

(i) the Financial Statements of UBS AG (Group), in particular the Income Statement of UBS AG (Group) on page 74, the Balance Sheet of UBS AG (Group) on page 75, the Statement of Cash Flows of the UBS AG (Group) on pages 78 - 79 (inclusive) and the Notes to the Financial Statements on pages 80 - 190 (inclusive), and

(ii) the Financial Statements of UBS AG (Parent Bank), in particular the Income Statement of UBS AG (Parent Bank) on page 194, the Balance Sheet of UBS AG (Parent Bank) on page 195, the Statement of Appropriation of Retained Earnings of UBS AG (Parent Bank) on page 196, the Notes to the Financial Statements on pages 197 - 201 (inclusive) and the Parent Bank Review on page 193, and

(iii) the sections entitled "Accounting Standards and Policies" on pages 65 - 70 (inclusive) in the Financial Report 2005.

In the case of financial year 2006 reference is made to

(i) the Financial Statements of UBS AG (Group), in particular the Income Statement of UBS AG (Group) on page 82, the Balance Sheet of UBS AG (Group) on page 83, the Statement of Cash Flows of the UBS AG (Group) on pages 86 - 87 (inclusive) and the Notes to the Financial Statements on pages 88 - 214 (inclusive), and

(ii) the Financial Statements of UBS AG (Parent Bank), in particular the Income Statement of UBS AG (Parent Bank) on page 218, the Balance Sheet of UBS AG (Parent Bank) on page 219, the Statement of Appropriation of Retained Earnings of UBS AG (Parent Bank) on page 220, the Notes to the Financial Statements on pages 221 - 225 (inclusive) and the Parent Bank Review on page 217, and

(iii) the sections entitled "Accounting Standards and Policies" on pages 67 - 72 (inclusive) in the Financial Report 2006.

All relevant financial information including the relevant notes thereto, contained therein and audited by the UBS auditor, form an integral component of this Prospectus, and are therefore fully incorporated in this Prospectus.

The Financial Reports form an essential part of UBS reporting. They include the audited Consolidated Financial Statements of UBS, prepared in accordance with International Financial Reporting Standards ("**IFRS**"), a reconciliation to United States Generally Accepted Accounting Principles ("**US GAAP**"), and the audited financial statements of UBS AG, prepared according to Swiss banking law provisions. The Financial Reports also include discussions and analyses of the financial and business results of UBS and its business groups, as well as certain additional disclosures required under Swiss and US regulations.

The financial statements for UBS AG (Group) and its subsidiaries as well as for UBS AG (Parent Bank) were audited by Ernst & Young Ltd., Basel, for financial years 2005 and 2006. The "Report of the Statutory Auditors" of the UBS AG (Parent Bank) can be found on page 202 of the Financial Reports for 2005 and on page 226 of the Financial Reports for 2006. The "Report of the Group Auditors" of the UBS AG (Group) can be found on page 73 of the Financial Reports for 2005 and on pages 80 – 81 (inclusive) of the Financial Reports for 2006.

Reference is also made to the English version of the Issuer's Quarterly Report for the third quarter 2007, which includes information concerning the Issuer's current assets and liabilities, financial position and

profits and losses. The information contained in this report as of 30 September 2007 was not audited by the Issuer's statutory auditor.

1. Legal and Arbitration Proceedings

The Issuer and other UBS Group companies operate in a legal and regulatory environment that exposes them to potentially significant litigation risks. As a result, UBS is involved in various disputes and legal proceedings, including litigation, arbitration, and regulatory and criminal investigations. Such cases are subject to many uncertainties, and their outcome often is difficult to predict, particularly in the earlier stages of a case. In certain circumstances, to avoid the expense and distraction of legal proceedings, UBS may based on a cost benefit analysis enter a settlement even though UBS denies any wrongdoing. UBS Group makes provisions for cases brought against it only when after seeking legal advice, in the opinion of management, it is probable that a liability exists, and the amount can be reasonably estimated. No provision is made for claims asserted against UBS Group that in the opinion of management are without merit and where it is not likely that UBS will be found liable.

Within the last 12 months until 14 January 2008, UBS has been involved in the following legal proceedings which could be material to the operating result of the Group in a given reporting period:

(a) InsightOne: In early July 2007, UBS agreed to a settlement of the InsightOne case after the New York State Attorney General filed a civil complaint regarding UBS' fee-based brokerage program for private clients in the United States in December 2006. UBS denies that the program was part of a scheme to disadvantage clients but chose to settle to bring the proceedings to an end. Under the settlement, UBS paid a total of USD 23.3 million of which USD 21.3 million is being paid to certain current and former InsightOne customers pursuant to an agreed-upon remediation plan, and USD 2 million was paid in penalties. In Q4 2006, UBS established provisions sufficient to cover the settlement, and therefore the settlement will not impact UBS' Net profit in 2007.

(b) Tax Shelter: In connection with a criminal investigation of tax shelters, the United States Attorney's Office for the Southern District of New York (US Attorney's Office) is examining UBS' conduct in relation to certain tax-oriented transactions in which UBS and others engaged during the years 1996-2000. Some of these transactions were subject to the Deferred Prosecution Agreement which the accounting firm KPMG LLP entered into with the US Attorney's Office in August 2005, and are at issue in United States v. Stein, S1 05 Cr. 888 (LAK). UBS is cooperating in the government's investigation.

(c) Municipal Bonds: In November 2006, UBS and others received subpoenas from the US Department of Justice, Antitrust Division, and the US Securities and Exchange Commission. These subpoenas concern UBS' conduct relating to derivative transactions entered into with municipal bond issuers, and to the investment of proceeds of municipal bond issuances. UBS is cooperating in these investigations.

(d) HealthSouth: UBS is defending itself in two purported securities class actions brought in the US District Court of the Northern District of Alabama by holders of stock and bonds in HealthSouth Corp. UBS also is a defendant in HealthSouth derivative litigation in Alabama State Court and has responded to an SEC investigation relating to UBS' role as a banker for HealthSouth.

(e) Bankruptcy Estate of Enron: In June 2007, UBS and Enron settled adversarial proceedings in the US Bankruptcy Court for the Southern District of New York brought by Enron to avoid and recover payments made prior to filing for bankruptcy in connection with equity forward and swap transactions. UBS believes it had valid defences to all of Enron's claims but chose to settle to eliminate the uncertainty created by the proceeding. Under the terms of the settlement, UBS paid Enron USD 115 million and waived a proof of claim for approximately USD 5.5 million that UBS filed in Enron's bankruptcy case. In Q4 2006, UBS recognized a provision for more than half of the settlement amount, with the difference recognized in second quarter 2007. Therefore, the settlement will not materially impact UBS' Net profit in 2007.

(f) Parmalat: UBS is involved in a number of proceedings in Italy related to the bankruptcy of Parmalat. These proceedings include, inter alia, claw back proceedings against UBS Limited in connection with a structured finance transaction. Further, UBS is a defendant in two civil damages claims brought by Parmalat, of which one relates to the same structured finance transaction against UBS Limited, while the other against UBS AG relates to certain derivative transactions. In addition, UBS Limited and two UBS employees are the subject of criminal proceedings in Milan, while four UBS

current or former employees have been served with a notice of closure of criminal investigations in Parma. Finally, UBS is a defendant in civil actions brought by individual investors on the back of the criminal proceedings in Milan. UBS denies the allegations made against itself and against its employees in these matters and is defending itself vigorously.

Besides the proceedings specified above under (a) through (f) no governmental, legal or arbitration proceedings, which may significantly affect the Issuer's financial condition are or have been pending, nor is the Issuer aware that any such governmental, legal or arbitration proceedings are threatened.

2. Significant changes in the Financial Situation of the Issuer

Since the publication of the last unaudited financial statements for the period ending 30 September 2007 the financial information of UBS has experienced the following changes:

On 10 December 2007, UBS announced that it will write down its US sub-prime holdings by approximately a further USD 10 billion, following a review of the key input parameters of the models that are used to estimate lifetime default and resulting losses for sub-prime mortgage pools.

At the same time, UBS announced that it has introduced measures to strengthen its capital position, adding CHF 19.4 billion of BIS Tier 1 capital. These measures include:

(a) An agreement with two strategic investors, Government of Singapore Investment Corporation Pte. Ltd. (GIC) and an undisclosed strategic investor in the Middle East to subscribe to an issue of CHF 13 billion of mandatory convertibles notes. This is subject to the approval of UBS shareholders at an extraordinary general meeting (EGM) which will take place prior to the end of February 2008. GIC has committed to subscribe to CHF 11 billion and the other investor to CHF 2 billion. The conversion of the notes into ordinary shares must take place on or before a date approximately two years after issuance;

(b) A re-sale of 36.4 million treasury shares previously intended to be cancelled; such re-sale has been approved by the Board of Directors of UBS. UBS has received indications of interest in a share issue, is considering these and will place these shares over time. This is expected to increase BIS Tier 1 capital by approximately CHF 2 billion;

(c) A proposal by the Board of Directors to replace the 2007 cash dividend with a stock dividend, *i.e.* a bonus issue of new shares. This is expected to increase Tier 1 capital by CHF 4.4 billion, of which approximately CHF 3.3 billion is a reversal of accrued dividend for the first nine months of the year and the balance is dividend that will now not accrue. This is subject to EGM approval.

In total, these three actions, when completed and approved, are expected to strengthen UBS's regulatory Tier 1 capital by approximately CHF 19.4 billion. After completion, and taking into account the expected fourth quarter loss, the firm's BIS Tier 1 capital ratio is expected to improve to above 12 % from 10.6 % at 30 September 2007.

IX. MATERIAL CONTRACTS

No material agreements have been concluded outside of the normal course of business which could lead to UBS being subjected to an obligation or obtaining a right, which would be of key significance to the Issuer's ability to meet its obligations to the investors in relation to the issued securities.

2) In section "SUMMARY", the bullet point 'Who is the Issuer', 'Who are the members of the Issuer's management and supervisory bodies?' and 'What is the Issuer's financial situation?' are completely replaced as follows:

Who is the Issuer?

UBS AG, with registered offices in Zurich and Basel, Switzerland, was formed from the merger of Swiss Bank Corporation and Union Bank of Switzerland in 1998.

UBS AG and subsidiaries and branch offices, including UBS AG, [London][Jersey] Branch, ("**UBS**" or "**UBS AG**") is, according to its own opinion, one of the world's leading financial firms, serving a discerning international client base. As an integrated firm, UBS creates added value for clients by drawing on the combined resources and expertise of all its businesses. UBS is, according to its own opinion, the leading global wealth manager, a leading investment banking and securities firm with a strong institutional and corporate client franchise, one of the largest global asset managers and the market leader in Swiss commercial and retail banking. On 31 December 2007, UBS employed more than 80,000 people. With headquarters in Zurich and Basel, Switzerland, UBS operates in over 50 countries and from all major international centers.

UBS is structured into three main business groups: Global Wealth Management & Business Banking - according to its own opinion, one of the largest asset managers in the world, in terms of assets under management, and the leading bank for corporate and institutional clients in Switzerland; Global Asset Management - a leading global asset manager; and Investment Bank - a first-class investment banking and securities firm. The services offered include traditional investment banking activities, such as consulting services for mergers and acquisitions, the execution of capital market transactions on both the primary and secondary markets, recognised research expertise and the issuing of investment products for institutional and private investors.

With the proposed rights issue of approximately CHF 15 billion UBS will remain, according to its own opinion, one of the best-capitalised financial institutions in the world. On 31 December 2007 the BIS Tier

1[1] ratio was 8.8 %, invested assets stood at CHF 3,189 billion, equity attributable to UBS shareholders at CHF 35,585 million and the market capitalisation was CHF 108,654 million.

Who are the members of the Issuer's management and supervisory bodies?

The board of directors comprises a minimum of six or a maximum of twelve members. Their term of office lasts three years.

DESCRIPTION OF THE ISSUER

The following description contains general information on UBS AG, Bahnhofstrasse 45, 8001 Zurich, Switzerland, and Aeschenvorstadt 1, 4051 Basel, Switzerland, acting through its [London Branch, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom] [Jersey Branch, 24 Union Street, Saint Helier, Jersey JE4 8UJ].

OVERVIEW

UBS AG and its subsidiaries ("**UBS AG**" or "**UBS**") is, according to its own opinion, one of the world's leading financial firms, serving a discerning international client base. As an integrated firm, UBS creates added value for clients by drawing on the combined resources and expertise of all its businesses. UBS is, according to its own opinion, the leading global wealth manager, a leading investment banking and securities firm with a strong institutional and corporate client franchise, one of the largest global asset managers and the market leader in Swiss commercial and retail banking. On 31 December 2007, UBS employed more than 80,000 people. With headquarters in Zurich and Basel, Switzerland, UBS operates in over 50 countries and from all major international centers.

With the proposed rights issue of approximately CHF 15 billion UBS will remain, according to its own opinion, one of the best-capitalised financial institutions in the world. On 31 December 2007 the BIS Tier1[6] ratio was 8.8 per cent, invested assets stood at CHF 3,189 billion, equity attributable to UBS shareholders at CHF 35,585 million and the market capitalisation was CHF 108,654 million on 31 December 2007.

UBS is among the few globally active major banks that have a first-class rating. The rating agencies Standard & Poor's Inc. ("**Standard & Poor's**"), Fitch Ratings ("**Fitch**") and Moody's Investors Service Inc. ("**Moody's**") have assessed the creditworthiness of UBS, *i.e.* the ability of UBS to fulfil payment obligations, such as principal or interest payments on long-term loans, also known as debt servicing, in a timely manner. The ratings from Fitch and Standard & Poor's may be attributed a plus or minus sign, and those from Moody's a number. These supplementary attributes indicate the relative position within the respective rating class. Standard & Poor's currently rates UBS' creditworthiness AA-[7], Fitch with AA-[8] and Moody's with Aa1[9].

[6] Tier 1 capital comprises share capital, share premium, retained earnings including current year profit, foreign currency translation and minority interests less accrued dividends, net long positions in own shares and goodwill.

[7] Following UBS' announcement of 1 April 2008, Standard & Poor's downgraded UBS' long-term counterparty credit rating to "AA-" from "AA" with a negative outlook.

[8] Following UBS' announcement of 1 April 2008, Fitch downgraded UBS' credit rating to "AA-" from "AA" with a negative outlook.

[9] Following UBS' announcement of 1 April 2008, Moody's downgraded UBS' credit rating to "Aa1" from "Aaa", while keeping the ratings on review for possible further cuts.

I. CORPORATE INFORMATION

The legal and commercial name of the company is UBS AG. The company was incorporated under the name SBC AG on 28 February 1978 for an unlimited duration and entered in the Commercial Register of Canton Basel-City on that day. On 8 December 1997, the company changed its name to UBS AG. The company in its present form was created on 29 June 1998 by the merger of Union Bank of Switzerland (founded 1862) and Swiss Bank Corporation (founded 1872). UBS AG is entered in the Commercial Registers of Canton Zurich and Canton Basel-City. The registration number is CH-270.3.004.646-4.

UBS AG is incorporated and domiciled in Switzerland and operates under Swiss Code of Obligations and Swiss Federal Banking Law as an *Aktiengesellschaft*, a corporation that has issued shares of common stock to investors.

The addresses and telephone numbers of UBS two registered offices and principal places of business are: Bahnhofstrasse 45, CH-8001 Zurich, Switzerland, telephone +41-44-234 11 11; and Aeschenvorstadt 1, CH-4051 Basel, Switzerland, telephone +41-61-288 20 20.

UBS shares are listed on the SWX Swiss Exchange and traded through SWX Europe which is majority owned by the SWX Swiss Exchange. They are also listed on the New York Stock Exchange and on the Tokyo Stock Exchange.

According to Article 2 of the Articles of Association of UBS AG ("**Articles of Association**") the purpose of UBS is the operation of a bank. Its scope of operations extends to all types of banking, financial, advisory, service and trading activities in Switzerland and abroad.

II. BUSINESS OVERVIEW

UBS is managed through three Business Groups and its Corporate Center, each of which is described below. In addition there is an area of business combined in Industrial Holdings. A full description of their strategies, structure, organisation, products, services and markets can be found in the Annual Report 2007 of UBS AG, 1 Strategy, Performance and Responsibility, in the English version on pages A85 - A152 (inclusive).

Global Wealth Management & Business Banking

With more than 140 years of experience, the global wealth management business provides a comprehensive range of products and services individually tailored for wealthy clients around the world. UBS' client advisors provide a full range of wealth management services to clients - from asset management to estate planning and from corporate finance advice to art banking. In the U.S., the business is, according to its own opinion, one of the leading wealth managers. Business Banking Switzerland is, according to its own opinion, the market leader in Switzerland, providing a complete set of banking and securities services for individual and corporate clients.

Global Asset Management

The Global Asset Management business is, according to its own opinion, one of the world's leading investment managers, providing traditional and alternative and real estate investment solutions to private, institutional and corporate clients, and through financial intermediaries. It is, according to its own opinion, one of the largest global institutional asset managers and the largest hedge fund of funds manager in the world. It is also, according to its own opinion, one of the largest mutual fund managers in Europe and the largest in Switzerland.

Investment Bank

UBS Investment Bank is, according to its own opinion, one of the world's leading investment banking and securities firms, providing a full range of products and services to corporate and institutional clients, governments, financial intermediaries and alternative asset managers. Its investment bankers, salespeople and research analysts, supported by its risk and logistics teams, deliver advice and execution to clients all over the world. The Investment Bank also works with financial sponsors and hedge funds and indirectly meets the needs of private investors through both UBS' own wealth management business and through other private banks.

Corporate Center

Corporate Center creates value for shareholders and other stakeholders by partnering with the Business Groups to ensure that the firm operates as an effective and integrated whole with a common vision and set of values. It helps UBS' businesses grow sustainably through its risk, financial control, treasury, communication, legal and compliance, human resources, strategy, off shoring and technology functions.

Industrial Holdings

The Industrial Holdings segment consists of UBS' private equity investments (which were held by the Investment Bank until early 2005). UBS strategy is to de-emphasize and reduce exposure to this asset class while capitalizing on orderly exit opportunities as they arise.

Competition

UBS faces stiff competition in all business areas. Both in Switzerland and abroad, the Bank competes with asset management companies, commercial, investment and private banks, brokerages and other financial services providers. Competitors include not only local banks, but also global financial institutions, which are similar to UBS in terms of both size and services offered.

In addition, the consolidation trend in the global financial services sector is introducing new competition, which may have a greater impact on prices, as a result of an expanded range of products and services and increased access to capital and growing efficiency.

III. ORGANISATIONAL STRUCTURE OF THE ISSUER

The objective of UBS' group structure is to support the business activities of the Company within an efficient legal, tax, supervisory and financial framework. Neither the individual business groups of UBS, Global Wealth Management & Business Banking, Global Asset Management, Investment Bank, nor the Corporate Center (the "**Business Groups**") are legally independent entities; instead, they perform their activities through the domestic and foreign offices of the parent bank, UBS AG.

Settlement of transactions through the parent bank allows UBS to fully exploit the advantages generated for all business groups through the use of a single legal entity. In cases where it is impossible or inefficient to process transactions via the parent, due to local statutory, tax or supervisory provisions or newly acquired companies, these tasks are performed on location by legally independent group companies. The major subsidiaries are listed in the Annual Report 2007 of UBS AG, 4 Financial Statements, in English, on pages D96 - D99 (inclusive).

IV. TREND INFORMATION

On 1 April 2008 UBS announced that it expects to report for the first quarter 2008 a net loss attributable to UBS shareholders of approximately CHF 12 billion after losses and writedowns of approximately USD 19 billion on US real estate and related structured credit positions. UBS will publish full first quarter results including details on risk positions as planned on 6 May 2008. The environment for the financial industry remains difficult. UBS management considers operational efficiencies and cost management throughout the firm to be the key performance targets in the coming quarters.

V. ADMINISTRATIVE, MANAGEMENT AND SUPERVISORY BODIES OF THE ISSUER

UBS operates under a strict dual Board structure, as mandated by Swiss banking law. The functions of Chairman of the Board of Directors ("**Chairman**") and Group Chief Executive Officer ("**Group CEO**") are assigned to two different people, thus providing separation of powers. This structure establishes checks and balances and creates an institutional independence of the Board of Directors ("**BoD**") from the day-to-day management of the firm, for which responsibility is delegated to the Group Executive Board ("**GEB**"). No member of one Board may be a member of the other.

The supervision and control of the executive management remains with the BoD. The Articles of Association and the Organisation Regulations of UBS AG, with their Appendices govern all details as to authorities and responsibilities of the two bodies. Please refer to www.ubs.com/corporate-governance.

The BoD consists of at least six and a maximum of twelve members. The term of office for members of the board is three years.

No member of the GEB has any significant business interests outside of UBS.

Board of Directors

The BoD is the most senior body of UBS. All the members of the BoD are elected individually by the Annual General Meeting for a term of office of three years. The BoD itself then appoints its Chairman, the Vice Chairmen and the various BoD Committees (Audit Committee, Compensation Committee, Nominating Committee and Corporate Responsibility Committee).

The BoD has ultimate responsibility for the mid- and long-term strategic direction of UBS, for appointments and dismissals at top management levels and the definition of the firm's risk principles and risk capacity. While the majority of the BoD members are always non-executive and independent, the Chairman and at least one Vice Chairman have executive roles in line with Swiss banking laws, and assume supervisory and leadership responsibilities. The BoD meets as often as business requires, and at least six times a year.

The business address of the members of the BoD is UBS AG, Bahnhofstrasse 45, CH-8001 Zurich, Switzerland.

Group Executive Board

The GEB has business management responsibility for UBS. The Group CEO and the members of the GEB are appointed by the Board of Directors and are accountable to the Chairman and the Board for the firm's results. The GEB, and in particular the Group CEO, are responsible for the implementation and results of the firm's business strategies, for the alignment of the Business Groups to UBS integrated business model, and for the exploitation of synergies across the firm.

The business address of the members of the GEB is UBS AG, Bahnhofstrasse 45, CH-8001 Zurich, Switzerland.

Conflicts of interest

Members of the BoD and GEB may act as directors or executive officers of other companies (please see above under "Details of the Executive Bodies of the Company") and may have economic interests that differ from those of the Issuer. Potential conflicts of interest may arise from these positions or interests. UBS is confident that its internal corporate governance practices and its compliance with relevant legal and regulatory provisions reasonably ensure that any conflicts of interest of the type described above are appropriately managed, including disclosure when appropriate.

VI. AUDITORS

On 18 April 2007, the UBS Annual General Meeting reelected Ernst & Young Ltd., Aeschengraben 9, 4002 Basel, Switzerland, as the Group and statutory auditor in accordance with company law and banking law provisions for a further one-year term. Ernst & Young Ltd., Basel, is a member of the Swiss Institute of Certified Accountants and Tax Consultants based in Zurich, Switzerland.

VII. MAJOR SHAREHOLDERS OF THE ISSUER

The ownership of UBS shares is broadly disbursed. As at 31 December 2007, Chase Nominees Ltd., London, was registered with a 7.99 per cent holding (31 December 2006: 8.81 per cent, 31 December 2005: 8.55 per cent) of total share capital held in trust for other investors. As at 31 December 2007, the US securities clearing organisation DTC (Cede & Co.) New York, "The Depository Trust Company", held 14.15 per cent (31 December 2006: 13.21 per cent, 31 December 2005: 9.95 per cent) of total share capital in trust for other beneficiaries. Pursuant to UBS provisions on registering shares, the voting rights

of nominees are limited to 5 per cent. This regulation does not apply to securities clearing and settlement organisations. No other shareholder was registered with a holding in excess of 5 per cent of total share capital.

Further details on the distribution of UBS shares, the number of registered and non-registered securities, voting rights as well as distribution by shareholder categories and geographical regions can be found in the Annual Report 2007 of UBS AG, 3 Corporate Governance and Compensation Report, in English, on pages C5-C6 (inclusive).

VIII. FINANCIAL INFORMATION CONCERNING THE ISSUER'S ASSETS AND LIABILITIES, FINANCIAL POSITION AND PROFITS AND LOSSES

A description of the Issuer's assets and liabilities, financial position and profits and losses is available in the Financial Report of the Issuer for financial year 2006 and in the Annual Report 2007 of UBS AG, 4 Financial Statements for financial year 2007, in English. In this context, the Issuer's fiscal year equals the calendar year.

In the case of financial year 2006 reference is made to

(i) the Financial Statements of UBS AG (Group), in particular the Income Statement of UBS AG (Group) on page A82, the Balance Sheet of UBS AG (Group) on page A83, the Statement of Cash Flows of UBS AG (Group) on pages A86 - A87 (inclusive) and the Notes to the Financial Statements on pages A88 - A214 (inclusive), and

(iii) the sections entitled "Accounting Standards and Policies" on pages A67 - A72 (inclusive) in the Financial Report 2006.

In the case of financial year 2007 reference is made to

(i) the Financial Statements of UBS AG (Group), in particular to the Income Statement of UBS AG (Group) on page D18, the Balance Sheet of UBS AG (Group) on page D19, to the Statement of Cash Flows of UBS AG (Group) on pages D23 - D24 (inclusive) and to the Notes to the Financial Statements on pages D25 - D120 (inclusive), and

(ii) the Financial Statements of UBS AG (Parent Bank), in particular to the Income Statement of UBS AG (Parent Bank) on page D125, the Balance Sheet of UBS AG (Parent Bank) on page D126, to the Statement of Appropriation of Retained Earnings of UBS AG (Parent Bank) on page D127, to the Notes to the Financial Statements on page D128 and to the Parent Bank Review on page D124, and

(iii) the sections entitled "Accounting Standards and Policies" on pages D3 - D8 (inclusive) in the Annual Report 2007 of UBS AG, 4 Financial Statements.

All relevant financial information including the relevant notes thereto, contained therein and audited by the UBS auditor, form an integral component of this Prospectus, and are therefore fully incorporated in this Prospectus.

The Financial Reports form an essential part of UBS reporting. They include the audited Consolidated Financial Statements of UBS, prepared in accordance with International Financial Reporting Standards ("**IFRS**"), a reconciliation to United States Generally Accepted Accounting Principles ("**US GAAP**"), and the audited financial statements of UBS AG, prepared according to Swiss banking law provisions. The Financial Reports also include discussions and analyses of the financial and business results of UBS and its business groups, as well as certain additional disclosures required under Swiss and US regulations.

The financial statements for UBS AG (Group) and its subsidiaries as well as for UBS AG (Parent Bank) were audited by Ernst & Young Ltd., Basel, for financial years 2006 and 2007. The "Report of the Statutory Auditors" of UBS AG (Parent Bank) can be found on page A226 of the Financial Reports for 2006 and on page D140 of the Annual Report 2007 of UBS AG, 4 Financial Statements. The "Report of the Group Auditors" of the UBS AG (Group) can be found on pages A80 – A81 (inclusive) of the Financial Reports for 2006 and on page D16 - D17 (inclusive) of the Annual Report 2007 of UBS AG, 4 Financial Statements.

1. LEGAL AND ARBITRATION PROCEEDINGS

The Issuer and other UBS Group companies operate in a legal and regulatory environment that exposes them to potentially significant litigation risks. As a result, UBS is involved in various disputes and legal proceedings, including litigation, arbitration, and regulatory and criminal investigations. Such cases are subject to many uncertainties, and their outcome often is difficult to predict, particularly in the earlier stages of a case. In certain circumstances, to avoid the expense and distraction of legal proceedings, UBS may based on a cost benefit analysis enter a settlement even though UBS denies any wrongdoing. UBS Group makes provisions for cases brought against it only when after seeking legal advice, in the opinion of management, it is probable that a liability exists, and the amount can be reasonably estimated. No provision is made for claims asserted against UBS Group that in the opinion of management are without merit and where it is not likely that UBS will be found liable.

Currently, UBS is responding to a number of regulatory inquiries and investigations, and is involved in a number of litigations and disputes, related to the sub-prime crisis, subprime securities, and structured transactions involving subprime securities. These matters concern, among other things, UBS' valuations, disclosures, write-downs, underwriting, and contractual obligations.

During the financial year 2007 until 24 April 2008, UBS has been involved in the following legal proceedings which could be material to the operating result of the Group in a given reporting period:

(a) Tax Shelter: In connection with a criminal investigation of tax shelters, the United States Attorney's Office for the Southern District of New York ("US Attorney's Office") is examining UBS' conduct in relation to certain tax-oriented transactions in which UBS and others engaged during the years 1996–2000. Some of these transactions were the subject of the Deferred Prosecution Agreement which the accounting firm KPMG LLP entered into with the US Attorney's Office in August 2005, and are at issue in *United States v. Stein, S1 05 Cr. 888 (LAK).* UBS is cooperating in the government's investigation.

(b) Municipal Bonds: In November 2006, UBS and others received subpoenas from the US Department of Justice, Antitrust Division, and the SEC relating to derivative transactions entered into with municipal bond issuers and to the investment of proceeds of municipal bond issuances. Both investigations are ongoing, and UBS is cooperating. In the SEC investigation, on 4 February 2008, UBS received a "Wells notice" advising that the SEC staff is considering recommending that the SEC bring a civil action against UBS AG in connection with the bidding of various financial instruments associated with municipal securities. Under the SEC's Wells process, UBS will have the opportunity to set forth reasons of law, policy or fact why such an action should not be brought.

(c) HealthSouth: UBS is defending itself in two purported securities class actions brought in the US District Court of the Northern District of Alabama by holders of stock and bonds in HealthSouth Corp. UBS also is a defendant in HealthSouth derivative litigation in Alabama State Court and has responded to an SEC investigation relating to UBS' role as a banker for HealthSouth.

(d) Parmalat: UBS is involved in a number of proceedings in Italy related to the bankruptcy of Parmalat. These proceedings include, inter alia, clawback proceedings against UBS Limited in connection with a structured finance transaction. Further, UBS is a defendant in two civil damages claims brought by Parmalat, one of which relates to the same structured finance transaction against UBS Limited, while the other against UBS AG relates to certain derivative transactions. In addition, UBS Limited and one current and one former UBS employee are the subject of criminal proceedings in Milan. UBS AG and UBS Limited are defendants in civil actions brought by Parmalat investors in parallel with the criminal proceedings in Milan. Furthermore, four current or former UBS employees are defendants in relation to criminal proceedings in Parma. Civil claims have also been recently filed in parallel with the criminal proceedings by Parmalat against the individuals and UBS Limited and also by Parmalat investors against the individuals, UBS AG and UBS Limited. UBS AG and UBS Limited deny the allegations made against them and against the individuals in these matters and are vigorously defending themselves in these proceedings.

(e) Insight One: In early July 2007, UBS agreed to a settlement of the InsightOne case after the New York State Attorney General filed a civil complaint regarding UBS' fee-based brokerage program for private clients in the United States in December 2006. UBS denied that the program was part of a scheme to disadvantage clients, but chose to settle to bring the proceedings to an end. Under the settlement, UBS paid a total of USD 23.3 million, of which USD 21.3 million was paid to certain current and former InsightOne customers pursuant to an agreed upon remediation

plan, and USD 2 million was paid in penalties. In 2006, UBS established provisions sufficient to cover the settlement, and therefore the settlement did not impact UBS' net profit in 2007.

(f) Bankruptcy Estate of Enron: In June 2007, UBS and Enron settled adversarial proceedings in the US Bankruptcy Court for the Southern District of New York brought by Enron to avoid and recover payments made prior to filing for bankruptcy in connection with equity forward and swap transactions. UBS believed it had valid defences to all of Enron's claims, but chose to settle to eliminate the uncertainty created by the proceeding. Under the terms of the settlement, UBS paid Enron USD 115 million and waived a proof of claim for approximately USD 5.5 million that UBS filed in Enron's bankruptcy case. In 2006, UBS recognized a provision for more than half of the settlement amount, with the difference recognized in 2007. Therefore, the settlement did not materially impact UBS' net profit in 2007.

Besides the proceedings specified above under (a) through (f) no governmental, legal or arbitration proceedings, which may significantly affect the Issuer's financial condition are or have been pending, nor is the Issuer aware that any such governmental, legal or arbitration proceedings are threatened.

2. SIGNIFICANT CHANGES IN THE FINANCIAL SITUATION OF THE ISSUER

Since the last audited financial statements for the period ending 31 December 2007, the following changes occurred or are planned to occur:

On 1 April 2008 UBS pre-announced an estimated net loss attributable to shareholders of approximately CHF 12 billion after losses and writedowns of approximately USD 19 billion on US real estate and related structured credit positions for the first quarter 2008. In order to further strengthen Tier 1 capital the Board of Directors will propose to the Annual General Meeting on 23 April 2008 a rights issue, fully underwritten by four leading international banks, to raise approximately CHF 15 billion. At the same time UBS also announces the formation of a new unit to hold certain currently illiquid US real estate assets.

After giving effect to the receipt of the proceeds of the rights issue, the total capital ratio on a pro-forma basis would have been approximately 14.0 % and the Tier 1 ration would have been approximately 10.6 %.

Apart from the above-mentioned, there has been no material adverse change in UBS' financial or trading position since 31 December 2007.

IX. MATERIAL CONTRACTS

No material agreements have been concluded outside of the normal course of business which could lead to UBS being subjected to an obligation or obtaining a right, which would be of key significance to the Issuer's ability to meet its obligations to the investors in relation to the issued securities.

X. DOCUMENTS ON DISPLAY

2) In section "SUMMARY", the bullet point 'Who is the Issuer', 'Who are the members of the Issuer's management and supervisory bodies?' and 'What is the Issuer's financial situation?' are completely replaced as follows:

Who is the Issuer?

UBS AG, with registered offices in Zurich and Basel, Switzerland, was formed from the merger of Swiss Bank Corporation and Union Bank of Switzerland in 1998.

UBS AG and subsidiaries and branch offices, including UBS AG, [London][Jersey] Branch, ("**UBS**" or "**UBS AG**") is, according to its own opinion, one of the world's leading financial firms, serving a discerning international client base. As an integrated firm, UBS creates added value for clients by drawing on the combined resources and expertise of all its businesses. UBS is, according to its own opinion, the leading global wealth manager, a leading investment banking and securities firm with a strong institutional and corporate client franchise, one of the largest global asset managers and the market leader in Swiss commercial and retail banking. On 31 March 2008, UBS employed more than 80,000 people. With headquarters in Zurich and Basel, Switzerland, UBS operates in over 50 countries and from all major international centers.

UBS is structured into three main business groups: Global Wealth Management & Business Banking - according to its own opinion, one of the largest asset managers in the world, in terms of assets under management, and the leading bank for corporate and institutional clients in Switzerland; Global Asset Management - a leading global asset manager; and Investment Bank - a first-class investment banking and securities firm. The services offered include traditional investment banking activities, such as consulting services for mergers and acquisitions, the execution of capital market transactions on both the primary and secondary markets, recognised research expertise and the issuing of investment products for institutional and private investors.

After giving effect to the proposed rights issue of approximately CHF 15 billion, on a pro forma basis, UBS will remain, according to its own opinion, one of the best-capitalised financial institutions in the world. On 31 March 2008 the BIS Tier 1[1] ratio was 6.9 %[2], invested assets stood at CHF 2,759 billion, equity attributable to UBS shareholders at CHF 16,386 million and the market capitalisation was CHF 59,843 million.

Who are the members of the Issuer's management and supervisory bodies?

The board of directors comprises a minimum of six or a maximum of twelve members. Their term of office lasts one year.

DESCRIPTION OF THE ISSUER

The following description contains general information on UBS AG, Bahnhofstrasse 45, 8001 Zurich, Switzerland, and Aeschenvorstadt 1, 4051 Basel, Switzerland, acting through its [London Branch, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom] [Jersey Branch, 24 Union Street, Saint Helier, Jersey JE4 8UJ].

OVERVIEW

UBS AG and its subsidiaries ("**UBS AG**" or "**UBS**") is, according to its own opinion, one of the world's leading financial firms, serving a discerning international client base. As an integrated firm, UBS creates added value for clients by drawing on the combined resources and expertise of all its businesses. UBS is, according to its own opinion, the leading global wealth manager, a leading investment banking and securities firm with a strong institutional and corporate client franchise, one of the largest global asset managers and the market leader in Swiss commercial and retail banking. On 31 March 2008, UBS employed more than 80,000 people. With headquarters in Zurich and Basel, Switzerland, UBS operates in over 50 countries and from all major international centers.

After giving effect to the proposed rights issue of approximately CHF 15 billion, on a pro forma basis, UBS will remain, according to its own opinion, one of the best-capitalised financial institutions in the world. On 31 March 2008 the BIS Tier1[3] ratio was 6.9 per cent[4], invested assets stood at CHF 2,759 billion, equity attributable to UBS shareholders at CHF 16,386 million and the market capitalisation was CHF 59,843 million.

The rating agencies Standard & Poor's Inc. ("**Standard & Poor's**"), Fitch Ratings ("**Fitch**") and Moody's Investors Service Inc. ("**Moody's**") have assessed the creditworthiness of UBS, *i.e.* the ability of UBS to fulfil payment obligations, such as principal or interest payments on long-term loans, also known as debt servicing, in a timely manner. The ratings from Fitch and Standard & Poor's may be attributed a plus or minus sign, and those from Moody's a number. These supplementary attributes indicate the relative position within the respective rating class. Standard & Poor's currently rates UBS' creditworthiness AA-, Fitch with AA- and Moody's with Aa1.

I. CORPORATE INFORMATION

The legal and commercial name of the company is UBS AG. The company was incorporated under the name SBC AG on 28 February 1978 for an unlimited duration and entered in the Commercial Register of Canton Basel-City on that day. On 8 December 1997, the company changed its name to UBS AG. The company in its present form was created on 29 June 1998 by the merger of Union Bank of Switzerland (founded 1862) and Swiss Bank Corporation (founded 1872). UBS AG is entered in the Commercial Registers of Canton Zurich and Canton Basel-City. The registration number is CH-270.3.004.646-4.

UBS AG is incorporated and domiciled in Switzerland and operates under Swiss Code of Obligations and Swiss Federal Banking Law as an *Aktiengesellschaft*, a corporation that has issued shares of common stock to investors.

[3] Tier 1 capital comprises share capital, share premium, retained earnings including current year profit, foreign currency translation and minority interests less accrued dividends, net long positions in own shares and goodwill.

[4] Following the EUR 1 billion hybrid Tier 1 issue already completed in April and the CHF 15 billion rights issue expected to be completed in June, pro-forma 31 March 2008 Tier 1 ratio would have increased to 11.8 per cent.

The addresses and telephone numbers of UBS two registered offices and principal places of business are: Bahnhofstrasse 45, CH-8001 Zurich, Switzerland, telephone +41-44-234 11 11; and Aeschenvorstadt 1, CH-4051 Basel, Switzerland, telephone +41-61-288 20 20.

UBS shares are listed on the SWX Swiss Exchange and traded through SWX Europe which is majority owned by the SWX Swiss Exchange. They are also listed on the New York Stock Exchange and on the Tokyo Stock Exchange.

According to Article 2 of the Articles of Association of UBS AG ("**Articles of Association**") the purpose of UBS is the operation of a bank. Its scope of operations extends to all types of banking, financial, advisory, service and trading activities in Switzerland and abroad.

II. BUSINESS OVERVIEW

UBS is managed through three Business Groups and its Corporate Center, each of which is described below. A full description of their strategies, structure, organisation, products, services and markets can be found in the Annual Report 2007 of UBS AG, 1 Strategy, Performance and Responsibility, in the English version on pages A85 - A152 (inclusive).

Global Wealth Management & Business Banking

With almost 150 years of experience, the global wealth management business provides a comprehensive range of products and services individually tailored for wealthy clients around the world. UBS' client advisors provide a full range of wealth management services to clients - from asset management to estate planning and from corporate finance advice to art banking. In the U.S., the business is, according to its own opinion, one of the leading wealth managers. Business Banking Switzerland is, according to its own opinion, the market leader in Switzerland, providing a complete set of banking and securities services for individual and corporate clients.

Global Asset Management

The Global Asset Management business is, according to its own opinion, one of the world's leading investment managers, providing traditional and alternative and real estate investment solutions to private, institutional and corporate clients, and through financial intermediaries. It is, according to its own opinion, one of the largest global institutional asset managers and the largest hedge fund of funds manager in the world. It is also, according to its own opinion, one of the largest mutual fund managers in Europe and the largest in Switzerland.

Investment Bank

UBS Investment Bank is, according to its own opinion, one of the world's leading investment banking and securities firms, providing a full range of products and services to corporate and institutional clients, governments, financial intermediaries and alternative asset managers. Its investment bankers, salespeople and research analysts, supported by its risk and logistics teams, deliver advice and execution to clients all over the world. The Investment Bank also works with financial sponsors and hedge funds and indirectly meets the needs of private investors through both UBS' own wealth management business and through other private banks.

Corporate Center

Corporate Center creates value for shareholders and other stakeholders by partnering with the Business Groups to ensure that the firm operates as an effective and integrated whole with a common vision and set of values. It helps UBS' businesses grow sustainably through its risk, financial control, treasury, communication, legal and compliance, human resources, strategy, off shoring and technology functions. On 1 January 2008, UBS' private equity portfolio (formerly held by Industrial Holdings) was integrated into Corporate Center. The strategy for the portfolio remains the same as it was prior to integration: to de-emphasize and reduce exposure to this asset class while capitalizing on orderly exit opportunities as they arise.

Competition

UBS faces stiff competition in all business areas. Both in Switzerland and abroad, the Bank competes with asset management companies, commercial, investment and private banks, brokerages and other financial services providers. Competitors include not only local banks, but also global financial institutions, which are similar to UBS in terms of both size and services offered.

In addition, the consolidation trend in the global financial services sector is introducing new competition, which may have a greater impact on prices, as a result of an expanded range of products and services and increased access to capital and growing efficiency.

III. ORGANISATIONAL STRUCTURE OF THE ISSUER

The objective of UBS' group structure is to support the business activities of the Company within an efficient legal, tax, supervisory and financial framework. Neither the individual business groups of UBS, Global Wealth Management & Business Banking, Global Asset Management, Investment Bank, nor the Corporate Center (the "**Business Groups**") are legally independent entities; instead, they perform their activities through the domestic and foreign offices of the parent bank, UBS AG.

Settlement of transactions through the parent bank allows UBS to fully exploit the advantages generated for all business groups through the use of a single legal entity. In cases where it is impossible or inefficient to process transactions via the parent, due to local statutory, tax or supervisory provisions or newly acquired companies, these tasks are performed on location by legally independent group companies. The major subsidiaries are listed in the Annual Report 2007 of UBS AG, 4 Financial Statements, in English, on pages D96 - D99 (inclusive).

IV. TREND INFORMATION

The year started with tough business conditions for the financial industry as a whole. UBS expects this difficult environment to remain and be characterized by a continuing unfavorable global economic climate, deleveraging by institutional and private investors, slower wealth creation and lower trading and capital market activity.

Recent Developments

- On 23 April 2008, at UBS' annual general meeting, the shareholders of UBS AG approved a capital increase relating to a fully underwritten rights issue. On 22 May 2008 UBS announced the final terms of said rights issue: UBS' Board of Directors approved an increase in the share capital of UBS AG through the issue of 760,295,181 fully paid-in registered shares with a par value of CHF 0.10. Upon completion of the transaction, 2,932,541,279 fully paid-in registered shares with a par value of CHF 0.10 each will be outstanding. The subscription price for the new shares was set at CHF 21.00 per new share, which is expected to translate into gross proceeds of approximately CHF 15.97 billion. The transaction is expected to close on 17 June 2008.

- On 6 May 2008, UBS announced that (i) the Group has targeted a reduced cost run-rate of approximately CHF 28 billion for 2009, which would be significantly below current levels, and (ii) after the capacity reductions planned in the Investment Bank, UBS has established as a target that the Investment Bank would have an inherent capacity to generate approximately CHF 4 billion pre-tax contribution in a normalized environment. There can be no assurance that these plans or targets can be achieved in whole or in part or, if they can, over what time period.

  The impact will affect all of UBS' businesses, and it requires the firm to manage costs, resources and capacity very actively. The Investment Bank expects to employ around 19,000 people at the end of 2008. This will require a reduction of up to 2,600, of which the large majority will be redundancies. In other business groups, personnel numbers will be reduced mainly through natural attrition and internal redeployment, although it will not be possible to avoid redundancies entirely. Assuming no change in market conditions, UBS estimates that, by mid-2009, the firm as a whole will have about 5,500 fewer employees than today.

- On 6 May 2008, UBS also announced that it had made a decision to exit the institutional side of the U.S. municipal securities business through sale or otherwise.

- UBS announced on 1 April 2008 that it would form a new entity to hold substantial parts of UBS' work-out portfolio of currently illiquid U.S. real estate assets, and said that it intended to reduce its exposure in a way that would reduce the effect of distressed market conditions on the core businesses while providing an opportunity for shareholders to realize value over time. On 21 May 2008, UBS announced that it had sold to a newly created distressed asset fund that will be managed by BlackRock positions consisting primarily of subprime and Alt-A U.S. residential mortgage-backed securities. UBS sold positions with a nominal value of USD 22 billion to the new fund for an aggregate sale price of approximately USD 15 billion. Based on UBS categorizations, the vast majority of the positions are subprime and Alt-A in roughly equal parts and the remainder is prime. The fund purchased the securities using approximately USD 3.75 billion in equity raised by BlackRock from investors and a multi-year collateralized term loan of approximately USD 11.25 billion provided by UBS.

- As part of its review of its fixed income businesses, UBS is evaluating the operation of its reference linked note programs, and may determine to limit or discontinue one or more of the programs. A decision to discontinue or limit operation of one or more of the programs could result in a charge to income.

- Current economic and market conditions were volatile and challenging into the second quarter. UBS remains very cautious about the net new money outlook in the near term.

V. ADMINISTRATIVE, MANAGEMENT AND SUPERVISORY BODIES OF THE ISSUER

UBS operates under a strict dual Board structure, as mandated by Swiss banking law. The functions of Chairman of the Board of Directors ("**Chairman**") and Group Chief Executive Officer ("**Group CEO**") are assigned to two different people, thus providing separation of powers. This structure establishes checks and balances and creates an institutional independence of the Board of Directors ("**BoD**") from the day-to-day management of the firm, for which responsibility is delegated to the Group Executive Board ("**GEB**"). No member of one Board may be a member of the other.

The supervision and control of the executive management remains with the BoD. The Articles of Association and the Organisation Regulations of UBS AG, with their Appendices govern all details as to authorities and responsibilities of the two bodies. Please refer to www.ubs.com/corporate-governance.

The BoD consists of at least six and a maximum of twelve members. The term of office for members of the board is one year.

Board of Directors

The BoD is the most senior body of UBS. All the members of the BoD are elected individually by the Annual General Meeting for a term of office of one year[5]. The BoD itself then appoints its Chairman, the Vice Chairmen and the various BoD Committees (Audit Committee, Compensation Committee, Nominating Committee and Corporate Responsibility Committee)[6].

The BoD has ultimate responsibility for the mid- and long-term strategic direction of UBS, for appointments and dismissals at top management levels and the definition of the firm's risk principles and risk capacity. While the majority of the BoD members are always non-executive and independent, the Chairman and at least one Vice Chairman have executive roles in line with Swiss banking laws, and assume supervisory and leadership responsibilities. The BoD meets as often as business requires, and at least six times a year.

The business address of the members of the BoD is UBS AG, Bahnhofstrasse 45, CH-8001 Zurich, Switzerland.

Group Executive Board

The GEB has business management responsibility for UBS. The Group CEO and the members of the GEB are appointed by the Board of Directors and are accountable to the Chairman and the Board for the firm's results. The GEB, and in particular the Group CEO, are responsible for the implementation and results of the firm's business strategies, for the alignment of the Business Groups to UBS integrated business model, and for the exploitation of synergies across the firm.

The business address of the members of the GEB is UBS AG, Bahnhofstrasse 45, CH-8001 Zurich, Switzerland.

Potential conflicts of interest

Members of the BoD and GEB may act as directors or executive officers of other companies (please see above under "Details of the Executive Bodies of the Company") and may have economic interests that differ from those of the Issuer. Potential conflicts of interest may arise from these positions or interests. UBS is confident that its internal corporate governance practices and its compliance with relevant legal

[5] At the Annual General Meeting on 23 April 2008 the shareholders reduced the term of office for the members of the BoD from three years to one year. As a result, the new members were elected for one year. For existing members the one-year term starts from the point at which they are re-elected.

and regulatory provisions reasonably ensure that any conflicts of interest of the type described above are appropriately managed, including disclosure when appropriate.

VI. AUDITORS

On 23 April 2008, the UBS Annual General Meeting reelected Ernst & Young Ltd., Aeschengraben 9, 4002 Basel, Switzerland, as the Group and statutory auditor in accordance with company law and banking law provisions for a further one-year term. Ernst & Young Ltd., Basel, is a member of the Swiss Institute of Certified Accountants and Tax Consultants based in Zurich, Switzerland.

VII. MAJOR SHAREHOLDERS OF THE ISSUER

The ownership of UBS shares is broadly disbursed. As at 31 December 2007, Chase Nominees Ltd., London, was registered with a 7.99 per cent holding (31 December 2006: 8.81 per cent, 31 December 2005: 8.55 per cent) of total share capital held in trust for other investors. As at 31 December 2007, the US securities clearing organisation DTC (Cede & Co.) New York, "The Depository Trust Company", held 14.15 per cent (31 December 2006: 13.21 per cent, 31 December 2005: 9.95 per cent) of total share capital in trust for other beneficiaries. As of 8 February 2008, Credit Suisse Group, Zurich, directly or indirectly held a stake of 3.651% of acquisition positions, consisting of 19,160,098 (0.924%) UBS registered shares and a total of 56,550,917 (2.727 %) acquisition rights and granted disposal rights on UBS registered shares. At the same time, Credit Suisse Group directly or indirectly held 82,449,871 (3.976%) disposal rights relating to UBS registered shares.Pursuant to UBS provisions on registering shares, the voting rights of nominees are limited to 5 per cent. This regulation does not apply to securities clearing and settlement organisations. No other shareholder was registered with a holding in excess of 5 per cent of total share capital.

As of 29 February 2008, UBS held a stake of 5.73 % (118,912,541) of acquisition positions (proportion of voting rights) consisting of 104,858,252 UBS registered shares and a total of 14,054,289 acquisition rights and granted disposal rights on UBS registered shares. At the same time, UBS held 25.97 % (538,431,438) of disposal positions (proportion of voting rights) relating to UBS registered shares. These comprised, inter alia, conversion rights on 252,525,253 (12.18 %) UBS registered shares in the form of mandatory convertible notes ("MCNs") issued to the Government of Singapore Investment Corporation Pte. Ltd, Singapore, and another investor from the Middle East on 5 March 2008. Based on the maximum number of shares to be issued under the MCNs, the Government of Singapore Investment Corporation Pte. Ltd, as a result of the conversion, would hold approximately 252,525,253 (without giving effect to any adjustment made as a result of the rights offering) of UBS registered shares. As of 27 February 2008, the Government of Singapore Investment Corporation Pte. Ltd held 8,316,717 UBS shares.

Further details on the distribution of UBS shares, the number of registered and non-registered securities, voting rights as well as distribution by shareholder categories and geographical regions can be found in the Annual Report 2007 of UBS AG, 3 Corporate Governance and Compensation Report, in English, on pages C5-C6 (inclusive).

VIII. FINANCIAL INFORMATION CONCERNING THE ISSUER'S ASSETS AND LIABILITIES, FINANCIAL POSITION AND PROFITS AND LOSSES

A description of the Issuer's assets and liabilities, financial position and profits and losses is available in the Financial Report of the Issuer for financial year 2006 and in the Annual Report 2007 of UBS AG, 4 Financial Statements for financial year 2007, in English. In this context, the Issuer's fiscal year equals the calendar year.

In the case of financial year 2006 reference is made to

(i) the Financial Statements of UBS AG (Group), in particular the Income Statement of UBS AG (Group) on page A82, the Balance Sheet of UBS AG (Group) on page A83, the Statement of Cash Flows of UBS AG (Group) on pages A86 - A87 (inclusive) and the Notes to the Financial Statements on pages A88 - A214 (inclusive), and

(ii) the Financial Statements of UBS AG (Parent Bank), in particular the Income Statement of UBS AG (Parent Bank) on page A218, the Balance Sheet of UBS AG (Parent Bank) on page A219, the Statement of Appropriation of Retained Earnings of UBS AG (Parent Bank) on

page A220, the Notes to the Financial Statements on pages A221 - A225 (inclusive) and the Parent Bank Review on page A217, and

(iii) the sections entitled "Accounting Standards and Policies" on pages A67 - A72 (inclusive) in the Financial Report 2006.

In the case of financial year 2007 reference is made to

(i) the Financial Statements of UBS AG (Group), in particular to the Income Statement of UBS AG (Group) on page D18, the Balance Sheet of UBS AG (Group) on page D19, to the Statement of Cash Flows of UBS AG (Group) on pages D23 - D24 (inclusive) and to the Notes to the Financial Statements on pages D25 - D120 (inclusive), and

(ii) the Financial Statements of UBS AG (Parent Bank), in particular to the Income Statement of UBS AG (Parent Bank) on page D125, the Balance Sheet of UBS AG (Parent Bank) on page D126, to the Statement of Appropriation of Retained Earnings of UBS AG (Parent Bank) on page D127, to the Notes to the Financial Statements on page D128 and to the Parent Bank Review on page D124, and

All relevant financial information including the relevant notes thereto, contained therein and audited by the UBS auditor, form an integral component of this Prospectus, and are therefore fully incorporated in this Prospectus.

The Financial Reports form an essential part of UBS reporting. They include the audited Consolidated Financial Statements of UBS, prepared in accordance with International Financial Reporting Standards ("**IFRS**") and the audited financial statements of UBS AG, prepared according to Swiss banking law provisions. The Financial Reports also include discussions and analyses of the financial and business results of UBS and its business groups, as well as certain additional disclosures required under Swiss and US regulations.

The financial statements for UBS AG (Group) and its subsidiaries as well as for UBS AG (Parent Bank) were audited by Ernst & Young Ltd., Basel, for financial years 2006 and 2007. The "Report of the Statutory Auditors" of UBS AG (Parent Bank) can be found on page A226 of the Financial Reports for 2006 and on page D140 of the Annual Report 2007 of UBS AG, 4 Financial Statements. The "Report of the Group Auditors" of the UBS AG (Group) can be found on pages A80 – A81 (inclusive) of the Financial Reports for 2006 and on page D16 - D17 (inclusive) of the Annual Report 2007 of UBS AG, 4 Financial Statements.

Reference is also made to the English version of the Issuer's quarterly report for the first quarter 2008, which includes information concerning the Issuer's current assets and liabilities, financial position and profits and losses. The information contained in this report as of 31 March 2008 was not audited by the Issuer's statutory auditor.

1. LEGAL AND ARBITRATION PROCEEDINGS

UBS Group operates in a legal and regulatory environment that exposes them to potentially significant litigation risks. As a result, UBS is involved in various disputes and legal proceedings, including litigation, arbitration, and regulatory and criminal investigations. Such cases are subject to many uncertainties, and their outcome is often difficult to predict, particularly in the earlier stages of a case. In certain circumstances, to avoid the expense and distraction of legal proceedings, UBS may based on a cost benefit analysis enter a settlement even though UBS denies any wrongdoing. UBS Group makes provisions for cases brought against it only when after seeking legal advice, in the opinion of management, it is probable that a liability exists, and the amount can be reasonably estimated. No provision is made for claims asserted against UBS Group that in the opinion of management are without merit and where it is not likely that UBS will be found liable.

Currently, UBS is responding to a number of regulatory inquiries and investigations, and is involved in a number of litigations and disputes, related to the sub-prime crisis, subprime securities, and structured transactions involving subprime securities. These matters concern, among other things, UBS' valuations, disclosures, write-downs, underwriting, and contractual obligations. UBS has been in regular communication with its home country consolidated regulator, the Swiss Federal Banking Commission (EBK), regarding some of these issues and others, including the role of internal control units, governance and processes around risk control and valuation of sub-prime instruments, compliance with public

disclosure rules, and the business rationales for the launching and the reintegration of Dillon Read Capital Management.

Within the last 12 months until the date of this document, UBS has been involved in the following material legal :

(a) Tax Shelter: In connection with a criminal investigation of tax shelters, the United States Attorney's Office for the Southern District of New York ("US Attorney's Office") is examining UBS' conduct in relation to certain tax-oriented transactions in which UBS and others engaged during the years 1996–2000. Some of these transactions were the subject of the Deferred Prosecution Agreement which the accounting firm KPMG LLP entered into with the US Attorney's Office in August 2005, and are at issue in *United States v. Stein, S1 05 Cr. 888 (LAK).* UBS is cooperating in the government's investigation.

(b) Municipal Bonds: In November 2006, UBS and others received subpoenas from the US Department of Justice, Antitrust Division, and the SEC relating to derivative transactions entered into with municipal bond issuers and to the investment of proceeds of municipal bond issuances. Both investigations are ongoing, and UBS is cooperating. In the SEC investigation, on 4 February 2008, UBS received a "Wells notice" advising that the SEC staff is considering recommending that the SEC bring a civil action against UBS AG in connection with the bidding of various financial instruments associated with municipal securities. Under the SEC's Wells process, UBS will have the opportunity to set forth reasons of law, policy or fact why such an action should not be brought.

(c) HealthSouth: UBS is defending itself in two purported securities class actions brought in the US District Court of the Northern District of Alabama by holders of stock and bonds in HealthSouth Corp. UBS also is a defendant in HealthSouth derivative litigation in Alabama State Court and has responded to an SEC investigation relating to UBS' role as a banker for HealthSouth.

(d) Parmalat: UBS is involved in a number of proceedings in Italy related to the bankruptcy of Parmalat. These proceedings include, *inter alia*, clawback proceedings against UBS Limited in connection with a structured finance transaction. Further, UBS is a defendant in two civil damages claims brought by Parmalat, one of which relates to the same structured finance transaction against UBS Limited, while the other against UBS AG relates to certain derivative transactions. In addition, UBS Limited and one current and one former UBS employee are the subject of criminal proceedings in Milan. UBS AG and UBS Limited are defendants in civil actions brought by Parmalat investors in parallel with the criminal proceedings in Milan. Furthermore, four current or former UBS employees are defendants in relation to criminal proceedings in Parma. Civil claims have also been recently filed in parallel with the criminal proceedings by Parmalat against the individuals and UBS Limited and also by Parmalat investors against the individuals, UBS AG and UBS Limited. UBS AG and UBS Limited deny the allegations made against them and against the individuals in these matters and are vigorously defending themselves in these proceedings.

(e) Auction Rate Securities Litigation: UBS has been named in three putative class actions and several arbitrations and individual civil litigations, and is responding to numerous regulatory requests, including requests from the SEC and a number of state regulators, relating to the marketing and sale of Auction Rate Securities (ARS) to clients and to UBS' role and participation in ARS auctions. The requests and the class actions followed the disruption in the markets for these securities and related auction failures since mid-February 2008.

(f) US Cross-Border: The DOJ and the SEC are examining UBS's conduct in relation to cross-border services provided by Swiss-based UBS client advisors to U.S. clients during the years 2000-2007. In particular, DOJ is examining whether certain U.S. clients sought, with the assistance of UBS client advisors, to evade their U.S. tax obligations by avoiding restrictions on their securities investments imposed by the Qualified Intermediary agreement UBS entered into with the U.S. Internal Revenue Service in 2001. As has been reported, in connection with this investigation, a senior UBS employee was detained by U.S. authorities as a "material witness", and he remains in the U.S. until his status as a witness is resolved. As has also previously been reported, a former UBS AG client advisor was charged in an indictment unsealed on 13 May 2008 in the Southern District of Florida with conspiring to defraud the United States and the Internal Revenue Service in connection with providing investment and other services to a U.S. person who is alleged to have evaded U.S. income taxes on income earned on assets maintained in, among other places, a

former UBS AG account in Switzerland. The SEC is examining whether Swiss-based UBS client advisors engaged in activities in relation to their U.S.-domiciled clients that triggered an obligation for UBS Switzerland to register with the SEC as a broker-dealer and/or investment adviser. UBS has been cooperating with these investigations.

(g) U.S. Cross-Border: The Department of Justice ("DOJ") and the Securities and Exchange Commission ("SEC") are examining UBS' conduct in relation to cross-border services provided by Swiss-based UBS client advisors to US clients during the years 2000-2007. In particular, DOJ is examining whether certain US clients sought, with the assistance of UBS client advisors, to evade their U.S. tax obligations by avoiding restrictions on their securities investments imposed by the Qualified Intermediary agreement UBS entered into with the U.S. Internal Revenue Service in 2001. The SEC is examining whether Swiss-based UBS client advisors engaged in activities in relation to their US-domiciled clients that triggered an obligation for UBS Switzerland to register with the SEC as a broker-dealer and/or investment adviser. UBS is cooperating with these investigations.

(h) Insight One: In early July 2007, UBS agreed to a settlement of the InsightOne case after the New York State Attorney General filed a civil complaint regarding UBS' fee-based brokerage program for private clients in the United States in December 2006. UBS denied that the program was part of a scheme to disadvantage clients, but chose to settle to bring the proceedings to an end. Under the settlement, UBS paid a total of USD 23.3 million, of which USD 21.3 million was paid to certain current and former InsightOne customers pursuant to an agreed upon remediation plan, and USD 2 million was paid in penalties. In 2006, UBS established provisions sufficient to cover the settlement, and therefore the settlement did not impact UBS' net profit in 2007.

(i) Bankruptcy Estate of Enron: In June 2007, UBS and Enron settled adversarial proceedings in the US Bankruptcy Court for the Southern District of New York brought by Enron to avoid and recover payments made prior to filing for bankruptcy in connection with equity forward and swap transactions. UBS believed it had valid defences to all of Enron's claims, but chose to settle to eliminate the uncertainty created by the proceeding. Under the terms of the settlement, UBS paid Enron USD 115 million and waived a proof of claim for approximately USD 5.5 million that UBS filed in Enron's bankruptcy case. In 2006, UBS recognized a provision for more than half of the settlement amount, with the difference recognized in 2007. Therefore, the settlement did not materially impact UBS' net profit in 2007.

Besides the proceedings specified above under (a) through (i) no governmental, legal or arbitration proceedings, which may significantly affect the Issuer's financial condition are or have been pending, nor is the Issuer aware that any such governmental, legal or arbitration proceedings are threatened.

2. SIGNIFICANT CHANGES IN THE FINANCIAL SITUATION OF THE ISSUER

Since the last audited financial statements for the period ending 31 December 2007, the following changes occurred or are planned to occur:

As reflected in UBS' Financial Report for the first quarter 2008, UBS incurred in the quarter a net loss attributable to shareholders of approximately CHF 11.5 billion.

Apart from the above-mentioned, there has been no material adverse change in UBS' financial or trading position since 31 December 2007.

IX. MATERIAL CONTRACTS

No material agreements have been concluded outside of the normal course of business which could lead to UBS being subjected to an obligation or obtaining a right, which would be of key significance to the Issuer's ability to meet its obligations to the investors in relation to the issued securities.

independence in investment decision making and operates as a self contained and focused assets management firm.

Investment Bank

UBS Investment Bank is, according to UBS' own opinion, one of the world's leading investment banking and securities firms, providing a full range of products and services to corporate and institutional clients, governments, financial intermediaries and alternative asset managers. Its investment bankers, salespeople and research analysts, supported by its risk and logistics teams, deliver advice and execution to clients all over the world. The Investment Bank also works with financial sponsors and hedge funds and indirectly meets the needs of private investors through both UBS' own wealth management business and through other private banks.

Corporate Center

The Corporate Center currently includes risk control, financial control, treasury, corporate communications, legal and compliance, human resources, strategy, offshoring and technology functions for the Group.

Competition

UBS faces stiff competition in all business areas. Both in Switzerland and abroad, the Bank competes with asset management companies, commercial, investment and private banks, brokerages and other financial services providers. Competitors include not only local banks, but also global financial institutions, which are similar to UBS in terms of both size and services offered.

In addition, the consolidation trend in the global financial services sector is introducing new competition, which may have a greater impact on prices, as a result of an expanded range of products and services and increased access to capital and growing efficiency.

III. ORGANISATIONAL STRUCTURE OF THE ISSUER

The objective of UBS' group structure is to support the business activities of the Company within an efficient legal, tax, supervisory and financial framework. None of the individual divisions, Global Wealth Management & Business Banking, Global Asset Management, Investment Bank (the "**Divisions**"), nor the Corporate Center are legally independent entities; instead, they perform their activities through the domestic and foreign offices of the parent bank, UBS AG.

Settlement of transactions through the parent bank allows UBS to fully exploit the advantages generated for all divisions through the use of a single legal entity. In cases where it is impossible or inefficient to process transactions via the parent, due to local statutory, tax or supervisory provisions or newly acquired companies, these tasks are performed on location by legally independent group companies. The major subsidiaries are listed in the Annual Report 2007 of UBS AG, 4 Financial Statements, in English, on pages D96 - D99 (inclusive).

IV. TREND INFORMATION

Recent Developments

- On 17 July 2008, UBS announced that it would no longer provide offshore banking and securities services to US residents through its bank branches. Such services will only be provided through SEC-registered companies.
- On 8 August 2008, UBS announced a settlement in principle with the SEC and various US states pursuant to which it will agree to purchase at par all action rate securities ("**ARS**") held in UBS client accounts. The agreement specifies different time periods during which the offers to purchase will be in effect, depending upon client categories. UBS also agreed to pay fines totalling USD 150 million. This settlement is in addition to a previously announced plan to establish a trust structure that would, subject to regulatory approval, offer to purchase at par all tax-exempt auction preferred stock (type of ARS) held by UBS clients. UBS announced that it would establish a provision of USD 900 million in its second quarter results in connection with the ARS matter.

- On 12 August 2008, UBS reported a Group net loss attributable to shareholders of CHF 358 million for the second quarter ended 30 June 2008. Trading conditions deteriorated significantly in the second half of May, in particular for assets related to US residential real estate as well as other structured credit positions. This development led to second quarter losses and writedowns of around USD 5.1 billion on related positions. In addition, the second quarter was also characterized by generally lower client activity, in particular lower capital markets and mergers and acquisitions activity, and falling security prices. The second quarter result also included a tax credit of approximately CHF 3,829 million.

- On 12 August 2008, UBS published a summary of the remediation plan submitted to the Swiss Federal Banking Commission ("**SFBC**"). The plan details the actions UBS is taking to address the findings of its earlier report to the SFBC (summary published on 21 April 2008) on the causes of the sub-prime losses incurred in 2007. Some of the measures are already well under way. The plan details their owners and commits UBS to specific deadlines.

- On 12 August 2008, UBS announced changes to its strategic direction and the launch of a comprehensive program to re-engineer its business. UBS will separate its business divisions into three autonomous units and vest them with increased operational authority and accountability. The executive management of the Group will be led by the Chief Executive Officer ("**CEO**") who will be supported by the Group Executive Board ("**GEB**") and its newly established Executive Committee. The full GEB will focus on group-wide interests and will, in particular, manage shared services and group leadership development, grow cross-divisional revenues, oversee regional governance, and review proposed changes to the business portfolio. The Executive Committee, which will consist of the Chief Executive Officer ("**CEO**"), the Chief Financial Officer ("**CFO**"), the Chief Risk Officer ("**CRO**") and the General Counsel, will decide on the resource allocation of the Group. It will set and monitor the performance targets for the business divisions, risk parameters, capital allocation and funding terms. Divisional CEOs will be tasked with leading their business in a much more autonomous manner, accountable for dedicated capital resources, people and infrastructure. Regional CEOs will drive cross-divisional collaboration to generate value for UBS' shareholders and will assume group-wide regional regulatory responsibility. Corporate Center will be responsible for providing state-of-the-art group level control in the areas of finance, risk, legal and compliance, and significant attention will be devoted to strengthening and empowering these functions throughout the firm.

  The change of UBS' business model will be achieved with a centrally managed change program, covering structural, legal and financial aspects of the transformation. The seven streams of this program, which will start immediately, are:

  - Revised incentive systems to reward divisional management and staff for shareholder value creation in their own business division (during fourth quarter 2008);
  - Further enhancements to the funding framework so that the costs and structure of liabilities of each business division approximate those of stand-alone competitors (end 2009);
  - Adjustments to the executive governance structure to reflect the above changes (by end third quarter 2008);
  - Development of targets and performance indicators consistent with the repositioning of the business divisions (end 2008);
  - Reduction of the size and scope of the Corporate Center, in line with the re-allocation of process ownership to the divisions;
  - Review of intra-divisional servicing, revenue sharing and referral arrangements (mid 2009);
  - Continuation of the strategic cost reduction program targeted at increasing the efficiency of the Group.

UBS expects the change program to be completed by the end of 2009.

In the second half of the year UBS does not expect any improvement in current adverse economic and financial market trends. UBS will continue its program to reduce personnel levels, costs and risk concentrations.

V. ADMINISTRATIVE, MANAGEMENT AND SUPERVISORY BODIES OF THE ISSUER

UBS operates under a strict dual Board structure, as mandated by Swiss banking law. This structure establishes checks and balances and creates an institutional independence of the Board of Directors ("**BoD**") from the day-to-day management of the firm, for which responsibility is delegated to the Group Executive Board. No member of one Board may be a member of the other.

The supervision and control of the executive management remains with the BoD. The Articles of Association and the Organisation Regulations of UBS AG, with their annexes govern all details as to authorities and responsibilities of the two bodies. Please refer to www.ubs.com/corporate-governance.

The BoD consists of at least six and a maximum of twelve members. The term of office for members of the board is one year.

Marco Suter who had expressed his desire to step down from his role as Group Chief Financial Officer will hand over his position to John Cryan on 1 September 2008.

Robert Wolf	Chairman and CEO, Group Americas and President and Chief Operating Officer, Investment Bank

No member of the GEB has any significant business interests outside of UBS.

Board of Directors

The BoD is the most senior body of UBS. All the members of the BoD are elected individually by the Annual General Meeting for a term of office of one year[10]. The BoD itself then appoints its Chairman, the Vice Chairmen, the Deputy, the Senior Independent Director and the Chairmen and members of the varios BoD Committees (Audit Committee; Corporate Responsibility Committee; Governance and Nominating Committee; Human Resources and Compensation Committee ("**HRCC**"); Risk Committee and Strategy Committee)[11].

The BoD has ultimate responsibility for promoting the success of UBS and delivering sustainable shareholder value within a framework of prudent and effective controls which enables risk to be assessed and managed. The BoD sets UBS' strategic aims, ensures that the necessary financial and human resources are in place for UBS to meet its objectives and reviews management performance. The BoD sets UBS' values and standards and ensures that its obligations to its shareholders and others are met. The BoD's proposal for election of members of the BoD must be such that three quarters of the members will, following election, be independent. While the Chairman does not need to be independent, at least one of the Vice-Chairmen must be. The BoD meets as often as business requires, and at least six times a year.

The business address of the members of the BoD is UBS AG, Bahnhofstrasse 45, CH-8001 Zurich, Switzerland.

Group Executive Board

Under the leadership of the Group CEO, the GEB has executive management responsibility for UBS Group. It assumes overall responsibility for the development of the firm's business strategies and the implementation of approved strategies. All GEB Members are proposed by the Group CEO and the BoD approves the appointments of the Group CEO, the Group CFO, the Group CRO and the Group General Counsel; the HRCC approves all other GEB Members.

The business address of the members of the GEB is UBS AG, Bahnhofstrasse 45, CH-8001 Zurich, Switzerland.

Potential conflicts of interest

Members of the BoD and GEB may act as directors or executive officers of other companies (please see above under "Details of the Executive Bodies of the Company") and may have economic or other private interests that differ from those of the Issuer. Potential conflicts of interest may arise from these positions or interests. UBS is confident that its internal corporate governance practices and its compliance with relevant legal and regulatory provisions reasonably ensure that any conflicts of interest of the type described above are appropriately managed, including disclosure when appropriate.

VI. AUDITORS

On 23 April 2008, the UBS Annual General Meeting reelected Ernst & Young Ltd., Aeschengraben 9, 4002 Basel, Switzerland, as the Group and statutory auditor in accordance with company law and banking law provisions for a further one-year term. Ernst & Young Ltd., Basel, is a member of the Swiss Institute of Certified Accountants and Tax Consultants based in Zurich, Switzerland.

---

[10] At the Annual General Meeting on 23 April 2008 the shareholders reduced the term of office for the members of the BoD from three years to one year. As a result, the new members were elected for one year. For existing members the one-year term starts from the point at which they are re-elected.

[11] New committee structure effective as of 1 July 2008.

VII. MAJOR SHAREHOLDERS OF THE ISSUER

The ownership of UBS shares is broadly dispersed. As at 30 June 2008, Chase Nominees Ltd., London, was registered with a 7.35 % holding (31 December 2007: 7.99 %, 31 December 2006: 8.81 %) of total share capital held in trust for other investors. As at 30 June 2008, the US securities clearing organisation DTC (Cede & Co.) New York, "The Depository Trust Company", held 11.27 % (31 December 2007: 14.15 %, 31 December 2006: 13.21 %) of total share capital in trust for other beneficiaries. As of 25 June 2008, Credit Suisse Group held acquisition positions relating to shares of UBS AG which corresponds to less than 3 % of the total share capital of UBS AG.

Pursuant to UBS provisions on registering shares, the voting rights of nominees are limited to 5 %. This regulation does not apply to securities clearing and settlement organisations. No other shareholder was registered with a holding in excess of 3 % of all voting rights. Only shareholders registered in the share register as shareholders with voting rights are entitled to exercise voting rights.

As of 23 June 2008, UBS held acquisition positions relating to 144,426,836 voting rights of UBS AG which corresponds to 4.92 % of the total voting rights of UBS AG.

At the same time UBS held disposal positions relating to 575,390,973 voting rights of UBS AG, corresponding to 19.62 % of the total voting rights of UBS AG. These comprised largely 9.15 % voting rights attached to employee options and 9.22 % voting rights attached to the mandatory convertible notes ("**MCNs**") issued to the Government of Singapore Investment Corporation Pte. Ltd, Singapore, and an investor from the Middle East on 5 March 2008. As of 15 July 2008, the Government of Singapore Investment Corporation Pte. Ltd reported in a filing with the US Securities and Exchange Commission that it held 240,223,963 UBS shares, including 228,832,951 shares to be received upon conversion of the MCNs.

Further details on the distribution of UBS shares, the number of registered and non-registered securities, voting rights as well as distribution by shareholder categories and geographical regions can be found in the Annual Report 2007 of UBS AG, 3 Corporate Governance and Compensation Report, in English, on pages 5-6 (inclusive) and on the website of UBS AG (http://www.ubs.com/1/e/investors/shareholder_details/distribution.html).

VIII. FINANCIAL INFORMATION CONCERNING THE ISSUER'S ASSETS AND LIABILITIES, FINANCIAL POSITION AND PROFITS AND LOSSES

A description of the Issuer's assets and liabilities, financial position and profits and losses is available in the Financial Report of the Issuer for financial year 2006 and in the Annual Report 2007 of UBS AG, 4 Financial Statements for financial year 2007, in English, which were restated on 14 April 2008 (see (iV) below). In this context, the Issuer's fiscal year equals the calendar year.

In the case of financial year 2006 reference is made to

(i) the Financial Statements of UBS AG (Group), in particular the Income Statement of UBS AG (Group) on page A82, the Balance Sheet of UBS AG (Group) on page A83, the Statement of Cash Flows of UBS AG (Group) on pages A86 - A87 (inclusive) and the Notes to the Financial Statements on pages A88 - A214 (inclusive), and

(ii) the Financial Statements of UBS AG (Parent Bank), in particular the Income Statement of UBS AG (Parent Bank) on page A218, the Balance Sheet of UBS AG (Parent Bank) on page A219, the Statement of Appropriation of Retained Earnings of UBS AG (Parent Bank) on page A220, the Notes to the Financial Statements on pages A221 - A225 (inclusive) and the Parent Bank Review on page A217, and

(iii) the sections entitled "Accounting Standards and Policies" on pages A67 - A72 (inclusive) in the Financial Report 2006.

In the case of financial year 2007 reference is made to

(i) the Financial Statements of UBS AG (Group), in particular to the Income Statement of UBS AG (Group) on page D18, the Balance Sheet of UBS AG (Group) on page D19, to the Statement of Cash Flows of UBS AG (Group) on pages D23 - D24 (inclusive) and to the Notes to the Financial Statements on pages D25 - D120 (inclusive), and

(ii) the Financial Statements of UBS AG (Parent Bank), in particular to the Income Statement of UBS AG (Parent Bank) on page D125, the Balance Sheet of UBS AG (Parent Bank) on page D126, to the Statement of Appropriation of Retained Earnings of UBS AG (Parent Bank) on

page D127, to the Notes to the Financial Statements on page D128 and to the Parent Bank Review on page D124, and

(iii) the sections entitled "Accounting Standards and Policies" on pages D3 - D8 (inclusive) in the Annual Report 2007 of UBS AG, 4 Financial Statements.

(iv) In January 2008, the International Accounting Standards Board ("**IASB**") issued an amendment to IFRS 2 Share-based Payment. The amended standard, entitled IFRS 2 Sharebased Payment: Vesting Conditions and Cancellations, is effective 1 January 2009 (early adoption permitted). The new standard clarifies the definition of vesting conditions and the accounting treatment of cancellations. UBS has early adopted this amended standard as of 1 January 2008. Under the amended standard, UBS is required to distinguish between vesting conditions (such as service and performance conditions) and non-vesting conditions. The amended standard no longer considers vesting conditions to include certain non-compete provisions and transfer restrictions. Prior to adopting this amendment, UBS treated non-compete provisions as vesting conditions. The impact of this change will be that, from 1 January 2008, most of UBS' share and certain option awards will be expensed in the performance year rather than over the period through which the non-compete conditions are applicable. Restrictions remaining effective after the employee becomes entitled to the share-based award will be considered when determining grant date fair value. Following adoption of this amendment, UBS has fully restated the two comparative prior years (2006 and 2007). The effect of the restatement on the opening balance at 1 January 2006 was as follows: reduction of retained earnings by approximately CHF 2.2 billion, increase of share premium by approximately CHF 2.3 billion, increase of liabilities (including deferred tax liabilities) by approximately CHF 0.3 billion, and increase of deferred tax assets by approximately CHF 0.4 billion. Additional compensation expense of approximately CHF 800 million and approximately CHF 500 million was recognized in 2007 and 2006, respectively. The additional compensation expense is attributable to the acceleration of expense related to share-based awards which contain non-compete provisions and transfer restrictions that no longer qualify as vesting conditions under the Standard. The additional compensation expense of approximately CHF 800 million for 2007 includes awards granted in 2008 for the performance year 2007.

Reference is also made to the Consolidated Financial Statements (restated) of UBS AG for the financial year 2007, in particular the Income Statement of UBS AG (Group) on page F-31, the Balance Sheet of UBS AG (Group) on page F-32, (iii) the Statement of Cash Flows of UBS AG (Group) on pages F-37 - F-38 (inclusive) and the Notes to the Financial Statements on pages page F-39 - F-139 (inclusive).

All relevant financial information including the relevant notes thereto, contained therein and audited by the UBS auditor, form an integral component of this Prospectus, and are therefore fully incorporated in this Prospectus.

The financial reports form an essential part of UBS reporting. They include the audited Consolidated Financial Statements of UBS, prepared in accordance with International Financial Reporting Standards ("**IFRS**") and the audited financial statements of UBS AG, prepared according to Swiss banking law provisions. The financial reports also include discussions and analyses of the financial and business results of UBS and its Divisions, as well as certain additional disclosures required under Swiss and US regulations.

The financial statements for UBS AG (Group) and its subsidiaries as well as for UBS AG (Parent Bank) were audited by Ernst & Young Ltd., Basel, for financial years 2006 and 2007. The "Report of the Statutory Auditors" of UBS AG (Parent Bank) can be found on page A226 of the Financial Reports for 2006 and on page D140 of the Annual Report 2007 of UBS AG, 4 Financial Statements. The "Report of the Group Auditors" of the UBS AG (Group) can be found on pages A80 – A81 (inclusive) of the Financial Reports for 2006 and on page D16 - D17 (inclusive) of the Annual Report 2007 of UBS AG, 4 Financial Statements, and on page F-29 – F-30 (inclusive) of the Consolidated Financial Statements (restated) of UBS AG for the financial year 2007.

Reference is also made to the English version of the Issuer's quarterly report for the second quarter 2008, which includes information concerning the Issuer's current assets and liabilities, financial position and profits and losses. The information contained in this report as of 30 June 2008 was not audited by the Issuer's statutory auditor.

1. LEGAL AND ARBITRATION PROCEEDINGS

UBS Group operates in a legal and regulatory environment that exposes it to potentially significant litigation and other risks. As a result, UBS is involved in various disputes and legal proceedings, including litigation, arbitration, and regulatory and criminal investigations. Such cases are subject to many uncertainties, and their outcome is often difficult to predict, including the impact on the operations or financial statements, particularly in the earlier stages of a case. In certain circumstances, to avoid the expense and distraction of legal proceedings, UBS may, based on a cost benefit analysis, enter into a settlement even though UBS denies any wrongdoing. The Group makes provisions for cases brought against it only when after seeking legal advice, in the opinion of management, it is probable that a liability exists, and the amount can be reasonably estimated. No provision is made for claims asserted against the Group that in the opinion of management are without merit and where it is not likely that UBS will be found liable.

Within the last 12 months until 27 August 2008, UBS has been involved in the following legal proceedings which could be material to the Group:

(a) Tax Shelter: In connection with a criminal investigation of tax shelters, the United States Attorney's Office for the Southern District of New York ("**US Attorney's Office**") is examining UBS' conduct in relation to certain tax-oriented transactions in which UBS and others engaged during the years 1996-2000. Some of these transactions were the subject of the Deferred Prosecution Agreement which the accounting firm KPMG LLP entered into with the US Attorney's Office in August 2005, and are at issue in United States v. Stein, S1 05 Cr. 888 (LAK). UBS is cooperating in the government's investigation.

(b) Municipal Bonds: In November 2006, UBS and others received subpoenas from the US Department of Justice, Antitrust Division, and the US Securities and Exchange Commission ("**SEC**") relating to derivative transactions entered into with municipal bond issuers and to the investment of proceeds of municipal bond issuances. Both investigations are ongoing, and UBS is cooperating. In the SEC investigation, on 4 February 2008, UBS received a "Wells notice" advising that the SEC staff is considering recommending that the SEC bring a civil action against UBS AG in connection with the bidding of various financial instruments associated with municipal securities. Under the SEC' Wells process, UBS will have the opportunity to set forth reasons of law, policy or fact why such an action should not be brought.

(c) HealthSouth: UBS is defending itself in two purported securities class actions brought in the US District Court for the Northern District of Alabama by holders of stock and bonds in HealthSouth Corp. UBS also is a defendant in HealthSouth derivative litigation in Alabama State Court and has responded to an SEC investigation relating to UBS' role as a banker for HealthSouth.

(d) Parmalat: UBS is involved in a number of proceedings in Italy related to the bankruptcy of Parmalat. UBS Limited and one current and one former UBS employee are the subject of criminal proceedings in Milan. UBS AG and UBS Limited are defendants in civil actions brought by Parmalat investors in parallel with these criminal proceedings. Furthermore, two current and two former UBS employees (two of whom are the defendants in Milan) are defendants in relation to criminal proceedings in Parma. Civil claims have also been recently filed in parallel with the criminal proceedings by Parmalat investors against the individuals, UBS AG and UBS Limited. UBS AG and UBS Limited deny the allegations made against them and against the individuals in the matters and are defending themselves. In June 2008, UBS settled all civil claims brought by Parmalat (and Mr Enrico Bondi) against UBS, including clawback proceedings against UBS Limited in connection with a structured finance transaction, two civil damages claims brought by Parmalat, and civil actions against the individuals and UBS Limited brought in parallel with the criminal proceedings in Parma.

(e) Auction Rate Securities: UBS has been sued by three state regulatory authorities and is being investigated by the SEC and other regulators, including a number of state regulators and the US Attorney for the District of New Hampshire, relating to the marketing and sale of auction rate securities (ARS) to clients and to UBS' role and participation in ARS auctions. UBS also has been named in several putative class actions and individual civil suits and a large number of individual arbitrations. The regulatory actions and investigations and the class actions followed the disruption in the markets for these securities and related auction failures since mid-February 2008. Plaintiffs and the regulators are generally seeking rescission, *i.e.* for UBS to purchase their ARS at par value, as well as compensatory damages, disgorgement of profits and in some cases penalties. In May 2008, UBS entered into a settlement with the Massachusetts Attorney General

in which UBS agreed to buy back USD 36 million in auction rate securities that had been sold to general purpose municipal accounts but were impermissible for those accounts. On 8 August 2008, UBS announced a settlement in principle with the New York Attorney General (NYAG), the Massachusetts Securities Division, the SEC and other state regulatory agencies represented by the North American Securities Administrators Association to restore liquidity to all remaining clients' holdings of ARS. The agreement obligates UBS to offer to repurchase all remaining clients' holdings of ARS during specified future periods, to pay a fine totalling USD 150 million to state regulatory agencies and to reimburse all clients for losses incurred from sales of ARS holdings between 13 February 2008 and 8 August 2008. In connection with these matters, UBS established a provision of USD 900 million (CHF 919 million) in the second quarter.

(f) US Cross-Border: UBS AG has been responding to a number of governmental inquiries and investigations relating to its cross-border private banking services to US private clients during the years 2000-2007. In particular, the US Department of Justice ("**DOJ**") is examining whether certain US clients sought, with the assistance of UBS client advisors, to evade their US tax obligations by avoiding restrictions on their securities investments imposed by the Qualified Intermediary Agreement ("**QIA**") UBS entered into with the US Internal Revenue Service ("**IRS**") in 2001. DOJ and IRS are also examining whether UBS AG has been compliant with withholding obligations in relation to sales of non-US securities under the so-called Deemed Sales and Paid in US tax regulations. In connection with DOJ's investigation, a senior UBS employee was detained by US authorities as a "material witness", and he remains in the United States until his status as a witness is resolved. On 19 June 2008, a former UBS AG client advisor pleaded guilty to one count of conspiracy to defraud the United States and the IRS in connection with providing investment and other services to a US person who is alleged to have evaded US income taxes on income earned on assets maintained in, among other places, a former UBS AG account in Switzerland. The IRS has issued a civil summons to UBS AG requesting information relating to its US clients and also submitted corresponding legal and administrative assistance requests to the competent Swiss authorities. UBS is seeking to address these requests with both Swiss and US government authorities within the legal framework for intergovernmental cooperation and assistance established between Switzerland and the United States. Further, the IRS has delivered to UBS AG a notice concerning alleged violations of the QIA which UBS is responding to under the applicable cure process. The SEC is examining whether Swiss-based UBS client advisors engaged in activities in relation to their US-domiciled clients that triggered an obligation for UBS Switzerland to register with the SEC as a broker-dealer and/or investment adviser. Finally, the Swiss Federal Banking Commission is investigating UBS' crossborder servicing of US private clients under Swiss Banking Supervisory legislation. The investigations are also focused on the management supervision and control of the US cross-border business and the practices at issue. UBS has been working to respond in an appropriate and responsible manner to all of these investigations in an effort to achieve a satisfactory resolution of these matters.

(g) Sub-prime related Matters: UBS is responding to a number of governmental inquiries and investigations, and is involved in a number of litigations, arbitration and disputes, related to the sub-prime crisis, sub-prime securities, and structured transactions involving sub-prime securities. These matters concern, among other things, UBS' valuations, disclosures, write-downs, underwriting, and contractual obligations. In particular, UBS has been in regular communication with, and responding to inquiries by, its home country consolidated regulator, the Swiss Federal Banking Commission, and other regulators regarding some of these issues and others, including the role of internal control units, governance and processes around risk control and valuation of sub-prime instruments, compliance with public disclosure rules, and the business rationales for the launching and the reintegration of Dillon Read Capital Management.

(h) Insight One: In early July 2007, UBS agreed to a settlement of the InsightOne case after the New York State Attorney General filed a civil complaint regarding UBS' fee-based brokerage program for private clients in the United States in December 2006. UBS denied that the program was part of a scheme to disadvantage clients, but chose to settle to bring the proceedings to an end. Under the settlement, UBS paid a total of USD 23.3 million, of which USD 21.3 million was paid to certain current and former InsightOne customers pursuant to an agreed upon remediation plan, and USD 2 million was paid in penalties. In 2006, UBS established provisions sufficient to cover the settlement, and therefore the settlement did not impact UBS' Net profit in 2007.

(i) Bankruptcy Estate of Enron: In June 2007, UBS and Enron settled adversarial proceedings in the US Bankruptcy Court for the Southern District of New York brought by Enron to avoid and recover payments made prior to filing for bankruptcy in connection with equity forward and

swap transactions. UBS believed it had valid defences to all of Enron's claims, but chose to settle to eliminate the uncertainty created by the proceeding. Under the terms of the settlement, UBS paid Enron USD 115 million and waived a proof of claim for approximately USD 5.5 million that UBS filed in Enron's bankruptcy case. In 2006, UBS recognized a provision for more than half of the settlement amount, with the difference recognized in 2007. Therefore, the settlement did not materially impact UBS' Net profit in 2007.

Besides the proceedings specified above under (a) through (i) no governmental, legal or arbitration proceedings, which may significantly affect the Issuer's financial condition (as opposed to the operating results in the quarterly reporting period) are or have been pending, nor is the Issuer aware that any such governmental, legal or arbitration proceedings are threatened.

2. SIGNIFICANT CHANGES IN THE FINANCIAL SITUATION OF THE ISSUER

- On 17 July 2008, UBS announced that it would no longer provide offshore banking and securities services to US residents through its bank branches. Such services will only be provided through SEC-registered companies.
- On 8 August 2008, UBS announced a settlement in principle with the SEC and various US states pursuant to which it will agree to purchase at par all action rate securities ("**ARS**") held in UBS client accounts. The agreement specifies different time periods during which the offers to purchase will be in effect, depending upon client categories. UBS also agreed to pay fines totalling USD 150 million. This settlement is in addition to a previously announced plan to establish a trust structure that would, subject to regulatory approval, offer to purchase at par all tax-exempt auction preferred stock (type of ARS) held by UBS clients. UBS announced that it would establish a provision of USD 900 million in its second quarter results in connection with the ARS matter.
- On 12 August 2008, UBS reported a Group net loss attributable to shareholders of CHF 358 million for the second quarter ended 30 June 2008. Trading conditions deteriorated significantly in the second half of May, in particular for assets related to US residential real estate as well as other structured credit positions. This development led to second quarter losses and writedowns of around USD 5.1 billion on related positions. In addition, the second quarter was also characterized by generally lower client activity, in particular lower capital markets and mergers and acquisitions activity, and falling security prices. The second quarter result also included a tax credit of approximately CHF 3,829 million.
- On 12 August 2008, UBS published a summary of the remediation plan submitted to the Swiss Federal Banking Commission ("**SFBC**"). The plan details the actions UBS is taking to address the findings of its earlier report to the SFBC (summary published on 21 April 2008) on the causes of the sub-prime losses incurred in 2007. Some of the measures are already well under way. The plan details their owners and commits UBS to specific deadlines.
- On 12 August 2008, UBS announced changes to its strategic direction and the launch of a comprehensive program to re-engineer its business. UBS will separate its business divisions into three autonomous units and vest them with increased operational authority and accountability. The executive management of the Group will be led by the Chief Executive Officer ("**CEO**") who will be supported by the Group Executive Board ("**GEB**") and its newly established Executive Committee. The full GEB will focus on group-wide interests and will, in particular, manage shared services and group leadership development, grow cross-divisional revenues, oversee regional governance, and review proposed changes to the business portfolio. The Executive Committee, which will consist of the Chief Executive Officer ("**CEO**"), the Chief Financial Officer ("**CFO**"), the Chief Risk Officer ("**CRO**") and the General Counsel, will decide on the resource allocation of the Group. It will set and monitor the performance targets for the business divisions, risk parameters, capital allocation and funding terms. Divisional CEOs will be tasked with leading their business in a much more autonomous manner, accountable for dedicated capital resources, people and infrastructure. Regional CEOs will drive cross-divisional collaboration to generate value for UBS' shareholders and will assume group-wide regional regulatory responsibility. Corporate Center will be responsible for providing state-of-the-art group level control in the areas of finance, risk, legal and compliance, and significant attention will be devoted to strengthening and empowering these functions throughout the firm.

The change of UBS' business model will be achieved with a centrally managed change program, covering structural, legal and financial aspects of the transformation. The seven streams of this program, which will start immediately, are:

- Revised incentive systems to reward divisional management and staff for shareholder value creation in their own business division (during fourth quarter 2008);
- Further enhancements to the funding framework so that the costs and structure of liabilities of each business division approximate those of stand-alone competitors (end 2009);
- Adjustments to the executive governance structure to reflect the above changes (by end third quarter 2008);
- Development of targets and performance indicators consistent with the repositioning of the business divisions (end 2008);
- Reduction of the size and scope of the Corporate Center, in line with the re-allocation of process ownership to the divisions;
- Review of intra-divisional servicing, revenue sharing and referral arrangements (mid 2009);
- Continuation of the strategic cost reduction program targeted at increasing the efficiency of the Group.

UBS expects the change program to be completed by the end of 2009.

Apart from the above-mentioned, there has been no material change in UBS' financial or trading position of the Issuer since the publication of the 2nd quarter report of UBS AG (not audited) for the period ending 30 June 2008.

IX. MATERIAL CONTRACTS

No material agreements have been concluded outside of the normal course of business which could lead to UBS being subjected to an obligation or obtaining a right, which would be of key significance to the Issuer's ability to meet its obligations to the investors in relation to the issued securities.

The time limit is met if the declaration of withdrawal is duly dispatched.

1) In section "SUMMARY", the bullet points 'Who is the Issuer' and 'What is the Issuer's financial situation?' are completely replaced as follows:

"**Who is the Issuer?**

UBS AG, with registered offices in Zurich and Basel, Switzerland, was formed from the merger of Swiss Bank Corporation and Union Bank of Switzerland in 1998.

UBS AG (with its subsidiaries, "**UBS AG**" or "**UBS**") is, according to its own opinion, one of the world's leading financial firms, serving a discerning international client base. UBS is, according to its own opinion, a leading global wealth manager, a leading investment banking and securities firm with a strong institutional and corporate client franchise, one of the largest global asset managers and the market leader in Swiss commercial and retail banking. On 30 June 2008, UBS employed more than 80,000 people. With headquarters in Zurich and Basel, Switzerland, UBS operates in over 50 countries and from all major international centers.

UBS is, according to its own opinion, one of the best-capitalised financial institutions in the world. On 30 June 2008 the BIS Tier 1[1] ratio was 11.6 %, invested assets stood at CHF 2,763 billion, equity attributable to UBS shareholders was CHF 44,283 million and market capitalisation was CHF 62,874 million.

The rating agencies Standard & Poor's Inc. ("**Standard & Poor's**"), Fitch Ratings ("**Fitch**") and Moody's Investors Service Inc. ("**Moody's**") have assessed the creditworthiness of UBS, *i.e.* the ability of UBS to fulfil payment obligations, such as principal or interest payments on long-term loans, also known as debt servicing, in a timely manner. The ratings from Fitch and Standard & Poor's may be attributed a plus or minus sign, and those from Moody's a number. These supplementary attributes indicate the relative position within the respective rating class. Standard & Poor's currently rates UBS' creditworthiness with AA-[2], Fitch with A+[3] and Moody's with Aa2[4].

---

[1] Tier 1 capital comprises share capital, share premium, retained earnings including current year profit, foreign currency translation and minority interests less accrued dividends, net long positions in own shares and goodwill.

[2] On 17 October 2008, Standard & Poor's placed its counterparty credit ratings on UBS on CreditWatch with negative implications.

[3] On 24 October 2008, Fitch has downgraded UBS' long-term issuer default rating from AA- to A+.

[4] On 4 July 2008, Moody's downgraded the senior debt and deposit ratings of UBS AG from Aa1 to Aa2.

„Wer ist die Emittentin?

Die UBS AG (einschließlich ihrer Tochtergesellschaften „**UBS**" oder „**UBS AG**") ist nach eigener Einschätzung eines der global führenden Finanzinstitute für internationale anspruchsvolle Kundinnen und Kunden. UBS ist eigenen Angaben zufolge eine weltweit führende Anbieterin von Wealth-Management-Dienstleistungen und gehört zu den wichtigsten Investmentbanken und Wertschriftenhäusern mit einer starken Stellung im Geschäft mit institutionellen und Firmenkunden. Sie zählt nach eigener Einschätzung zu den größten Vermögensverwaltern und ist in der Schweiz Marktführer im Geschäft mit Privat- und Firmenkunden. UBS beschäftigte per 30. Juni 2008 über 80.000 Mitarbeiter. UBS mit Hauptsitz in Zürich und Basel, Schweiz, ist in 50 Ländern und an den wichtigsten internationalen Finanzplätzen vertreten.

Nach eigener Einschätzung gehört UBS zu den bestkapitalisierten Finanzinstituten der Welt. Am 30. Juni 2008 betrug die BIZ-Kernkapitalquote (Tier 1)[5] 11,6 %, das verwaltete Vermögen belief sich auf CHF 2.763 Mrd. und das UBS-Aktionären zurechenbare Eigenkapital lag bei CHF 44.283 Millionen. Die Marktkapitalisierung betrug CHF 62.874 Millionen.

Die Rating-Agenturen Standard & Poor's Inc. („**Standard & Poor's**"), Fitch Ratings („**Fitch**") und Moody's Investors Service Inc. („**Moody's**") haben die Bonität von UBS und damit ihre Fähigkeit, Zahlungsverpflichtungen, beispielsweise Tilgungs- und Zinszahlungen (Kapitaldienst) bei langfristigen Krediten, pünktlich nachzukommen, beurteilt und bewertet. Bei Fitch und Standard & Poor's kann die Beurteilung mit Plus- oder Minus-Zeichen, bei Moody's mit Ziffern versehen sein. Diese Zusätze geben Aufschluss über die Beurteilung innerhalb einer Bewertungsstufe. Dabei beurteilt Standard & Poor's die Bonität von UBS aktuell mit AA-[6], Fitch mit A+[7] und Moody's mit Aa2[8].

"OVERVIEW

UBS AG (with its subsidiaries, "**UBS AG**" or "**UBS**") is, according to its own opinion, one of the world's leading financial firms, serving a discerning international client base. UBS is, according to its own opinion, a leading global wealth manager, a leading investment banking and securities firm with a strong institutional and corporate client franchise, one of the largest global asset managers and the market leader in Swiss commercial and retail banking. On 30 June 2008, UBS employed more than 80,000 people. With headquarters in Zurich and Basel, Switzerland, UBS operates in over 50 countries and from all major international centers.

UBS is, according to its own opinion, one of the best-capitalised financial institutions in the world. On 30 June 2008 the BIS Tier 1[9] ratio was 11.6 %, invested assets stood at CHF 2,763 billion, equity attributable to UBS shareholders was CHF 44,283 million and market capitalisation was CHF 62,874 million.

The rating agencies Standard & Poor's Inc. ("**Standard & Poor's**"), Fitch Ratings ("**Fitch**") and Moody's Investors Service Inc. ("**Moody's**") have assessed the creditworthiness of UBS, *i.e.* the ability of UBS to fulfil payment obligations, such as principal or interest payments on long-term loans, also known as debt servicing, in a timely manner. The ratings from Fitch and Standard & Poor's may be attributed a plus or minus sign, and those from Moody's a number. These supplementary attributes indicate the

"DESCRIPTION OF THE ISSUER

The following description contains general information on UBS AG, Bahnhofstrasse 45, 8001 Zurich, Switzerland, and Aeschenvorstadt 1, 4051 Basel, Switzerland [, acting through its [London Branch,

1 Finsbury Avenue, London EC2M 2PP, United Kingdom] [Jersey Branch, 24 Union Street, Saint Helier, Jersey JE4 8UJ]].

OVERVIEW

UBS AG (with its subsidiaries, "**UBS AG**" or "**UBS**" or the "**Issuer**" or the "**Company**") is, according to its own opinion, one of the world's leading financial firms, serving a discerning international client base. UBS is, according to its own opinion, a leading global wealth manager, a leading investment banking and securities firm with a strong institutional and corporate client franchise, one of the largest global asset managers and the market leader in Swiss commercial and retail banking. On 30 September 2008, UBS employed more than 79,565 people. With headquarters in Zurich and Basel, Switzerland, UBS operates in over 50 countries and from all major international centers.

UBS is, according to its own opinion, one of the best-capitalised financial institutions in the world. On 30 September 2008, the BIS Tier 1[13] ratio was 10.8 %, invested assets stood at CHF 2,640 billion, equity attributable to UBS shareholders was CHF 46,412million and market capitalisation was CHF 54,135 million.

The rating agencies Standard & Poor's Inc. ("**Standard & Poor's**"), Fitch Ratings ("**Fitch**") and Moody's Investors Service Inc. ("**Moody's**") have assessed the creditworthiness of UBS, *i.e.* the ability of UBS to fulfil payment obligations, such as principal or interest payments on long-term loans, also known as debt servicing, in a timely manner. The ratings from Fitch and Standard & Poor's may be attributed a plus or minus sign, and those from Moody's a number. These supplementary attributes indicate the relative position within the respective rating class. Standard & Poor's currently rates UBS' creditworthiness with A+[14], Fitch with A+[15] and Moody's with Aa2.

I. Corporate Information

The legal and commercial name of the company is UBS AG. The company was incorporated under the name SBC AG on 28 February 1978 for an unlimited duration and entered in the Commercial Register of Canton Basel-City on that day. On 8 December 1997, the company changed its name to UBS AG. The company in its present form was created on 29 June 1998 by the merger of Union Bank of Switzerland (founded 1862) and Swiss Bank Corporation (founded 1872). UBS AG is entered in the Commercial Registers of Canton Zurich and Canton Basel-City. The registration number is CH-270.3.004.646-4.

UBS AG is incorporated and domiciled in Switzerland and operates under Swiss Code of Obligations and Swiss Federal Banking Law as an *Aktiengesellschaft*, a corporation that has issued shares of common stock to investors.

The addresses and telephone numbers of UBS' two registered offices and principal places of business are: Bahnhofstrasse 45, CH-8001 Zurich, Switzerland, telephone +41-44-234 11 11; and Aeschenvorstadt 1, CH-4051 Basel, Switzerland, telephone +41-61-288 20 20.

UBS shares are listed on the SIX Swiss Exchange and traded through SWX Europe which is majority owned by the SIX Swiss Exchange. They are also listed on the New York Stock Exchange and on the Tokyo Stock Exchange.

According to Article 2 of the Articles of Association of UBS AG ("**Articles of Association**") the purpose of UBS is the operation of a bank. Its scope of operations extends to all types of banking, financial, advisory, service and trading activities in Switzerland and abroad.

II. Business Overview

UBS comprises three divisions and a Corporate Center, each of which is described below. A full description of their strategies, structure, organisation, products, services and markets can be found in the Annual Report 2007 of UBS AG, 1 Strategy, Performance and Responsibility, in the English version on

---

[13] Tier 1 capital comprises share capital, share premium, retained earnings including current year profit, foreign currency translation and minority interests less accrued dividends, net long positions in own shares and goodwill.

[14] On 19 December 2008, Standard & Poor's Ratings Services lowered its counterparty credit rating on UBS from AA- to A+.

[15] On 24 October 2008, Fitch has downgraded UBS' long-term issuer default rating from AA- to A+.

pages A85 - A152 (inclusive). See the section "Recent Developments" below for a description of planned changes in the organization and governance of UBS and the effect on the divisions and Corporate Center.

Global Wealth Management & Business Banking

With almost 150 years of experience, the global wealth management business provides a comprehensive range of products and services individually tailored for wealthy clients around the world. UBS' client advisors provide a full range of wealth management services to clients - from asset management to estate planning and from corporate finance advice to art banking. In the US, the business is, according to UBS' own opinion, one of the leading wealth managers. Business Banking Switzerland is, according to UBS' own opinion, the market leader in Switzerland, providing a complete set of banking and securities services for individual and corporate clients.

Global Asset Management

The Global Asset Management business is, according to UBS' own opinion, one of the world's leading investment managers, providing traditional and alternative and real estate investment solutions to private, institutional and corporate clients, and through financial intermediaries. It is, according to UBS' own opinion, one of the largest global institutional asset managers and the largest hedge fund of funds manager in the world. The Division is also, according to UBS' own opinion, one of the largest mutual fund managers in Europe and the largest in Switzerland. Global Asset Management has complete independence in investment decision making and operates as a self contained and focused assets management firm.

Investment Bank

UBS Investment Bank is, according to UBS' own opinion, one of the world's leading investment banking and securities firms, providing a full range of products and services to corporate and institutional clients, governments, financial intermediaries and alternative asset managers. Its investment bankers, salespeople and research analysts, supported by its risk and logistics teams, deliver advice and execution to clients all over the world. The Investment Bank also works with financial sponsors and hedge funds and indirectly meets the needs of private investors through both UBS' own wealth management business and through other private banks.

Corporate Center

The Corporate Center currently includes risk control, financial control, treasury, corporate communications, legal and compliance, human resources, strategy, offshoring and technology functions for the Group.

Competition

UBS faces stiff competition in all business areas. Both in Switzerland and abroad, the Bank competes with asset management companies, commercial, investment and private banks, brokerages and other financial services providers. Competitors include not only local banks, but also global financial institutions, which are similar to UBS in terms of both size and services offered.

In addition, the consolidation trend in the global financial services sector is introducing new competition, which may have a greater impact on prices, as a result of an expanded range of products and services and increased access to capital and growing efficiency.

III. Organisational Structure of the Issuer

The objective of UBS' group structure is to support the business activities of the Company within an efficient legal, tax, supervisory and financial framework. None of the individual divisions, Global Wealth Management & Business Banking, Global Asset Management, Investment Bank (the "**Divisions**"), nor the Corporate Center are legally independent entities; instead, they perform their activities through the domestic and foreign offices of the parent bank, UBS AG.

Settlement of transactions through the parent bank allows UBS to fully exploit the advantages generated for all divisions through the use of a single legal entity. In cases where it is impossible or inefficient to process transactions via the parent, due to local statutory, tax or supervisory provisions or newly acquired companies, these tasks are performed on location by legally independent group companies. The major subsidiaries are listed in the Annual Report 2007 of UBS AG, 4 Financial Statements, in English, on pages D96 - D99 (inclusive).

IV. Trend Information

Recent Developments

- On 2 October 2008, at an UBS Extraordinary General Meeting, shareholders elected Sally Bott, Rainer-Marc Frey, Bruno Gehring and William G. Parett to the Board of Directors.

  UBS Shareholders also approved the revised Articles of Association as proposed.

- On 3 October 2008, UBS announced a repositioning of its Investment Bank.

  The Investment Bank will reprioritize its business portfolio to preserve its core strengths and client franchises across Equities, Investment Bank Department and Fixed Income, Currencies and Commodities ("**FICC**"), while downsizing or exiting certain business activities. This will lead to greater efficiencies and a further reduction in the Investment Bank's headcount and balance sheet.

  As part of the repositioning, UBS Investment Bank will reposition its Fixed Income, Currencies and Commodities business around client servicing and facilitation. The Investment Bank will exit Commodities (excluding Precious Metals), substantially downsize Real Estate & Securitization and Proprietary Trading and preserve its core Foreign Exchange, Rates and Credit businesses.

  The announcement also stated that the Investment Bank will reduce net headcount by an additional 2,000, bringing staffing levels to approximately 17,000 by year-end, a reduction of around 6,000 since the peak in third quarter 2007.

- On 16 October 2008, UBS announced measures to de-risk its balance sheet and to reduce, over the next few months, its net exposures in the risk concentration categories related to the U.S. real estate and credit market to nearly zero. To date, the following measures have been planned or implemented:

  - UBS has transferred up to USD 60 billion of currently illiquid securities and other assets to a newly created fund entity to be controlled by the Swiss National Bank (the "**SNB**"). The SNB financed this fund with a loan of up to USD 54 billion and contributed equity of up to USD 6 billion. UBS bought an option from the SNB for up to USD 6 billion which gives UBS the right to purchase the fund once the loan has been fully repaid and, thus, allows UBS to share in any potential increase in value of the fund's equity along with the SNB. To purchase the fund, UBS would pay the SNB USD 1 billion plus 50% of the amount by which the equity value at the time of exercise exceeds that amount. This means that any remaining equity up to USD 1 billion will go to the SNB and UBS will participate in 50% of the equity value exceeding USD 1 billion. The option will be carried on UBS's balance sheet at its fair value. On 19 December 2008, SNB announced that the fund has acquired a first tranche of illiquid and other assets from UBS on 16 December 2008. UBS transferred positions in the equivalent amount of USD 16.4 billion, reflecting the value of these assets as of 30 September 2008.

  - UBS raised CHF 6 billion of new capital in form of mandatory convertible notes (MCN); the MCN has been fully placed with the Swiss Confederation. UBS shareholders approved the creation of conditional share capital for the issuance of this MCN at an extraordinary general meeting (EGM) on 27 November 2008.

- On 4 November 2008, UBS announced that, in line with its pre-announcement of 16 October 2008, it recorded a small net profit attributable to its shareholders of CHF 296 million for the third quarter 2008. Group results included a tax credit of CHF 913 million and a gain of CHF 2,207 million on own credit. UBS's total BIS capital ratio on 30 September 2008 was 14.9 % and its Tier 1 ratio was 10.8 %.

- On 12 November 2008, UBS confirmed that Raoul Weil, Chairman and CEO of UBS Global Wealth Management and Business Banking and a member of the Group Executive Board, has been indicted by a Federal grand jury sitting in the Southern District of Florida in connection with the ongoing investigation of UBS' US cross-border business by the United States Department of Justice. Raoul Weil was previously head of UBS Wealth Management International from 2002 to 2007. Mr Weil has determined that, in the interest of the firm and its clients, and in order to defend himself, he will relinquish his duties at this time pending the resolution of this matter. On an interim basis, Marten Hoekstra, currently Deputy CEO of Global Wealth Management & Business Banking and Head of Wealth Management US, will assume Mr Weil's duties.

- On 31 December 2008, UBS announced that it has sold its investment of approximately 3.4 billion Bank of China Limited H-shares through a placing to institutional investors. UBS acquired the approximately 3.4 billion Bank of China H-shares stake in 2005 in preparation for Bank of China's IPO to the international market.

UBS expects that the difficult conditions across equity, credit and money markets worldwide seen at the beginning of fourth quarter will continue to affect client's assets, and therefore UBS' fee-earning businesses. Operating expenses will continue to be trimmed where possible, a range of efficiency and personnel reduction programs are already in place to make this happen.

UBS' results for fourth quarter 2008 will include two large accounting effects. Since the announcement of the SNB transaction, credit spreads on UBS' debts have narrowed significantly. If this persists, some or most of the accumulated CHF 4.8 billion own credit gain on liabilities UBS holds at fair value will reverse. In addition, a loss will be recognized in connection with the SNB transaction. A possible reversal of the above mentioned own credit would not affect UBS' Tier 1 capital balance and Tier 1 ratio. The transfer of assets into the SNB fund, and the loss recognized in connection with the fund, will reduce UBS' risk-weighted assets and UBS' Tier 1 capital balance. After the issuance of the MCN to the Swiss Confederation, the Tier 1 capital balance on a pro forma basis[16] at 30 September 2008 increased slightly in comparison to its value prior to the transaction and the Tier 1 ratio improved.

During these extraordinary times, UBS' priority continues to be the management of its resources, including costs and all elements of risk capital, as strictly as possible while continuing to strive for the level of excellence in products, services and advice that its clients are accustomed to expect.

V. Administrative, Management and Supervisory Bodies of the Issuer

UBS operates under a strict dual Board structure, as mandated by Swiss banking law. This structure establishes checks and balances and creates an institutional independence of the Board of Directors ("**BoD**") from the day-to-day management of the firm, for which responsibility is delegated to the Group Executive Board ("**GEB**"). No member of one Board may be a member of the other.

The supervision and control of the executive management remains with the BoD. The Articles of Association and the Organisation Regulations of UBS AG, with their annexes govern all details as to authorities and responsibilities of the two bodies. Please refer to www.ubs.com/corporate-governance.

The BoD consists of at least six and a maximum of twelve members. The term of office for members of the board is one year[17].

Board of Directors

The BoD is the most senior body of UBS. All the members of the BoD are elected individually by the Annual General Meeting for a term of office of one year[19]. The BoD itself then appoints its Chairman, the Vice Chairmen, the Deputy, the Senior Independent Director and the Chairmen and members of the various BoD Committees (Audit Committee; Corporate Responsibility Committee; Governance and Nominating Committee; Human Resources and Compensation Committee ("**HRCC**"); Risk Committee and Strategy Committee).

The BoD has ultimate responsibility for promoting the success of UBS and delivering sustainable shareholder value within a framework of prudent and effective controls which enables risk to be assessed and managed. The BoD sets UBS' strategic aims, ensures that the necessary financial and human resources are in place for UBS to meet its objectives and reviews management performance. The BoD sets UBS' values and standards and ensures that its obligations to its shareholders and others are met. The BoD's proposal for election of members of the BoD must be such that three quarters of the members will, following election, be independent. While the Chairman does not need to be independent, at least one of the Vice-Chairmen must be. The BoD meets as often as business requires, and at least six times a year.

The business address of the members of the BoD is UBS AG, Bahnhofstrasse 45, CH-8001 Zurich, Switzerland.

Group Executive Board

Under the leadership of the Group CEO, the GEB has executive management responsibility for UBS Group. It assumes overall responsibility for the development of the firm's business strategies and the implementation of approved strategies. All GEB Members are proposed by the Group CEO and the BoD approves the appointments of the Group CEO, the Group CFO, the Group CRO and the Group General Counsel; the HRCC approves all other GEB Members.

The business address of the members of the GEB is UBS AG, Bahnhofstrasse 45, CH-8001 Zurich, Switzerland.

Potential conflicts of interest

Members of the BoD and GEB may act as directors or executive officers of other companies (please see above under "Details of the Executive Bodies of the Company") and may have economic or other private

interests that differ from those of the Issuer. Potential conflicts of interest may arise from these positions or interests. UBS is confident that its internal corporate governance practices and its compliance with relevant legal and regulatory provisions reasonably ensure that any conflicts of interest of the type described above are appropriately managed, including disclosure when appropriate.

VI. Auditors

On 23 April 2008, the UBS Annual General Meeting reelected Ernst & Young Ltd., Aeschengraben 9, 4002 Basel, Switzerland, as the Group and statutory auditor in accordance with company law and banking law provisions for a further one-year term. Ernst & Young Ltd., Basel, is a member of the Swiss Institute of Certified Accountants and Tax Consultants based in Zurich, Switzerland.

VII. Major Shareholders of the Issuer

The ownership of UBS shares is broadly dispersed. As at 30 June 2008, Chase Nominees Ltd., London, was registered with a 7.35 % holding (31 December 2007: 7.99 %, 31 December 2006: 8.81 %) of total share capital held in trust for other investors. As at 30 June 2008, the US securities clearing organisation DTC (Cede & Co.) New York, "The Depository Trust Company", held 11.27 % (31 December 2007: 14.15 %, 31 December 2006: 13.21 %) of total share capital in trust for other beneficiaries. As of 25 June 2008, Credit Suisse Group held acquisition positions relating to shares of UBS AG which corresponds to less than 3 % of the total share capital of UBS AG.

Pursuant to UBS's provisions on registration of shares, the voting rights of nominees are limited to 5 %. This regulation does not apply to securities clearing and settlement organisations. No other shareholder was registered with a holding in excess of 3 % of all voting rights. Only shareholders registered in the share register as shareholders with voting rights are entitled to exercise voting rights.

As of 26 November 2008, UBS held acquisition positions relating to 120,122,156 shares of UBS AG which corresponds to 4.10 % of the total share capital of UBS AG. These positions comprised 102,618,326 shares (3.50%) and 748,415 call options or other acquisition rights relating to 17,503,830 shares (0.60%).

At the same time UBS had disposal positions relating to 909,423,311 shares of UBS AG, corresponding to 31.01 % of the total share capital of UBS AG. These positions comprised 3,346,649 employee options relating to 4,466,051 shares (0.15%) and 719,936,493 acquisition and conversion rights granted to third parties relating to 904,957,260 shares (30.86%), including the number of shares of UBS AG to be issued upon the future conversion of (i) the Mandatory Convertible Notes issued in March 2008 to the Government of Singapore Investment Corporation Pte. Ltd, Singapore, and an investor from the Middle East, and (ii) the Mandatory Convertible Notes issued in December 2008 to the Swiss Confederation. As of 15 July 2008, the Government of Singapore Investment Corporation Pte. Ltd reported in a filing with the US Securities and Exchange Commission that it held 240,223,963 UBS shares, including 228,832,951 shares to be received upon conversion of the MCN. As of 26 November 2008, the Swiss Confederation held acquisition positions relating to 329,447,681 shares of UBS AG.

Further details on the distribution of UBS shares, the number of registered and non-registered securities, voting rights as well as distribution by shareholder categories and geographical regions can be found in the Annual Report 2007 of UBS AG, 3 Corporate Governance and Compensation Report, in English, on pages 5 - 6 (inclusive) and on the website of UBS AG (http://www.ubs.com/1/e/investors/shareholder_details/distribution.html).

VIII. Financial Information concerning the Issuer's Assets and Liabilities; Financial Position and Profits and Losses

A description of the Issuer's assets and liabilities, financial position and profits and losses is available in the Financial Report of the Issuer for the financial year 2006 and in the Annual Report 2007 of UBS AG, 4 Financial Statements for the financial year 2007, in English, which were restated on 14 April 2008 (see (iv) below). In this context, the Issuer's fiscal year equals the calendar year.

In the case of the financial year 2006 reference is made to

(i) the Financial Statements of UBS AG (Group), in particular the Income Statement of UBS AG (Group) on page A82, the Balance Sheet of UBS AG (Group) on page A83, the Statement of

Cash Flows of UBS AG (Group) on pages A86 - A87 (inclusive) and the Notes to the Financial Statements on pages A88 - A214 (inclusive), and

(ii) the Financial Statements of UBS AG (Parent Bank), in particular the Income Statement of UBS AG (Parent Bank) on page A218, the Balance Sheet of UBS AG (Parent Bank) on page A219, the Statement of Appropriation of Retained Earnings of UBS AG (Parent Bank) on page A220, the Notes to the Financial Statements on pages A221 - A225 (inclusive) and the Parent Bank Review on page A217, and

(iii) the sections entitled "Accounting Standards and Policies" on pages A67 - A72 (inclusive) in the Financial Report 2006.

In the case of the financial year 2007 reference is made to

(i) the Financial Statements of UBS AG (Group), in particular to the Income Statement of UBS AG (Group) on page D18, the Balance Sheet of UBS AG (Group) on page D19, to the Statement of Cash Flows of UBS AG (Group) on pages D23 - D24 (inclusive) and to the Notes to the Financial Statements on pages D25 - D120 (inclusive), and

(ii) the Financial Statements of UBS AG (Parent Bank), in particular to the Income Statement of UBS AG (Parent Bank) on page D125, the Balance Sheet of UBS AG (Parent Bank) on page D126, to the Statement of Appropriation of Retained Earnings of UBS AG (Parent Bank) on page D127, to the Notes to the Financial Statements on page D128 and to the Parent Bank Review on page D124, and

(iii) the sections entitled "Accounting Standards and Policies" on pages D3 - D8 (inclusive) in the Annual Report 2007 of UBS AG, 4 Financial Statements.

(iv) in January 2008, the International Accounting Standards Board ("**IASB**") issued an amendment to IFRS 2 Share-based Payment. The amended standard, entitled IFRS 2 Sharebased Payment: Vesting Conditions and Cancellations, is effective 1 January 2009 (early adoption permitted). The new standard clarifies the definition of vesting conditions and the accounting treatment of cancellations. UBS has early adopted this amended standard as of 1 January 2008. Under the amended standard, UBS is required to distinguish between vesting conditions (such as service and performance conditions) and non-vesting conditions. The amended standard no longer considers vesting conditions to include certain non-compete provisions and transfer restrictions. Prior to adopting this amendment, UBS treated non-compete provisions as vesting conditions. The impact of this change will be that, from 1 January 2008, most of UBS' share and certain option awards will be expensed in the performance year rather than over the period through which the non-compete conditions are applicable. Restrictions remaining effective after the employee becomes entitled to the share-based award will be considered when determining grant date fair value. Following adoption of this amendment, UBS has fully restated the two comparative prior years (2006 and 2007). The effect of the restatement on the opening balance at 1 January 2006 was as follows: reduction of retained earnings by approximately CHF 2.2 billion, increase of share premium by approximately CHF 2.3 billion, increase of liabilities (including deferred tax liabilities) by approximately CHF 0.3 billion, and increase of deferred tax assets by approximately CHF 0.4 billion. Additional compensation expense of approximately CHF 800 million and approximately CHF 500 million was recognized in 2007 and 2006, respectively. The additional compensation expense is attributable to the acceleration of expense related to share-based awards which contain non-compete provisions and transfer restrictions that no longer qualify as vesting conditions under the Standard. The additional compensation expense of approximately CHF 800 million for 2007 includes awards granted in 2008 for the performance year 2007.

Reference is also made to the Consolidated Financial Statements (restated) of UBS AG for the financial year 2007, in particular the Income Statement of UBS AG (Group) on page F-31, the Balance Sheet of UBS AG (Group) on page F-32, the Statement of Cash Flows of UBS AG (Group) on pages F-37 - F-38 (inclusive) and the Notes to the Financial Statements on pages F-39 - F-139 (inclusive).

All relevant financial information including the relevant notes thereto, contained therein and audited by the UBS auditor, form an integral component of this document, and are therefore fully incorporated in this document.

The financial reports form an essential part of UBS reporting. They include the audited Consolidated Financial Statements of UBS, prepared in accordance with International Financial Reporting Standards ("**IFRS**") and the audited financial statements of UBS AG, prepared according to Swiss banking law provisions. The financial reports also include discussions and analyses of the financial and business results of UBS and its Divisions, as well as certain additional disclosures required under Swiss and US regulations.

The financial statements for UBS AG (Group) and its subsidiaries as well as for UBS AG (Parent Bank) were audited by Ernst & Young Ltd., Basel, for financial years 2006 and 2007. The "Report of the Statutory Auditors" of UBS AG (Parent Bank) can be found on page A226 of the Financial Report for 2006 and on page D140 of the Annual Report 2007 of UBS AG, 4 Financial Statements. The "Report of the Group Auditors" of UBS AG (Group) can be found on pages A80 – A81 (inclusive) of the Financial Report for 2006 and on pages D16 - D17 (inclusive) of the Annual Report 2007 of UBS AG, 4 Financial Statements, and on pages F-29 – F-30 (inclusive) of the Consolidated Financial Statements (restated) of UBS AG for the financial year 2007.

Reference is also made to the English version of the Issuer's quarterly report for the third quarter 2008, which includes information concerning the Issuer's current assets and liabilities, financial position and profits and losses. The information contained in this report as of 30 September 2008 was not audited by the Issuer's statutory auditor.

1. Legal and Arbitration Proceedings

UBS Group operates in a legal and regulatory environment that exposes it to potentially significant litigation and other risks. As a result, UBS is involved in various disputes and legal proceedings, including litigation, arbitration, and regulatory and criminal investigations. Such cases are subject to many uncertainties, and their outcome is often difficult to predict, including the impact on the operations or financial statements, particularly in the earlier stages of a case. In certain circumstances, to avoid the expense and distraction of legal proceedings, UBS may, based on a cost-benefit analysis, enter into a settlement even though UBS denies any wrongdoing. The Group makes provisions for cases brought against it only when after seeking legal advice, in the opinion of management, it is probable that a liability exists, and the amount can be reasonably estimated. No provision is made for claims asserted against the Group that in the opinion of management are without merit and where it is not likely that UBS will be found liable.

Within the last 12 months until the date of this document, UBS has been involved in the following legal proceedings which could be material to the Group:

(a) Tax Shelter Investigation: In connection with a criminal investigation of tax shelters, the United States Attorney's Office for the Southern District of New York ("**US Attorney's Office**") is examining UBS's conduct in relation to certain tax-oriented transactions in which UBS and others engaged during the years 1996-2000. Some of these transactions were the subject of the Deferred Prosecution Agreement which the accounting firm KPMG LLP entered into with the US Attorney's Office in August 2005, and are at issue in United States v. Stein, S1 05 Cr. 888 (LAK). A criminal trial was held in November and December 2008 against four former KPMG partners. None of the charges relating to transactions in which UBS was involved resulted in convictions. UBS is continuing to cooperate in the government's investigation in relation to other transactions.

(b) Municipal Bond: In November 2006, UBS and others received subpoenas from the U.S. Department of Justice, Antitrust Division, and the U.S. Securities and Exchange Commission ("**SEC**") seeking information relating to derivative transactions entered into with municipal bond issuers and to the investment of proceeds of municipal bond issuances. Both investigations are ongoing, and UBS is cooperating. In addition, various state Attorneys General have issued subpoenas seeking similar information. In the SEC investigation, on 4 February 2008, UBS received a "Wells notice" advising that the SEC staff is considering recommending that the SEC bring a civil action against UBS AG in connection with the bidding of various financial instruments associated with municipal securities. Under the SEC's Wells process, UBS will have the opportunity to set forth reasons of law, policy or fact why such an action should not be brought.

(c) HealthSouth: UBS is defending itself in two putative securities class actions brought in the US District Court of the Northern District of Alabama by holders of stock and bonds in HealthSouth Corp. In October 2008, UBS agreed to settle derivative litigation brought on behalf of HealthSouth in Alabama State Court. Due to existing insurance coverage this settlement will have no impact on UBS's net profits in 2008.

(d) Parmalat: UBS has been facing multiple proceedings arising out of the Parmalat insolvency. In June 2008, UBS settled all civil claims brought by Parmalat in its capacity as Assumptor in composition with creditors and Mr. Bondi (Extraordinary Commissioner of Parmalat S.p.A. and other Parmalat companies under extraordinary administration) for EUR 185 mio. . Other civil claims by third parties have automatically terminated as a result of termination of criminal proceedings in Milan (with the exception of some costs issues which are the subject of appeals to Court of Cassation) and will also do so in Parma when the time for filing an appeal expires, unless an appeal has been lodged in the meantime.

(e) Auction Rate Securities: UBS was sued by three state regulatory authorities and was the subject of investigations by the U.S. Securities and Exchange Commission ("**SEC**") and other regulators relating to the marketing and sale of Auction Rate Securities ("**ARS**") to clients and to UBS's role and participation in ARS auctions. UBS also has been named in several putative class actions and individual civil suits and a large number of individual arbitrations. The regulatory actions and investigations and the class actions followed the disruption in the markets for these securities and related auction failures since mid-February 2008. Plaintiffs and the regulators are generally seeking rescission, *i.e.*, for UBS to purchase their ARS at par value, as well as compensatory damages, disgorgement of profits and in some cases penalties. In May 2008, UBS entered into a settlement with the Massachusetts Attorney General in which UBS agreed to buy back USD 36 million in ARS that had been sold to general purpose municipal accounts but were impermissible for those accounts. On 8 August 2008, UBS entered into settlements in principle with the SEC, the New York Attorney General ("**NYAG**") and other state agencies represented by the North American Securities Administrators Association ("**NASAA**"), including the Massachusetts Securities Division ("**MSD**"), whereby UBS agreed to offer to buy back ARS from eligible customers within certain time frames, and to pay penalties of USD 150 million (USD 75 million to the NYAG, USD 75 million to the other states). On 2 October 2008, UBS finalized its settlement with the Massachusetts Securities Division, on 11 December 2008 with the SEC and the NYAG, and UBS is continuing to finalize agreements with the other state regulators. UBS's offer to purchase back ARS was done by a registered securities offering effective 7 October 2008. UBS's settlement is largely in line with similar industry regulatory settlements; however, UBS is the only firm of its major competitors that offered to purchase ARS from institutional clients before a date certain. UBS's settlement with the SEC and MSD require UBS to offer to buy eligible ARS from eligible institutional clients by no later than 30 June 2010. Settlements with the other NASAA states will likely follow the same format. The NYAG settlement does not reference a date certain, but contains language similar to other industry settlements requiring that UBS make 'best efforts' to provide liquidity solutions for institutional investors. The NYAG and SEC continue to investigate individuals affiliated with UBS who traded in ARS or who had responsibility for disclosures. On 7 October 2008, the NYAG announced a settlement with former Investment Bank Global General Counsel relating to his trading of ARS allegedly in violation of New York's Martin Act. The former Investment Bank Global General Counsel neither admitted nor denied the state's allegations, but agreed to certain penalties and sanctions.

(f) U.S. Cross-Border: UBS AG has been responding to a number of governmental inquiries and investigations relating to its cross-border private banking services to US private clients during the years 2000-2007. In particular, the US Department of Justice ("**DOJ**") is examining whether certain U.S. clients sought, with the assistance of UBS client advisors, to evade their U.S. tax obligations by avoiding restrictions on their securities investments imposed by the Qualified Intermediary agreement ("**QIA**") UBS entered into with the U.S. Internal Revenue Service ("**IRS**") in 2001. DOJ and IRS are also examining whether UBS AG has been compliant with withholding obligations in relation to sales of non-US securities under the so-called Deemed Sales and Paid In U.S. tax regulations. In connection with DOJ's investigation, a senior UBS employee was detained by U.S. authorities as a "material witness". In August, after his status as a witness had been resolved, the senior employee returned to Switzerland. On 19 June 2008, a former UBS AG client advisor pleaded guilty to one count of conspiracy to defraud the United States and the IRS in connection with providing investment and other services to a U.S. person who is alleged to have evaded U.S. income taxes on income earned on assets maintained in, among other places, a former UBS AG account in Switzerland. The sentencing hearing is currently scheduled for February 2009. In November 2008, the CEO of Global Wealth Management & Business Banking ("**Global WM&BB**") was indicted by a U.S. federal grand jury sitting in the Southern District of Florida on one count of conspiring to defraud the IRS in violation of U.S. law. Among other things, the indictment alleges that the CEO of Global WM&BB had involvement in the operation and maintenance of the U.S. cross-border business while knowing that such business was being

conducted in violation of certain U.S. laws.. The IRS has submitted legal and administrative assistance requests seeking information relating to U.S. clients of UBS AG to the competent Swiss authorities. UBS is addressing these requests with both Swiss and U.S. government authorities within the legal framework for intergovernmental cooperation and assistance established between Switzerland and the U.S. The IRS has also issued a civil summons and the District Attorney for the County of New York has issued a request for information seeking information located in the U.S. concerning UBS's cross-border business, including any information located in the U.S. relating to clients of that business. Further, the IRS has delivered to UBS AG a notice concerning alleged violations of the QIA which UBS is responding to under the applicable cure process. The SEC is examining whether Swiss-based UBS client advisors engaged in activities in relation to their U.S.-domiciled clients that triggered an obligation for UBS Switzerland to register with the SEC as a broker-dealer and/or investment adviser. Finally, the Swiss Financial Market Supervisory Authority ("FINMA"; until 31 December 2008, Swiss Federal Banking Commission ("**EBK**")) is investigating UBS's cross-border servicing of U.S. private clients under Swiss Banking Supervisory legislation. The investigations are also focused on the management supervision and control of the US cross-border business and the practices at issue. UBS has been working to respond in an appropriate and responsible manner to all of these investigations in an effort to achieve a satisfactory resolution of these matters. As announced on 17 July 2008, UBS will no longer provide securities and banking services to U.S. resident private clients (including non-operating entities with US beneficiaries) except through its SEC-registered affiliates. In addition, UBS is implementing steps to strengthen its overall Qualified Intermediary compliance framework.

(g) Sub-prime Related Matters: UBS is responding to a number of governmental inquiries and investigations, and is involved in a number of litigations, arbitration and disputes, related to the sub-prime crisis, sub-prime securities, and structured transactions involving sub-prime securities. These matters concern, among other things, UBS's valuations, disclosures, write-downs, underwriting, and contractual obligations. In particular, UBS has been in regular communication with, and responding to inquiries by, its home country consolidated regulator, the Swiss Financial Market Supervisory Authority ("FINMA"; until 31 December 2008, EBK, as well as the SEC and the United States Attorney's Office for the Eastern District of New York ("**USAO**") regarding some of these issues and others, including the role of internal control units, governance and processes around risk control and valuation of sub-prime instruments, compliance with public disclosure rules, and the business rationales for the launching and the reintegration of Dillon Read Capital Management. Most recently, UBS has provided information to the SEC about its first quarter 2008 write-downs and the sale of assets to a fund managed by BlackRock. While the FINMA has concluded its investigation in October 2008, the investigation by the SEC and the USAO are ongoing. In addition, a putative class action was filed against UBS and a number of senior directors and officers in the Southern District of New York alleging securities fraud in connection with the firm's valuations and disclosures relating to sub-prime and asset-backed securities. UBS and a number of senior officers and directors have also been sued in a putative class action brought on behalf of holders of UBS ERISA retirement plans in which there were purchases of UBS stock. Both class actions are in very early stages.

Besides the proceedings specified above under (a) through (g) no governmental, legal or arbitration proceedings, which may significantly affect the Issuer's financial condition (as opposed to the operating results in the quarterly reporting period) are or have been pending, nor is the Issuer aware that any such governmental, legal or arbitration proceedings are threatened.

2. Significant changes in the Financial Situation of the Issuer

- On 2 October 2008, at an UBS Extraordinary General Meeting, shareholders elected Sally Bott, Rainer-Marc Frey, Bruno Gehring and William G. Parett to the Board of Directors.

  UBS Shareholders also approved the revised Articles of Association as proposed.

- On 3 October 2008, UBS announced a repositioning of its Investment Bank.

  The Investment Bank will reprioritize its business portfolio to preserve its core strengths and client franchises across Equities, Investment Bank Department and Fixed Income, Currencies and Commodities ("**FICC**"), while downsizing or exiting certain business activities. This will lead to greater efficiencies and a further reduction in the Investment Bank's headcount and balance sheet.

As part of the repositioning, UBS Investment Bank will reposition its Fixed Income, Currencies and Commodities business around client servicing and facilitation. The Investment Bank will exit Commodities (excluding Precious Metals), substantially downsize Real Estate & Securitization and Proprietary Trading and preserve its core Foreign Exchange, Rates and Credit businesses.

The announcement also stated that the Investment Bank will reduce net headcount by an additional 2,000, bringing staffing levels to approximately 17,000 by year-end, a reduction of around 6,000 since the peak in third quarter 2007.

- On 16 October 2008, UBS announced measures to de-risk its balance sheet and to reduce, over the next few months, its net exposures in the risk concentration categories related to the U.S. real estate and credit market to nearly zero. To date, the following measures have been planned or implemented:

    - UBS has transferred up to USD 60 billion of currently illiquid securities and other assets to a newly created fund entity to be controlled by the Swiss National Bank (the "**SNB**"). The SNB financed this fund with a loan of up to USD 54 billion and contributed equity of up to USD 6 billion. UBS bought an option from the SNB for up to USD 6 billion which gives UBS the right to purchase the fund once the loan has been fully repaid and, thus, allows UBS to share in any potential increase in value of the fund's equity along with the SNB. To purchase the fund, UBS would pay the SNB USD 1 billion plus 50% of the amount by which the equity value at the time of exercise exceeds that amount. This means that any remaining equity up to USD 1 billion will go to the SNB and UBS will participate in 50% of the equity value exceeding USD 1 billion. The option will be carried on UBS's balance sheet at its fair value. On 19 December 2008, SNB announced that the fund has acquired a first tranche of illiquid and other assets from UBS on 16 December 2008. UBS transferred positions in the equivalent amount of USD 16.4 billion, reflecting the value of these assets as of 30 September 2008.

    - UBS raised CHF 6 billion of new capital in form of mandatory convertible notes (MCN); the MCN has been fully placed with the Swiss Confederation. UBS shareholders approved the creation of conditional share capital for the issuance of this MCN at an extraordinary general meeting (EGM) on 27 November 2008.

- On 4 November 2008, UBS announced that, in line with its pre-announcement of 16 October 2008, it recorded a small net profit attributable to its shareholders of CHF 296 million for the third quarter 2008. Group results included a tax credit of CHF 913 million and a gain of CHF 2,207 million on own credit. UBS's total BIS capital ratio on 30 September 2008 was 14.9 % and its Tier 1 ratio was 10.8 %.

- On 12 November 2008, UBS confirmed that Raoul Weil, Chairman and CEO of UBS Global Wealth Management and Business Banking and a member of the Group Executive Board, has been indicted by a Federal grand jury sitting in the Southern District of Florida in connection with the ongoing investigation of UBS' US cross-border business by the United States Department of Justice. Raoul Weil was previously head of UBS Wealth Management International from 2002 to 2007. Mr Weil has determined that, in the interest of the firm and its clients, and in order to defend himself, he will relinquish his duties at this time pending the resolution of this matter. On an interim basis, Marten Hoekstra, currently Deputy CEO of Global Wealth Management & Business Banking and Head of Wealth Management US, will assume Mr Weil's duties.

- On 31 December 2008, UBS announced that it has sold its investment of approximately 3.4 billion Bank of China Limited H-shares through a placing to institutional investors. UBS acquired the approximately 3.4 billion Bank of China H-shares stake in 2005 in preparation for Bank of China's IPO to the international market.

Apart from the above-mentioned, there has been no significant change in UBS' financial position since the date of the last published interim financial statements (the 3rd quarter report) of UBS AG (not audited) for the period ending 30 September 2008.

IX. Material Contracts

No material agreements have been concluded outside of the normal course of business which could lead to UBS being subjected to an obligation or obtaining a right, which would be of key significance to the Issuer's ability to meet its obligations to the investors in relation to the issued securities.
