SUMMARY

This Summary contains selected information from this Prospectus and the sections "Description of the Issuer" and "Description of the Securities", to give potential investors the opportunity to acquire information about UBS AG, acting via its [London] [Jersey] Branch (hereinafter referred to as the "**Issuer**"), the Discount Certificates*, the Discount Certificates PLUS*, the Sprint Certificates* and the Multibloc Certificates* (hereinafter referred to each as a "**Certificate**" or together as the "**Certificates**", or each as a "**Security**" or together as the "**Securities**"), which form the object of this Prospectus, and about the associated risks.

The Summary, however, should be understood merely as an introduction to the Prospectus. **When making decisions relating to investment in the Securities, therefore, potential investors should carefully consider the information contained in the entire Prospectus.** To ensure full comprehension of the Securities it is recommended that potential investors carefully read the Terms and Conditions of the Securities, as well as the sections on tax implications and other important factors related to the decision on investing in the Securities. If necessary, **advice should be sought from legal, tax, financial or other advisors.** In particular, potential buyers of the Securities should read the "Risk factors relating to the Issuer and the Securities" section of this Prospectus, which highlights certain risks associated with an investment in the Securities, in order to decide whether or not the Securities represent a suitable investment for them individually.

The Issuer also expressly emphasises, that in the event that claims are brought before a court relating to information contained in this Prospectus, the investor making the claims may be liable to bear the cost of translating this Prospectus before legal proceedings begin under applicable national law of the respective member state of the European Economic Area.

Potential investors should note that neither the Issuer nor the Offeror can be held liable on the basis of this Summary alone, nor any translation hereof, unless the Summary is misleading, inaccurate or contradictory if read in conjunction with other parts of the Prospectus.

Who is the Issuer?

UBS AG, with registered offices in Zurich and Basle, was formed from the merger of Schweizerischer Bankverein (SBV) and Schweizerische Bankgesellschaft (SBG) in 1998.

With main offices in Zurich and Basle, Switzerland, UBS boasts a global presence, with around 69,200 employees (as at 30 June 2005) in 50 countries. UBS AG and its subsidiaries and branch offices (hereinafter also referred to as "**UBS**"), including UBS AG, [London] [Jersey] Branch, as Issuer of the Securities described in this Prospectus, is among the world's largest private asset managers. As a global leader in the world of finance, UBS serves some of the most demanding clients worldwide and combines financial strength with a global corporate culture that views change as an opportunity. As an integrated company, UBS generates added value for its clients by giving them access to the expertise and capabilities of an entire group.

UBS is structured into three main business groups: Global Wealth Management & Business Banking – one of the largest asset managers in the world, in terms of assets under management, and the leading bank for corpo-

rate and institutional clients in Switzerland; Global Asset Management – a leading global asset manager; Investment Bank – a first-class investment banking and securities firm.

The services offered include traditional investment banking activities, such as consulting services for mergers and acquisitions, the execution of capital markets transactions on both the primary and secondary markets, recognised research expertise and the issuing of investment products for institutional and private investors.

UBS is among the few globally active major banks that have a first-class rating. The rating agencies Standard & Poor's Inc., Fitch Ratings und Moody's Investors Service Inc. have assessed the creditworthiness of UBS – i.e. the ability of UBS to fulfil payment obligations, such as principal or interest payments on long-term loans, also known as debt servicing, in a timely manner. The results are displayed in the rating levels schematically arranged below. The ratings from Fitch and Standard & Poor's may be attributed a plus or minus sign, and those from Moody's a number. These supplementary attributes indicate the relative position within the respective rating class. Standard & Poor's currently rates UBS' creditworthiness with AA+, Fitch with AA+ and Moody's with Aa2.¹

Fitch	Moody's	Standard&Poor's	Description
AAA	Aaa	AAA	Very good: highest level of creditworthiness, almost no risk of default
AA	Aa	AA	Good to very good: high probability of payment, low insolvency risk
A	A	A	Satisfactory to good: reasonable debt servicing coverage, still low insolvency risk
BBB	Baa	BBB	Satisfactory: reasonable debt servicing coverage, medium insolvency risk (speculative characteristics, lack of protection against economic changes)
BB	Ba	BB	acceptable to satisfactory: adequate debt servicing coverage, higher insolvency risk
B	B	B	Inadequate to acceptable: low debt servicing coverage, high insolvency risk
CCC CC C	Caa	CCC	Insufficient: creditworthiness is barely adequate, very high insolvency risk
DDD DD D	Ca C	CC SD/D	In default or bankruptcy

Who are the members of the Issuer's management and supervisory bodies?

A description of the members of the Board of Directors and Group Executive Board of the Issuer can be found in the "Administrative, Management and Supervisory Bodies of the Issuer" section of this Prospectus.

What is the Issuer's financial situation?

The following table has been produced from the published quarterly report of UBS as at 30 June 2005 in the English language. This table represents the capitalisation and the liabilities of UBS Group as at 30 June 2005:

¹ Long-Term Rating as of 30 June 2005

in CHF millions

For the period ending on	30 June 2005
Liabilities	
short-term liabilities ¹⁾	128,602
long-term liabilities ¹⁾	107,226
Total liabilities ¹⁾	235,828
Minorities ²⁾	7,418

Total capitalisation	281,248

1) *Includes money-market instruments and medium-term debt according to the balance sheet items listed by maturities (breakdown into short- and long-term maturities is available only on a quarterly basis)*

2) *Includes preferred securities*

As at 30 June 2005, the BIS tier 1 ratio for UBS was 12.2 % (own funds in relation to all risk-weighted assets), while the BIS total capital ratio was 13.9 %. On 30 June 2005, a total of 1,127,919,075 registered shares in UBS AG were issued with a par value of CHF 0.80 per share (of which 1,126,858,177 registered shares, corresponding to a total share capital of CHF 901,486,541.60, were entered in the commercial register).

There have been no major changes relating to the debt ("liabilities") issued by UBS Group since 30 June 2005.

A capital repayment was made on 8 July 2005 by way of a cancellation of shares amounting to CHF 3,543,091,266.90, whereby share capital was reduced by CHF 31,948,075.20 and retained earnings by CHF 3,511,143,191.70.

How are the net proceeds used by the Issuer?

The net proceeds of the issue will be used for funding purposes of the UBS Group and shall not be employed by the Issuer within Switzerland. The net proceeds from the sale of the Securities shall be employed by the Issuer for general business purposes. A separate ("special purpose") fund will not be established.

Are there any risks relating to the Issuer?

There are no particular risks relating to the Issuer. Potential investors in the Securities should, however, be aware that, as with any company, there are general risks associated with the Issuer.

Each investor thus bears the general risk that the financial situation of the Issuer could deteriorate. Furthermore, the general assessment of the Issuer's creditworthiness may affect the value of the Securities. This assessment generally depends on the ratings assigned to the outstanding Securities of the Issuer or affiliated companies by rating agencies such as Moody's and S&P. The Issuer and affiliated companies may also participate in transactions that are related to the Securities, for their own account or for account of a client. Such transactions can have a positive or negative effect on the price of the Securities.

When making decisions relating to investments in the Securities, potential buyers should consider all information contained in the Prospectus and, **if necessary, consult their legal, tax or financial advisor.**

What are the Securities?

The object of this Prospectus are the names of the securities, in bearer form, with the International Security Identification Number (both as defined in the section "Summary of the Key Terms of the Securities"), issued by

UBS AG, acting through its [London] [Jersey] Branch, as Issuer in accordance with German law. These Securities rank *pari passu* with all other direct, unsubordinated, unconditional and unsecured obligations of the Issuer.

These Securities are each based on the [listed] Underlying, as detailed in the sections "Summary of the Key Terms of the Securities" and "Information about the Underlying".

How are the Securities offered and are the Securities admitted to trading?

The Issuer intends to offer the Securities described in this Prospectus – following any necessary notification of the relevant member state of the European Economic Area by Germany's Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht – BaFin*), as the competent authority in the (selected) home Member State of UBS within the meaning of Directive 2003/71/EC of 4 November 2003 (the "**Prospectus Directive**") and the German Securities Prospectus Act (*Wertpapierprospektgesetz – WpPG*) – in different member states of the European Economic Area. On or after the respective Issue Date (as defined in the section entitled "Summary of the Key Terms of the Securities") of the Securities, UBS Limited, 1 Finsbury Avenue, London EC2M 2PP, UK (the "**Offeror**") shall underwrite the Securities by means of an underwriting agreement and shall place them for sale [at the *Issue Price* (as defined in the section entitled "Summary of the Key Terms of the Securities")] under terms subject to change. [The *Issue Price* shall be set at the *Fixing Date* (as defined in the section entitled "Summary of the Key Terms of the Securities") based on the prevailing market situation and the price of the Underlying, and then be published in accordance with the Terms and Conditions of the Securities.] At the end of the subscription period or as soon as the public offer period begins, the selling price shall be continually adjusted to reflect the prevailing market situation.

The Offeror intends to apply for inclusion of the Securities to trading on [the] [Stock Exchange(s) (as defined in the section "Summary of the Key Terms of the Securities")]. [The Securities shall be delisted two trading days prior to the Expiration Date. As of this point until the Expiration Date, trading may only take place off exchange with the Offeror.]

Are there any restrictions on the sale of the Securities?

Since the Securities are not registered or authorised for public distribution in all countries, sale of the Securities may be restricted in some countries. Potential investors can find further information on existing selling restrictions in the "Selling restrictions" section of this Prospectus.

What does the Securityholder acquire from the Securities in question?

With purchase of the Security, the investor acquires the right, under certain conditions and as provided for in the Terms and Conditions of the Securities, to demand [*in case of Physical Settlement insert the following text: the delivery of the Physical Underlying in the respective quantity based on the Ratio ("Physical Settlement")*] [*in case of Cash Settlement insert the following text: payment of a Settlement Amount based on the Ratio [converted into the Settlement Currency]*] (the "**Certificate Right**"). The Securityholders shall not be entitled to any interim payments unless this is expressly provided for in the Terms and Conditions of the Securities. None of the Securities vests a right to payment of fixed or variable interest or dividends and, as such, they generate no regular income.

[The holder of a Discount Certificate receives [*in case of Physical Settlement insert the following text: the appropriate quantity of the Physical Underlying based on the Ratio*] [*in case of Cash Settlement insert the following text: the Settlement Price of the Underlying based on the Ratio [converted into the Settlement Currency]*], pursuant to section 1 of the Terms and Conditions of the Securities, if the *Price of the Underlying* is equal to or less than the *Cap* on [the *Valuation Date*] [each *Valuation Averaging Date*] (the "**Settlement Price**"). If the

Settlement Price of the Underlying is greater than the *Cap*, the holder receives only the *Cap* of the Underlying based on the *Ratio* [converted into the *Settlement Currency*].]

[The holder of a Discount Certificate PLUS receives [in case of Physical Settlement insert the following text: the appropriate quantity of the *Physical Underlying* based on the *Ratio*] [in case of Cash Settlement insert the following text: the *Settlement Price* of the Underlying based on the *Ratio* [converted into the *Settlement Currency*]], pursuant to section 1 of the Terms and Conditions of the Securities, if [in the *Observation Period*] the *Price of the Underlying* reaches or falls below the *Lower Price Threshold* and the *Price of the Underlying* is equal to or less than the *Cap* on [the *Valuation Date*] [each *Valuation Averaging Date*] (the "**Settlement Price**") during the *Term of the Securities*.

If, during the *Term of the Securities*, the *Price of the Underlying* [in the *Observation Period*] reaches or falls below the *Lower Price Threshold* and the *Settlement Price* of the Underlying is greater than the *Cap*, the investor receives the *Cap* of the Underlying based on the *Ratio* [converted into the *Settlement Currency*]. If, during the *Term of the Securities*, the *Price of the Underlying* [in the *Observation Period*] at no point reaches or falls below the *Lower Price Threshold*, the investor – irrespective of the level of the *Settlement Price* – receives the *Cap* of the Underlying based on the *Ratio* [converted into the *Settlement Currency*].]

[The holder of a Sprint Certificate receives [in case of Physical Settlement insert the following text: the appropriate quantity of the *Physical Underlying* based on the *Ratio*] [in case of Cash Settlement insert the following text: the *Settlement Price* of the Underlying based on the *Ratio* [converted into the *Settlement Currency*]], pursuant to section 1 of the Terms and Conditions of the Securities, if the *Price of the Underlying* is lower than the *Strike Price* on [the *Valuation Date*] [each *Valuation Averaging Date*] (the "**Settlement Price**").

If the *Settlement Price* of the Underlying, however, is greater than or equal to the *Strike Price*, but lower than the *Cap*, the investor receives a *Redemption Amount* [converted into the *Settlement Currency*] that corresponds to the *Strike Price* of the Underlying plus the difference between the *Settlement Price* of the Underlying and the *Strike Price*, multiplied by the relevant *Sprint Factor* (based on the *Ratio*). If the *Settlement Price* of the Underlying, is greater than or equal to the *Cap*, the investor receives a *Redemption Amount* [converted into the *Settlement Currency*] that corresponds to the *Strike Price* plus the difference between the *Cap* and the *Strike Price*, multiplied by the relevant *Sprint Factor* (based on the *Ratio*).

[The holder of a Multibloc Certificate receives the sum of the *Redemption Amounts* for each individual Underlying_(i), multiplied by the corresponding *Ratio*, pursuant to section 1 of the Terms and Conditions of the Securities. The *Redemption Amount* for an Underlying_(i) corresponds to the *Settlement Price* of the Underlying_(i) based on the *Ratio*_(i) [converted into the *Settlement Currency*], if the *Price of the Underlying*_(i) on [the *Valuation Date*] [each *Valuation Averaging Date*] (the "*Settlement Price*") is equal to or less than the *Cap*. If the *Settlement Price* of the Underlying_(i) is greater than the *Cap*, the *Redemption Amount* for an Underlying_(i) corresponds to the *Cap* of the Underlying_(i) based on the *Ratio* [converted into the *Settlement Currency*]].

Which risks are attached to investment in the Securities?

An investment in the Securities carries product-specific risks for the investors. The following section shall therefore provide an economic description of the Certificates and the typical risks involved. A more detailed description of the risks related to investment in the Certificates, as well as the product-specific risk factors, is provided in the "Risk factors related to the Issuer and the Securities" section of this Prospectus.

The value of a Certificate is determined not only by changes in the price of the Underlying, but also depends upon a number of other factors. These include the maturity of the Security, the frequency and intensity of price fluctuations (volatility) in the Underlying or the prevailing interest rates, among others. This means that the value of the Certificate may decline even if the price of the Underlying remains constant. Therefore, it is ex-

pressly recommended that any potential investor familiarises himself with the specific risk profile of the product type described in this Prospectus and that any investor seeks the advice of a professional if necessary.

Moreover, prospective investors should note that changes in the price of the Underlying on which the Certificate is based (or even the non-occurrence of anticipated price changes) can lower the value of your Certificate to the point that it no longer possesses any value. In light of limited maturity of the Certificates in most cases, there is no certainty that the value of the Certificate will recover before the Securities reach maturity. This risk is independent of the financial strength of the Issuer.

Potential investors are expressly made aware of the fact that the Certificates constitute a risk investment which can lead to the loss of the invested capital. Potential investors must therefore be prepared and able to sustain a partial or even a total loss of the invested capital. Any investor interested in purchasing the Certificates should assess their financial situation, to ensure that they are in a position to bear the risks of loss connected with the Certificate.

RISK FACTORS RELATING TO THE ISSUER AND THE SECURITIES

The different risk factors associated with investment in the Securities issued within the framework of this Prospectus are outlined below. Which of these are relevant to the Securities described in this Prospectus depends upon a number of interrelated factors, especially the type of Securities and Underlyings. Investments in the Securities should not be made until all the factors relevant to the Securities have been acknowledged and carefully considered. Terminology and expressions defined in the Terms and Conditions shall have the same meaning when used herein. When making decisions relating to investments in the Securities, potential buyers should consider all information contained in the Prospectus and, if necessary, consult their legal, tax, financial or other advisor.

I. ISSUER-SPECIFIC RISKS

As a global financial services provider, the business activities of UBS are affected by the prevailing market situation. Different risk factors can impair the Company's ability to implement business strategies and have a direct, negative impact on earnings. Accordingly, UBS' revenues and earnings are and have been subject to fluctuations. The revenues and earnings figures from a specific period, thus, are not evidence of sustainable results. They can change from one year to the next and affect UBS' ability to achieve its strategic objectives. A more comprehensive description of the risk factors, in the English language, can be found on pages 43-70 (inclusive) of the UBS Handbook 2004/2005, and on pages 16-17 (inclusive) of the UBS Financial Report 2004.

General insolvency risk

Each investor bears the general risk that the financial situation of the Issuer could deteriorate. The Securities constitute direct, unsecured and unsubordinated obligations of the Issuer, which – even in the event that the Issuer is declared insolvent - rank *pari passu* with each other and all other current and future unsecured and unsubordinated obligations of the Issuer, with the exception of those that have priority due to mandatory statutory provisions.

Effect of downgrading of the Issuer rating

The general assessment of the Issuer's creditworthiness may affect the value of the Securities. This assessment generally depends on the ratings assigned the Issuer or its affiliated companies by rating agencies such as Moody's Fitch and S&P.

Potential conflicts of interest

The Issuer and affiliated companies may participate in transactions related to the Securities in some way, for their own account or for account of a client. Such transactions may not serve to benefit the Securityholders and may have a positive or negative effect on the value of the Underlying and consequently on the value of the Securities. Furthermore, companies affiliated with the Issuer may become counterparties in hedging transactions relating to obligations of the Issuer stemming from the Securities. As a result, conflicts of interest can arise between the companies affiliated with the Issuer, as well as these companies and investors, in relation to obligations regarding the calculation of the price of the Securities and other associated determinations. In addition, the Issuer and its affiliates may act in other capacities with regard to the Securities, such as calculation agent, paying agent and administrative agent and/or index sponsor.

Furthermore, the Issuer and its affiliates may also issue other derivative instruments relating to the respective Underlying; introduction of such competing products may affect the value of the Securities. The Issuer and its affiliated companies may receive non-public information relating to the Underlying, and neither the Issuer nor any of its associated companies undertakes to make this information available to Securityholders. In addition, one or more of the Issuer's affiliated companies may publish research reports on the Underlying. Such activities could present conflicts of interest and may affect the value of the Securities.

Within the context of the offering and sale of the Securities, the Issuer or any of its affiliated companies may directly or indirectly pay fees in varying amounts to third parties, such as investment advisors, or receive payment of fees in varying amounts, including those levied in association with the distribution of the Securities from third parties. Potential investors should be aware that the Issuer may retain fees in part or in full.

II. SECURITY-SPECIFIC RISKS

Investing in the Securities involves certain risks. Among others, these risks may take the form of equity market, bond market, foreign exchange, interest rate, market volatility and economic and political risks and any combination of these and other risks. Some of these are presented briefly below. **Prospective investors should be experienced with regard to transactions in instruments such as the Securities and in the Underlying. Prospective buyers should understand the risks associated with an investment in the Securities and shall only reach an investment decision, after carefully considerations with their legal, tax, financial and other advisers of (i) the suitability of an investment in the Securities in the light of their own particular financial, fiscal and other circumstances; (ii) the information set out in this document and (iii) the Underlying.** An investment in the Securities should only be made after assessing the direction, timing and magnitude of potential future changes in the value of the Underlying, as the return of any such investment will be dependent, inter alia, upon such changes. More than one risk factor may have simultaneous effects with regard to the Securities, so that the effect of a particular risk factor is not predictable. In addition, more than one risk factor may have a compounding effect which may not be predictable. No assurance can be given with regard to the effect that any combination of risk factors may have on the value of the Securities.

Prospective purchasers of the Securities should recognise that the Securities may decline in value and should be prepared to sustain a total loss of their investment in the Securities. This risk is independent of the financial strength of the Issuer. The shorter the remaining term of the Securities is, the higher the risk of decline in value of the Securities. Potential investors must therefore be prepared and able to sustain a partial or even a total loss of the invested capital. **A Certificate represents neither a claim for the payment of interest nor for the payment of dividends and thus does not generate any regular income.** Therefore, potential reductions in the value of the Certificate cannot be offset by any other income from the Certificate.

It is expressly recommend that potential investors familiarise themselves with the specific risk profile of the product type described in this Prospectus and seek the advice of a professional if necessary

1. Features of Certificates on Currencies or Exchange Rates

In cases where the *Underlyings* are exchange rates or precious metals, it should also be noted that foreign currencies and precious metals are traded 24 hours/day through the time zones of Australia, Asia, Europe and America (starting 5.00 am Monday, Sydney time, and ending 5.00 pm Friday, New York time). It is therefore possible for a relevant *Lower Price Threshold*, pursuant to the Terms and Conditions of the Securities, to be reached, or passed above or below outside of local business hours or those of the Offeror.

2. Features of Discount Certificates

Discount Certificates on the *Underlying* are securities which are similar in economic terms to a direct investment in the corresponding *Underlying*, but which are nonetheless not fully comparable with such a direct investment because the profit potential is limited under a defined *Cap* (based on the *Ratio*).

The holder of a Discount Certificate receives [*in case of Physical Settlement insert the following text: the appropriate quantity of the Physical Underlying based on the Ratio ("Physical Settlement")*] [*in case of Cash Settlement insert the following text: the Settlement Price of the Underlying based on the Ratio [converted into the Settlement Currency] ("Cash Settlement")*], pursuant to section 1 of the Terms and Conditions of the Securities, if the *Price of the Underlying* is equal to or less than the *Cap* on [the *Valuation Date*] [each *Valuation Averaging Date*] (the "**Settlement Price**"). If the *Settlement Price of the Underlying* is greater than the *Cap*, the holder receives only the *Cap* of the *Underlying* based on the *Ratio* [converted into the *Settlement Currency*].

Compared to a direct investment in the *Underlying*, this capping of the profit potential generally leads to a lower purchase price for the Discount Certificate, in comparison with the *Underlying*. The Issuer wishes to draw particular attention to the fact that there is close correlation between the economic value of the Discount Certificate and the economic value of the corresponding *Underlying*. This correlation is characterised by the fact that the economic value of the Discount Certificate is affected whenever the *Underlying* declines in value, but corresponding participation in the event that the *Underlying* increases in value does not happen in the same way, since increases in the value of the Discount Certificate are limited under the *Cap* (based on the *Ratio*), as specified in the Terms and Conditions of the Securities.

3. Features of Discount Certificates PLUS

Discount Certificates PLUS on the *Underlying* are securities which are similar in economic terms to a direct investment in the corresponding *Underlying*, but which are nonetheless not fully comparable with such a direct investment because the profit potential is limited under a defined *Cap* (based on the *Ratio*).

The holder of a Discount Certificate PLUS receives [*in case of Physical Settlement insert the following text: the appropriate quantity of the Physical Underlying based on the Ratio ("Physical Settlement")*] [*in case of Cash Settlement insert the following text: the Settlement Price of the Underlying based on the Ratio [converted into the Settlement Currency] ("Cash Settlement")*], pursuant to section 1 of the Terms and Conditions of the Securities, if [in the *Observation Period*] the *Price of the Underlying* reaches or falls below the *Lower Price Threshold* **and** the *Price of the Underlying* is equal to or less than the *Cap* on [the *Valuation Date*] [each *Valuation Averaging Date*] (the "**Settlement Price**") during the *Term of the Securities*.

If, during the *Term of the Securities*, the *Price of the Underlying* [in the *Observation Period*] reaches or falls below the *Lower Price Threshold* and the *Settlement Price of the Underlying* is greater than the *Cap*, the investor receives the *Cap of the Underlying* based on the *Ratio* [converted into the *Settlement Currency*]. If, during the *Term of the Securities*, the *Price of the Underlying* [in the *Observation Period*] at no point reaches or falls below the *Lower Price Threshold*, the investor – irrespective of the level of the *Settlement Price* – receives the *Cap of the Underlying* [converted into the *Settlement Currency*] based on the *Ratio*.

Compared to a direct investment in the *Underlying*, this capping of the profit potential generally leads to a lower purchase price for the Discount Certificate PLUS, in comparison with the *Underlying*. The Issuer wishes to draw particular attention to the fact that there is close correlation between the economic value of the Discount Certificate PLUS and the economic value of the corresponding *Underlying*. This correlation is characterised by the fact that the economic value of the Discount Certificate PLUS is affected whenever the *Underlying* declines in value, but corresponding participation in the event that the *Underlying* increases in value does not happen in the same way, since increases in the value of the Discount Certificate PLUS are limited under the *Cap* (based on the *Ratio*), as specified in the Terms and Conditions of the Securities.

4. **Features of Sprint Certificates**

Sprint Certificates on the *Underlying* are securities which are similar in economic terms to a direct investment in the corresponding *Underlying*, but which are nonetheless not fully comparable with such a direct investment because the profit potential is not parallel to the performance of the *Underlying*.

The holder of a Sprint Certificate receives [in case of *Physical Settlement* insert the following text: the appropriate quantity of the *Physical Underlying* based on the *Ratio* ("**Physical Settlement**")] [in case of *Cash Settlement* insert the following text: the *Settlement Price* of the *Underlying* based on the *Ratio* [converted into the *Settlement Currency*] ("**Cash Settlement**")], pursuant to section 1 of the Terms and Conditions of the Securities, if the *Price of the Underlying* is less than the *Strike Price* on [the *Valuation Date*] [each *Valuation Averaging Date*] (the "**Settlement Price**").

If the *Settlement Price* of the *Underlying*, however, is greater than or equal to the *Strike Price*, but lower than the *Cap*, the investor receives a *Redemption Amount* [converted into the *Settlement Currency*] that corresponds to the *Strike Price* of the *Underlying* plus the difference between the *Settlement Price* of the *Underlying* and the *Strike Price*, multiplied by the relevant *Sprint Factor* (based on the *Ratio*). If the *Settlement Price* of the *Underlying*, is greater than or equal to the *Cap*, the investor receives a *Redemption Amount* [converted into the *Settlement Currency*] that corresponds to the *Strike Price* plus the difference between the *Cap* and the *Strike Price*, multiplied by the relevant *Sprint Factor* (based on the *Ratio*).

The Issuer wishes to draw particular attention to the fact that there is close correlation between the economic value of the Sprint Certificate and the economic value of the corresponding *Underlying*. This correlation is characterised by the fact that the economic value of the Sprint Certificate is affected whenever the *Underlying* declines in value, but corresponding participation in the event that the *Underlying* increases in value does not happen in the same way, since increases in the value of the Sprint Certificate are limited under the *Cap* (based on the *Ratio*), as specified in the Terms and Conditions of the Securities.

5. **Features of Multibloc Certificates**

Multibloc Certificates on the *Underlying* are securities which are similar in economic terms to a direct investment in the corresponding *Underlying*, but which are nonetheless not fully comparable with such a direct investment because the profit potential is limited under a defined *Cap_(i)* for each individual *Underlying_(i)* (based on the *Ratio*).

The holder of a Multibloc Certificate receives the sum of the *Redemption Amounts* for each individual *Underlying_(i)*, multiplied by the corresponding *Ratio*, pursuant to section 1 of the Terms and Conditions of the Securities. The Redemption Amount for an *Underlying_(i)* corresponds to the *Settlement Price of the Underlying_(i)* based on the *Ratio_(i)* [converted into the *Settlement Currency*], if the *Price of the Underlying_(i)* on [the *Valuation Date*] [each *Valuation Averaging Date*] (the "**Settlement Price**") is equal to or less than the *Cap*. If the *Settlement Price* of the *Underlying_(i)* is greater than the *Cap*, the *Redemption Amount* for an *Underlying_(i)* corresponds to the *Cap* of the *Underlying_(i)* based on the *Ratio* [converted into the *Settlement Currency*].

Compared to a direct investment in the respective *Underlyings*, this capping of the profit potential generally leads to a lower purchase price for the Multibloc Certificate, in comparison with the *Underlyings*. The Issuer wishes to draw particular attention to the fact that there is close correlation between the economic value of the Multibloc Certificate and the economic value of the corresponding *Underlyings*. This correlation is characterised by the fact that the economic value of the Multibloc Certificate is affected whenever any of the individual *Underlyings* declines in value, but corresponding participation in the event that an individual *Underlying* increases in value does not happen in the same way, since increases in the value of the Multibloc Certificate are limited under the respective *Cap_(i)* on the *Redemption Amount_(i)* (based on the *Ratio*), as specified in the Terms and Conditions of the Securities.

6. **Possible decline in Underlying value in case of Physical Settlement**

To the extent that *Physical Settlement* is provided for in the Terms and Conditions of the Securities, potential buyers of the Securities should note that any fluctuations in the *Price of the Underlying* between the *Expiration Date* of the Security and the delivery of the *Physical Underlying* on the Settlement Date are borne by the Securityholder. Losses in the value of the *Underlying* can therefore still occur after the corresponding *Expiration Date*, and are borne by the Securityholder.

7. **Other factors affecting value**

The value of a Security is determined not only by changes in the price of the *Underlying*, but also a number of other factors. More than one risk factor may have simultaneous effect with regard to the Securities such that the effect of a particular risk factor may not be predictable. In addition, more than one risk factor may have a compounding effect which may not be predictable. No assurance can be given with regard to the effect that any combination of risk factors may have on the value of the Securities.

These factors include, inter alia: the maturity of the Security, the frequency and intensity of price fluctuations (volatility) in the *Underlying*, as well as the prevailing interest rate and dividend levels. A decline in the value of the Security may therefore occur even if the price of the *Underlying* remains constant.

Prospective buyers of the Securities should be aware that an investment in the Securities involves a valuation risk with regard to the *Underlying*. They should have experience with transactions in securities with a value derived from an underlying. The value of the *Underlying* may vary over time and may

increase or decrease by reference to a variety of factors which may include corporate actions, macro economic factors and speculation. If the Underlying comprises a basket of various assets, fluctuations in the value of any one asset may be offset or intensified by fluctuations in the value of other basket components. In addition, the historical performance of the Underlying is not an indication of its future performance. The historical price of the Underlying does not indicate the future performance of the Underlying. Changes in the market price of the Underlying will affect the trading price of the Securities, and it is impossible to predict whether the market price of the Underlying will rise or fall.

If the Securityholder's right vested in the Security is determined on the basis of a foreign currency, currency unit or calculation unit, or if the value of the Underlying is determined in such a foreign currency, currency unit or calculation unit, potential investors should be aware that investments in these Securities could entail risks due to fluctuating exchange rates, and that the loss risk does not depend solely on the performance of the Underlying, but also on unfavourable developments in the value of the foreign currency, currency unit or calculation unit. Such unfavourable developments may increase the Securityholder's risk of loss, in such a way that

- the value of the acquired Securities diminishes accordingly; or
- any possible settlement amount diminishes accordingly.

8. Effect of ancillary costs

Commissions and other transaction costs incurred in connection with the purchase or sale of Securities may result in charges, particularly in combination with a low order value, which **can substantially reduce the potential for gains relating to the Security**. Before acquiring a Security, prospective buyers should therefore inform themselves of all costs incurred through the purchase or sale of the Security, including any costs charged by their custodian banks upon purchase and maturity of the Securities.

9. Transactions to offset or limit risk

Potential purchasers of the Securities should not rely on the ability to conclude transactions at any time during the term of the Securities that will allow them to offset or limit relevant risks. This depends on the market situation and the prevailing conditions. Transactions designed to offset or limit risks might only be possible at an unfavourable market price that will entail a loss for investors.

10. Trading in the Securities / Liquidity

It is not possible to predict if and to what extent a secondary market may develop in the Securities or at what price the Securities will trade in the secondary market or whether such market will be liquid or illiquid.

If so specified in this Prospectus, applications will be or have been made to the stock exchange(s) specified for admission or listing of the Securities. If the Securities are admitted or listed, no assurance is given that any such admission or listing will be maintained. The fact that any Securities are admitted to trading or listed does not necessarily denote greater liquidity than if this were not the case. If the Securities are not listed or traded on any exchange, pricing information for the Securities may be more difficult to obtain and the liquidity of the Securities may be adversely affected. The liquidity of the Securities may also be affected by restrictions on purchase and sale of the Securities in some jurisdictions. Additionally, the Issuer has the right (but no obligation) to purchase Securities at any time and at any price in the open market or by tender or private agreement. Any Securities so purchased may be held or resold or surrendered for cancellation.

The Offeror intends, under normal market conditions, to provide bid and offer prices for the Securities of an issue on a regular basis. However, the Offeror makes no firm commitment to the Issuer to provide liquidity by means of bid and offer prices for the Securities, and assumes no legal obligation to quote any such prices or with respect to the level or determination of such prices. **Potential buyers therefore should not rely on the ability to sell Securities at a specific time or at a specific price.**

11. Borrowed funds

If the purchase of Securities is financed by borrowed funds and investors' expectations are not met, they not only suffer the loss incurred but also have to pay interest on and redeem the loan. This produces a substantial increase in investors' risk of loss. Buyers of Securities should never rely on being able to redeem and pay interest on the loan through gains from a securities transaction. Rather, before financing the purchase of a security with borrowed funds, the investors' financial situations should be assessed, as to their ability to pay interest on or redeem the loan immediately, even if they incur losses instead of the expected gains.

12. The effect on the Securities of hedging transactions by the Issuer

The Issuer may use all or some of the proceeds received from the sale of the Securities to enter into hedging transactions relating to the risks incurred in issuing the Securities. In such a case, the Issuer or one of its affiliated companies may conclude transactions that correspond to the Issuer's obligations arising from the Securities. Generally speaking, this type of transaction will be concluded before or on the day of issue of the Securities, although these transactions can also be concluded after the Securities have been issued. The Issuer or one of its affiliated companies may take the necessary steps for the closing out of any hedging transactions, [on or prior to the valuation date] [on or prior to each average valuation date]. Although the Issuer does not consider these types of transaction to have a massive impact on the value of the Securities, it cannot be ruled out that the price of the Underlying might, in certain cases, be affected by these transactions. In the case of securities whose value depends on the occurrence of a specific event in relation to the Underlying, entering into or closing out such hedging transactions may affect the likelihood of this event occurring or not occurring.

13. Expansion of the spread between bid and offer prices

In special market situations, where the issuer is completely unable to conclude hedging transactions, or where such transactions are very difficult to conclude, the spread between the bid and offer prices may be temporarily expanded, in order to limit the economic risks to the Issuer.

14. Changes in the tax treatment of the Securities

The tax considerations set forth in this Prospectus reflect the views of the Issuer based on the legislation applicable at the date of this Prospectus. It cannot, however, be ruled out that the tax treatment by the tax authorities and tax courts will be otherwise. Additionally, the tax considerations set forth herein may not be used as the sole basis for the decision to invest in the Securities from a tax perspective, since the individual situation of each investor must be also be taken into account. The considerations with regard to taxation contained in this Prospectus, thus, do not constitute any sort of material information or tax advice nor are they in any way to be construed as a representation or warranty with

respect to specific tax consequences. Accordingly, investors should consult their personal tax advisors before any decision to purchase the Securities.

Neither the Issuer nor the Offeror accepts any liability for the tax consequences of an investment in the Securities.

RESPONSIBILITY

UBS AG, Bahnhofstrasse 45, 8001 Zurich, Switzerland, and Aeschenvorstadt 1, 4002 Basle, Switzerland, acting through its [London Branch, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom,] [Jersey Branch, 24 Union Street, Saint Helier, JE48UJ Jersey,], as Issuer and UBS Limited, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom, as Offeror of the Securities described in this Prospectus, assume responsibility for the content of this Prospectus pursuant to section 5 (4) of the WpPG.

The Issuer and the Offeror declare that, having taken all reasonable care to ensure that such is the case, the information contained in this Prospectus is, to the best of their knowledge, in accordance with the facts and contains no omissions likely to affect its import.

Neither the Issuer nor the Offeror may be held liable on the basis of the Summary contained in this Prospectus alone, nor in any translation hereof, unless the Summary is misleading, inaccurate or contradictory if read in conjunction with other parts of the Prospectus.

In reference to the information in the "Information about the Underlying" section beginning on page 96 of this Prospectus, which obviously stems from third parties rather than from the Issuer or the Offeror, the Issuer and the Offeror confirm only that such information has been carefully prepared and correctly conveyed. To the extent apparent and verifiable for the Issuer and Offeror, no facts have been omitted that could lead to information being reproduced incompletely or incorrectly.

[Provided that UBS AG, acting through its [London] [Jersey] Branch, does not also function as Index Sponsor in relation to the Index described in the "Information about the Underlying" section, the Index Sponsor shall assume no responsibility for the content of this Prospectus, with the exception of the information contained in the "Information about the Underlying" section beginning on pages 96 ff. of this Prospectus.

The Index Sponsor declares that, having taken all reasonable care to ensure that such is the case, the information contained in the "Information about the Underlying" section beginning on page 96 of this Prospectus is, to the best of its knowledge, in accordance with the facts and contains no omissions likely to affect its import.]

DESCRIPTION OF THE ISSUER

The following description contains general information on UBS AG, Bahnhofstrasse 45, 8001 Zurich, Switzerland, and Aeschenvorstadt 1, 4002 Basle, Switzerland, acting through its [London Branch, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom] [Jersey Branch, 24 Union Street, Saint Helier, JE48UJ Jersey], as Issuer of the Securities.

I. AUDITORS

The auditor of the Issuer is Ernst & Young AG, Aeschengraben 9, 4002 Basle, Switzerland, as the statutory auditor in accordance with company law and banking law provisions (appointed until the 2006 Annual General Meeting; re-appointed at the UBS Annual General Meeting on 21 April 2005). Ernst & Young AG, Basle, is a member of the Swiss Chamber of Trustees (*Treuhand-Kammer der Schweiz*) based in Zurich, Switzerland.

II. INFORMATION ABOUT THE ISSUER

The legal name of the Issuer is UBS AG. For commercial purposes, the Issuer also operates under the name of UBS.

UBS was formed on 29 June 1998 in Switzerland from the merger of Schweizerische Bankgesellschaft, established in 1862, and Schweizerischer Bankverein, established in 1872. UBS has its registered office in Switzerland (main offices: Zurich and Basle), where it is entered in the commercial register as a corporation limited by shares under Swiss company law and the Swiss banking law provisions. The commercial register number is CH-270.3.004.646-4.

The addresses and telephone numbers of both registered main offices are: Bahnhofstrasse 45, 8001 Zurich, Switzerland, Tel. +41 44-234 1111; and Aeschenvorstadt 1, 4002 Basle, Switzerland, Tel. +41 61-288 5050. As a corporation limited by shares, UBS AG has issued registered shares to investors. UBS AG shares are listed on the SWX Swiss Exchange and traded on the virt-x, in which the SWX Swiss Exchange is the majority shareholder. UBS shares are also listed on the New York and Tokyo stock exchanges.

III. BUSINESS OVERVIEW

According to Article 2 of the Articles of Association of UBS AG, the purpose of the corporation is the operation of a bank. Its scope of operations extends to all types of banking, financial, advisory, service and trading activities in Switzerland and abroad. UBS AG and its subsidiaries and branch offices, including UBS AG, [London] [Jersey] Branch, as Issuer of the Securities described in this Prospectus, is a leading global financial services provider for some of the most demanding clients worldwide. The Group combines innovation and financial strength with a global corporate culture that views change as an opportunity.

UBS is one of the world's largest providers of wealth management services for affluent private clients. Among the major global financial institutions, UBS ranks highly in the investment banking and securities business, and is a key player in institutional asset management. In Switzerland, UBS ranks number one with its private and corporate clients business. As an integrated company, UBS generates added value for its clients by giving them access to the expertise and capabilities of an entire group.

UBS boasts a global presence, with around 69,200 employees (as at 30 June 2005) based in 50 countries, including the major international financial centres. This global presence is combined with comprehensive services, provided through a range of channels.

UBS is among the few globally active major banks that have a first-class rating. The rating agencies Standard & Poor's Inc., Fitch Ratings und Moody's Investors Service Inc. have assessed the creditworthiness of UBS – i.e. the ability of UBS to fulfil payment obligations, such as principal or interest payments on long-term loans, also known as debt servicing, in a timely manner. The results are displayed in the rating levels schematically arranged below. The ratings from Fitch and Standard & Poor's may be attributed a plus or minus sign, and those from Moody's a number. These supplementary attributes indicate the relative position within the respective rating class. Standard & Poor's currently rates UBS' creditworthiness with AA+, Fitch with AA+ and Moody's with Aa2. ²

UBS is structured into three main business groups: Global Wealth Management & Business Banking, (formed on 1 July 2005 from the merger of the previous Wealth Management & Business Banking and Wealth Management USA divisions), Global Asset Management and Investment Bank, which, together with the Corporate Center (incl. the Private Banks & Global Asset Management divisions and Corporate Functions) form the operating structure of the Group's financial services business. A description of the business groups – or, in the case of Global Wealth Management & Business Banking, the previous Wealth Management & Business Banking und Wealth Management USA divisions – their strategies, structure, organisation, products, services and markets can be found in the UBS Handbook 2004/2005, in the English language, on pages 17-40 (inclusive).

Competition

UBS faces stiff competition in all business areas. Both in Switzerland and abroad, UBS competes with asset management companies, commercial, investment and private banks, brokerages and other financial services providers. Competitors include not only local banks, but also global financial institutions which are similar to UBS in terms of both size and services offered. In addition, the consolidation trend in the global financial services sector is introducing new competition, which may have a greater impact on prices, thanks to an expanded range of products and services as well as increased access to capital and growing efficiency.

IV. ORGANISATIONAL STRUCTURE OF THE ISSUER

The objective of UBS' group structure is to support the business activities of the Company within an efficient legal, tax, supervisory and financial framework. Neither the individual business groups of UBS – Global Wealth Management & Business Banking, Global Asset Management, Investment Bank – nor the Corporate Center are legally independent entities; instead, they perform their activities through the domestic and foreign offices of the parent UBS AG.

Settlement of transactions through the parent allows UBS to fully exploit the advantages generated for all business groups through the use of a single legal entity. In cases where it is impossible or inefficient to process transactions via the parent – due to local statutory, tax or supervisory provisions or newly acquired companies – these tasks are performed on location by legally independent group companies. The major subsidiaries can be found listed in the UBS Financial Report 2004, in the English language, on pages 162-165 (inclusive).

V. TREND INFORMATION

There have been no major negative changes relating to the prospects of the Issuer since the last audited financial report from 2004.

² Long-Term Rating as of 30 June 2005

VI. ADMINISTRATIVE, MANAGEMENT AND SUPERVISORY BODIES OF THE ISSUER

As stipulated in Swiss banking legislation, UBS has two distinct Boards at the highest level. The functions of the Chairman of the Board of Directors, on the one hand, and the President of the Group Executive Board and Chief Executive Officer, on the other, are allocated to two different persons to guarantee the separation of powers. This structure facilitates mutual controlling, and separates the Board of Directors from the Bank's daily business, for which the Group Executive Board is responsible. No one may be a member of both Boards.

A description of the members of the Board of Directors and the Group Executive Board (new composition as at 1 July 2005), stating, *inter alia*, their corresponding business address and key activities outside of UBS, can be found in the UBS Handbook 2004/2005, in the English language, on pages 87-92 (inclusive) and pages 93-95 (inclusive), respectively.

Board of Directors

The Board of Directors is the highest management body of UBS. Every member of the Board of Directors is elected by the shareholders for a period of three years. The Board of Directors itself appoints the Chairman, Vice-Chairmen and the other Board Committees (Audit Committee, Compensation Committee, Nominating Committee).

It comprised eleven members as at 30 June 2005. The Board of Directors is responsible for the direction and strategic guidance of the Company and for monitoring the Group Executive Board. It defines UBS' risk principles and risk capacity. Most members of the Board of Directors are external, and independent of UBS. The Board of Directors meets as required by the course of business, and at least six times per year.

The Chairman and at least one of the Vice-Chairmen also exercise executive functions (in accordance with Swiss banking law) and bear supervisory and executive responsibility.

Group Executive Board

The Group Executive Board has executive responsibility for the Company. All Group Executive Board members are appointed by the Board of Directors. The Group Executive Board and, in particular, its President are responsible for implementing the Group's strategies and for its results. Additionally, it guarantees the Group-wide cooperation between the business groups, in line with the integrated business model, as well as the exploitation of synergies within UBS. The Group Executive Board is answerable to the Board of Directors for the Group's results. It also bears joint responsibility with the Executive Committee (Präsidium) for developing the UBS strategies.

Conflicts of Interest

A description of outside interests of the members of the Board of Directors and the Group Executive Board can be found in the UBS Handbook 2004/2005, in the English language, on pages 87-92 (inclusive) and pages 93-95 (inclusive) respectively. No conflicts exist between the private interests of the members of the Board of Directors or the Group Executive Board and their obligations to the Issuer.

VII. MAJOR SHAREHOLDERS OF THE ISSUER

The ownership of UBS shares is broadly disbursed. As at 31 December 2004, Chase Nominees Ltd., London, was registered with a 8.76% holding (2003: 8.27%, 2002: 7.68%) of total share capital held in trust for other

investors. As at 31 December 2004, the US securities clearing organisation DTC (Cede & Co.) New York, "The Depository Trust Company", held 5.77% (31 December 2003: 4.54%) of total share capital in trust for other beneficiaries. Pursuant to UBS provisions on registering shares, the voting rights of nominees are limited to 5%. This regulation does not apply to securities clearing and settlement organisations. No other shareholder was registered with a holding in excess of 5% of total share capital.

Further details on the distribution of UBS shares, the number of registered and non-registered securities, voting rights as well as distribution by shareholder categories and geographical regions can be found in the UBS Handbook 2004/2005, in the English language, on pages 83-84 (inclusive).

VIII. FINANCIAL INFORMATION CONCERNING THE ISSUER'S ASSETS AND LIABILITIES, FINANCIAL POSITION AND PROFITS AND LOSSES

A description of the Issuer's assets and liabilities, financial position and profits and losses is available in the Financial Reports of the Issuer for financial years 2002/2003 and 2003/2004, in the English language.

In the case of financial year 2002/2003, particular reference is made to the Income Statement of the Issuer on page 188, to the Balance Sheet of the Issuer on page 189, together with the Notes and other disclosures, to the Parent Bank Review on page 187 and to the section entitled "Critical accounting policies" on pages 16-21 (inclusive) in the Financial Report 2003. In the case of financial year 2003/2004, particular reference is made to the Income Statement of the Issuer on page 194, to the Balance Sheet of the Issuer on page 195, together with the Notes and other disclosures, to the Parent Bank Review on page 193 and to the sections entitled "Accounting Standards and Principles", "Accounting principles" and "Critical accounting policies" on pages 73-79 (inclusive). All relevant financial information, contained therein and audited by the UBS auditor, form an integral component of this Prospectus, and are therefore fully incorporated in this Prospectus.

The Financial Reports form an essential part of UBS' reporting. They include the audited Consolidated Financial Statements of UBS, prepared in accordance with International Financial Reporting Standards (IFRS), a reconciliation to United States Generally Accepted Accounting Principles (US GAAP), and the audited financial statements of UBS AG, prepared according to Swiss banking law provisions. The Financial Reports also include discussions and analyses of the financial and business results of UBS and its business groups, as well as certain additional disclosures required under Swiss and US regulations.

The financial statements for UBS Group as well as UBS AG were audited by Ernst & Young AG, Basle, for the corresponding reporting periods 2002/2003 and 2003/2004. The "Report of the Statutory Auditors" for reporting periods 2002/2003 and 2003/2004 can be found on pages 195 and 202 of the corresponding Financial Reports for 2003 and 2004, respectively.

Reference is also made to the Issuer's Quarterly Report for second quarter 2005 in the English language, which includes information on the current financial condition and results of operation of the Issuer. The information contained in this report as at 30 June 2005 was not audited by the Issuer's auditor.

1. Legal and Arbitration Proceedings

The Issuer and other UBS Group companies are involved in various claims, legal and court proceedings in the ordinary course of business. UBS maintains reserves for such matters, if – in the opinion of its management and professional advisors – payment is likely to be demanded of UBS and an appropriate figure can be given for the amount. At present, there are no government interventions, court proceedings or arbitrations pending or awaiting commencement in the twelve months to the date of this Prospectus, which could have (or could recently have had) a noticeable effect on the financial situation or the profitability of the Issuer.

2. Significant changes in the financial situation or trading position of the Issuer

There have been no major changes to the financial situation or trading position of the Issuer since the end of the most recent financial year for which an Annual Report (composed of the Annual Review 2004, the Handbook 2004/2005 and the Financial Report 2004) was published (i.e. 2004).

IX. MATERIAL CONTRACTS

No material agreements have been concluded outside of the normal course of business which could lead to UBS being subjected to an obligation or obtaining a right, which would be of key significance to the Issuer's ability to meet its obligations to the Securityholders in relation to the issued Securities.

X. DOCUMENTS ON DISPLAY

The Annual Report of UBS AG as at 31 December 2003, comprising (i) the Annual Review 2003, (ii) the Handbook 2003/2004 and (iii) the Financial Report 2003 (each including the "Report of the Statutory Auditors"), the Annual Report of UBS AG as at 31 December 2004, comprising (i) the Annual Review 2004, (ii) the Handbook 2004/2005 and (iii) the Financial Report 2004, the Quarterly Report of UBS AG as at 30 June 2005 and the Articles of Association of UBS AG Zurich/Basle, as the Issuer, shall be maintained in printed format, for free distribution, at the offices of the Issuer as well as UBS Deutschland AG, Stephanstrasse 14 - 16, D-60313 Frankfurt am Main, Federal Republic of Germany, for a period of twelve months after the publication of this Prospectus. In addition, the Annual and Quarterly Reports of UBS AG will be published on the UBS website at www.ubs.com/investor or a successor address.

DESCRIPTION OF THE SECURITIES

I. GENERAL INFORMATION ABOUT THE PROSPECTUS AND THE ISSUE

1. Base Prospectus / To be supplemented by final terms / Availability of documentation

This Prospectus is a Base Prospectus within the meaning of Directive 2003/71/EC of 4 November 2003 (the "**Prospectus Directive**") and the corresponding German implementation legislation in the form of the Securities Prospectus Act (*Wertpapierprospektgesetz*). It is published incomplete and does not yet contain the final terms of the offer. The Base Prospectus has been approved by the Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht – BaFin*), as the competent authority in the (selected) home Member State of UBS within the meaning of the Prospectus Directive and the German Securities Prospectus Act (*Wertpapierprospektgesetz*), as UBS's offering programme. "Approval" means the positive act at the outcome of the scrutiny of the completeness of the prospectus by BaFin, including the consistency of the information given and its comprehensibility.

Printed copies of the Base Prospectus are available free of charge both from the Issuer or at UBS Deutschland AG, Stephanstraße 14 - 16, D-60313 Frankfurt / Main, Federal Republic of Germany. Additionally, the Base Prospectus is published on the website www.ubs.com/keyinvest, or a successor website.

The specific terms and conditions relating to the respective securities offering are contained in the final terms of the offer. The final terms of the offer shall be presented by incorporation in the Base Prospectus essentially by way of deletion, particularly of square brackets incorporated in this Base Prospectus, or by way of completing of placeholder in square brackets as displayed. It is therefore only possible to gain a comprehensive impression of the Issuer and the Securities through examination of the Base Prospectus together with the corresponding final terms of the offer.

The final terms of the offer shall be filed with BaFin and communicated to investors on the day of the public offer at the latest:

- a) by publication in one or more newspapers circulated throughout, or widely circulated in, the Member States of the European Economic Area in which the offer to the public is made; or
- b) in a printed form to be made available, free of charge at the Issuer's registered office or at UBS Deutschland AG, Stephanstraße 14 - 16, D-60313 Frankfurt / Main; or
- c) in an electronic form on the website www.ubs.com/keyinvest, or a successor website.

If the final terms are published in electronic form, the Issuer and the Offeror shall also provide a paper version free of charge upon request.

The Issuer will also communicate to investors how the final terms of the offer are to be published and where they are available by publication in one or more newspapers circulated throughout, or widely circulated in, the Member States in which the offer to the public is made.

2. General Note on the Prospectus

No dealer, salesman or other person is authorised to give any information or to make any representation other than those contained in this Prospectus in connection with the offering or sale of the Securities. If given or made, such information or representation must not be relied upon as having been authorised by the Issuer or Offeror. None of this document or any further information supplied in connection with the Securities is intended to provide the basis of any credit assessment or other evaluation

and should not be considered as a recommendation by the Issuer that any recipient of this document or any further information supplied in connection with the Securities should purchase any of the Securities. Potential investors who are contemplating purchasing Securities should conduct their own independent investigation of the risks involved in an investment in the Securities. Neither this Prospectus, nor other information relating to the Securities represents an offer (in the legal sense) on the part of or on behalf of the Issuer or other persons i.e. a subscription or purchase agreement relating to the Securities will not be effectively concluded with a unilateral declaration made on the part of or on behalf of the subscriber or buyer to the Issuer or Offeror.

3. Object of the Prospectus

The object of this Prospectus are the *names of the Securities*, in bearer form, with the *International Security Identification Number* (both as defined in the section "Summary of the Key Terms of the Securities"), issued by UBS AG, acting through its [London] [Jersey] Branch, as Issuer in accordance with German law, and issued in the amount of the *Aggregate Amount of the Issue* (as defined in the "Summary of the Key Terms of the Securities"). All payments relating to the Securities are made in the *Settlement Currency* (as defined in the section "Summary of the Key Terms of the Securities").

These Securities are each based on the [listed] Underlying, as detailed in the sections "Summary of the Key Terms of the Securities" and "Information about the Underlying".

The Securities expire on the *Expiration Date* (as defined in the section entitled "Summary of the Key Terms of the Securities").

4. Issue and Sale of the Securities

The Issuer intends to employ this Prospectus – following any necessary notification of the relevant member state of the European Economic Area by Germany's Federal Financial Supervisory Authority, as the competent authority in the (selected) home Member State of UBS within the meaning of the Prospectus Directive and the German Securities Prospectus Act – for the public offer of the Securities in different member states of the European Economic Area. Since, however, the Securities will not be admitted to public offer / registered in all Member States, distribution of this Prospectus and the offer of the Securities may be subject to certain legal restrictions in some countries. Neither the Issuer nor the Offeror represent that this document may be lawfully distributed, or that the Securities may be lawfully offered, in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to an exemption available thereunder, or assumes any responsibility for facilitating any distribution or offering. Potential investors can find further information in the section entitled "Selling Restrictions" beginning on page 98 of this Prospectus.

5. Underwriting and Issue Price

It has been agreed that, on or after the respective *Issue Date* of the Securities (as defined in the section entitled "Summary of the Key Terms of the Securities"), UBS Limited, 1 Finsbury Avenue, London EC2M 2PP, United Kingdom (the "**Offeror**") shall underwrite the Securities by means of an underwriting agreement and shall place them for sale [at the *Issue Price* as defined in the section entitled "Summary of the Key Terms of the Securities"] under terms subject to change. [The *Issue Price* shall be set at the *Fixing Date* (as defined in the section entitled "Summary of the Key Terms of the Securities") on the prevailing market situation and the price of the Underlying, and then be published in accordance with the Terms and Conditions of the Securities.] The selling price will then be adjusted on a continual basis to reflect the prevailing market situation.

The Offeror shall be responsible for coordinating the entire Securities offering. The total commission due for the respective underwriting and/or placement service relating to the underwriting of the Securities amounts to the *Aggregate amount of underwriting and/or placing fees* (as defined in the section entitled "Summary of the Key Terms of the Securities").

6. Form and status of the Securities

The Securities issued by the Issuer are represented by one or more permanent global bearer certificate(s) and are deposited for clearing and settlement at the *Clearing System(s)* (as defined in the section entitled "Definitions"). Definitive securities will not be issued.

The Securities constitute direct, unsecured and unsubordinated obligations of the Issuer, which rank *pari passu* with each other and all other current and future unsecured and unsubordinated obligations of the Issuer, with the exception of those that have priority due to mandatory statutory provisions.

7. Admission to Trading

The Offeror intends to apply for inclusion of the Securities to trading on the *Stock Exchange(s)* (as defined in the section entitled "Summary of the Key Terms of the Securities"). [The Securities shall be delisted two trading days prior to the *Expiration Date*. As of this point until the *Expiration Date*, trading may only take place off exchange with the Offeror.]

8. Subscription and Delivery of the Securities

The Securities may be subscribed from the Offeror during normal banking hours [within the *Subscription Period* (as defined in the section entitled "Summary of the Key Terms of the Securities")]. The *Issue Price* per Security is due for payment on the *Initial Payment Date* (as defined in the section entitled "Summary of the Key Terms of the Securities").

[The Issuer reserves the right to either shorten or extend the *Subscription Period*, to account for prevailing market conditions.] After the *Initial Payment Date*, the appropriate number of Securities shall be credited to the buyer's account in accordance with the rules of the corresponding Clearing System(s) (as defined in the section entitled "Definitions".) If the *Subscription Period* is shortened or extended, the *Initial Payment Date* may also be brought forward or postponed.

9. Authorisation/Resolution for the Issue of the Securities

The Issuer does not need to obtain (individual) authorisation from its Management Board to issue the Securities. There exists a general resolution for the issue of the Securities.

10. Use of Proceeds

The net proceeds from the sale of the Securities will be used for funding purposes of the UBS Group and shall not be employed by the Issuer within Switzerland. The net proceeds from the issue shall be employed by the Issuer for general business purposes. A separate ("special purpose") fund will not be established.

If, in the normal course of business, the Issuer trades in the Underlyings, or - if the Underlying is an index - in the individual index components, or in options and futures contracts on or related to the index, or hedges the financial risks associated with the Securities by means of hedging transactions in the corresponding shares or other underlying assets or in options or futures contracts on or related to

the index, the Securityholders have no rights to or interests in the respective shares or other underlyings or options or futures contracts on or relating to the index.

II. SUMMARY OF THE KEY TERMS OF THE SECURITIES

This following section contains the key terms of the Securities. This summary does not represent a comprehensive description of the Securities, and is subject to and should be read in conjunction with the Terms and Conditions of the Securities, the general offering terms of the Securities and all other sections of this Prospectus.³

³ The notation of the Securities will be different for each series of the securities and also the key terms can be different for each series of the Securities.

- (2) Der „**Auszahlungsbetrag**“ errechnet sich aus der Summe der Abrechnungsbeträge (§ 1 (3)) der einzelnen Basiswerte_(i=1) bis _(i=n) multipliziert mit dem jeweils dazugehörenden Bezugsverhältnis_(i) und anschließend gegebenenfalls auf zwei Dezimalstellen kaufmännisch gerundet.

Der Auszahlungsbetrag wird in Übereinstimmung mit folgender Formel berechnet:

$$\sum_{i=1}^{i=n} \text{BZV}_{(i)} \times \text{Abrechnungsbetrag}_{(i)}$$

wobei

„**(i)**“ dem jeweiligen Basiswert,

„**n**“ der Anzahl der Basiswerte und

„**BZV_(i)**“ das Bezugsverhältnis in Bezug auf den jeweiligen Basiswert_(i) entspricht.

- (3) Der „**Abrechnungsbetrag**“ für den jeweiligen Basiswert_(i) errechnet sich wie folgt:
- (a) Entspricht der Abrechnungskurs des Basiswerts_(i) dem maßgeblichen Höchstbetrag_(i) bzw. ist der Abrechnungskurs kleiner als der maßgebliche Höchstbetrag_(i), geht in die Berechnung des Auszahlungsbetrags (§ 1 (2)) als Abrechnungsbetrag_(i) der [in die Auszahlungswährung umgerechnete und auf zwei Dezimalstellen kaufmännisch gerundet] Abrechnungskurs_(i) ein.

SECTION D
MULTIBLOC-CERTIFICATES

§ 1
Certificate Right

- (1) The Issuer hereby grants the Securityholder of each (1) Multibloc Certificate relating to the Price of the Underlying under these Conditions the right (the „**Certificate Right**“) to receive the Settlelement Amount (§ 1 (2)):

- (1) The „**Settlement Amount**“ equals the sum of the Redemption Amounts (§ 1 (3)) for each Underlying_(i=1) until _(i=n) multiplied with the related Ratio_(i), if applicable, afterwards commercially rounded to two decimal points.

The Settlement Amount is calculated in accordance with the following formula:

$$\sum_{i=1}^{i=n} \text{Ratio}_{(i)} \times \text{Redemption Amount}_{(i)}$$

where

„**(i)**“ is the relevant Underlying,

„**n**“ is the number of Underlyings and

„**Ratio_(i)**“ is the Ratio with respect to each Underlying_(i).

- (3) The „**Redemption Amount**“ in relation to each Underlying_(i) is calculated as follows:
- (a) If the Settlement Price of the Underlying_(i) is lower than or equal to the relevant Cap_(i), then such Settlement Price_(i) [converted into the Settlement Currency and afterwards commercially rounded to two decimal points] shall be regarded as the relevant Redemption Amount_(i) for the purposes of determining the Settlement Amount (§ 1 (2)).
- (b) If the Settlement Price of the Underlying_(i)

größer als der maßgebliche Höchstbetrag_(i), geht in die Berechnung des Auszahlungsbetrags (§ 1 (2)) als Abrechnungsbetrag_(i) der [in die Auszahlungswährung umgerechnete und auf zwei Dezimalstellen kaufmännisch gerundet] Höchstbetrag_(i) ein.

- (2) Sämtliche im Zusammenhang mit dem Zertifikatsrecht vorzunehmenden Berechnungen, insbesondere die Berechnung des Auszahlungsbetrags, erfolgen durch die Berechnungsstelle (§ 9). Die insoweit von der Berechnungsstelle getroffenen Berechnungen sind, außer in Fällen offensichtlichen Irrtums, abschließend und für alle Beteiligten bindend.

BEDINGUNGEN**

(für alle Arten von Wertpapieren)

§ 4

**Form der Wertpapiere; Verzinsung und
Dividenden; Dauerglobalurkunde;
Übertragbarkeit; Status**

- (1) Die von der Emittentin begebenen auf den Inhaber lautenden Wertpapiere sind durch eine oder mehrere Dauer-Inhaber-Sammelurkunde(n) (die „**Dauerglobalurkunde**“) verbrieft. Effektive Wertpapiere werden nicht ausgegeben. Der Anspruch auf Lieferung effektiver Wertpapiere ist ausgeschlossen.

Auf die Wertpapiere werden weder Zinsen noch Dividenden gezahlt.

- (2) Die Dauerglobalurkunde ist bei der Clearingstelle hinterlegt. Die Wertpapiere sind als Miteigentumsanteile an der Dauerglobalurkunde übertragbar und sind im Effektengiroverkehr ausschließlich in der kleinsten handelbaren Einheit übertragbar. Die Übertragung wird mit Eintragung der Übertragung in den Büchern der Clearingstelle wirksam.
- (3) Die Wertpapiere begründen unmittelbare, unbesicherte und nicht nachrangige Verbindlichkeiten der Emittentin, die untereinander und mit allen sonstigen gegenwärtigen und künftigen unbesicherten und nicht nachrangigen Verbindlichkeiten der Emittentin gleichrangig sind, ausgenommen solche Verbindlichkeiten, denen aufgrund zwingender gesetzlicher Vorschriften Vorrang zukommt.

SECURITIES**

(for all types of Securities)

§ 4

**Form of Securities; Interest and Dividends,
Permanent Global Note; Transfer; Status**

- (1) The bearer Securities issued by the Issuer are represented in one or more permanent global bearer document(s) (the “**Permanent Global Note**“). No definitive Securities will be issued. The right to request the delivery of definitive Securities is excluded.

No interest and no dividends are payable on the Securities.

- (2) The Permanent Global Note is deposited with the Clearing System. The Securities are transferable as co-ownership interests in the Permanent Global Note and may be transferred within the collective securities settlement procedure in the Minimum Trading Size only. Such transfer becomes effective upon registration of the transfer in the records of the Clearing System.
- (3) The Securities constitute direct, unsecured and unsubordinated obligations of the Issuer, ranking *pari passu* among themselves and with all other present and future unsecured and unsubordinated obligations of the Issuer, other than obligations preferred by mandatory provisions of law.

Werden an der Maßgeblichen Terminbörse keine Optionskontrakte gehandelt, so wird die Emittentin die Anpassung in der Weise vornehmen, wie die Maßgebliche Terminbörse sie vornehmen würde, wenn entsprechende Optionskontrakte dort gehandelt werden würden.

Der „**Stichtag**“ ist der erste Handelstag an der Maßgeblichen Terminbörse, an dem die Optionskontrakte unter Berücksichtigung der erfolgten Anpassung gehandelt werden oder gehandelt werden würden, wenn entsprechende Optionskontrakte dort gehandelt werden würden.

- (2) Ein „**Potenzielles Anpassungsereignis**“ bezeichnet jede Maßnahme in Bezug auf den Basiswert, durch die sich die Maßgebliche Terminbörse zu einer Anpassung des Basispreises, der Kontraktgröße des Basiswerts oder der Bezugnahme [der] [des] für die Bestimmung des Kurses des Basiswerts zuständige[n] [Börse] [Handelssystem] veranlasst sieht oder veranlasst sähe, wenn Optionskontrakte auf den Basiswert gehandelt werden würden. V. TAX CONSIDERATIONS

1. General information

The following outline of the tax implications of investing in the Securities is based on the legislation prevailing at the time this Prospectus was prepared. Potential buyers and sellers of the Securities should be aware that the tax implications may change due to any future amendments to the legislation. Although this outline reflects the Issuer's opinion of the tax implications, it must not be understood as a guarantee in an area that is not conclusively clarified.

Moreover, it must not provide the sole basis for assessing the tax implications of investing in the Securities since the individual situation of the particular investor must also be taken into account. The outline is thus restricted to a general summary of the possible tax implications.

VI. SELLING RESTRICTIONS

The distribution of this document and the offering of the Securities in certain jurisdictions may be restricted by law. Neither the Issuer nor the Offeror represent that this document may be lawfully distributed, or that the Securities may be lawfully offered, in compliance with any applicable registration or other requirements in any jurisdiction, or pursuant to an exemption available thereunder, or assumes any responsibility for facilitating any distribution or offering.

Unless expressly specified otherwise below, neither the Issuer nor the Offeror has taken action, nor will they take action to render the public offer of the Securities or their possession, or the distribution of offer documents relating to the Securities, admissible in any jurisdiction requiring special measures to be taken for this purpose. Accordingly, the Securities may not be offered or sold, directly or indirectly, and none of this document, any advertisement relating to the Securities and any other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this document comes must inform themselves about, and observe, any such restrictions.

Public Offer of the Securities with the European Economic Area

Anyone who purchases the Securities is obliged and agrees never to publicly offer the Securities to persons in one of the member states of the European Economic Area that has implemented EU Directive 2003/71/EC (hereinafter the "**Prospectus Directive**"; the term also covers all implementation measures by member states of the European Economic Area), except in circumstances that comply with one of the following offerings of the respective Securities:

- (a) within the period which begins on publication of the Base Prospectus which was approved in accordance with the Prospectus Directive, and, if necessary, for which cross-border validity pursuant to sections 17 and 18 of the Securities Prospectus Act has been granted, and which ends twelve months after publication of the Base Prospectus;
- (b) circumstances prevail whereby the publication of a Prospectus is not required pursuant to Article 3 of the Prospectus Directive.

The expression "public offer of securities" in this context means any kind or means of communication to the public containing sufficient information relating to the offering conditions and the securities offered to put an investor in a position to decide whether to buy or subscribe to these securities. Anyone buying the Securities should note that the term "public offer of securities" may vary, depending on the implementation measures in the various member states of the European Economic Area.

United States of America

The Securities have not been and will not be registered under the United States Securities Act of 1933 (the "**Securities Act**"), as amended, and trading in the Securities has not been and will not be approved by the United States Commodity Futures Trading Commission ("**CFTC**") under the United States Commodity Exchange Act (the "**Commodity Exchange Act**"). The Securities, or any interest therein, may at no time be offered, sold, resold or delivered, directly or indirectly, in the United States or to or for the account or benefit of any U.S. person. The Securities may not be exercised or redeemed by or for the account of any U.S. Person or any person within the United States. As used herein, "United States" means the United States of America (including the States and the District of Columbia), its territories, its possessions and other areas subject to its jurisdic-

tion, and "U.S. person" means (i) an individual who is a resident of the United States; (ii) a corporation, partnership or other entity organised in or under the laws of the United States or any political subdivision thereof or which has its principal place of business in the United States; (iii) any estate or trust which is subject to United States federal income taxation regardless of the source of its income; (iv) any trust if a court within the United States is able to exercise primary supervision over the administration of the trust and if one or more United States trustees have the authority to control all substantial decisions of the trust; (v) a pension plan for the employees, officers or principals of a corporation, partnership or other entity described in (ii) above; or (vi) any entity organised principally for passive investment, 10 per cent. or more of the beneficial interests in which are held by persons described in (i) to (v) above if such entity was formed principally for the purpose of investment by such persons in a commodity pool the operator of which is exempt from certain requirements of Part 4 of the United States Commodity Futures Trading Commission's regulations by virtue of its participants being non-U.S. persons; or (vii) any other "U.S. person" as such term may be defined in Regulation S under the United States Securities Act of 1933, as amended, or in regulations adopted under the United States Commodity Exchange Act.
