**Referenz-Portfolio-Level /
Reference Portfolio Level:**

Die Berechnungsstelle soll nach billigem Ermessen das Referenz-Portfolio-Level an jedem Referenz-Portfolio-Berechnungstag bestimmen, vorbehaltlich einer Marktstörung gemäß der Bedingungen der Wertpapiere, als die Summe von (i) dem Schlusskurs oder Wert jeder Referenz-Portfolio-Komponente an solch einem Referenz-Portfolio-Berechnungstag (unter Berücksichtigung des Nennbetrags bzw. der Anzahl von Einheiten jeder im Referenz-Portfolio enthaltenen Referenz-Portfolio-Komponente an solch einem Referenz-

Portfolio-Berechnungstag) und (ii) dem Wert der Barposition an solch einem Referenz-Portfolio-Berechnungstag (unter Berücksichtigung jedweder Referenz-Portfolio-Gebühr(en) und jeder Referenz-Portfolio-Anpassungsgebühr(en), die an solch einem Referenz-Portfolio-Berechnungstag berechnet wird). Falls der Schlusskurs oder Wert einer Referenz-Portfolio-Komponente auf eine andere Währung als die Auszahlungswährung lautet, wird die Berechnungsstelle, für die Zwecke der Festlegung des Referenz-Portfolio-Levels, diesen Schlusskurs oder Wert unter Verwendung des jeweils maßgeblichen Währungswechsellkurses, wie von der Berechnungsstelle nach billigem Ermessen bestimmt, in die Auszahlungswährung umrechnen.

Das Anfängliche Referenz-Portfolio-Level am Festlegungstag entspricht CHF 990,00.

Informationen in Bezug auf das Referenz-Portfolio-Level sind von der Emittentin kostenlos auf Nachfrage erhältlich.

Die Berechnungsstelle, handelnd nach billigem Ermessen, soll das Referenz-Portfolio-Level am Bewertungstag als das Finale Referenz-Portfolio-Level gemäß § 1 der Wertpapierbedingungen bestimmen. /

The Calculation Agent, acting in its reasonable discretion, shall determine the Reference Portfolio Level on each Reference Portfolio Calculation Date, subject to the occurrence of a Market Disruption in accordance with the Conditions of the Securities, as the sum of (i) the closing price or value of each Reference Portfolio Constituent on such Reference Portfolio Calculation Date (taking into account the nominal amount or, as the case may be, the number of units of each Reference Portfolio Constituent comprised in the Reference Portfolio on such Reference Portfolio Calculation Date) and (ii) the value of the Cash Position on such Reference Portfolio Calculation Date (taking into account any Reference Portfolio fee(s) and any Reference Portfolio adjustment fee(s) calculated on such Reference Portfolio Calculation Date). If the closing price or value of any Reference Portfolio Constituent is denominated in a currency other than the Redemption Currency, for the purposes of determining the Reference Portfolio Level the Calculation Agent shall convert such closing price or value into the Redemption Currency using the then prevailing exchange rate, as determined by the Calculation Agent at its reasonable discretion.

The Initial Reference Portfolio Level on the Fixing Date is equal to CHF 990.00.

Information regarding the Reference Portfolio Level can be obtained free of charge from the Issuer upon request.

The Calculation Agent, acting in its reasonable discretion, shall determine the Reference Portfolio Level on the Valuation Date as the Final Reference Portfolio Level in accordance with § 1 of the Conditions of the Securities.

Teil 2: Produktbedingungen: Besondere Wertpapierbedingungen

**§ 1
Wertpapierrecht**

(1) Wertpapierrecht der Wertpapiergläubiger

Die Emittentin gewährt hiermit dem Wertpapiergläubiger (§ 4 (2)) von je einem Wertpapier bezogen auf den Referenz-Portfolio-Level nach Maßgabe dieser Bedingungen das Recht (das "**Wertpapierrecht**"), den Auszahlungsbetrag (§ 1 (2)), gegebenenfalls auf zwei Dezimalstellen kaufmännisch gerundet, zu erhalten.

(2) Auszahlungsbetrag

Der "**Auszahlungsbetrag**" je Wertpapier wird in Übereinstimmung mit folgender Formel berechnet:

$$NA \times \text{MAX} \left(0, \frac{\text{Finales Referenz-Portfolio Level}}{\text{Anfängliches Referenz-Portfolio Level}} \right)$$

Wobei gilt:

"**NA**" entspricht CHF 990,00.

Das "**Finale Referenz-Portfolio-Level**" bezeichnet vorbehaltlich einer Marktstörung den Wert des Referenz-Portfolios, wie er für einen Bewertungstag von der Berechnungsstelle für die Wertpapiere berechnet wird; dabei entspricht der maßgebliche Wert des Referenz-Portfolios

- (i) der Summe der Veräußerungserlöse – unter Verwendung des jeweiligen maßgeblichen Währungswechsellkurses, wie von der Berechnungsstelle nach billigem Ermessen bestimmt, in die Auszahlungswährung umgerechnet – die erzielt worden wären, wenn ein Hypothetischer Investor seine sämtlichen in dem Portfolio jeweils enthaltenen Komponenten veräußert bzw. aufgelöst hätte, die den Referenz-Portfolio Komponenten im Referenz-Portfolio entsprechen, *zuzüglich*
- (ii) des Werts der Barmittel-Position; *abzüglich*
- (iii) angefallener, aber noch nicht abgezogener Referenz-Portfolio Gebühren, und Anpassungsgebühren für das Referenz-Portfolio.

Zur Klarstellung: Obwohl der Auszahlungsbetrag gegebenenfalls an den Marktwert der Referenz-Portfolio Komponenten

Part 2: Product Terms: Special Conditions of the Securities

**§ 1
Security Right**

(1) Security Right of the Securityholders

The Issuer hereby warrants to the Securityholder (§ 4 (2)) of each Security relating to the Reference Portfolio Level in accordance with these Conditions that such Securityholder shall have the right (the "**Security Right**") to receive the Redemption Amount (§ 1 (2)), if applicable, commercially rounded to two decimal places.

(2) Redemption Amount

The "**Redemption Amount**" per Security is calculated in accordance with the following formula:

$$NA \times \text{MAX} \left(0, \frac{\text{Final Reference Portfolio Level}}{\text{Initial Reference Portfolio Level}} \right)$$

Where:

"**NA**" equals CHF 990.00.

The "**Final Reference Portfolio Level**" means, subject to a Market Disruption, the value of the Reference Portfolio as determined by the Calculation Agent in relation to a Valuation Date, whereby the relevant value of the Reference Portfolio shall be

- (i) the sum of the realisation proceeds converted into the Redemption Currency, where applicable, using the then prevailing exchange rate, as determined by the Calculation Agent in its reasonable discretion, that would be realized by a Notional Investor when selling and/or, as the case may be, unwinding its position in all constituents in such portfolio equivalent to the Reference Portfolio Constituents in the Reference Portfolio; *plus*
- (ii) the value of the Cash Position; *minus*
- (iii) any accrued but not yet deducted Reference Portfolio fee(s) and Reference Portfolio adjustment fee(s).

For the avoidance of doubt: Whilst the Redemption Amount may be linked to the market value of the Reference Portfolio

gekoppelt ist, ist die Emittentin nicht verpflichtet, den Erlös aus der Emission der Wertpapiere zu irgendeinem Zeitpunkt in Referenz-Portfolio Komponenten zu investieren, und die Wertpapiergläubiger haben zu keinem Zeitpunkt unmittelbare Rechte an den Referenz-Portfolio Komponenten.

Das "**Anfängliche Referenz-Portfolio-Level**" entspricht CHF 990,00.

(3) Festlegungen und Berechnungen im Zusammenhang mit dem Wertpapierrecht

Sämtliche im Zusammenhang mit dem Wertpapierrecht vorzunehmenden Festlegungen und Berechnungen, insbesondere die Berechnung des Auszahlungsbetrags, erfolgen durch die Berechnungsstelle. Die insoweit von der Berechnungsstelle getroffenen Festlegungen und Berechnungen sind, außer in Fällen offensichtlichen Irrtums, für die Emittentin und die Wertpapiergläubiger endgültig, abschließend und bindend.

§ 2

Laufzeit der Wertpapiere; Verlängerung der Laufzeit der Wertpapiere; Kündigung durch die Wertpapiergläubiger oder die Emittentin; Automatische Kündigung der Wertpapiere

(1) Laufzeit der Wertpapiere

Vorbehaltlich einer Kündigung der Wertpapiere im Einklang mit diesen Bedingungen endet die Laufzeit der Wertpapiere am Verfalltag, es sei denn, die Emittentin hat ihr Recht zur Verlängerung der Laufzeit der Wertpapiere gemäß § 2 (2) dieser Bedingungen ausgeübt.

(2) Verlängerung der Laufzeit der Wertpapiere

Die Emittentin ist berechtigt, die Laufzeit aller ausstehenden Wertpapiere durch Bekanntmachung gegenüber den Wertpapiergläubigern gemäß § 14 dieser Bedingungen (die "**Ausübungserklärung der Verlängerungsoption der Emittentin**") spätestens hundertachtzig (180) Kalendertage vor dem geplanten Verfall um einen zusätzlichen Zeitraum von jeweils sieben (7) Jahren zu verlängern ("**Verlängerungsoption der Emittentin**"); in diesem Fall gilt der "Verfalltag" als das sieben (7) Jahre nach dem geplanten Verfalltag liegende Datum.

(3) Kündigungsrecht der Wertpapiergläubiger

Nach Ausübung der Verlängerungsoption der Emittentin ist jeder Wertpapiergläubiger berechtigt, die von ihm gehaltenen

Components, the Issuer is not obliged to invest the proceeds of the issuance of the Securities in any Reference Portfolio Components at any time and the Securityholders do not have any interest in any Reference Portfolio Components at any time.

"**Initial Reference Portfolio Level**" equals CHF 990.00.

(3) Determinations and Calculations in connection with the Security Right

Any determination and calculation in connection with the Security Right, in particular the calculation of the Redemption Amount, will be made by the Calculation Agent. Determinations and calculations made in this respect by the Calculation Agent are final and binding for all participants except in the event of manifest error.

§ 2

Term of the Securities; Extension of the Term of the Securities; Termination by the Securityholders or the Issuer; Automatic Termination of the Securities

(1) Term of the Securities

Subject to a termination of the Securities in accordance with these Conditions, the term of the Securities ends on the Expiration Date, unless the Issuer has exercised its right for extension of the term of the Securities in accordance with § 2 (2) of these Conditions.

(2) Extension of the Term of the Securities

The Issuer is entitled to extend, by giving notice to the Securityholder in accordance with § 14 of these Conditions (the "**Issuer Extension Option Exercise Notice**") not less than one hundred and eighty (180) calendar days prior to the scheduled Expiration the maturity of all outstanding Securities for one additional period of seven (7) years each (the "**Issuer Extension Option**"), in which case the "Expiration Date" shall be deemed to be the date falling seven (7) years after the scheduled Expiration Date.

(3) Securityholder's Termination Right

Upon exercise of the Issuer Extension Option, each Securityholder is entitled to terminate the Securities outstanding and held by it in whole or

ausstehenden Wertpapiere durch Ausübung seiner Wertpapiergläubiger Nicht-Verlängerungsoption ganz oder teilweise spätestens neunzig (90) Kalendertagen vor dem geplanten Verfalltag zu kündigen.

Zur Ausübung der "**Wertpapiergläubiger Nicht-Verlängerungsoption**" muss die Emittentin eine schriftliche und rechtsverbindlich unterzeichnete Mitteilung des Wertpapiergläubigers erhalten haben, in der dessen Absicht zur Ausübung der Wertpapiergläubiger Nicht-Verlängerungsoption angegeben ist (die "**Ausübungserklärung**"). Die Ausübungserklärung ist unwiderruflich und verbindlich und enthält u. a. (a) den Namen des Wertpapiergläubigers, (b) die Anzahl der von diesem Wertpapiergläubiger zu kündigenden Wertpapiere und (c) das Konto des Wertpapiergläubigers bei einem Kreditinstitut, auf das die Überweisung eines etwaigen Auszahlungsbetrags erfolgen soll.

Nach der wirksamen Ausübung der Wertpapiergläubiger Nicht-Verlängerungsoption durch den Wertpapiergläubiger werden die betreffenden Wertpapiere des Wertpapiergläubigers zurückgezahlt und der Wertpapiergläubiger ist zum Erhalt des etwaigen Auszahlungsbetrags (wie in § 1(1) dieser Bedingungen definiert) je (auf diese Weise gekündigtem) Wertpapier berechtigt, zahlbar am Fälligkeitstag in Bezug auf den geplanten Verfalltag.

(4) Ordentliche Kündigung durch die Emittentin

Die Emittentin ist jeweils am 31. März, 30. Juni, 30. September und 31. Dezember (jeweils ein "**Emittentin-Kündigungstag**") berechtigt, ab dem einschließlich dem 31. März 2021 sämtliche, jedoch nicht nur manche Wertpapiere mit Wirkung zum entsprechenden Emittentin-Kündigungstag unter Einhaltung einer Frist von mindestens dreißig (30) Bankgeschäftstagen gegenüber den Wertpapiergläubigern gemäß § 14 dieser Bedingungen zu kündigen und zurückzuzahlen.

Im Falle einer Kündigung und Rückzahlung durch die Emittentin wird die Emittentin jedem Wertpapiergläubiger für jedes von ihm gehaltene Wertpapier einen Betrag in Höhe des Auszahlungsbetrags (wie in § 1(1) dieser Bedingungen definiert) zahlen (der "**Emittentin-Kündigungsbetrag**").

(5) Automatische Beendigung der Wertpapiere

Sofern ein Automatisches Beendigungsereignis (wie nachstehend definiert) eintritt, wird die

in part by exercising its Securityholder Non-Extension Option not less than ninety (90) calendar days prior to the scheduled Expiration Date.

For the exercise of the "**Securityholder Non-Extension Option**", the Issuer must have received written and legally signed notice by the Securityholder stating his intention to exercise the Securityholder Non-Extension Option (the "**Exercise Notice**"). The Exercise Notice is irrevocable and binding and shall contain among other things (a) the name of the Securityholder, (b) the number of Securities to be terminated by such Securityholder and (c) the account of the Securityholder with a credit institution, to which the transfer of the Redemption Amount, if any, shall be effected.

Following the valid exercise of the Securityholder Non-Extension Option by the Securityholder, the relevant Securities of such Securityholder will be redeemed by the Issuer and the Securityholder is entitled to receive the relevant Redemption Amount (as defined in § 1(1) of these Conditions) per Security (so terminated), if any, payable on the Maturity Date in relation to the scheduled Expiration Date.

(4) Ordinary Termination by the Issuer

The Issuer shall be entitled on each of 31 March, 30 June, 30 September and 31 December (each an "**Issuer Termination Date**"), starting from and including 31 March 2021 to terminate and redeem all but not some of the Securities with effect as of the relevant Issuer Termination Date by giving not less than thirty (30) Banking Days' notice to the Securityholders pursuant to § 14 of these Conditions.

In the case of termination and redemption by the Issuer, the Issuer shall pay to each Securityholder with respect to each Security it holds, an amount equal to the Redemption Amount (as defined in § 1(1) of these Conditions) (the "**Issuer Termination Amount**").

(5) Automatic Termination of the Securities

If an Automatic Termination Event (as defined below) occurs, the Issuer shall notify the

Emittentin die Wertpapiergläubiger im Einklang mit § 14 dieser Bedingungen unverzüglich benachrichtigen, (i) dass ein Automatisches Kündigungsereignis eingetreten ist und (ii) über das entsprechende Automatischen Beendigungsdatum in Kenntnis setzen. Nachdem ein Automatisches Beendigungsereignis eingetreten ist, werden alle ausstehenden Wertpapiere automatisch am betreffenden Automatischen Beendigungsdatum beendet und jeder Wertpapiergläubiger erhält gemäß diesen Bedingungen das Wertpapierrecht zum Erhalt eines Betrags in Höhe des Auszahlungsbetrags (wie in § 1 (1) dieser Bedingungen definiert) (der "**Automatische Beendigungsbetrag**"). Eine versäumte Mitteilung der Emittentin gegenüber den Wertpapiergläubigern im Einklang mit Satz 1 dieses § 2 (5) oder der Nichterhalt der Mitteilung durch die Wertpapiergläubiger hat keine Auswirkung auf die Wirksamkeit der automatischen Beendigung der Laufzeit der Wertpapiere.

In diesem Zusammenhang gilt Folgendes:

Das "**Automatische Beendigungsdatum**" im Zusammenhang mit einem Automatischen Beendigungsereignis ist ein Tag, an dem (bzw. der nächstmögliche Tag nach dem Tag), an dem das Automatische Beendigungsereignis eintritt, an dem ein Hypothetischer Investor in der Lage wäre, seine Anlage in alle die in dem Portfolio jeweils enthaltenen Komponenten zu veräußern bzw. aufzulösen, die den Referenz-Portfolio Komponenten im Referenz-Portfolio entsprechen, jeweils wie von der Berechnungsstelle nach billigen Ermessen festgelegt.

Ein "**Automatisches Beendigungsereignis**" bezeichnet das Vorliegen eines Target List Ereignisses.

Ein "**Target List Ereignis**" tritt ein, wenn die Emittentin nach ihrem billigen Ermessen erfährt, dass der Target List Provider dauerhaft die Bestimmung der Zusammensetzung der Target List eingestellt hat oder die Target List anderweitig dauerhaft eingestellt oder zurückgezogen worden ist.

§ 3 *Absichtlich freigelassen*

Securityholders pursuant to § 14 of these Conditions without delay (i) that an Automatic Termination Event has occurred and (ii) of the related Automatic Termination Date. After an Automatic Termination Event has occurred, all outstanding Securities shall be automatically terminated on the related Automatic Termination Date and each Securityholder shall have in accordance with these Conditions the Security Right to receive an amount equal to the Redemption Amount (as defined in § 1 (1) of these Conditions) (the "**Automatic Termination Amount**"). A failure by the Issuer to give notice to the Securityholders in accordance with the first sentence of this § 2 (5), or non-receipt thereof by the Securityholders, shall not affect the validity of the automatic termination of the term of the Securities.

In this context:

The "**Automatic Termination Date**" in connection with an Automatic Termination Event shall be a date on or as soon as reasonably practicable following the date on which such Automatic Termination Event occurs on which a Notional Investor would be able to fully unwind its position in all constituents in such portfolio equivalent to the Reference Portfolio Constituents in the Reference Portfolio, in each case, as determined by the Calculation Agent at its reasonable discretion.

An "**Automatic Termination Event**" means the occurrence of a Target List Event.

A "**Target List Event**" shall occur if the Issuer in its reasonable discretion becomes aware that the Target List Provider has permanently stopped determining the composition of the Target List or the Target List has been otherwise permanently discontinued or withdrawn.

§ 3 *Intentionally left blank*

PART D – COUNTRY SPECIFIC INFORMATION

Additional Paying Agent(s) (if any): Not Applicable

PART E – INFORMATION ABOUT THE UNDERLYING

Target Reference Portfolio

1. General information about the Reference Portfolio and the Target List

The UBS CIO 30 for '30 Equity Preference List Reference Portfolio (the "**Reference Portfolio**") is a notional Reference Portfolio denominated in the Redemption Currency, that aims to replicate the UBS CIO 30 for '30 Equity Preference List or any successor thereto from time to time (the "**Target List**"), composed and adjusted by UBS Switzerland AG, Chief Investment Office Wealth Management ("UBS CIO") or any successor thereto from time to time (the "**Target List Provider**").

1.1 Target List

The Target List is composed by the Target List Provider and may comprise one or more positions in stocks and/or depositary receipts (each, a "**Target Stock Constituent**"), and together, the "**Target Stock Constituents**" or the "**Target List Constituents**"), in each case, selected by the Target List Provider in its sole and absolute discretion in accordance with the objective stated in Section 2.

The Target List Provider may adjust the Target List Constituents comprised in the Target List from time to time without notice and in its sole and absolute discretion (any such adjustment, a "**Target Rebalancing**").

1.2 Reference Portfolio

The Reference Portfolio is created and maintained by the Calculation Agent and may comprise one or more of:

- (i) positions in stocks and/or depositary receipts which correspond to Target Stock Constituents at such time (each, a "**Stock Constituent_(i)**", and together, the "**Stock Constituents**") or the "**Reference Portfolio Constituents**") and
- (ii) a cash position denominated in the Redemption Currency (the "**Cash Position**", which, together with the Reference Portfolio Constituents, shall be referred to as the "**Reference Portfolio Components**"),

net of relevant fees, costs and expenses.

The Calculation Agent has selected the initial Reference Portfolio Components on 3 February 2021 (the "**Fixing Date**", provided that if such date is not a Constituents Business Day, the Fixing Date shall be the immediately succeeding Constituents Business Day) with an initial level of CHF 990,00 (the "**Initial Reference Portfolio Level**"). The initial Reference Portfolio Constituents are listed in Section 3.

The Reference Portfolio represents a notional investment in the Reference Portfolio Components which are selected by the Calculation Agent to replicate as closely as commercially practicable the Target List Constituents. In connection with certain lifecycle events which may occur with respect to the Reference Portfolio Constituents from time to time, the Calculation Agent shall make certain adjustments to the Reference Portfolio in accordance with Section 4. Moreover, each time the Calculation Agent becomes aware that a Target Rebalancing has occurred, the Calculation Agent shall adjust the allocation of the Reference Portfolio Components (any such adjustment, a "**Rebalancing**") in accordance with Section 5.

The level of the Reference Portfolio as determined by the Calculation Agent in accordance with the Terms and Conditions of the Securities (the "**Reference Portfolio Level**") is calculated in the Redemption Currency net of certain fees and costs associated with the creation, maintenance and management of the Reference Portfolio which are described in Section 6.

Finally, in certain limited circumstances, the composition of the Reference Portfolio may be adjusted by the Calculation Agent in accordance with Section 7.

Information about the past and the further performance of the Reference Portfolio and its volatility can be obtained free of charge at any time upon request from UBS Europe SE, Derivatives Sales, Bockenheimer Landstrasse 2-4, 60306 Frankfurt, Federal Republic of Germany, or UBS AG, Bahnhofstrasse 45, CH-8001 Zurich, Switzerland and Aeschenvorstadt 1, CH-4051 Basel, Switzerland or via e-mail (swiss-prospectus@ubs.com).

2. Theme of Target List

The Target List Provider may select Target List Constituents for inclusion in the Target List having regard for the following theme:

UBS CIO 30 for '30 Equity Preference List

The Target List Provider may effect Target Rebalancings from time to time without notice and in its absolute discretion.

For the avoidance of doubt, the Target List Provider is under no obligation to manage and maintain the Target List and may stop providing the Target List in its sole and absolute discretion at any time.

3. Initial Composition of the Reference Portfolio

The Reference Portfolio will be created on the Fixing Date with an initial value equal to the Initial Reference Portfolio Level. On the Fixing Date, the Reference Portfolio Components will be as set out below:

*Where "Weight" will be calculated by the Calculation Agent in accordance with the below formula: Shares in Basket(i) x Price in CHF as of Fixing Date / Reference Portfolio Level as of the Fixing Date.

4. Notional Distributions; Withholding Tax; Cash Position; Currency Hedging

The Reference Portfolio aims to replicate the Target List. Accordingly, each time the Calculation Agent becomes aware that the composition of the Target List has been updated by the Target List Provider, the Calculation Agent shall effect a Rebalancing and adjust the composition of the Reference Portfolio in accordance with Section 5.

The Calculation Agent shall not actively manage the Reference Portfolio. However, from time to time, the Calculation Agent may (i) make certain adjustments to the Reference Portfolio in connection with lifecycle events which may occur with respect of certain Reference Portfolio Constituents in accordance with Sections 4.1 to 4.4, (ii) enter into one or more Currency Hedge(s) as described in Section 4.7 or (iii) make certain adjustments to the Reference Portfolio in connection with certain extraordinary events may occur with respect to certain Reference Portfolio Constituents in accordance with Section 7.

4.1 Notional Stock Constituent Distributions

If a Stock Constituent included in the Reference Portfolio at any time comprises a long position in a stock and/or a depositary receipt, a notional amount reflecting net dividends on such Stock Constituent (where such net dividends are not denominated in the Redemption Currency, after such notional amount has been converted into the Redemption Currency at the then prevailing exchange rate, as determined by the Calculation Agent in its reasonable discretion) (such amount, a "**Notional Positive Stock Constituent Distribution**") will be notionally allocated to the Cash Position on the ex-dividend date of that Stock Constituent.

If a Stock Constituent included in the Reference Portfolio at any time comprises a short position in a stock and/or a depositary receipt, a notional amount reflecting gross dividends on such Stock Constituent (where such gross dividends are not denominated in the Redemption Currency, after such notional amount has been converted into the Redemption Currency at the then prevailing exchange rate, as determined by the Calculation Agent in its reasonable discretion) (the absolute value of such amount, a "**Notional Negative Stock Constituent Distribution**", and, together with each Notional Positive Stock Constituent Distribution, a "**Notional Stock Constituent Distribution**") will be notionally deducted from the Cash Position on the ex-dividend date of that Stock Constituent.

4.2 Section 871(m) Withholding

In respect of any Stock Constituent] (each, a "**Relevant Constituent**") which references U.S. equity securities, for the purposes of determining the amount of any Notional Stock Constituent Distribution notionally allocated to the Cash Position (the "**Relevant Notional Distribution**"), the Calculation Agent, acting reasonably, shall reduce the amount of such Relevant Notional Distribution so allocated by the 30% withholding tax imposed by Section 871(m) of the U.S. Internal Revenue Code of 1986, as amended.

4.3 Cash Position

The Reference Portfolio will also contain a Cash Position as a Reference Portfolio Component.

The Cash Position may have a positive or a negative balance from time to time and represents a notional holding of a cash account denominated in the Redemption Currency.

The Cash Position shall accrue interest on a daily basis at the Reference Rate, which can be negative from time to time.

The "**Reference Rate**" means the sum of the Reference Rate Component and the Spread.

The "**Reference Rate Component**" means (i) the Federal Funds Target Rate – Upper Bound (Bloomberg page: FDTR <Index>) (ii) plus the CHF Forward Implied 3 Month Rate (Bloomberg Page: CHF13M Curncy) (iii) minus the USD 3 Month LIBOR Rate (Bloomberg Page: US003M Index) (the "**Relevant Screen Page**"), observed on every calendar day.

The "**Spread**" means:

- (a) if the balance of the Cash Position is positive, 0.00%; and
- (b) if the balance of the Cash Position is negative, 0.30%.

If any Relevant Screen Page does not display an interest rate, the corresponding Reference Rate Component shall be determined with reference to an equivalent interest rate on the corresponding page of another financial information service. If the required interest rate is no longer displayed in one of these forms, the Calculation Agent is entitled to specify in its reasonable discretion a successor Relevant Screen Page as the basis for the Reference Rate Component. The specification of a successor Relevant Screen Page may also result in an adjustment of the Spread.

On each day when an Issuer Fee, a Servicing Fee and/or an Adjustment Fee becomes due as described in Section 6, the value of the Cash Position will be reduced by an amount equal to such Issuer Fee, Servicing Fee and/or, as the case may be, Adjustment Fee.

Further, the value of the Cash Position will be adjusted to take into account any Relevant Notional Distribution(s) in respect of one or more Reference Portfolio Components, in each case, notionally deducted from or, as the case may be, added to the Cash Position from time to time.

Finally, the value of the Cash Position will also be adjusted to reflect any payments notionally due under or in respect of any Currency Hedge(s) (as described in Section 4.4. In particular, whenever the Calculation Agent notionally enters into a Currency Hedge, the cost of entry into such Currency Hedge (if any) will be notionally deducted from the Cash Position. Moreover, any payments notionally due from or to the Calculation Agent under or in respect of any Currency Hedge(s) (including, without limitation, any close out payments in respect of such Currency Hedge(s)) shall be notionally deducted from the Cash Position (in case of payments notionally due from the Calculation Agent) or notionally added to the Cash Position (in case of payments notionally due to the Calculation Agent).

4.4 Currency Hedging

At any time, the Reference Portfolio may comprise one or more Reference Portfolio Components denominated in a currency other than the Redemption Currency (such reference Portfolio Components, the "**Non-Redemption Currency Components**").

On or before each Hedging Date, the Calculation Agent in its reasonable discretion shall notionally enter into one or more Currency Hedge(s) in respect of all Non-Redemption Currency Components comprised in the Reference Portfolio on such date to reduce the risk of currency fluctuations.

Notwithstanding the above, if the Calculation Agent in its reasonable discretion determines that it cannot notionally enter into one or more Currency Hedge(s) in accordance with the preceding paragraph on commercially reasonable terms (in particular, in case of extraordinary market conditions), the Calculation Agent shall not be required to enter into such Currency Hedge(s).

Each time the Calculation Agent in its reasonable discretion notionally enters into one or more Currency Hedge(s), an amount equal to the cost of entry into such Currency Hedge(s) (if any) will be notionally allocated to the Cash Position on the day the Calculation Agent notionally enters into such Currency Hedge(s). Further and in addition, any Currency Hedge(s) will be closed out automatically on their relevant expiration and a notional amount equal to such close out amount will be notionally allocated to the Cash Position on the day of such automatic close out.

Any Currency Hedge(s) which the Calculation Agent has notionally entered into shall not be adjusted during a Hedging Period to reflect the performance of any Non-Redemption Currency Component or any Rebalancings which have occurred during such Hedging Period. Therefore, in such circumstances, such Currency Hedge(s) would not protect against any residual currency exchange risks.

For these purposes:

"Currency Hedge" means, in respect of each Hedging Period, one or more notional FX forwards with term expiring on the first Banking Day of the immediately following Hedging Period (or, in the case of the last Hedging Period, on the Valuation Date) and with an aggregate notional amount equal to the aggregate Exposure of the Non-Redemption Currency Components as of the first day of the relevant Hedging Period.

"Hedging Date" means the 20th calendar day of each calendar month, or, if such date is not a Banking Day, the immediately following Banking Day, *provided that* the first Hedging Date shall be the Fixing Date.

"Hedging Period" means each period from, and including, one Hedging Date, to, but excluding, the next following Hedging Date, *provided that* the first Hedging Period shall commence on (and include) the Fixing Date and the last Hedging Period shall end on (but exclude) the Valuation Date.

5. Rebalancings of the Reference Portfolio

- 5.1 From time to time, the Calculation Agent may become aware that the composition of the Target List has been updated by the Target List Provider (a **"Target List Publication Event"** and, the date on which the Calculation Agent becomes aware of such update, as determined by the Calculation Agent in its reasonable discretion, a **"Target List Publication Date"**). For the avoidance of doubt: if the Target List Provider (re-)publishes the Target List, but, following such (re-)publication there are no changes to the composition of the Target List, such (re-)publication shall not constitute a Target List Publication Event for the purposes of this Section 5.
- 5.2 Following the occurrence of a Target List Publication Event, by the first Constituents Business Day after the relevant Target List Publication Date (such Constituents Business Day, a **"Target List Implementation Date"**), the Calculation Agent shall initiate a Rebalancing in accordance with this Section 5.
- 5.3 If a Target List Publication Event occurs and the Calculation Agent initiates a Rebalancing by the corresponding Target List Implementation Date, but before such Rebalancing has taken effect, a subsequent Target List Publication Event occurs, then the Calculation Agent, in its reasonable discretion, may either (i) complete the Rebalancing in respect of the first Target List Publication Event and, after such Rebalancing has taken effect, initiate a Rebalancing in respect of the subsequent Target List Publication Event immediately thereafter or (ii) discontinue the Rebalancing in respect of the first Target List Publication Event and, instead, initiate a Rebalancing by the Target List Implementation Date corresponding to the subsequent Target List Publication Event.
- 5.4 Notwithstanding Sections 5.2 and 5.3, the Calculation Agent shall not initiate a Rebalancing following the occurrence of a Target List Publication Event if the Calculation Agent determines, acting reasonably, that:
- (a) on the Target List Implementation Date in respect of such Rebalancing, a Market Disruption Event (which includes an FX Disruption Event) would occur or be subsisting in respect of any Reference Portfolio Constituent or Target List Constituent the subject of such Rebalancing; or
 - (b) on the Target List Implementation Date in respect of such Rebalancing, a Hedging Disruption Event would occur or be subsisting in relation to any Reference Portfolio Constituent or Target List Constituent. In this paragraph, **"Hedging Disruption Event"** means the determination by

the Calculation Agent that it would not be reasonably practicable or it would otherwise be undesirable, for any reason, for a notional investor wholly or partially to establish, re-establish, substitute or maintain any hedging transaction which in the determination of the Calculation Agent would be necessary or desirable to hedge the obligations of an issuer of securities linked to the performance of the Reference Portfolio (such reasons may include, but are not limited to (i) any material illiquidity in the market for any Reference Portfolio Constituent or Target List Constituent, (ii) a change in any applicable law (including, without limitation, any tax law) or the promulgation of, or change in, the interpretation of any court, tribunal or regulatory authority with competent jurisdiction of any applicable law (including any action taken by a taxing authority); or (iii) the general unavailability of market participants who would agree to enter into any such hedging transaction on commercially reasonable terms or at all.

- 5.5 Subject to Section 5.4, in connection with each Rebalancing, as soon as reasonably practicable following the Target List Implementation Date in respect of such Rebalancing, the Calculation Agent shall:
- (a) disregard for the purposes of the Reference Portfolio any Target List Constituent which is not identified as "Most Preferred" in the Target List;
 - b) where any listed Target List Constituent constitutes an exposure to a *corporate* operating in India or South Korea (each, a "**Excluded Onshore Constituent**") either (i) identify a Depositary Receipt representing such Excluded Onshore Constituent instead of the Excluded Onshore Constituent or, if the Calculation Agent cannot identify such Depositary Receipt, (ii) disregard for the purposes of the Reference Portfolio such Excluded Onshore Constituent;
 - (c) where any listed Target List Constituent constitutes an exposure to a *corporate* operating in the People's Republic of China (excluding Hong Kong, Macau and Taiwan) ("**PRC**") (each, a "**PRC Exposure Constituent**") and such PRC Exposure Constituent is not available for trade through the relevant exchange connect schemes between the PRC and Hong Kong, (i) identify a Depositary Receipt representing such PRC Exposure Constituent instead of the PRC Exposure Constituent or, if the Calculation Agent cannot identify such Depositary Receipt, (ii) disregard for the purposes of the Reference Portfolio such PRC Exposure Constituent;
 - (d) where any listed Target List Constituent constitutes an exposure to a *corporate* operating in Taiwan (each, a "**Potentially Included Onshore Constituent**"), if the Calculation Agent in its reasonable discretion determines that the aggregate weighting of all Potentially Included Onshore Constituents is greater than 10% (the "**Included Onshore Constituents Limit**") of the Target List, identify in its reasonable discretion Depositary Receipt(s) representing one or more of such Potentially Included Onshore Constituents instead of the Potentially Included Onshore Constituents (each Potentially Included Onshore Constituent in respect of which the Calculation Agent has *not* identified Depositary Receipt(s), "**Included Onshore Constituent**");
 - (e) where any listed Target List Constituent is denominated in an EM Currency (each, a "**Potentially Included EM Onshore Constituent**"), if the Calculation Agent in its reasonable discretion determines that the aggregate weighting of all Potentially Included EM Onshore Constituents is greater than 20% (the "**Included EM Onshore Constituents Limit**") of the Target List, identify in its reasonable discretion Depositary Receipt(s) representing one or more of such Potentially Included EM Onshore Constituents instead of the Potentially Included EM Onshore Constituents (each Potentially Included EM Onshore Constituent in respect of which the Calculation Agent has *not* identified Depositary Receipt(s), "**Included EM Onshore Constituent**");
 - (f) disregard for the purposes of the Reference Portfolio any Target List Constituent which does not fulfil the Liquidity Criteria, as determined by the Calculation Agent in its reasonable discretion;
 - (g) disregard for the purposes of the Reference Portfolio any Target List Constituent which does not fulfil the Market Cap Criteria, as determined by the Calculation Agent in its reasonable discretion;
 - (h) disregard for the purposes of the Reference Portfolio any Target List Constituent in respect of which a Market Disruption prevails on the Target List Publication Date, as determined by the Calculation Agent in its reasonable discretion;

- (i) disregard for the purposes of the Reference Portfolio if the Calculation Agent determines that it would not be reasonably practicable for a notional investor in the same position as the Issuer to make purchases and/or sales of any stock rated "Most Preferred" due to compliance, regulatory, reporting or reputational constraints, take-over considerations, internal restrictions or lack of internal approval, such stock shall not form part of the Reference Portfolio following such Rebalancing.

(each Target List Constituent which is not disregarded for the purposes of (a) to (i), an "**Eligible Reference Portfolio Constituent**").

5.6 The Calculation Agent shall then determine in its reasonable discretion the target Weight of each Eligible Reference Portfolio Constituent, as follows:

- (a) where the Target List comprises a single sub-list, (i) all Eligible Reference Portfolio Constituents corresponding to Target List Constituents included in such sub-list shall have an equal target Weight and (ii) the aggregate of the target Weights of all Eligible Reference Portfolio Constituents shall be 100%;
- (b) where the Target List comprises two or more sub-lists:
 - (i) all Eligible Reference Portfolio Constituents corresponding to Target List Constituents included in each such sub-list shall have an equal target Weight within such sub-list; and
 - (ii) the aggregate of the target Weights of all Eligible Reference Portfolio Constituents within such sub-list shall be equal to either:
 - (x) if such sub-list is assigned a weight, expressed as a percentage, within the Target List, the weight assigned to such sub-list; or
 - (y) if such sub-list is not assigned a weight within the Target List, the ratio, expressed as a percentage, of one (1) divided by the number of sub-lists included in the Target List,

the "**Sub-List Limit**" in respect of such sub-list; and
 - (ii) the aggregate of the target Weights of all Eligible Reference Portfolio Constituents shall be 100%;
- (c) where any sub-list comprises one or more Included EM Onshore Constituents and the aggregate Weight of such Included EM Onshore Constituents determined in accordance with (a) or (b) above, as applicable, would be greater than the Included EM Onshore Constituents Limit, then:
 - (i) the target Weights of all Eligible Reference Portfolio Constituents corresponding to Target List Constituents included in any other sub-list shall be determined in accordance with (b) above;
 - (ii) all Included EM Onshore Constituents included in each such sub-list shall have an equal target Weight within such sub-list;
 - (iii) the aggregate of the target Weights of all Included EM Onshore Constituents which are included in any sub-list shall be equal to:
 - (x) the Sub-List Limit in respect of the relevant sub-list; multiplied by
 - (y) the Included EM Onshore Constituents Limit,

the "**Included EM Onshore Constituents Sub-List Limit**" in respect of such sub-list;

(iv) all other Eligible Reference Portfolio Constituents corresponding to Target List Constituents included in each such sub-list shall have an equal target Weight within such sub-list;

(v) the aggregate of the target Weights of all other Eligible Reference Portfolio Constituents corresponding to Target List Constituents included in each such sub-list shall be equal to:

(x) the Sub-List Limit in respect of the relevant sub-list; minus

(y) the Included EM Onshore Constituents Sub-List Limit in respect of such sub-list;

(vi) the aggregate of the target Weights of all Eligible Reference Portfolio Constituents shall be 100%;

(d) the target Weight of the Cash Position may be negative from time to time.

5.7 After the Calculation Agent has determined the target Weight of each Eligible Reference Portfolio Constituent in accordance with Section 5.5, the Calculation Agent shall notionally acquire Eligible Reference Portfolio Constituents or dispose of Reference Portfolio Constituents already comprised in the Reference Portfolio such that, once the Rebalancing is complete, the target Weight of each Reference Portfolio Constituent comprised in the Reference Portfolio corresponds as closely as commercially practicable to the target Weight of the corresponding Eligible Reference Portfolio Constituent determined by the Calculation Agent, making notional debits and credits to the Cash Account.

5.8 In connection with each Rebalancing, notional debits and credits to the Cash Position shall be made as follows:

(a) in respect of the notional acquisition of exposure to an Eligible Reference Portfolio Constituent, a notional debit or credit, as the case may be, shall be made to the Cash Position corresponding to the Notional Net Acquisition Value of such Eligible Reference Portfolio Constituent, with effect from the date of the notional acquisition of exposure to such Eligible Reference Portfolio Constituent; and

(b) in respect of the notional unwind of exposure to a Reference Portfolio Constituent, a notional debit or credit, as the case may be shall be made to the Cash Position corresponding to the Notional Net Disposal Value of such Reference Portfolio Constituent, with effect from the date of the notional unwind of exposure to such Reference Portfolio Constituent.

For the avoidance of doubt, if the notional acquisition of an Eligible Reference Portfolio Constituent or unwind of exposure to a Reference Portfolio Constituent results in the notional credit or debit to the Cash Position and such Reference Portfolio Constituent is not denominated in the Redemption Currency, then the Calculation Agent will apply the prevailing currency exchange rate, as determined in its reasonable discretion, to determine the value of the notional credit or debit to the Cash Position.

5.9 A Rebalancing shall take effect once the Calculation Agent determines, in its reasonable discretion, with respect to such Rebalancing both (a) the Notional Net Acquisition Cost or Notional Net Disposal Value applicable to each Eligible Reference Portfolio Constituent or Reference Portfolio Constituent and (b) the Weight of each Reference Portfolio Constituent (including any Eligible Reference Portfolio Constituent which has been notionally acquired and excluding any Reference Portfolio Constituent which has been notionally disposed of in connection with such Rebalancing), in each case, comprised in the Reference Portfolio immediately following the Rebalancing.

5.10 In this section:

(a) "**EM Currency**" means any one or more of Taiwan-Dollar (TWD), Korean Wong (KRW), Thai Bath (THB), Malaysian Ringgit (MYR), Philippines Peso (PHP), Indonesian Rupiah (IDR), Vietnam Dong (VND), South African Rand (ZAR), Russian Ruble (RUB), Turkish Lira (TRY), Mexican Peso (MXN), Brazil Real (BRL) and China Renminbi (CNY).

- (b) A Target List Constituent shall fulfil the "**Liquidity Criteria**" if it has a 30-day average daily volume equal to or greater than USD 20,000,000, as determined by the Calculation Agent in its reasonable discretion.
- (c) A Target List Constituent shall fulfil the "**Market Cap Criteria**" if it has a floating market capitalisation equal to or greater than USD 1,000,000,000, as determined by the Calculation Agent in its reasonable discretion.
- (d) "**Notional Net Acquisition Value**" means, in relation to an Eligible Reference Portfolio Constituent, the notional price (net of any applicable Adjustment Fee) at which the Calculation Agent determines that a notional investor would be able to notionally acquire exposure to such Eligible Reference Portfolio Constituent (where applicable, on the Relevant Exchange at the execution time on the relevant Target List Implementation Date, as converted into Redemption Currency where such Eligible Reference Portfolio Constituent is not denominated in the Redemption Currency, at the then prevailing currency exchange rate, each as determined by the Calculation Agent in its reasonable discretion.
- (e) "**Notional Net Disposal Value**" means, in relation to a Reference Portfolio Constituent, the notional price (net of any applicable Adjustment Fee) at which the Calculation Agent determines that a notional investor would be able to notionally unwind exposure to such Reference Portfolio Constituent (where applicable, on the Relevant Exchange at the execution time on the relevant Target List Implementation Date, as converted into Redemption Currency, where such Reference Portfolio Constituent is not denominated in the Redemption Currency, at the then prevailing currency exchange rate, each as determined by the Calculation Agent in its reasonable discretion.
- (f) "**Weight**" means, with respect to any Reference Portfolio Component, on the Fixing Date or on any Banking Day thereafter, the notional value of such Reference Portfolio Component divided by the Reference Portfolio Level, as determined by the Calculation Agent in its reasonable discretion.

6. Fees and Costs applicable to the Reference Portfolio

The Reference Portfolio Level is calculated net of certain fees, costs, taxes, charges and expenses that may be incurred from time to time in connection with the creation, maintenance and management of the Reference Portfolio, as follows:

6.1 Issuer Fee:

The Issuer will receive a fee (the "**Issuer Fee**") of 0.30% per annum of the Reference Portfolio Level, accruing on a pro-rata daily basis by reference to the closing Reference Portfolio Level as of the immediately preceding Reference Portfolio Calculation Date, as determined by the Calculation Agent in its reasonable discretion.

6.2 **Adjustment Fee:** An adjustment fee (the "**Adjustment Fee**") is levied in the context of adjusting the Reference Portfolio Constituents. This Adjustment Fee is, for calculation purposes, referenced to each notional adjustment made in the Reference-Portfolio, and represents a percentage of the notional volume of each of the purchase and/or sale of a Reference Portfolio Constituent (comprised in the Reference Portfolio), as converted into the Redemption Currency at the then prevailing exchange rate, as determined by the Calculation Agent in its reasonable discretion. For the avoidance of doubt, unwind costs to determine the Final Reference Portfolio Level shall constitute Adjustment Fees.

In respect of each Reference Portfolio Constituent, the Adjustment Fee is equal to:

Stock Constituents	0.10%
FX forwards	0.03%

6.3 **Servicing Fee:** A notional servicing fee of 1.00% per annum of the Level of the Reference Portfolio shall accrue on a pro-rata daily basis by reference to the closing Level of the Reference Portfolio as of the

immediately preceding Reference Portfolio Calculation Date, as determined by the Calculation Agent in its reasonable discretion. The notional servicing fee shall be in respect of services provided in connection with the Reference Portfolio or any products linked to the Reference Portfolio.

- 6.4 **Calculation of Fees and Costs applicable to the Reference Portfolio:** The Issuer Fee and the Servicing Fee for each calendar day shall each be calculated by the Calculation Agent on each Reference Portfolio Calculation Date by reference to the immediately preceding Reference Portfolio Calculation Date and taking into account all calendar days since the immediately preceding Reference Portfolio Calculation Date, and shall be deducted from the Cash Position prior to the determination of the Reference Portfolio Level on such Reference Portfolio Calculation Date.

The relevant Adjustment Fee shall be calculated by the Calculation Agent and shall be deducted from the Cash Position (and, accordingly, from the Reference Portfolio Level) on each Target List Implementation Date.

7. Adjustments of the Reference Portfolio

7.1 Consequences of the Occurrence of a General Reference Portfolio Disruption Event or a Component Disruption Event

Subject to Section 7.2, if, at any time prior to a Valuation Date, the Calculation Agent determines that a General Reference Portfolio Disruption Event occurs in respect of the Reference Portfolio or a Component Disruption Event occurs in respect of any one or more Reference Portfolio Components, it shall make such adjustments (if any) to the Reference Portfolio as the Calculation Agent determines in its reasonable discretion are necessary or appropriate to preserve to the greatest extent possible the Reference Portfolio Level and the economic balance of the Securities between the Issuer and the Securityholders which existed immediately prior to the occurrence of such General Reference Portfolio Disruption Event or, as the case may be, Component Disruption Event.

For these purposes:

"**Component Disruption Event**" means, in respect of any Reference Portfolio Component, the occurrence of any one or more of the following events:

- (a) a change to the liquidity, the trading volume, the terms or listing of any Reference Portfolio Component;
- (b) a Change in Law occurs with respect to such Reference Portfolio Component;
- (c) any event or circumstance whereby the value of such Reference Portfolio Component or any component or underlying thereof is incorrect or unreliable;
- (d) such Reference Portfolio Component is permanently discontinued or unavailable;
- (e) a change in the method by which the value of a Reference Portfolio Component is calculated;
- (f) an Increased Cost of Hedging or a Hedging Disruption occurs with respect to such Reference Portfolio Component;
- (g) the occurrence of any other event which has a material impact on the ability of the Calculation Agent to perform its obligations in respect of the Reference Portfolio; and
- (h) the occurrence of any other event or circumstance which prevents the Reference Portfolio from meeting its objective,

which the Calculation Agent determines in its reasonable discretion has or is reasonably likely to have a material adverse effect on the Reference Portfolio Level and the economic balance of the Securities between the Issuer and the Securityholders which existed immediately prior to the occurrence of such Component Disruption Event in respect of such Reference Portfolio Component.

"General Reference Portfolio Disruption Event" means the occurrence of any one or more of the following events:

- (a) an unscheduled closure or material restriction or suspension in trading of any relevant money market;
- (b) the failure, suspension or postponement of any calculation by a party other than the Calculation Agent necessary for the purposes of determining the composition of the Reference Portfolio or a breakdown in communications or procedure which is normally used in connection with determining the composition of the Reference Portfolio at any time;
- (c) any event which the Calculation Agent determines, acting reasonably, prevents the prompt or accurate determination of the composition of the Reference Portfolio; and
- (d) the disruption of trading on the Relevant Exchange (as applicable) in respect of any Reference Portfolio Component or any other similar event that materially disrupts or impairs trading of any Reference Portfolio Component comprised in the Reference Portfolio at such time,

in each case, which the Calculation Agent determines in its reasonable discretion has or is reasonably likely to have an adverse impact on the Reference Portfolio Level and the economic balance of the Securities between the Issuer and the Securityholders which existed immediately prior to the occurrence of such General Reference Portfolio Disruption Event.

7.2 Successor Reference Portfolio Constituent; Substitute Price Source; Corrected Price

7.2.1 Successor Reference Portfolio Constituent

In the event that, prior to a Valuation Date, any Reference Portfolio Constituent (the "**Original Reference Portfolio Constituent**") ceases to exist (in circumstances which do not amount to a Relevant Notional Distribution) and/or is replaced by a successor underlying (by any parties other than the Calculation Agent), the Calculation Agent shall determine, acting reasonably, which underlying economically equivalent to the Original Reference Portfolio Constituent shall comprise or be included in the Reference Portfolio in the future (the "**Successor Reference Portfolio Constituent**") and to replace such Original Reference Portfolio Constituent with the Successor Reference Portfolio Constituent.

7.2.2 Substitute Price Source

In the event that, prior to a Valuation Date, the quotation or trading in any Reference Portfolio Constituent or, in each case, any component thereof is discontinued on the Relevant Exchange (as applicable) and, concurrently, quotation or trading in such Reference Portfolio Constituent or, as the case may be, such component thereof is started up or maintained on another stock exchange(as applicable), the Calculation Agent shall be entitled to stipulate such other stock exchange (as applicable).

7.2.3 Corrected Price

In the event that, prior to a Valuation Date, the price of any Reference Portfolio Constituent published by the Relevant Exchange (as applicable)is corrected and the correction (the "**Corrected Price**") is published by the Relevant Exchange (as applicable) after the original publication, but still within one Settlement Cycle, the Calculation Agent shall be entitled to effect such adjustments to the Reference Portfolio as the Calculation Agent determines, acting reasonably, are necessary or appropriate to account for the Corrected Price.

For these purposes, "**Settlement Cycle**" means, in respect of any Reference Portfolio Constituent, the number of days following a trade in such Reference Portfolio Constituent on the Relevant Exchange (as applicable) with respect to such Reference Portfolio Constituent in which settlement will customarily occur in accordance with the applicable rules and practices of such Relevant Exchange (as applicable).

7.3 Adjustments and Determinations

7.3.1 No Rebalancing

Any adjustment to and/or determination in respect of the Reference Portfolio made by the Calculation Agent in accordance with this Section 7 shall not constitute a Rebalancing.

7.3.2 Adjustments and Determinations Final and Binding

The Calculation Agent shall effect all adjustments to and/or determinations in respect of the Reference Portfolio in accordance with this Section 7, acting reasonably and under consideration of the market conditions prevailing at the time such adjustments and/or determinations. Any such adjustments and/or determinations made by the Calculation Agent shall be final, conclusive and binding, except where there is a manifest error.

7.3.3 Timing of Adjustments; Notification

In connection with any adjustment to and/or determination in respect of the Reference Portfolio in accordance with this Section 7, the Calculation Agent shall (i) determine the date on which such adjustment and/or determination shall take effect (the "**Adjustment Effective Date**") and, (ii) promptly and, in any event, within one (1) Banking Day of deciding to make such adjustment and/or determination, notify such adjustment and/or determination and the relevant Adjustment Effective Date to the Issuer.

What are the key risks that are specific to the Issuer?

Credit risk in relation to UBS AG as Issuer

Each investor in securities issued by UBS AG as Issuer is exposed to the credit risk of UBS AG. The assessment of UBS AG's creditworthiness may be affected by a number of factors and developments. These include UBS Group AG's acquisition of Credit Suisse Group AG and the integration of the groups, UBS's reputation, operational risks, risk management and control processes, market conditions and macroeconomic climate, credit risk exposure to clients and counterparties, material legal and regulatory risks, substantial changes in regulation, UBS AG's success in executing its strategic plans, and liquidity and funding management.

If UBS experiences financial difficulties, FINMA has the power to open restructuring or liquidation proceedings or impose protective measures in relation to UBS Group AG, UBS AG, UBS Switzerland AG or Credit Suisse (Schweiz) AG, and such proceedings or measures may have a material adverse effect on UBS AG's creditors. If restructuring or liquidation proceedings are instituted against UBS AG, holders of securities may suffer a substantial or **total loss** on the securities.

Section C – Key Information on the Securities

What are the main features of the Securities?

Type and form of the Securities

The Securities of each Series are structured debt securities with no capital protection.

The Securities of each Series are issued as uncertificated securities (*Wertrechte*; "**Uncertificated Securities**") pursuant to article 973c of the Swiss Federal Code of Obligations. Uncertificated Securities are registered in the main register of a Swiss depository (*Verwahrungsstelle*; "**FISA Depository**") according to the Swiss Federal Act on Intermediated Securities ("**FISA**"). Upon (a) entering the Uncertificated Securities into the main register of a FISA Depository and (b) booking the Securities into a securities account at a FISA Depository, the Uncertificated Securities will constitute intermediated securities within the meaning of FISA (*Bucheffekten*). The Issuer will normally choose SIX SIS AG, Baslerstrasse 100, CH-4600 Olten, Switzerland, ("**SIS**") as FISA Depository, but reserves the right to choose any other FISA Depository, including UBS AG.

The contents (other than the form) of each Series of Securities as well as all rights and duties arising from the Securities are governed by Swiss law.

Issue date and term of the Securities

The Securities are Swiss Franc ("**CHF**") denominated (the "**Redemption Currency**"). The Securities are issued in denomination of CHF 990.00 per Security ("the **Nominal Amount**"). The Issuer will issue up to 75,000 Securities at an Issue Price of CHF 1,000.00 per Security (the "**Issue Price**")

The Securities will be issued on 10 February 2021 (the "**Issue Date**"). Subject to the Issuer Extension Option (as defined below), the Securities expire – provided that they are not terminated or redeemed early – on 3 February 2028 (the "**Expiration Date**").

The Issuer is entitled to extend, by giving notice to the Securityholders of not less than one hundred eighty (180) calendar days prior to the then existing Expiration Date, the maturity of all then outstanding Securities for one additional period of seven (7) calendar years (the "**Issuer Extension Option**"). In case that the Issuer exercises the Issuer Extension Option and unless a Securityholder reject such Issuer Extension Option in relation to the Securities held by it, investors in the Securities will receive any final payments under the Securities later than scheduled at the extended Maturity Date.

The Issuer is also entitled to redeem all outstanding Securities quarterly, i.e. as of each 31 March, 30 June, 30 September and 31 December of each year (an "**Issuer Termination Date**") by giving notice to the Securityholders. The first possible Issuer Termination Date will be 31 March 2021.

Further, if an Automatic Termination Event occurs, the Issuer shall notify the Securityholders without delay and shall redeem all outstanding Securities as soon as practicable thereafter, on the date on which a hypothetical investor would be able to fully unwind its position in all constituents in such portfolio (the "**Automatic Termination Date**"). An "**Automatic Termination Event**") shall occur if the Target List Provider has permanently stopped determining the composition of the Target List or the Target List has been otherwise permanently discontinued or withdrawn.

The Maturity Date will be the date falling five (5) banking days after the scheduled Expiration Date, the extended expiration date, the Issuer Termination Date or the Automatic Termination Date, if applicable (the "**Maturity Date**").

Rights attached to the Securities; payment profile at scheduled maturity

The Reference Portfolio means the notional Swiss Franc ("CHF") denominated notional reference portfolio that aims to replicate the Target List composed and adjusted by the Target List Provider from time to time. The Reference Portfolio is created and maintained by the Calculation Agent, who dynamically adjusts the Reference Portfolio to replicate the Target List in accordance with certain prescribed rules, and may comprise one or more of (i) positions in stocks and/or depositary receipts which correspond to Target List constituents at such time (each, a "**Stock Constituent₀**", and together, the "**Stock Constituents**" or the "**Reference Portfolio Constituents**") and (ii) a CHF denominated cash position (the "**Cash Position**"; which, together with the Reference Portfolio Constituents, shall be referred to as the "**Reference Portfolio Components**"). The Reference Portfolio may be exposed to Stock Constituents denominated in currencies other than the Redemption Currency. The resulting currency exchange risks are partially hedged through the currency hedge, subject to availability of the appropriate FX forward contracts (the "**FX Forwards**"). The level of the Reference Portfolio will be calculated net of relevant fees, costs and expenses.

The Reference Portfolio is initiated on the 3 February 2021 (the "**Fixing Date**") by the Calculation Agent with an initial level of CHF 990.00 (the "**Initial Reference Portfolio Level**").

With the purchase of each (1) Security, the investor acquires the right, under certain conditions and as provided for in the Terms and Conditions of the Securities, to demand from the Issuer the payment of the Settlement Amount (as defined below) in the Redemption Currency, if applicable, commercially rounded to two decimal points (the "**Redemption Amount**") (the "**Security Right**").

The "**Settlement Amount**" per Security is calculated in accordance with the following formula:

$$\text{CHF } 990.00 \times \text{MAX} \left(0, \frac{\text{Final Reference Portfolio Level}}{\text{Initial Reference Portfolio Level}} \right)$$

The "**Final Reference Portfolio Level**" means, subject to a Market Disruption in accordance with the Conditions of the Securities, the value of the notional Reference Portfolio as determined by the Calculation Agent in respect of the Securities in relation to the relevant Valuation Date, whereby the relevant value of the Reference Portfolio shall be the sum of the sale proceeds as converted into the Redemption Currency where applicable, using the then prevailing exchange rate, that would be realized by a notional investor (in the same position as the Issuer) when selling and/or, as the case may be, unwinding the Constituents then comprised in the notional Reference Portfolio plus (ii) the value of the Cash Position minus (iii) any accrued but not yet deducted Reference Portfolio Fees and Adjustment Fees.

The "**Initial Reference Portfolio Level**" of the Reference Portfolio is equal to CHF 990.00.

In the case of the occurrence of an Automatic Termination Event, all outstanding Securities are automatically terminated and each Securityholder will receive on the relevant Maturity Date payment of the Early Settlement Amount in the Redemption Currency, if applicable, commercially rounded to two decimal points (the "**Automatic Termination Amount**").

The "**Early Settlement Amount**", which cannot be negative, is calculated by multiplying CHF 990.00 by the performance of the Reference Portfolio from the Fixing Date to the relevant Valuation Date and is, consequently, calculated in accordance with the following formula:

$$\text{CHF } 990.00 \times \text{MAX} \left(0, \frac{\text{Early Reference Portfolio Level}}{\text{Initial Reference Portfolio Level}} \right)$$

"**Early Reference Portfolio Level**" means, subject to a Market Disruption in accordance with the Conditions of the Securities, the value of the notional Reference Portfolio as determined by the Calculation Agent in relation to the relevant Valuation Date, whereby the relevant value of the Reference Portfolio shall be the sum of the sale proceeds as converted into the Redemption Currency where applicable, using the then prevailing exchange rate, that would be realized by a notional investor (in the same position as the Issuer) when selling and/or, as the case may be, unwinding the Constituents then comprised in the notional Reference Portfolio plus (ii) the value of the Cash Position minus (iii) any accrued but not yet deducted Reference Portfolio Fees and Adjustment Fees.

The "**Initial Reference Portfolio Level**" of the Reference Portfolio is equal to CHF 990.00.

The Issuer is entitled to terminate the Securities with immediate effect if an (extraordinary) termination event occurs. Examples of (extraordinary) termination events include that the determination and/or publication of the level of the Reference Portfolio is discontinued permanently or the occurrence of a change in law. In such case, the payable termination amount payable to Securityholders may be significantly lower than the capital invested by Securityholders for purchasing the Securities (including the transaction costs).

Relative seniority of the Securities in the Issuer's capital structure in the event of insolvency

The Securities constitute direct, unsecured and unsubordinated obligations of the Issuer, ranking *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer, other than obligations preferred by mandatory provisions of law.

Restrictions on free transferability of the Securities

The Securities are freely transferrable.

Dividend or payout policy

During their term, the Securities do not generate any regular income (e.g. dividends or interest).

Where will the Securities be traded?

It is intended that application for the listing of the Securities at SIX Swiss Exchange Ltd ("SIX") and for admittance to trading on the trading platform of SIX will be made.

What are the key risks that are specific to the Securities?

The Securityholders are exposed to the risk of a bail-in. In case FINMA as supervisory authority in respect of the Issuer exercises resolution measures against the Issuer and writes down or converts the Securities into common equity of the Issuer, Securityholders would have no further claim against the Issuer under the Securities.

The Securities are not protected by any statutory or voluntary deposit guarantee scheme. The Issuer's obligations under the Securities are not protected by any statutory or voluntary deposit protection scheme or compensation scheme. Further, no third party guarantees or commitments have been provided in respect of the Issuer's obligations under the Securities. Accordingly, in the event of insolvency of the Issuer, investors may thus experience a total loss of their investment in the Securities.

Specific risks related to the linkage to the Reference Portfolio. The payment profile of the Securities is linked to the performance of a Reference Portfolio. Potential investors should be aware that the performance of the Reference Portfolio is impossible to predict. Poor performance of the Reference Portfolio would lead to a lower Redemption Amount, Termination Amount, Automatic Termination Amount or, as the case may be, Extraordinary Termination Amount under the Securities. In some cases, investors may even suffer a **total loss of the invested capital**.

Specific risks related to early termination of the Securities. In case of an automatic early termination of the Securities or a termination of the Securities by the Issuer, Securityholders bear the risk they will not benefit from any future increases in the level of the Reference Portfolio until the scheduled Maturity Date. Accordingly, in case of an early termination and redemption of the Securities, Securityholders could receive less than the invested capital and may even suffer a **total loss of the invested capital**.

Specific risks related to Target List being managed independently of existence of Securities. The Reference Portfolio will be dynamically adjusted by the Calculation Agent in order to replicate the Target List. However, the Target List Provider actively manages, creates and maintains the Target List independently of the existence of the Securities. In particular, the Target List Provider is under no obligation to manage and maintain the Target List and may stop providing the Target List in its sole and absolute discretion at any time. If the Target List Provider permanently stops determining the composition of the Target List or the Target List has been otherwise permanently discontinued or withdrawn, that shall constitute an Automatic Termination Event in respect of the Securities.

Specific risks related to Reference Portfolio not exactly mirroring Target List Each time the Calculation Agent becomes aware that the composition of the Target List has been updated by the Target List Provider, the Calculation Agent shall make corresponding adjustments to the composition of the Reference Portfolio. However, in certain circumstances and in accordance with certain pre-defined rules, if the Target List Provider changes the composition of the Target List, the Calculation Agent shall not make a corresponding adjustment to the composition of the Reference Portfolio. Securityholders should therefore be aware that the Reference Portfolio (and, therefore, the Securities) may not exactly replicate the Target List. Accordingly, it is possible that due to differences in the composition of the Target List and the Reference Portfolio, the value of the Target List Constituents increases, whereas the value of the Reference Portfolio Constituents (and, therefore, the Reference Portfolio Level and the value of the Securities) decreases. In extreme circumstances, it is even possible that although the value of the Target List Constituents increases, Securityholders nonetheless suffer a partial or total loss of the invested capital.

Specific risks in connection with currency exchange rates. Individual Reference Portfolio Constituents may be denominated in currencies other than the Redemption Currency. To determine the Reference Portfolio Level, the Calculation Agent needs to convert the value of the Reference Portfolio Constituents from their respective denomination currency into the Redemption Currency by using a currency exchange rate prevailing at the time of such conversion. However, currency exchange rates are at times subject to considerable fluctuations and change significantly over time. Even though the Reference Portfolio is partially hedged against currency fluctuations, any unfavourable developments in the value of the denomination currency of the Reference Portfolio Constituents against the Redemption Currency may therefore reduce the value of the Securities and may even result in total loss of invested capital.

Specific risks related to extension of the term of the Securities. If the Issuer exercises its unilateral option under the Conditions of the Securities to extend the term of the Securities and the Securityholders do not object to such exercise, investors in the Securities will receive any final payments under the Securities later than scheduled. In such case, Securityholders bear the risk of poor performance of the Reference Portfolio during the extension period which could result in **a total loss of the invested capital**.

Specific risks related to adjustments of the level of the Reference Portfolio or the Conditions of the Securities by the Issuer and the Calculation Agent. Adjustments by the Issuer and the Calculation Agent to the level of the Reference Portfolio or the Conditions of the Securities made in accordance with the Conditions of the Securities, if inaccurate or insufficient, may not preserve the underlying concept or calculation of the Reference Portfolio applicable prior to such changes and could therefore have an adverse effect on the value of the Securities. This could result in **a partial loss of the invested capital**.

Specific risks related to the market price of the Securities. Potential investors bear the risk that the market price of the Securities may fluctuate during the term of the Securities, including, without limitation, as a result of the performance of any individual Reference Portfolio Constituents or of the Reference Portfolio as a whole. Accordingly, Securityholders bear the risk that if they can sell any Securities prior to their due date, the sale proceeds may fall below (including significantly below) the amount of capital initially invested in the Securities and investors would then **lose some or all of the invested capital**.

Specific risks related to the liquidity of the Securities. Potential investors bear the risk that there is no liquid market for trading in the Securities. This means that they may not be able to sell the Securities at a time of their own choosing. This could, in turn, result in potential investors receiving a lower sale price than they would have received had a liquid market existed.

Specific risks related to potential conflicts of interest of the Issuer and its affiliates. The Issuer and its affiliates may have commercial interests that conflict with those of the Securityholders and that may impact the value and/or trading of the Securities. In turn, this could result in Securityholders receiving less when selling any Securities they hold than they would have received but for such conflicts of interest and/or even suffering a partial loss of the invested capital. Such conflicts of interest may arise in connection with the Issuer's involvement in other transactions, the Issuer's existing business relationship with the issuer of any Reference Portfolio Constituent of the Reference Portfolio or with the Issuer acting in any other capacity.

Specific risks related to the lack of direct correlation between the performance of underlyings, individual Reference Portfolio Components and the overall performance of the Reference Portfolio. Potential investors bear the risk that the positive performance of individual Reference Portfolio Constituents does not directly correlate to an overall positive performance of the Reference Portfolio. Even in the case of a positive performance of one or more Reference Portfolio Constituents comprised in the Reference Portfolio, the performance of the Reference Portfolio as a whole may be negative if the performance of the other Reference Portfolio Constituents is negative to a greater extent.

Specific risks related to Securityholders having no recourse to the Reference Portfolio Components. Potential investors should be aware that the Securities do not create any entitlement, proprietary rights or recourse to any Reference Portfolio Components comprising the Reference Portfolio from time to time. Accordingly, in connection with all payments in respect of the Securities, the Securityholders are exposed solely to the credit risk of the Issuer and have no recourse to any underlying assets.

Section D – Key Information on the offer of Securities to the public and/or the admission to trading on a regulated market

Under which conditions and timetable can I invest in this Security?

UBS AG, Zurich (UBS Investment Bank), Bahnhofstrasse 45, 8001 Zurich, Switzerland and UBS Europe SE, Bockenheimer Landstrasse 2-4, 60306 Frankfurt am Main, Germany (the "**Manager**") shall be responsible for coordinating the entire Securities offering.

It has been agreed that, on or after the respective Issue Date of the Securities, the Manager may purchase Securities and place the Securities for sale in the Federal Republic of Germany, Austria, Luxembourg, Liechtenstein, the United Kingdom, the Netherlands, and

It has been agreed that the Manager shall underwrite the Securities on or after the respective Issue Date by means of an underwriting agreement and shall place them for sale under terms subject to change in the Public Offer Jurisdictions.

Most material conflicts of interest

The Issuer and affiliated companies may participate in transactions related to the Securities in some way, for their own account or for account of a client. Such transactions may not serve to benefit the Securityholders and may have a positive or negative effect on the value of the Underlying, and consequently on the value of the Securities. Furthermore, companies affiliated with the Issuer may become counterparties in hedging transactions relating to obligations of the Issuer stemming from the Securities. As a result, conflicts of interest can arise between companies affiliated with the Issuer, as well as between these companies and investors, in relation to obligations regarding the calculation of the price of the Securities and other associated determinations.

Within the context of the offering and sale of the Securities, the Issuer or any of its affiliates may directly or indirectly pay fees in varying amounts to third parties, such as distributors or investment advisors, or receive payment of fees in varying amounts, including those levied in association with the distribution of the Securities, from third parties. Potential investors should be aware that the Issuer may retain fees in part or in full.

Welches sind die zentralen Risiken, die für die Emittentin spezifisch sind?

Kreditrisiko im Zusammenhang mit UBS AG als Emittentin

Jeder Anleger in Wertpapieren, die von der UBS AG als Emittentin ausgegeben werden, unterliegt dem Kreditrisiko der UBS AG. Die Bewertung der Bonität der UBS AG kann durch eine Reihe von Faktoren und Entwicklungen beeinflusst werden. Dazu gehören die Akquisition der Credit Suisse Group AG durch die UBS Group AG und die Integration der Gruppen, die Reputation der UBS, die operationellen Risiken, das Risikomanagement und die Kontrollprozesse, die Marktbedingungen und makroökonomisches Klima, das Kreditrisiko in Bezug auf Kunden und Gegenparteien, wesentliche rechtliche und regulatorische Risiken, wesentliche Änderungen in der Regulierung, der Erfolg der UBS AG bei der Umsetzung ihrer strategischen Pläne sowie Liquiditäts- und Refinanzierungsmanagement.

Falls UBS in finanzielle Schwierigkeiten gerät, hat FINMA die Befugnis, in Bezug auf UBS Group AG, UBS AG, UBS Switzerland AG oder Credit Suisse (Schweiz) AG Sanierungs- oder Liquidationsverfahren zu eröffnen oder Schutzmaßnahmen aufzuerlegen, und solche Verfahren oder Maßnahmen können eine wesentlich nachteilige Auswirkung auf Gläubiger der UBS AG haben. Falls Sanierungs- oder Liquidationsverfahren in Bezug auf UBS AG eröffnet werden, können Inhaber von Wertpapieren einen erheblichen oder **vollständigen Verlust** in Bezug auf die Wertpapiere erleiden.

Abschnitt C – Basisinformationen über die Wertpapiere

Welches sind die wichtigsten Merkmale der Wertpapiere?

Art und Gattung der Wertpapiere

Die Wertpapiere sind strukturierte Schuldverschreibungen ohne Kapitalschutz.

Die Wertpapiere wurden als Wertrechte ("Wertrechte") im Sinne von Art. 973c des Schweizerischen Obligationenrechts ausgegeben. Die Wertrechte werden in dem Hauptregister einer Schweizer Verwahrungsstelle ("Verwahrungsstelle") im Sinne des Bundesgesetzes über die Bucheffekten ("BEG") registriert. Durch (a) die Eintragung der Wertrechte in das Hauptregister der Verwahrungsstelle und (b) die Einbuchung der Wertpapiere in das Effektenkonto einer Verwahrungsstelle begründen die Wertrechte Bucheffekten im Sinn des BEG ("Bucheffekten"). Die Emittentin hat SIX SIS AG, Baslerstrasse 100, CH-4600 Olten, Schweiz, auch als Verwahrungsstelle eingesetzt, behält sich aber das Recht vor, eine andere Verwahrungsstelle einschliesslich der UBS AG einzusetzen.

Die Wertpapiere unterliegen Schweizer Recht.

Begebungstag und Laufzeit der Wertpapiere

Die Wertpapiere lauten auf Schweizer Franken ("CHF") ("Auszahlungswährung"). Die Wertpapiere werden mit einer Stückelung von CHF 990,00 auf je Wertpapier begeben (der „Nennbetrag“). Die Emittentin wird bis zu 75.000 Wertpapiere begeben, zu einem Ausgabepreis von CHF 1000,00 pro Wertpapier (der „Ausgabepreis“)

Die Wertpapiere werden erstmals am 10. Februar 2021 ausgegeben ("Ausgabetag"). Vorbehaltlich der Verlängerungsoption der Emittentin (wie nachstehend definiert) ist der Verfalltag der Wertpapiere – sofern keine vorzeitige Kündigung oder Auszahlung erfolgt – der 3. Februar 2028 ("Verfalltag").

Die Emittentin ist berechtigt, die Laufzeit aller ausstehenden Wertpapiere durch Bekanntmachung gegenüber den Wertpapiergläubigern gemäß den Wertpapierbedingungen mit einer Frist von mindestens einhundertachtzig (180) Kalendertagen um einen zusätzlichen Zeitraum von sieben (7) Kalenderjahren zu verlängern ("Verlängerungsoption der Emittentin"). Falls die Emittentin die Verlängerungsoption der Emittentin ausübt, erhalten Anleger in die Wertpapiere die abschließende Zahlungen aus den Wertpapieren später als am Ausgabetag der Wertpapiere vorgesehen, es sei denn, ein Wertpapiergläubiger lehnt die Verlängerungsoption der Emittentin

hinsichtlich der von ihm gehaltenen Wertpapiere ab.

Der Emittent ist auch berechtigt, quartalsweise, jeweils am 31. März, 30. Juni, 30. September und 31. Dezember jedes Jahr (ein „**Emittentin-Kündigungstag**“) alle ausstehenden Wertpapiere durch Mitteilung an die Wertpapiergläubiger einzulösen. Der erste mögliche Emittentin-Kündigungstag ist der 31. März 2021.

Sofern ein Automatisches Beendigungsereignis eintritt, wird die Emittentin die Wertpapiergläubiger unverzüglich benachrichtigen und tilgt alle ausstehenden Wertpapiere auf so bald wie möglich an dem Tag, an dem ein hypothetischer Anleger in der Lage wäre, seine Position in allen Bestandteilen eines solchen Portfolios vollständig aufzulösen (das „**Automatische Beendigungsdatum**“). Ein „**Automatisches Beendigungsereignis**“ tritt ein, wenn der Target List Provider dauerhaft die Bestimmung der Zusammensetzung der Target List eingestellt hat oder die Target List anderweitig dauerhaft eingestellt oder zurückgezogen worden ist.

Der Fälligkeitstag entspricht dem fünften (5.) Bankgeschäftstag nach dem maßgeblichen Bewertungstag oder, gegebenenfalls, dem verlängerten Bewertungstag, dem Emittentin-Kündigungstag oder Automatischen Beendigungsdatum (der „**Fälligkeitstag**“).

Mit den Wertpapieren verbundene Rechte; Tilgungsprofil zum planungsgemäßen Laufzeitende

Das Referenz-Portfolio bezeichnet das in Schweizer Franken („**CHF**“) denominated hypothetische Referenz-Portfolio, das beabsichtigt die Target List abzubilden, wie durch den Target List Provider zusammengestellt und von Zeit zu Zeit angepasst. Das Referenz-Portfolio wird begründet und aufrechterhalten durch die Berechnungsstelle, welches es dynamisch nach vordefinierten Regeln anpasst, um die Target List abzubilden, und kann aus einer oder mehreren (i) Positionen in Aktien und/oder Depositary Receipts, die den Target List Komponenten zu dem Zeitpunkt entsprechen (jeweils, eine „**Aktien-Komponente**“), und zusammen, die „**Aktien-Komponenten**“ oder die „**Referenz-Portfolio Komponenten**“) und (ii) eine in der Auszahlungswährung denominated Barposition (die „**Barposition**“; die, zusammen mit den Referenz-Portfolio-Komponenten als die „**Referenz-Portfolio-Komponenten**“ bezeichnet werden soll), bestehen. Das Referenzportfolio kann Aktienkomponenten zum Bestandteil haben, die auf andere Währungen als die Rückzahlungswährung lauten. Die sich daraus ergebenden Wechselkursrisiken werden partiell durch Währungsabsicherungen abgesichert, vorbehaltlich der Verfügbarkeit der entsprechenden FX-Terminkontrakte (die „**FX-Kontrakte**“). Das Referenz-Portfolio Level wird abzüglich relevanter Gebühren, Kosten und Ausgaben berechnet.

Das Referenz-Portfolio wird am 3. Februar 2021 (der „**Festlegungstag**“) durch die Berechnungsstelle begründet mit einem anfänglichen Level von CHF 990,00 (das „**Anfängliche Referenz-Portfolio Level**“).

Mit dem Kauf eines (1) Wertpapiers erwirbt der Anleger das Recht, unter bestimmten Voraussetzungen und gemäß den Bedingungen der Wertpapiere von der Emittentin die Auszahlung des Abrechnungsbetrags (wie nachstehend definiert) in der Auszahlungswährung, gegebenenfalls auf zwei Dezimalstellen kaufmännisch gerundet („**Auszahlungsbetrag**“), zu verlangen („**Wertpapierrecht**“).

Der „**Abrechnungsbetrag**“ pro Wertpapier wird mit der folgenden Formel berechnet:

$$\text{CHF } 990,00 \times \text{MAX} \left(0, \frac{\text{Finaler Referenz-Portfolio Level}}{\text{Anfänglicher Referenz-Portfolio Level}} \right)$$

Der „**Finale Referenz-Portfolio Level**“ bezeichnet, vorbehaltlich einer Störung des Marktes, den Wert des Referenz-Portfolios, wie er für den fünf Geschäftstage vor dem jeweiligen Fälligkeitstag der Wertpapiere liegenden Bewertungstag von der Berechnungsstelle berechnet wird, dabei entspricht der maßgebliche Wert des Referenz-Portfolios (i) der Summe der Veräußerungserlöse, unter Verwendung des jeweiligen maßgeblichen Währungswechsellurses, wie von der Berechnungsstelle nach billigem Ermessen bestimmt, in die Auszahlungswährung umgerechnet, die erzielt worden wären, wenn ein hypothetischer Investor (in derselben Position wie die Emittentin) die in dem Referenz-Portfolio jeweils enthaltenen virtuellen Komponenten veräußert bzw. aufgelöst hätte, **zuzüglich** (ii) des Werts der Barmittel-Position **abzüglich** (iii) der angefallenen, aber noch nicht Referenz-Portfolio Gebühren und Anpassungsgebühren in Zusammenhang mit dem Referenz-Portfolio.

Das „**Anfängliche Referenz-Portfolio Level**“ des Referenz-Portfolios entspricht CHF 990,00.

Im Fall eines Automatischen Beendigungsereignisses werden sämtliche ausstehenden Wertpapiere automatisch gekündigt und jeder Wertpapiergläubiger erhält an dem maßgeblichen Fälligkeitstag die Zahlung des Vorzeitigen Auszahlungsbetrags in der Auszahlungswährung, gegebenenfalls auf zwei Dezimalstellen kaufmännisch gerundet (der „**Automatischer Beendigungsbetrag**“)

Der „**Vorzeitige Abrechnungsbetrag**“, welcher nicht negativ sein kann, wird durch die Multiplikation von CHF 990,00 mit der Entwicklung des Referenz-Portfolios seit dem Festlegungstag bis zum maßgeblichen Bewertungstag und damit in Übereinstimmung mit der folgenden Formel berechnet:

$$\text{CHF } 990,00 \times \text{MAX} \left(0, \frac{\text{Vorzeitiger Referenz-Portfolio Level}}{\text{Anfänglicher Referenz-Portfolio Level}} \right)$$

„**Vorzeitiger Referenz-Portfolio Level**“ bezeichnet, vorbehaltlich einer Marktstörung gemäß der Bedingungen der Wertpapiere, den Wert des virtuellen Referenz-Portfolios, wie er an dem maßgeblichen Bewertungstag von der Berechnungsstelle berechnet wird, wobei der maßgebliche Wert des Referenz-Portfolios der folgenden Summe entspricht (i) der Summe der Veräußerungserlöse, unter Verwendung des jeweiligen maßgeblichen Währungswechsellurses, wie von der Berechnungsstelle nach billigem Ermessen bestimmt, in die Auszahlungswährung umgerechnet, die erzielt worden wären, wenn ein hypothetischer Investor (in derselben Position wie die Emittentin) die in dem Referenz-Portfolio jeweils enthaltenen virtuellen Komponenten veräußert bzw. aufgelöst hätte, **zuzüglich** (ii) des Werts der Barmittel-Position **abzüglich** (iii) der angefallenen, aber noch nicht abgezogenen, Referenz-Portfolio Gebühren und Anpassungsgebühren.

Das „**Anfängliche Referenz-Portfolio Level**“ des Referenz-Portfolios entspricht CHF 990,00.

Referenz-Portfolio Gebühren	Die Summe der Emittentin-Gebühren und der Servicing Gebühren. Die Referenz-Portfolio Gebühr wird innerhalb der Barposition angesammelt und von dieser abgezogen.	Emittentin-Gebühren	Die Gebühr für die Emittentin beträgt 0,30% pro Jahr vom Referenz-Portfolio-Level, welche die Berechnungsstelle auf täglicher Basis von der Barposition abzieht.
Servicing Gebühren	Die Vertriebsstelle erhält 1,00% pro Jahr vom Referenz-Portfolio-Level, welche die Berechnungsstelle auf täglicher Basis von der Barposition abzieht. Zusätzlich erhält die Vertriebsstelle eine upfront-Servicing-Fee von 1,00%, die im Ausgabepreis enthalten ist.	Anpassungsgebühren	Für Aktien-Komponenten: 0,10% Für FX-Kontrakte: 0,03%

Der Emittent ist berechtigt, die Wertpapiere mit sofortiger Wirkung zu kündigen, wenn ein (außerordentliches) Kündigungsereignis eintritt. Beispiele für (außerordentliche) Kündigungsereignisse sind die Einstellung und/oder Veröffentlichung der Ebene des Referenzportfolios oder das Eintreten einer Gesetzesänderung. In diesem Fall kann der an die Wertpapierinhaber zu zahlende zahlbare Kündigungsbetrag erheblich niedriger sein als das Kapital, das die Wertpapierinhaber für den Kauf der Wertpapiere (einschließlich der Transaktionskosten) investieren.

Relativer Rang der Wertpapiere in der Kapitalstruktur der Emittentin im Fall einer Insolvenz

Die Wertpapiere begründen unmittelbare, unbesicherte und nicht nachrangige Verbindlichkeiten der Emittentin, die untereinander und mit allen sonstigen gegenwärtigen und künftigen unbesicherten und nicht nachrangigen Verbindlichkeiten der Emittentin gleichrangig sind, ausgenommen solche Verbindlichkeiten, denen aufgrund zwingender gesetzlicher Vorschriften Vorrang zukommt.

Beschränkungen der freien Handelbarkeit der Wertpapiere

Die Wertpapiere sind frei übertragbar.

Angaben zur Dividenden bzw. Ausschüttungspolitik

Während der Laufzeit der Wertpapiere erhält der Anleger keine laufenden Erträge (z. B. Dividenden oder Zinsen).

Wo werden die Wertpapiere gehandelt?

Es ist beabsichtigt, die Notierung der Wertpapiere an der SIX Swiss Exchange Ltd ("SIX") und die Zulassung zum Handel auf der Handelsplattform der SIX zu beantragen.

Welches sind die zentralen Risiken, die für die Wertpapiere spezifisch sind?

Wertpapiergläubiger sind dem Risiko eines Bail-In ausgesetzt. Falls die FINMA als Aufsichtsbehörde der Emittentin Abwicklungsmaßnahme gegen die Emittentin ausübt und die Wertpapiere herabschreibt oder in Eigenkapital der Emittentin umwandelt, hätten die Wertpapiergläubiger nicht weiter einen Anspruch gegen die Emittentin aus den Wertpapieren.

Die Wertpapiere sind nicht durch eine gesetzliche oder freiwillige Einlagensicherung geschützt. Die durch die Wertpapiere begründeten Verbindlichkeiten der Emittentin sind nicht durch ein gesetzliches oder freiwilliges System von Einlagensicherungen oder

eine Entschädigungseinrichtung geschützt. Es besteht auch keine anderweitige Garantie oder Zusicherung eines Dritten für die Verpflichtungen der Emittentin aus den Wertpapieren. Anleger könnten folglich im Falle der Insolvenz der Emittentin einen Totalverlust ihrer Investition in die Wertpapiere erleiden.

Spezifische Risiken im Zusammenhang mit dem Referenz-Portfolio. Das Auszahlungsprofil der Wertpapiere ist an die Entwicklung des Referenz-Portfolios gebunden. Potenzielle Anleger sollten sich darüber im Klaren sein, dass es unmöglich ist, Vorhersagen über die künftige Wertentwicklung des Referenz-Portfolios zu machen. Eine ungünstige Wertentwicklung des Referenz-Portfolios hätte einen geringeren Auszahlungsbetrag, Kündigungsbetrag, Automatischen Beendigungsbetrag bzw. Außerordentlichen Kündigungsbetrag für die Wertpapiere zur Folge. In einigen Fällen könnte es sogar zu einem **Verlust des gesamten eingesetzten Kapitals** der Anleger kommen.

Spezifische Risiken im Zusammenhang mit der vorzeitige Rückzahlung der Wertpapiere. Im Falle einer automatischen vorzeitigen Beendigung der Wertpapiere oder einer Kündigung der Wertpapiere durch die Emittentin, tragen die Wertpapiergläubiger das Risiko, dass sie bis zum planmäßigen Fälligkeitstag nicht von künftigen Erhöhungen des Referenz-Portfolio-Levels profitieren. Es könnte sogar zu einem **Verlust des gesamten eingesetzten Kapitals** der Anleger kommen.

Spezifische Risiken im Zusammenhang damit, dass die Target List unabhängig vom Bestehen der Wertpapiere verwaltet wird. Das Referenz-Portfolio wird durch die Berechnungsstelle dynamisch angepasst, um die Wertentwicklung der Target List abzubilden. Jedoch verwaltet der Target List Provider die Target List aktiv, schafft sie und unterhält sie unabhängig vom Bestehen der Wertpapiere. Insbesondere ist der Target List Provider nicht verpflichtet die Target List stets zu verwalten und aufrechtzuerhalten und könnte die Zurverfügungstellung der Target List in seinem alleinigen und vollem Ermessen jederzeit einstellen. Sollte der Target List Provider dauerhaft die Bestimmung der Zusammensetzung der Target List unterbrechen oder die Target List würde anderweitig dauerhaft unterbrochen oder zurückgezogen, würde dies ein Automatisches Kündigungsereignis im Hinblick auf die Wertpapiere begründen.

Spezifische Risiken im Zusammenhang mit der nicht exakten Abbildung der Target List durch das Referenz-Portfolio. Jedes Mal wenn die Berechnungsstelle darüber Kenntnis erlangt, dass die Zusammensetzung der Target List durch den Target List Provider angepasst wurde, soll die Berechnungsstelle entsprechende Anpassungen an der Zusammensetzung des Referenz-Portfolios vornehmen. Unter bestimmten Umständen jedoch, und in Übereinstimmung mit vordefinierten Regeln, soll die Berechnung keine entsprechende Anpassung an der Zusammensetzung des Referenz-Portfolios vornehmen, falls der Target List Provider die Zusammensetzung der Target List verändert. Wertpapiergläubiger sollten sich deshalb bewusst sein, dass das Referenz-Portfolio (und folglich die Wertpapiere) nicht exakt die Target List abbilden müssen. Entsprechend ist es möglich, dass aufgrund von Unterschieden in der Zusammensetzung zwischen der Target List und dem Referenz-Portfolio, der Wert der Target List steigt, wohingegen der Wert des Referenz-Portfolios (und folglich des Referenz-Portfolio Levels und des Werts der Wertpapiere) fällt. Unter extremen Umständen ist es sogar möglich, dass obwohl der Wert der Target List Komponenten steigt, die Wertpapiergläubiger trotzdem einen teilweisen oder vollständigen Verlust des investierten Kapitals erleiden.

Spezifische Risiken im Zusammenhang mit Wechselkursschwankungen. Einzelne Referenz-Portfolio Komponenten können auf andere Währungen lauten als die Auszahlungswährung. Um das Referenz-Portfolio-Level festzustellen, muss die Berechnungsstelle den Wert der Referenz-Portfolio Komponenten unter Verwendung eines zum Zeitpunkt der Umrechnung geltenden Währungswechselkurses in die Auszahlungswährung umrechnen. Allerdings unterliegen Währungswechselkurse zeitweise deutlichen Schwankungen und ändern sich im Zeitverlauf erheblich. Auch wenn das Referenz-Portfolio partiell gegen Währungsschwankungen abgesichert ist, können ungünstig schwankende Wechselkurse den Wert der Wertpapiere und der an die Wertpapiergläubiger zu zahlenden Beträge erheblich verringern oder sogar zu einem Verlust des gesamten eingesetzten Kapitals der Anleger führen.

Spezifische Risiken im Zusammenhang mit der Verlängerung der Laufzeit der Wertpapiere. Falls die Emittentin die ihr gemäß den Bedingungen der Wertpapiere zustehende Option zur Verlängerung der Laufzeit der Wertpapiere ausübt und die Wertpapiergläubiger der Ausübung der Option nicht widersprechen, erhalten Anleger in die Wertpapiere die abschließenden Zahlungen aus den Wertpapieren später als vorgesehen. In diesem Fall tragen die Wertpapiergläubiger das Risiko einer ungünstigen Entwicklung des Referenz-Portfolios während des Verlängerungszeitraums, was zu einem Totalverlust des eingebrachten Kapitals führen könnte.

Spezifische Risiken im Zusammenhang mit Anpassungen des Referenz-Portfolio-Levels oder der Bedingungen der Wertpapiere durch die Emittentin und die Berechnungsstelle. Falls Anpassungen des Referenz-Portfolio-Levels oder der Bedingungen der Wertpapiere, die von der Emittentin und der Berechnungsstelle gemäß den Bedingungen der Wertpapiere vorgenommen werden, unzutreffend oder unzureichend sind, wird das Konzept, das dem Referenz-Portfolio vor den Änderungen zugrunde lag, oder die Berechnung des Referenz-Portfolios möglicherweise nicht beibehalten, was sich nachteilig auf den Wert der Wertpapiere auswirken kann. Dies könnte einen teilweisen Verlust des investierten Kapitals zur Folge haben.

Spezifische Risiken im Zusammenhang mit dem Marktpreis der Wertpapiere. Potenzielle Anleger tragen das Risiko möglicher Schwankungen des Marktpreises der Wertpapiere im Sinne dieses Prospekts, insbesondere aufgrund der Wertentwicklung einzelner Bestandteile oder des Referenz-Portfolios insgesamt. Falls sie Wertpapiere vor Fälligkeit verkaufen können, tragen potenzielle Anleger folglich das Risiko, dass der Verkaufserlös gegebenenfalls unter (oder gegebenenfalls deutlich unter) dem ursprünglich in die Wertpapiere investierten Kapital liegt und dass die Anleger in diesem Fall einen Teil des investierten Kapitals oder das gesamte investierte Kapital verlieren.

Spezifische Risiken im Zusammenhang mit der Liquidität der Wertpapiere. Potenzielle Anleger tragen das Risiko, dass es möglicherweise keinen liquiden Markt für den Handel mit den Wertpapieren gibt. Das bedeutet, dass sie die Wertpapiere unter Umständen nicht zu einer von ihnen bestimmten Zeit verkaufen können. Dies könnte wiederum zur Folge haben, dass die potenziellen Anleger einen niedrigeren Verkaufspreis erzielen, als sie bei Vorhandensein eines liquiden Markts erzielt hätten.

Spezifische Risiken im Zusammenhang mit potenziellen Interessenkonflikten der Emittentin und ihrer verbundenen Unternehmen. Die Emittentin und ihre verbundenen Unternehmen können wirtschaftliche Interessen verfolgen, die den Interessen der Wertpapiergläubiger (beispielsweise als Ergebnis der Beteiligung der Emittentin an anderen Transaktionen oder existierenden Geschäftsbeziehungen der Emittentin mit dem Emittenten des Basiswerts) widersprechen und den Wert der Wertpapiere und/oder den Handel mit den Wertpapieren beeinflussen können. Umgekehrt könnte dies zur Folge haben, dass die Wertpapiergläubiger beim Verkauf von Wertpapieren geringere Erlöse erzielen, als dies ohne die Interessenkonflikte der Fall gewesen wäre, und/oder dass sie **sogar einen Teil ihres eingesetzten Kapitals verlieren**.

Spezifische Risiken im Zusammenhang mit der Entwicklung der Basiswerte, einzelner Referenz-Portfolio Bestandteile und der Entwicklung des Referenz-Portfolios insgesamt. Potenzielle Anleger tragen das Risiko, dass die positive Entwicklung einzelner Referenz-Portfolio Bestandteile nicht unmittelbar mit einer positiven Entwicklung des Referenz-Portfolios insgesamt korreliert. Eine positive Wertentwicklung eines Basiswerts hätte nicht notwendigerweise eine positive Wertentwicklung des entsprechenden Referenz-Portfolio Bestandteils und damit der Wertpapiere zur Folge, die Gegenstand dieses Prospekts sind. Daher besteht für potenzielle Anleger das Risiko, dass selbst bei einem Wertzuwachs einzelner Basiswerte oder Referenz-Portfolio Bestandteile der Wert des Referenz-Portfolios insgesamt sinkt. Wertpapiergläubiger könnten also geringere Renditen erhalten als erwartet und in extremen Fällen einen Teil des investierten

Kapitals oder das gesamte investierte Kapital verlieren.

Spezifische Risiken im Zusammenhang mit dem fehlenden Zugriff der Wertpapiergläubiger auf die Referenz-Portfolio Bestandteile. Potenzielle Anleger sollten sich darüber im Klaren sein, dass die Wertpapiere keinen Anspruch, keine geschützten Rechte und keine Möglichkeiten auf die im Referenz-Portfolio jeweils enthaltenen Referenz-Portfolio Bestandteile beinhalten. Bezüglich sämtlicher Zahlungen, die sie im Hinblick auf die Wertpapiere leisten, sind die Wertpapiergläubiger lediglich dem Bonitätsrisiko der Emittentin ausgesetzt, haben aber keine Möglichkeit zum Zugriff auf zugrundeliegende Vermögenswerte.

Abschnitt D – Basisinformationen über das öffentliche Angebot von Wertpapieren und/oder die Zulassung zum Handel an einem geregelten Markt

Zu welchen Konditionen und nach welchem Zeitpunkt kann ich in dieses Wertpapiere investieren?

UBS AG, Zürich (UBS Investment Bank), Bahnhofstrasse 45, 8001 Zürich, Schweiz und UBS Europe SE, eine nach deutschem Recht eingetragene Aktiengesellschaft mit Sitz in Deutschland die "**Manager**") sind für die Koordination des gesamten Wertpapierangebots zuständig.

Vereinbarungsgemäß können die Manager die Wertpapiere an oder nach dem jeweiligen Ausgabetag der Wertpapiere erwerben und die Wertpapiere zum Verkauf in der Bundesrepublik Deutschland, Österreich, Luxemburg, Liechtenstein, Vereinigtes Königreich, den Niederlanden und der Schweiz ab Beginn des öffentlichen Angebots der Wertpapiere anbieten. Darüber hinaus werden die Wertpapiere ab dem 31. Oktober 2024 in Italien zum Verkauf angeboten (die "**Jurisdiktionen des Öffentlichen Angebots**"). Danach wird der Verkaufspreis fortlaufend- entsprechend der jeweiligen Marktsituation- angepasst.

Die Gesamtausgaben der Emission und/oder des Angebots sind nicht separat identifizierbar und in den allgemeinen Betriebsausgaben der Emittentin enthalten.

Die Wertpapiere können während dem 8. Januar 2021 und dem 3. Februar 2021 (15:00 CET) (die "**Zeichnungsfrist**") zu banküblichen Geschäftszeiten bei den Manager gezeichnet werden. Der Ausgabepreis pro Wertpapier ist am Zahltag bei Ausgabe zur Zahlung fällig. Der Emittent behält sich das Recht vor, die Zeichnungsfrist früher zu schließen oder zu verlängern, wenn die Marktbedingungen dies erfordern.

Wer ist der Anbieter und/oder die die Zulassung zum Handel beantragende Person?

UBS AG, eine nach Schweizer Recht eingetragene Aktiengesellschaft mit Sitz in der Schweiz und UBS Europe SE, eine nach deutschem Recht eingetragene Aktiengesellschaft mit Sitz in Deutschland (die "**Manager**").

Weshalb wird dieser Prospekt erstellt?

Zweckbestimmung der Erlöse

Die Emittentin beabsichtigt, die Wertpapiere auszugeben und öffentlich anzubieten, um allgemeine geschäftliche Zwecke der UBS-Gruppe zu finanzieren.

Übernahmevertrag

Vereinbarungsgemäß werden die Manager die Wertpapiere am oder nach dem jeweiligen Ausgabetag durch Abschluss eines Übernahmevertrags übernehmen und wird, vorbehaltlich von Änderungen, die Wertpapiere zum Verkauf in den Jurisdiktionen des öffentlichen Angebots anbieten.

Wesentlichste Interessenkonflikte

Die Emittentin und verbundene Unternehmen können sich an Transaktionen, die die Wertpapiere zum Gegenstand haben, auf eigene Rechnung oder für Rechnung eines Kunden beteiligen. Solche Transaktionen sind möglicherweise nicht im Interesse der Wertpapiergläubiger. Sie können positive oder negative Auswirkungen auf den Wert der Referenz-Portfolio Bestandteile im Referenz-Portfolio und folglich auf den Wert der Wertpapiere haben. Außerdem können mit der Emittentin verbundene Unternehmen gegebenenfalls Gegenparteien bei Deckungsgeschäften bezüglich der Verpflichtungen der Emittentin aus den Wertpapieren werden. Daher können hinsichtlich der Pflichten bei der Ermittlung der Kurse der Wertpapiere und anderen damit verbundenen Feststellungen sowohl unter den mit der Emittentin verbundenen Unternehmen als auch zwischen diesen Unternehmen und den Anlegern Interessenkonflikte auftreten. Zudem können die Emittentin und mit ihr verbundene Unternehmen in Bezug auf die Wertpapiere gegebenenfalls zusätzlich eine andere Funktion ausüben, zum Beispiel als Berechnungsstelle, Zahl- und Verwaltungsstelle.

Im Zusammenhang mit dem Angebot und Verkauf der Wertpapiere kann die Emittentin oder ein mit ihr verbundenes Unternehmen direkt oder indirekt Gebühren in unterschiedlicher Höhe an die Berechtigten Anbieter zahlen oder Gebühren in unterschiedlicher Höhe, einschließlich solcher, die im Zusammenhang mit dem Vertrieb der Wertpapiere erhoben werden, von den Berechtigten Anbietern erhalten. Potenzielle Anleger sollten sich darüber im Klaren sein, dass die Emittentin die Gebühren teilweise oder vollständig einbehalten kann.

Quali sono i principali rischi specifici dell'Emittente?

Rischio di credito in relazione a UBS AG in qualità di Emittente

Ciascun investitore in strumenti finanziari emessi da UBS AG in qualità di Emittente è esposto al rischio di credito di UBS AG. La valutazione della solvibilità di UBS AG può essere influenzata da diversi fattori e sviluppi. Tra questi figurano l'acquisizione di Credit Suisse Group AG da parte di UBS Group AG e l'integrazione dei gruppi, la reputazione, i rischi operativi, la gestione del rischio e i processi di controllo, le condizioni di mercato e il contesto macroeconomico, l'esposizione al rischio di credito di clienti e controparti, rischi legali e normativi rilevanti, cambiamenti sostanziali della regolamentazione, il successo di UBS AG nella realizzazione dei suoi piani strategici e la gestione della liquidità e dei finanziamenti.

In caso di difficoltà finanziarie di UBS, la FINMA ha facoltà di avviare procedure di ristrutturazione o di liquidazione ovvero di imporre misure protettive in relazione a UBS Group AG, UBS AG, UBS Switzerland AG o Credit Suisse (Schweiz) AG, e tali procedure o misure potranno avere un effetto negativo sostanziale sugli creditori di UBS AG. Se dovessero essere avviate procedure di ristrutturazione o di liquidazione nei confronti di UBS AG, i portatori di strumenti finanziari potrebbero subire una perdita rilevante o la **perdita totale** degli strumenti finanziari.

Sezione C – Informazioni fondamentali sui Titoli

Quali sono le caratteristiche principali dei titoli?

Tipologia e forma dei Titoli

I Titoli di ciascuna Serie sono titoli di debito strutturati che non assicurano la protezione del capitale.

I Titoli sono emessi sotto forma di diritti valori semplici (Wertrechte; "**Diritti Valori Semplici**") ai sensi dell'articolo 973c del Codice delle obbligazioni svizzero. I Diritti Valori Semplici sono registrati nel registro principale di un depositario svizzero (Verwahrungsstelle; "**Ente di Custodia**") ai sensi della Legge federale svizzera sui titoli contabili ("**LTCo**"). Al momento (a) dell'iscrizione dei Diritti Valori Semplici nel registro principale di un Ente di Custodia e (b) dell'iscrizione dei Titoli in un conto titoli presso un Ente di Custodia, i Diritti Valori Semplici costituiranno titoli contabili ai sensi della LTCo (Bucheffekten). L'Emittente sceglierà normalmente SIX SIS AG, Baslerstrasse 100, CH-4600 Olten, Svizzera, ("**SIS**") come Ente di Custodia, ma si riserva il diritto di scegliere qualsiasi altro Ente di Custodia, inclusa UBS AG.

Il contenuto (diverso dalla forma) di ciascuna Serie di Titoli, nonché tutti i diritti e i doveri derivanti dai Titoli sono regolati dal diritto svizzero.

Data di Emissione e durata dei Titoli

I titoli sono denominati in franco svizzero ("**CHF**") ("**Valuta di Rimborso**"). I titoli saranno emessi con un valore nominale di CHF 990,00 per titolo (l'"**Importo del capitale**"). L'emittente emetterà fino a 75.000 titoli a un prezzo di emissione di CHF 1.000,00 per titolo (il "**Prezzo di Emissione**").

I Titoli saranno emessi il 10 febbraio 2021 (la "**Data di Emissione**"). Subordinatamente all'Opzione di Proroga dell'Emittente (come di seguito definita), i Titoli scadono – a condizione che non siano terminati o rimborsati anticipatamente – il 3 febbraio 2028 (la "**Data di Scadenza**").

L'Emittente ha il diritto di prorogare, dandone comunicazione ai Portatori dei Titoli di non meno di centottanta (180) giorni di calendario prima della Data di Scadenza allora vigente la scadenza di tutti i Titoli in circolazione per un ulteriore periodo di sette (7) anni solari (l'"**Opzione di Proroga dell'Emittente**"). Nel caso in cui l'Emittente eserciti l'Opzione di Estensione dell'Emittente e a meno che un Portatore di Titoli non rifiuti tale Opzione di Proroga dell'Emittente in relazione ai Titoli da esso detenuti, gli investitori nei Titoli riceveranno eventuali pagamenti finali ai sensi dei Titoli più tardi di quanto previsto, alla Data di Scadenza estesa.

L'Emittente ha inoltre il diritto di rimborsare tutti i Titoli in circolazione trimestralmente, ossia a partire da ogni 31 marzo, 30 giugno, 30 settembre e 31 dicembre di ogni anno (una "**Data di Estinzione da parte dell'Emittente**") dandone comunicazione ai Portatori. La prima possibile Data di Cessazione dell'Emittente sarà il 31 marzo 2021.

Inoltre, se si verifica un Evento di Chiusura Automatica, l'Emittente informerà senza indugio i Portatori dei Titoli e rimborserà tutti i Titoli in circolazione non appena possibile, alla data in cui un ipotetico investitore sarebbe in grado di liquidare completamente la propria posizione in tutti i componenti di tale portafoglio (la "**Data di Estinzione Automatica**"). Un "**Evento di Estinzione Automatica**") si

verificherà se il Fornitore della Lista Target ha smesso definitivamente di determinare la composizione della Lista Target o se la Lista Target è stata altrimenti interrotta o ritirata in modo permanente.

La Data di Rimborso sarà la data che cade cinque (5) giorni lavorativi dopo la Data di Scadenza, la Data di Rimborso estesa, la Data di Estinzione da parte dell'Emittente o la Data di Estinzione Automatica, se applicabile (la "**Data di Rimborso**").

Diritti connessi ai Titoli; profilo di pagamento alla scadenza programmata

Per Portafoglio di Riferimento si intende il portafoglio di riferimento nozionale denominato in CHF che mira a replicare la Target List composto e modificato di volta in volta dal Fornitore della Lista Target. Il Portafoglio di Riferimento è creato e gestito dall'Agente di Calcolo, che regola dinamicamente il Portafoglio di Riferimento per replicare la Target List in conformità con determinate regole prescritte, e può comprendere una o più (i) posizioni in azioni e/o certificati di deposito che corrispondono ai componenti della Lista Target in quel momento (ciascuno, un "**Componente Azionario**", e insieme, i "**Componenti azionari**" o i "**Costituenti del Portafoglio di Riferimento**") e (ii) una posizione di liquidità denominata in CHF (la "**Posizione di Cassa**"; che, insieme ai Costituenti del Portafoglio di Riferimento, sarà indicata come i "**Componenti del Portafoglio di Riferimento**"). Il Portafoglio di Riferimento può essere esposto a Componenti Azionari denominati in valute diverse dalla Valuta di Rimborso. I rischi di cambio risultanti sono parzialmente coperti attraverso la copertura valutaria, subordinatamente alla disponibilità degli opportuni contratti a termine su valute (i "**Forward su valute**"). Il livello del Portafoglio di Riferimento sarà calcolato al netto delle commissioni, dei costi e delle spese pertinenti.

Il Portafoglio di Riferimento viene avviato il 3 febbraio 2021 (la "**Data del Fixing**") dall'Agente di Calcolo con un livello iniziale di CHF 990,00 (il "**Livello Iniziale del Portafoglio di Riferimento**").

Con l'acquisto di un (1) titolo, l'investitore acquisisce il diritto, a determinate condizioni e in conformità con i termini e le condizioni dei titoli, di richiedere all'Emittente di pagare l'importo di rimborso (come definito di seguito) nella valuta di pagamento, ove applicabile, arrotondato a due cifre decimali ("**Importo di Rimborso**") ("**Legge sui titoli**").

L'"**importo di Rimborso**" per titolo viene calcolato utilizzando la seguente formula:

$$\text{CHF } 990,00 \times \text{MAX} \left(0, \frac{\text{Livello Finale del Portafoglio di Riferimento}}{\text{Livello Iniziale del Portafoglio di Riferimento}} \right)$$

Per "**Livello Finale del Portafoglio di Riferimento**" si intende, subordinatamente a una Perturbazione del Mercato in conformità alle Condizioni dei Titoli, il valore del Portafoglio di Riferimento nozionale determinato dall'Agente di Calcolo in relazione ai Titoli in relazione alla relativa Data di Valutazione, dove il valore rilevante del Portafoglio di Riferimento sarà la somma dei proventi della vendita convertiti nella Valuta di Rimborso, ove applicabile, utilizzando il tasso di cambio allora prevalente, che sarebbe realizzato da un investitore nozionale (nella stessa posizione dell'Emittente) al momento della vendita e/o, a seconda dei casi, della liquidazione dei Componenti allora compresi nel Portafoglio di Riferimento nozionale più (ii) il valore della Posizione di Cassa meno (iii) eventuali Commissioni per il Portafoglio di Riferimento e Commissioni di Adeguamento maturate ma non ancora dedotte.

Il "**Livello Iniziale del Portafoglio di Riferimento**" del portafoglio di riferimento equivale a CHF 990,00.

Nel caso in cui si verifichi un Evento di Estinzione Automatica, tutti i Titoli in circolazione vengono automaticamente estinti e ciascun Portatore riceverà alla relativa Data di Rimborso il pagamento dell'Importo di Regolamento Anticipato nella Valuta di Rimborso, se applicabile, commercialmente arrotondato a due punti decimali (l'"**Importo di Estinzione Automatica**").

L'"**Importo di Estinzione Anticipata**", che non può essere negativo, è calcolato moltiplicando CHF 990,00 per la performance del Portafoglio di Riferimento dalla Data del Fixing alla relativa Data di Valutazione ed è, di conseguenza, calcolato secondo la seguente formula::

$$\text{CHF } 990,00 \times \text{MAX} \left(0, \frac{\text{Livello di Portafoglio di Riferimento Anticipato}}{\text{Livello Iniziale del Portafoglio di Riferimento}} \right)$$

Per "**Livello di Portafoglio di Riferimento Anticipato**" si intende, subordinatamente a una perturbazione del mercato in conformità alle Condizioni dei Titoli, il valore nozionale del Portafoglio di Riferimento determinato dall'Agente di Calcolo in relazione alla relativa Data di Valutazione, in base al quale il valore rilevante del Portafoglio di Riferimento sarà la somma dei proventi della vendita convertiti nella Valuta di Rimborso, ove applicabile, utilizzando il tasso di cambio allora prevalente, che sarebbe realizzato da un investitore nozionale (nella stessa posizione dell'Emittente) al momento della vendita e/o, a seconda dei casi, della liquidazione dei Componenti allora compresi nel Portafoglio di Riferimento nozionale più (ii) il valore della Posizione di Cassa meno (iii) eventuali Commissioni del Portafoglio di Riferimento e Commissioni di Adeguamento maturate ma non ancora dedotte.

Il "**Livello Iniziale del Portafoglio di Riferimento**" del portafoglio di riferimento è pari a CHF 990,00.

L'Emittente ha la facoltà di estinguere i Titoli con effetto immediato al verificarsi di un evento (straordinario) di estinzione. Esempi di eventi (straordinari) di estinzione includono la cessazione definitiva della determinazione e/o della pubblicazione del livello del Portafoglio di Riferimento o il verificarsi di una modifica legislativa. In tal caso, l'importo di estinzione dovuto ai Portatori dei Titoli potrebbe essere significativamente inferiore al capitale investito dai Portatori dei Titoli per l'acquisto dei Titoli (inclusi i costi di transazione).

Rango dei Titoli nella struttura del capitale dell'Emittente in caso di insolvenza

I Titoli costituiscono obbligazioni dirette, non garantite e non subordinate dell'Emittente, e avranno il medesimo grado di diritti tra di loro e rispetto a tutte le altre obbligazioni attuali e future non garantite e non subordinate dell'Emittente, diverse dalle obbligazioni privilegiate secondo inderogabili disposizioni di legge.

Restrizioni alla libera negoziabilità dei Titoli

I Titoli sono liberamente negoziabili.

Politica in materia di dividendi o pagamenti

Durante la loro durata, i Titoli non generano alcun reddito regolare (ad es. dividendi o interessi).

Dove saranno negoziati i titoli?

Resta inteso che la domanda per la quotazione dei titoli presso SIX Swiss Exchange SA ("SIX") e per l'ammissione al trading sulla piattaforma di trading di SIX sarà presentata.

Quali sono i principali rischi specifici dei Titoli?

I detentori di titoli sono esposti al rischio di un bail-in. Se la FINMA, in qualità di autorità di vigilanza dell'emittente, esercita misure di liquidazione nei confronti dell'emittente e svaluta i titoli o li converte in capitale proprio dell'emittente, i creditori dei titoli non avrebbero più alcun diritto nei confronti dell'emittente in virtù dei titoli.

I Titoli non sono assistiti da alcun sistema di garanzia dei depositi, obbligatorio o volontario. Le obbligazioni che sorgono in capo all'Emittente in relazione ai Titoli non sono assistite da alcun sistema di tutela dei depositi, obbligatorio o volontario, né da un sistema di indennizzo. Inoltre, non sono stati forniti impegni o garanzie di terzi in relazione agli obblighi dell'Emittente riguardanti i Titoli. Di conseguenza, in caso di insolvenza dell'Emittente, gli investitori sono pertanto esposti al rischio di **perdita totale del loro investimento nei Titoli**.

Rischi specifici relativi alla dipendenza dal Portafoglio di Riferimento. Il profilo di pagamento dei Titoli è legato alla performance di un Portafoglio di Riferimento. I potenziali investitori devono essere consapevoli del fatto che la performance del Portafoglio di Riferimento è impossibile da prevedere. Una scarsa performance del Portafoglio di Riferimento comporterebbe una riduzione dell'importo o degli importi dovuti ai sensi dei Titoli. [Nel peggiore dei casi, gli investitori subirebbero **la perdita totale del capitale investito**.

Rischi specifici connessi all'estinzione anticipata dei Titoli. In caso di estinzione anticipata automatica dei Titoli o di estinzione dei Titoli da parte dell'Emittente, i Portatori dei Titoli si assumono il rischio di non beneficiare di alcun futuro aumento del livello del Portafoglio di Riferimento fino alla Data di Scadenza prevista. Di conseguenza, in caso di estinzione anticipata e rimborso anticipato dei Titoli, i Portatori dei Titoli potrebbero ricevere meno del capitale investito e potrebbero anche subire **la perdita totale del capitale investito**.

Rischi specifici relativi alla gestione della Lista Target indipendentemente dall'esistenza di Titoli. Il Portafoglio di Riferimento sarà regolato dinamicamente dall'Agente di Calcolo al fine di replicare la Lista Target. Tuttavia, il Fornitore della Lista Target gestisce, crea e mantiene attivamente la Lista Target indipendentemente dall'esistenza dei Titoli. In particolare, il Fornitore della Lista Target non ha alcun obbligo di gestire e mantenere la Lista Target può interrompere la fornitura della Lista Target sua esclusiva e assoluta discrezione in qualsiasi momento. Se il Fornitore della Lista Target smette definitivamente di determinare la composizione della Lista Target o la Lista Target è stata altrimenti interrotta o ritirata in modo permanente, ciò costituirà un Evento di Estinzione Automatica in relazione ai Titoli.

I rischi specifici relativi al Portafoglio di Riferimento non rispecchiano esattamente la Lista Target. Ogni volta che l'Agente di Calcolo viene a conoscenza del fatto che la composizione della Lista Target è stata aggiornata dal Fornitore della Lista Target, l'Agente di Calcolo apporta le corrispondenti modifiche alla composizione del Portafoglio di Riferimento. Tuttavia, in determinate circostanze e in

conformità con determinate regole predefinite, se il Fornitore della Lista Target modifica la composizione della Lista Target, l'Agente di Calcolo non effettuerà un aggiustamento corrispondente alla composizione del Portafoglio di Riferimento. I detentori di titoli devono quindi essere consapevoli del fatto che il Portafoglio di riferimento (e, quindi, i Titoli) potrebbero non replicare esattamente la Lista Target. Di conseguenza, è possibile che, a causa di differenze nella composizione della Lista Target e del Portafoglio di Riferimento, il valore dei Componenti della Lista Target aumenti, mentre il valore dei Componenti del Portafoglio di Riferimento (e, quindi, il Livello di Portafoglio di Riferimento e il valore dei Titoli) diminuisca. In circostanze estreme, è anche possibile che, sebbene il valore dei componenti della Lista Target aumenti, i detentori dei titoli subiscano comunque una perdita parziale o totale del capitale investito.

Rischi specifici in relazione ai tassi di cambio. singoli Costituenti del Portafoglio di Riferimento possono essere denominati in valute diverse dalla Valuta di Rimborso. Per determinare il livello del Portafoglio di Riferimento, l'Agente di Calcolo deve convertire il valore dei Costituenti del Portafoglio di Riferimento dalla rispettiva valuta di denominazione nella Valuta di Rimborso utilizzando un tasso di cambio prevalente al momento di tale conversione. Tuttavia, i tassi di cambio sono a volte soggetti a notevoli fluttuazioni e cambiano in modo significativo nel tempo. L'andamento sfavorevole del valore della valuta di denominazione dei Costituenti del Portafoglio di Riferimento rispetto alla Valuta di Rimborso potrebbe quindi ridurre il valore dei Titoli e potrebbe persino comportare **la perdita totale del capitale investito**.

Rischi specifici connessi all'estensione della durata dei Titoli. Se l'Emittente esercita la sua opzione unilaterale ai sensi delle Condizioni dei Titoli di estendere la durata dei Titoli e i Portatori dei Titoli non si oppongono a tale esercizio, gli investitori dei Titoli riceveranno eventuali pagamenti finali ai sensi dei Titoli più tardi del previsto. In tal caso, i Portatori dei Titoli si assumono il rischio di una scarsa performance del Portafoglio di Riferimento durante il periodo di proroga che potrebbe comportare **la perdita totale del capitale investito**.

Rischi specifici connessi ad adeguamenti del livello del Portafoglio di Riferimento o delle Condizioni dei Titoli da parte dell'Emittente e dell'Agente di Calcolo. Gli adeguamenti da parte dell'Emittente e dell'Agente di Calcolo del livello del Portafoglio di Riferimento o delle Condizioni dei Titoli effettuati in conformità alle Condizioni dei Titoli, se imprecisi o insufficienti, potrebbero non preservare il concetto o calcolo del sottostante del Portafoglio di Riferimento applicabile prima di tali modifiche e potrebbero quindi avere un effetto negativo sul valore dei Titoli. Ciò potrebbe comportare **la perdita parziale del capitale investito**.

Rischi specifici legati al prezzo di mercato dei Titoli. potenziali investitori si assumono il rischio di oscillazioni del prezzo di mercato dei Titoli nel corso della vita degli stessi, ivi incluso, a titolo esemplificativo ma non esaustivo, a seguito di variazioni nella performance di singoli Costituenti del Portafoglio di Riferimento o del Portafoglio di Riferimento nel suo complesso. Di conseguenza, i Portatori dei Titoli si assumono il rischio che, qualora dovessero riuscire a vendere dei Titoli prima della rispettiva scadenza, i proventi della vendita potrebbero essere inferiori (anche in misura significativa) all'ammontare del capitale inizialmente investito nei Titoli e gli investitori potrebbero quindi **perdere parte o tutto il capitale investito**.

Rischi specifici legati alla liquidità dei Titoli. potenziali investitori si assumono il rischio che non vi sia un mercato liquido per la negoziazione dei Titoli. Ciò significa che potrebbero non essere in grado di vendere i Titoli nel momento prescelto. Questo, a sua volta, potrebbe far sì che i potenziali investitori ottengano un prezzo di vendita inferiore a quanto avrebbero potuto percepire in presenza di un mercato liquido.

Rischi specifici legati a potenziali conflitti di interesse dell'Emittente e delle sue società collegate. L'Emittente e le sue società collegate potrebbero avere interessi commerciali in conflitto con quelli dei Portatori dei Titoli (ad esempio, a seguito del coinvolgimento dell'Emittente in altre operazioni o della relazione d'affari in essere tra l'Emittente e l'emittente di qualsiasi Costituente del Portafoglio di Riferimento) e che potrebbero influire sul valore e/o sulla negoziazione dei Titoli. A sua volta, ciò potrebbe far sì che i Portatori dei Titoli ottengano dalla vendita dei Titoli in loro possesso un importo inferiore a quanto avrebbero potuto percepire in assenza di tali conflitti di interesse e/o **che possano addirittura subire una perdita parziale del capitale investito**.

Rischi specifici legati all'assenza di una correlazione diretta tra la performance dei singoli Componenti del Portafoglio di Riferimento e la performance complessiva del Portafoglio di Riferimento. I potenziali investitori sono esposti al rischio che la performance positiva dei singoli Costituenti del Portafoglio di Riferimento non sia direttamente correlata a una performance complessivamente positiva del Portafoglio di Riferimento. Anche nel caso di una performance positiva di uno o più Costituenti del Portafoglio di Riferimento compresi nel Portafoglio di Riferimento, la performance del Portafoglio di Riferimento nel suo complesso potrebbe essere negativa se la performance degli altri Costituenti del Portafoglio di Riferimento è negativa in misura maggiore.

Rischi specifici legati all'impossibilità per i Portatori dei Titoli di rivalersi sulle Componenti del Portafoglio di Riferimento. I potenziali investitori devono essere consapevoli del fatto che i Titoli non creano alcun diritto, diritto di proprietà o di rivalsa sulle Componenti del Portafoglio di Riferimento che di volta in volta compongono il Portafoglio di Riferimento. Di conseguenza, in relazione a tutti i pagamenti relativi ai Titoli, i Portatori dei Titoli sono esposti esclusivamente al rischio di credito dell'Emittente e non possono rivalersi sulle attività sottostanti.

Sezione D – Informazioni fondamentali sull'offerta pubblica di Strumenti Finanziari e/o l'ammissione alla negoziazione in un mercato regolamentato

A quali condizioni posso investire in questo Strumento Finanziario?

UBS AG, Zurigo (UBS Investment Bank), Bahnhofstrasse 45, 8001 Zurigo, Svizzera e UBS Europe SE, Bockenheimer Landstrasse 2-4, 60306 Francoforte sul Meno, Germania (il "Gestore") saranno responsabili del coordinamento dell'intera offerta di titoli.

È stato convenuto che, a partire dalla rispettiva Data di Emissione dei Titoli, il Gestore potrà acquistare i Titoli e collocare i Titoli in vendita nella Repubblica Federale di Germania, in Austria, in Lussemburgo, nel Liechtenstein, nel Regno Unito, nei Paesi Bassi, e in Svizzera a partire dall'inizio dell'offerta pubblica dei Titoli. Inoltre, i Titoli sono messi in vendita in Italia a partire dal 31 ottobre 2024 (le "Giurisdizioni dell'Offerta Pubblica"). Successivamente, il prezzo di vendita sarà adeguato su base continua per riflettere la situazione di mercato prevalente.

Le spese totali dell'emissione e/o dell'offerta non sono identificabili separatamente e sono incluse nelle spese operative generali dell'Emittente.

I Titoli possono essere sottoscritti dal Gestore durante il normale orario bancario tra il 8 gennaio 2021 e il 3 febbraio 2021 (15:00 CET) (il

<p>"Periodo di Sottoscrizione"). Il Prezzo di Emissione per titolo è pagabile alla Data di Pagamento Iniziale. L'Emittente si riserva il diritto di chiudere anticipatamente o di prolungare il Periodo di Sottoscrizione qualora le condizioni di mercato lo richiedano.</p>
<p>Chi è l'offerente e/o il soggetto che chiede l'ammissione alla negoziazione?</p>
<p>UBS AG, società per azioni di diritto svizzero con sede in Svizzera, e UBS Europe SE, società per azioni di diritto tedesco con sede in Germania (il "Gestore").</p>
<p>Perché è redatto il presente Prospetto?</p>
<p>Impiego dei proventi L'Emittente intende emettere e offrire i Titoli al pubblico al fine di procurarsi finanziamenti per finalità generali di gestione del Gruppo UBS.</p> <p>Accordo/i di sottoscrizione Si è convenuto che il Gestore provvederà alla sottoscrizione dei Titoli a partire dalla rispettiva Data di Emissione per mezzo di un accordo di sottoscrizione, e provvederà al loro collocamento per la vendita alle condizioni soggette a modifica nella/e Giurisdizione/i dell'Offerta Pubblica.</p> <p>Conflitti di interesse più significativi È possibile che l'Emittente e le società collegate partecipino a operazioni in qualche modo connesse ai Titoli, per conto proprio o per conto di un cliente. Tali operazioni possono non portare alcun vantaggio ai Portatori dei Titoli e possono avere effetti positivi o negativi sul valore dei Costituenti del Portafoglio di Riferimento compresi nel Portafoglio di Riferimento e, di conseguenza, sul valore dei Titoli. Inoltre, l'Emittente potrebbe stipulare operazioni di copertura in relazione ai propri obblighi derivanti dai Titoli con controparti costituite da società collegate. In tale situazione, potrebbero sorgere dei conflitti di interesse tra queste controparti e tra le controparti e gli investitori in relazione agli obblighi relativi alla determinazione del prezzo dei Titoli e agli altri calcoli associati.</p> <p>È possibile che, nell'ambito dell'offerta e della vendita dei Titoli, l'Emittente o una delle sue società collegate versino, direttamente o indirettamente, commissioni di importo variabile a favore di terzi, tra cui distributori o consulenti per gli investimenti, oppure percepiscano da terzi, direttamente o indirettamente, commissioni di importo variabile, comprese quelle applicate alla distribuzione dei Titoli. Si rammenta ai potenziali investitori che l'Emittente può trattenere, interamente o in parte, le commissioni.</p>
