Withholding related to 871(m) of the U.S. Tax Code	A 30% withholding tax is imposed on certain "dividend equivalents" paid or deemed paid to a non-U.S. holder with respect to a "specified equity-linked instrument" that references one or more dividend-paying U.S. equity securities. The withholding tax can apply even if the instrument does not provide for payments that reference dividends. Treasury regulations provide that the withholding tax applies to all dividend equivalents paid or deemed paid on specified equity-linked instruments that have a delta of one ("delta

one specified equity-linked instruments") issued after 2016 and to all dividend equivalents paid or deemed paid on all other specified equity-linked instruments issued after 2018.

The Issuer has determined that the Products are not specified equity-linked instruments that are subject to withholding on dividend equivalents and, therefore, will not be subject to withholding on dividend equivalent payments. It is possible, however, that the Products could be deemed to be reissued for tax purposes upon the occurrence of certain events affecting the Shares and/or Index referenced in the Products or (ii) these Products, and following such occurrence, the Products could be treated as delta one specified equity-linked instruments that are subject to withholding on dividend equivalent payments. It is also possible that withholding tax or other Section 871(m) tax could apply to the Products under these rules if a non-U.S. holder enters, or has entered, into certain other transactions in respect of the relevant Shares and/or Index referenced in the Products. If withholding is required, the Issuer will withhold 30% in respect of dividend equivalents paid or deemed paid on the Products and will not pay any additional amounts with respect to any such taxes withheld. Additionally, in the event that withholding is required, the Issuer hereby notifies each holder that for purposes of Section 871(m), the Issuer will withhold in respect of dividend equivalents paid or deemed paid on the Products on the dividend payment date as described in Treasury regulations section 1.1441-2(e)(4) and Revenue Procedure 2017-15 §3.03(B), as applicable. A non-U.S. holder that enters, or has entered, into other transactions in respect of the Shares and/or Index referenced in the Products should consult its own tax advisor regarding the application of Section 871(m) to its Products in the context of its other transactions. No assurance can be given that investors in the Products will be able to successfully claim a reduction in tax pursuant to an income tax treaty.
